INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Gill Industries, Inc. 401(k) Profit Sharing Plan
Grand Rapids, Michigan

Opinion on the 2022 Financial Statements

We have audited the financial statements of Gill Industries, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets in liquidation as of December 7, 2022, and the related statement of changes in net assets in liquidation for the period from January 1, 2022 to December 7, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets in liquidation of the Plan as of December 7, 2022, and the changes in its net assets in liquidation for the period from January 1, 2022 to December 7, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the 2022 financial statements.

Emphasis of Matter— Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 6 to the financial statements, the Plan Sponsor of the Plan approved a plan of liquidation on November 24, 2020 and management determined liquidation is imminent. As a result, the Plan's 2022 and 2021 financial statements are presented on the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

(Continued)

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Auditor's Report on the 2021 Financial Statements

We performed an audit of the 2021 financial statements of Gill Industries, Inc. 401(k) Profit Sharing Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, our audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. In our report dated October 5, 2022, we indicated that in our opinion (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GILL INDUSTRIES, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 7, 2022 and December 31, 2021

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Gill Industries, Inc. (the “Company” or “Plan Sponsor”) 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan covering substantially all domestic employees of the Company who have completed 6 months of service and are age 18 or older. Its provisions are governed by the Internal Revenue Code and the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions: Each year, participants may contribute up to the lesser of 75% of compensation or the maximum limit allowed by the Internal Revenue Service. Employees are automatically enrolled at a 6% deferral rate upon becoming eligible to participate in the Plan and they may elect to change or discontinue deferrals at any time. Plan entry dates are January 1, April 1, July 1 and October 1. Participants who have attained age 50 before the end of the Plan year are allowed to make “catch- up” contributions limited to the amount defined in the Plan Document. The Plan also provides for a discretionary employer matching contribution. The Plan also provides for a discretionary employer profit sharing contribution for participants employed at the end of the year. For the period from January 1, 2022 to December 7, 2022, the Company did not approve an employer profit sharing contribution. Contributions are subject to certain limitations. During the period from January 1, 2022 to December 7, 2022, the Company had approved a final employer corrective contribution to the plan in the amount of \$119,958 which is deposited in July 2022 and subsequently distributed through December 7, 2022, which fully liquidated the Plan.

Participant Accounts: Each participant’s account is credited with the participant’s contribution and an allocation of (a) the Company’s contributions and (b) Plan earnings and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations of Plan earnings or losses are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Participants direct the investment of their accounts among several available investment vehicles.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts, plus earnings thereon, is based upon years of service. Contributions, other than voluntary, vest according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20
3	40
4	60
5	80
6 or more	100

Effective January 1, 2020, the Plan document was amended to provide for 100% vesting in all employer matching and discretionary contributions for each employee.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeitures: Forfeitures of terminated participant's non-vested accounts are used to reduce future employer contributions or to pay Plan administrative expenses. During 2022, \$0 of forfeitures were used to offset administrative remitted to the Plan in 2022. There were no forfeitures available for use at December 7, 2022 as all assets were liquidated.

Benefit Payments: Upon normal retirement age (age 62), termination of employment, death or disability, a participant or their beneficiary may elect to receive vested benefits in a single lump sum payment. Withdrawals may also be made upon circumstances of financial hardship or age, as defined by the Plan. Benefits are recorded when paid.

Administrative and Investment Management Expenses: Certain investment management fees of the Plan are paid through the reduction of investment income earned by Plan investments. Certain transaction-based expenses are charged to specific participants' accounts when such transactions are initiated. Certain other administrative fees are paid by the Company.

Notes Receivable from Participants: Participant loans are not allowed under the Plan.

Subsequent Events: Plan management has performed an analysis of activities and transactions subsequent to December 7, 2022 to determine the need for any adjustment to and/or disclosures within these financial statements for the year ended December 7, 2022. Plan management has performed their analysis through October 4, 2023, which was the date that the financial statements were available to be issued and has determined that there are no further subsequent events to disclose.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The Plan's financial statements are presented on the liquidation basis of accounting. See also Note 6 Plan Termination.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. The effect of a change in valuation technique or its application on a fair value estimate is accounted for prospectively as a change in accounting estimate. When evaluating indications of fair value resulting from the use of multiple valuation techniques, the Plan is to select the point within the resulting range of reasonable estimates of fair value that is most representative of fair value under current market conditions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results could differ from these estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties: The Plan invests in various investment options. The underlying investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets in liquidation and participants' individual account balances.

Payments of Benefits: Benefits are recorded when paid.

NOTE 3 - CERTIFIED INVESTMENTS - 2021

Certain information related to investments disclosed in the accompanying financial statements, including investments held at December 31, 2021, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Lincoln Financial Group Trust Company, Inc. (the trustee of the Plan).

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Transactions during the year with parties-in-interest include administrative and recordkeeping services. Investment management fees are paid for by the Plan and reflected in the financial statements as a reduction of the return on the Plan's investments. The investment contract issued by Lincoln National Life Insurance Company qualifies as a party-in-interest investment.

NOTE 5 - INCOME TAX STATUS

The Internal Revenue Service (IRS) issued an opinion letter dated March 31, 2014 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan Management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 7, 2022 and December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the Internal Revenue Service; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE 6 - PLAN TERMINATION

The Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. The Company determined during 2020 that it was necessary to terminate the Plan as a result of the acquisition of the Company's assets by Lear Corporation ("Lear") on October 7, 2020.

The Plan formally terminated on November 24, 2020 which triggered liquidation accounting as discussed in Note 2. As a result of the termination, all participants were given the option to elect a full or partial rollover into a new or existing individual retirement account, a full or partial rollover into a qualified retirement plan, taking a lump sum distribution or some combination of these options. If no action is taken in a timely manner, the Company will establish an IRA in the participant's name and roll over the participant's benefits to the IRA in an "automatic rollover". Participant distribution requests (other than those rolled over to the defined contribution plan sponsored by Lear) are being processed as they are received. Plan administration distributed the majority of the Plan assets during 2021 and as of September 15, 2022 has distributed the majority of the remaining plan assets that existed as of December 31, 2021. During the Plan period from January 1, 2022 to December 7, 2022, the final corrective contribution was deposited into the Plan and subsequently distributed beginning in July through December 7, 2022. The Plan is fully liquidated as of December 7, 2022.
