INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Donohoe Hospitality Services 401(k) Plan

Opinion

We have audited the accompanying financial statements of the Donohoe Hospitality Services 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with the modified cash basis of accounting described in Note 1.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances.

Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of delinquent participant contributions and assets (held at end of year) referred to as "supplemental information" is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

DONOHUE HOSPITALITY SERVICES 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The financial statements have been prepared using the modified cash basis of accounting. Accordingly, additions are included in the year in which they are collected rather than when earned, and deductions are included in the year in which they are disbursed rather than when incurred; however, earnings on investments include adjustments to fair value and loans receivable from participants are recognized.

Investment Valuation and Income Recognition - The Donohue Hospitality Services 401(k) Plan's (the Plan) investments in a common/collective trust and mutual funds are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. Purchases and sales of securities are recognized on a trade-date basis. Dividend and interest income are recognized as received. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Loans Receivables from Participants - Loan receivables from participants are measured at their unpaid principal balance. Interest income is recorded as received in accordance with the modified cash basis of accounting. Related fees are recorded as administrative expenses and are expensed when they are taken out of participant accounts. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent participant loans are recorded as deemed distributions on the basis of the terms of the Plan agreement. Total deemed distribution loans for December 31, 2022 and 2021 was \$133,748 and \$143,314, respectively.

Contributions - Increases to participant accounts result from employee and employer contributions and income/loss allocations. Employer and employee contributions are directly invested into each participant's account.

Contributions to the Plan are invested as directed by the participant in one or more investment accounts. Participants choose one or more of these investment accounts in accordance with their own investment goals. Poor investment performance by the investment accounts selected by the participants may cause their vested balance to be lower than the amounts contributed to the Plan.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Administrative expenses incurred by the Plan are paid out of the forfeiture account.

Estimates - The preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results may differ from those estimates.

NOTE 2. DESCRIPTION OF THE PLAN

General - The Plan was established effective January 1, 2006 and covers employees of participating hotels who meet the eligibility requirements. The Plan is a multiple employer plan, with a deferred arrangement commonly referred to as a 401(k) plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). An employee shall become a participant on the first day of the month following their first day of work.

Participant Contributions - Eligible participants may elect to make a pretax contribution to the Plan by contributing a percent or a set dollar amount of earnings.

Employer Matching - A contributing employer may determine that it will contribute an amount to its employees' matching contribution accounts as set forth in the applicable participation agreement. Matching contributions will be invested in accordance with the direction of the participant. Beginning March 20, 2020, this match was suspended due to the COVID-19 pandemic. The match resumed as of January 1, 2022.

Vesting - Participants' contributions and rollover contributions are 100% vested. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

A participant's vested percentage in employer contributions are based upon the following schedule:

<u>Vesting Schedule Years of Service *</u>	<u>Vested Interest</u>
1 year of service	20%
2 years of service	40%
3 years of service	60%
4 years of service	80%
5 years of service	100%

* 1 year of service requires 1000 hours worked

NOTE 2. DESCRIPTION OF THE PLAN (CONTINUED)

Nonvested employer matching contributions are subject to forfeiture to be used to offset future employer matching contributions or plan expenses. During the year ended December 31, 2022, forfeitures totaled \$28,788. The Plan did not use any forfeitures to offset plan expenses during the year ended December 31, 2022. During the year ended December 31, 2021 forfeitures totaled \$8,119 and the Plan used \$30,588 to offset plan expenses.

Loans Receivable - Participants may elect to borrow from their plan account balances. The Plan permits participants to borrow up to 50 percent of the value of a participant's account, not to exceed \$50,000, repayable between 1 and 5 years, or up to 10 years if the loan is for the purchase of a home. Interest received on the loan, which is based on lending rates for comparable loans at the time the loan originated, is credited to the participant's account. Any loan balance not repaid at the time a participant becomes entitled to a distribution from the Plan is taken into account in the determination of the distributable account balance. Interest rates on new loans initiated by participants in 2022 and 2021 ranged from 5.25% to 8.25%.

Revenue Sharing - The Plan has entered into an agreement with Empower whereby a portion of the fees Empower collects from certain mutual funds will be credited to the Plan, known as "revenue sharing", which are netted against administrative expenses in the statements of changes in net assets available for benefits (modified cash basis). The amounts credited were \$35,883 and \$39,738 during the years ended December 31, 2022 and 2021, respectively.

