Maguire Flex\$aver Plan

Miami, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Maguire Flex\$aver Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and 2021 and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Maguire Flex\$aver Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- the information in the financial statements referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Maguire FlexSaver Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Maguire FlexSaver Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Maguire FlexSaver Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Maguire FlexSaver Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i-schedule of assets held at end of year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally

accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MAGUIRE FLEX\$AVER PLAN
Notes to Financial Statements
December 31, 2022 and 2021

Note A. Description of the Plan

The following description of the Maguire Flex\$aver Plan ("The Plan") provides general information regarding the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of CDR Maguire, Inc. (the "Company") and its participating affiliate. All non-resident aliens and temporary employees are excluded from participation.

Empower Trust Company, LLC, formerly known as "Great-West Trust Company, LLC", ("Empower" or the "Trustee") is the trustee and custodian of the Plan. Empower Annuity Insurance Company of America is the record keeper of the Plan. Management of the Company controls and manages the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Each year, participants may contribute up to one hundred percent (100%) of their annual compensation, subject to Internal Revenue Service ("IRS") limitations. Participants who have attained age fifty (50) before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct their contributions into various investment options offered by the Plan. The Plan currently offers twenty-one (21) mutual funds, one (1) fixed annuities, and ten (10) collective trust funds as investment options for participants. The employer matching contribution is discretionary. During the years ended December 31, 2022 and 2021, the Company matched thirty-five cents (\$0.35) for each dollar contributed by an eligible participant up to the first four percent (4%) of eligible compensation.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is vested in the Company's contribution in accordance with the following schedule:

Less than three years of service	0%
Three or more years of service	100%

MAGUIRE FLEX\$AVER PLAN
Notes to Financial Statements
December 31, 2022 and 2021

Note A. Description of the Plan - continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative fees and are expensed when incurred. No allowance has been recorded as of December 31, 2022 and 2021.

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or fifty percent (50%) of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 1% over the Prime Rate published in the Wall Street Journal on the first business day of the month before the loan is originated, which was commensurate with local prevailing rates at the time the loans were initiated. Principal and interest loan repayments are made through payroll deductions for current employees.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reason, a participant, or beneficiary in case of death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments.

Note B. Summary of Significant Accounting Policies

In-Service Distributions

The Plan allows in-service distributions if the participant has a hardship, attained the normal retirement age or attained the early retirement age. In-service distributions are permitted if the Participant is 100% vested in the amount being withdrawn.

Forfeited Accounts

If a participant terminates employment prior to becoming fully vested, the non-vested portion of the participant's account, as defined by the Plan, is forfeited. Participant forfeitures for the year ended December 31, 2022 and 2021 amounted to \$64,199 and \$33,481, respectively. The forfeitures may be used to pay administrative expenses and to reduce future employer contributions. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$98,779 and \$33,959, respectively. During 2022 and 2021, forfeited amounts were not used to pay Plan recordkeeping expenses. No forfeitures were used during 2022 to reduce Company matching contributions. Forfeitures used to reduce Company matching contributions during the year ended 2021 were \$29,343.

MAGUIRE FLEX\$AVER PLAN
Notes to Financial Statements
December 31, 2022 and 2021

Note B. Summary of Significant Accounting Policies - continued

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan utilizes various investment instruments, including mutual funds and fixed annuities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. During the year ended December 31, 2022 and 2021, the fair value of investments depreciated by \$3,419,020 and appreciated by \$1,268,582, respectively. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan provides investment options that hold securities of foreign companies, which may involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit-responsive guaranteed investment contract, which is reported at contract value as described in Note H. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. The notes receivable from participants are secured by vested account balances of borrowing participants, are valued at amortized cost, which approximates fair value. See Note D for discussion of fair value measurements.

MAGUIRE FLEX\$AVER PLAN
Notes to Financial Statements
December 31, 2022 and 2021

Note B. Summary of Significant Accounting Policies - continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation include the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue service (IRS) are recorded as a liability, with corresponding reduction to participant contributions. During 2022, there were excess employee contributions of \$705. There were no excess employee contributions in 2021. The Plan distributed the 2022 excess contributions to applicable participants prior to March 15th of the following year.

