INDEPENDENT AUDITOR'S REPORT

To the Trustees of Design Resources, Inc.
401(K) Plan
Overland Park, Kansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Design Resources, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Design Resources, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Design Resources, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Design Resources, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Design Resources, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Design Resources, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Line 4-i, Schedule of Assets Held at End of Year, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

NOTE 1: DESCRIPTION OF THE PLAN

The Design Resources, Inc. 401(k) Plan was established effective as of April 1, 1998, and amended most recently, effective August 10, 2021, to remove the fixed matching contribution and make all matching contributions discretionary. The Summary Plan Description was rewritten, effective August 10, 2021. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Design Resources, Inc., DRI Duck Traders, Inc., and Branded Custom Sportswear, Inc. who have three months of consecutive service and are not an excluded employee. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan participation is voluntary. Excluded employees are employees with regularly scheduled service less than 1,000 hours of service in a twelve-month eligibility computation period.

Contributions

Each year, participants may elect to defer up to the maximum established by law, \$20,500 for 2022, with \$27,000 for employees age 50 or older. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Through August 9, 2021 of the Plan year ended December 31, 2021, the Company made a fixed matching contribution to the Plan in an amount equal to 25% of participant deferrals; limited to salary deferrals of the first six percent of eligible compensation. The Company was also able to make annual discretionary matching contributions in an amount to be determined at Plan year end by the employer. A discretionary match was made through August 9, 2021 of the Plan year ended December 31, 2021 in an amount equal to an additional 25% of participant deferrals; limited to salary deferrals of the first six percent of eligible compensation.

Effective August 10, 2021, the Plan was amended to remove the fixed matching contribution and make all matching contributions discretionary. Beginning August 10, 2021, for the Plan year ended December 31, 2021 and for the Plan year ended December 31, 2022, a discretionary match was made in an amount equal to an additional 50% of participant deferrals; limited to salary deferrals of the first six percent of eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) Plan earnings, (c) loan activity, if applicable, (d) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on either the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. The method of expense allocation depends on the nature of the expense. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the 401(k) Plan, a participant may direct Plan assets to any or all 29 investment options offered. Participants may change their investment options at any time.

401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of one-half of the participant's vested account balance or \$50,000. The loans are secured by the balance in the participant's account and bear a reasonable interest rate determined by the Plan Administrator; current loans outstanding are at rates between 5.25% and 9.0%. All loans are considered a directed investment of the participant's account under the Plan, and all payments of principal and interest by the participant on a loan will be credited to the participant's account.

Vesting

Participants are immediately vested in their contributions from salary deferral, including catch up, and their rollover contributions plus actual earnings thereon. Participants are vested in their employer matching contributions and any earnings thereon in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Payment of Benefits

A participant is eligible to request a distribution of their vested account balance based upon any of the following events: death, disability, early retirement, normal retirement, and termination of employment. The payment may be in the form of a single lump-sum payment or partial withdrawals. For termination of service for reasons other than death, disability or normal retirement, the participant will receive the value of the vested account balance automatically, as a lump-sum cash out distribution if the vested account balance does not exceed \$1,000 or as an automatic rollover if the vested account balance exceeds \$1,000 but not \$5,000. The Plan does allow for hardship withdrawals of fully vested balances for specific qualifying expenses in the event of immediate and heavy financial needs, subject to Plan administrator approval.

Plan Termination

The employer has the right to amend or terminate the Plan at any time. Each participant in the Plan upon Plan termination will automatically become 100% vested in their account balance.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$0 and \$0, respectively. These accounts are used to pay administrative expenses and any remaining amounts may be used to reduce future employer contributions. For years ended December 31, 2022 and 2021, employer contributions were reduced by \$8,159 and \$12,736, respectively, from forfeited nonvested accounts.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

DESIGN RESOURCES, INC.

401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The investments in the underlying mutual funds are carried at fair value. The Plan provider calculates the fair value using internal unit values based upon the change in quoted prices in active markets of the net asset values of the underlying mutual fund investments, dividends and capital gain or loss distributions. See Note 4 for discussion of fair value measurements. Third party administrator expenses are allocated and deducted from each participants' account. Administrative expenses, such as audit and legal fees, are absorbed by the Plan sponsor. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Excess Contribution Payable

Excess employer contributions payable of \$0 and \$30, at December 31, 2022 and 2021, respectively, are due to be forfeited from certain participants, due to excess employer match contributions.

Participant Loans

Participant loans are measured at amortized cost, which is their unpaid principal balance plus accrued but unpaid interest. No allowance for doubtful accounts is required as participants have the option of repaying the loan or having the loan distributed to them upon termination. A loan will be processed as a deemed distribution against the vested account balance if it is not repaid following termination.

Payment of Benefits

Benefits are recorded when paid.

Income Tax Status

The IRS has determined and informed the plan sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the Determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3: INVESTMENTS

Unaudited Information Certified by the Plan Trustee

The December 31, 2022 and 2021, Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Great-West Life & Annuity Insurance Company and Great-West Trust Company LLC, the Plan trustee, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and contract value, and participant loans
- Net appreciation (depreciation) in fair value of investments
- Dividends and interest
- Interest income on participant loans
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual Funds: Valued at net asset value of shares held by the Plan. The assets are valued at published closing price in active markets.
- Collective Trust Funds: Value is based upon net asset value (NAV), as reported by the manager of the collective trust fund, and as supported by unit prices of actual purchase and sale transactions. The NAV, as provided by the collective trust fund, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

<u>December 31, 2022 Investments at Fair Value</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 3,093,878	\$ -	\$ -	\$ 3,093,878

Investments at Fair Value	<u>\$ 3,291,481</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 13,007,056</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. The NAV-based assets are generally redeemable on a daily basis with a five day notice for plan sponsor directed withdrawals which will exceed \$1,000,000 of the assets invested in each fund. There are no unfunded commitments.

The following table for December 31, 2022 and 2021, sets forth a summary of the Plan's investments with a reported NAV.

401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

NOTE 5: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has a fully benefit-responsive investment contract with Great-West Life & Annuity Insurance Company (Great-West). Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

As described in Note 2, because the guaranteed interest account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest account. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate of each guaranteed interest account is based on a formula agreed upon with the issuer, derived based upon timing and amount of contributions in the first deposit year.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include but may not be limited to the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan sponsor's business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete plan termination; or (7) plan disqualification. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

	<u>2022</u>	<u>2021</u>
Guaranteed Interest Account, Contract Value	<u>\$ 46,495</u>	<u>\$ 8,854</u>

NOTE 6: RELATED PARTY TRANSACTIONS

Plan investments include shares of mutual funds, collective trust funds and a guaranteed interest account managed by Great-West Life & Annuity Insurance Company. Great-West Trust Company LLC, a related company, is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are absorbed by the investments and reflected in the funds fair value. Certain other expenses are absorbed by the Plan sponsor.

NOTE 7: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with the certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the Statement of Net Assets Available for Benefits.

Subsequent events have been evaluated through the date of the attached auditor's report, the date the financial statements were available to be issued. Through that date, management has determined that the Plan did not have any material recognizable or nonrecognizable subsequent events.