Plan Distributions - Under the terms of the Plan, participants are eligible to obtain a distribution from the Plan upon retirement, attainment of age 62 with 5 years of participation in the Plan, permanent termination of employment with their employer, disability or death. Participants are entitled to receive an amount equal to the vested balance in their account, and they may choose from various distribution alternatives specified in the Plan.

Participants should refer to the Summary Plan Description for more complete information.

NOTE 3. PRIORITIES UPON TERMINATION

Although it has not expressed any intent to do so, Donohoe Hospitality Services, LLC (the Plan sponsor) has the right to terminate the Plan subject to the provisions of ERISA. In the event of termination, all participant accounts would become 100% vested. Benefits would be distributed to the participants and their beneficiaries as if the Plan had not been terminated.

NOTE 4. TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated April 26, 2011 that the Plan, as designed, is in compliance with the applicable requirements of the Internal Revenue Code Section 413(c). This letter includes all prior amendments and restatements executed before issuance of the letter. As of December 31, 2022, the statute of limitations for tax years 2019 through 2021 remains open.

NOTE 5. FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include other significant observable inputs including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level within the fair value hierarchy the Plan's investment assets at fair value as of December 31, 2022 and 2021.

Description	Total Investments at 12/31/2022	Quoted Market Price for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 12,354,436	<u>\$ 12,354,436</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value*				
Common/collective trust	<u>1,774,415</u>			
Total investments at fair value	<u>\$ 14,128,851</u>			

Description	Total Investments at 12/31/2021	Quoted Market Price for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 15,000,534	<u>\$ 15,000,534</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value*				
Common/collective trust	<u>1,993,755</u>			
Total investments at fair value	<u>\$ 16,994,289</u>			

*In accordance with Accounting Standards Codification, investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits (modified cash basis).

Following are the descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Mutual funds are traded in active markets on national and international securities exchanges and are valued at closing prices on the last business day of each period.

Common/collective trust is valued at net asset value (NAV) based on its underlying assets and the number of shares held by the Plan.

NOTE 6. INVESTMENTS IN INVESTMENT ENTITIES VALUED AT NET ASSET VALUE

Authoritative guidance on fair value measurements permits the Plan to measure the fair value of an investment in an investment entity that does not have a readily determinable fair value based upon the NAV per share or its equivalent of the investment. This guidance does not apply if it is probable that the investment will be sold at a value different than NAV.

The Plan's investments in investment entities valued at NAV is subject to the terms of the respective private placement memoranda and governing agreements. Income or loss from investments in these investment entities is net of the Plan's proportionate share of fees and expenses incurred or charged by these investment entities.

The Plan's risk of loss in these entities is limited to its investment. The Plan may increase or decrease its level of investment in these entities at its discretion, subject to participant investment directives. The Plan typically has the ability to redeem its investment from these entities on a daily or quarterly basis, but longer lock-up periods can apply to certain investments.

The following table summarizes the Plan's investments in certain entities that calculate NAV per share as the fair value measurement as of December 31, 2022 and 2021 by investment strategy:

	2022	2021	Unfunded	Redemption	Redemption
	Fair	Fair	Commitments	Frequency	Notice
	Value	Value	(in millions)		Period
	(in millions)	(in millions)			
Common/collective trust	\$ 1.8	\$ 2.0	\$ -	Daily	12 Months

The common/collective trust reports as a DFE and can be redeemed daily. The Goldman Sachs Stable Value Collective Trust is a collective trust fund. The fund may invest in stable value contracts, separate account contracts, guaranteed investment contracts, various high-quality, short-term, fixed-income securities, and in investment funds that invest primarily in such high-quality, short-term, fixed-income securities. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at NAV. Requests by individual participants in participating trusts, which allow participants to direct their own investments, expect that exchanges into investment options that are considered to be competing investment, must first be transferred to a noncompeting investment option for a period of 90 days. NAV represents contributions made to the fund, plus earnings, less participant withdrawals. The risk of the collective trust and its net realizable value are dependent upon the financial stability of the issuing entity and its ability to fulfill the terms of the contract. There were no reserves established against contract value for credit risk at December 31, 2022.

NOTE 7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investment group annuity contracts and mutual funds are managed by Empower Retirement, the custodian of the Plan. These transactions qualify as party-in-interest transactions. The Plan investments have internal expenses that compensate the investment custodian and manager.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and changes could materially affect the amounts reported in the statements of net available for benefits (modified cash basis).

NOTE 9. SUBSEQUENT EVENTS REVIEW

Subsequent events have been evaluated through September 30, 2023 which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require an adjustment to or disclosure in the accompanying financial statements.