Payments of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Administrative expenses assessed by the trustee to the Plan consist primarily of fees charged for loan transactions and other miscellaneous transaction fees. The Company has elected to pay substantially all other administrative costs.

Reclassifications

Certain reclassifications have been made to the prior year financial statements in order for them to be in conformity with the current year presentation.

Note C. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC, the Trustee for the Plan, has certified as to the completeness and accuracy of all the investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the supplemental Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the

related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the years ended December 31, 2022 and 2021.

The Plan has investments that are held in a guaranteed investment contract directed by each participant. The annuity contract has a guaranteed interest minimum. The aggregate value of the minimum guarantee is \$1,693,469 and \$1,422,252 at December 31, 2022 and 2021, respectively.

During 2022 and 2021, the Plan's investments in collective trusts amounted to \$4,957,085 and \$6,273,597.

During 2022 and 2021, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$3,419,020 and appreciated by \$1,268,582, respectively.

Note D. Fair Value Measurements

The FASB has established a framework for measuring fair value in ASC 820, Fair Value Measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical unrestricted assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

MAGUIRE FLEX\$AVER PLAN
Notes to Financial Statements
December 31, 2022 and 2021

Note D. Fair Value Measurements - continued

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investments that are measured at fair value on a recurring basis, such as money market funds, mutual funds, and equity securities are generally classified within Level 1 of the fair value hierarchy. The fair values of these investments are based on quoted market prices in active markets.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. The mutual funds held by the Plan are deemed to be actively traded and have a readily determinable fair value.

Collective trusts: Valued as determined by the custodian based on net asset values and recent transaction prices. Net asset values per share are generally obtained directly from the fund house or other investment provider.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	As of December 31, 2022		
	Level 1	Level 2	Level 3
Registered investment companies (Mutual Funds)	\$ 7,786,962	\$ -	\$ -

(a) In accordance with GAAP, certain investments that were measured at net asset value (or its equivalent as a practical expedient) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items in the statement of net assets available for benefits.

Note E. Related Party and Party-in-Interest Transactions

The Plan invests in shares of mutual funds and in fixed annuities managed by Empower Trust Company, LLC, as included in the supplemental information in Schedule H, Part IV Line 4(i) – Schedule of Assets (held at end of year). Empower Trust Company, LLC is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Additionally, the Plan issues loans to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions. Such participants are parties-in-interest to the Plan.

During the years ended December 31, 2022 and 2021, the Plan paid \$90,525 and \$71,441 respectively, in administrative expenses, of which approximately \$13,196 and \$1,914 were for recordkeeping services to Empower.

Note F. Plan Amendment or Termination

Although it has not expressed any intent to do so, the Company and its participating affiliate have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent (100%) vested in their accounts. The employer has the right to amend the Plan at any time.

Note G. Tax Status

The underlying non-standardized prototype plan has received an opinion letter dated November 14, 2022 (previously March 31, 2014), stating that the written form of the underlying prototype document is qualified under Section 401 of the Code. Therefore, the related trust is

December 31, 2022 and 2021

Note G. Tax Status – continued

tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

Note H. Guaranteed Investment Contract

The Plan has entered into a group annuity contract with Empower Trust Company, LLC, an insurance company, totaling \$1,693,469 and \$1,422,252 for 2022 and 2021, respectively. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. The fully benefit-responsive guaranteed interest account is maintained in a separate account with a general account guarantee.

The account is credited with participant contributions to the account and earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. The effective annual interest rate will never be less than 0%.

The average yield earned by the Plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2022 and 2021 was 0.93% and 0.90%, respectively. The actual average yield earned by the Plan for the benefit responsive fund can be derived by averaging the Plan's quarterly interest rates. The average for 2022 and 2021 was 0.94% and 0.90%, respectively.

Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great West Trust Company, LLC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note H. Guaranteed Investment Contract – continued

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) bankruptcy of the Plan's sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exemption under ERISA or (4) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contracts issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

Note I. Contingencies

Except as disclosed in subsequent events (Note K), there were no unusual or infrequent events or transactions occurring subsequent to the balance sheet date that might significantly affect the usefulness of the financial statements in assessing the Plan's present and future ability to pay benefits.

Note J. Reconciliation to Form 5500
