INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator
Syngenta Corporation Investment Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Syngenta Corporation Investment Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

(Continued)

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

(Continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(Continued)

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Syngenta Corporation Investment Savings Plan
Notes to Financial Statements

December 31, 2022 and 2021

1. Description of Plan

The following description of the Syngenta Corporation Investment Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Syngenta Corporation (the Plan Sponsor) and covering employees of the Plan Sponsor and its United States affiliates (collectively, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

On April 1, 2022, the Plan received a transfer of assets of $4,451,613 relating to the employees of the Hollar & Company, Inc. Profit Sharing Plan. Eligible employees who were participating in the Hollar & Company, Inc. Profit Sharing Plan were eligible to participate in the Plan as of January 1, 2022 or at such a later date as they satisfy the eligibility requirements.

Eligibility

An eligible employee shall become a participant for purposes of employee contributions immediately following their date of hire if they are regularly scheduled to work 20 or more hours a week. If regularly scheduled to work less than 20 hours week, the employee must complete 1 year of services or 975 hours. Certain non-full-time employees, such as temporary employees, leased employees, and employees covered by a collective bargaining agreement, are not eligible to participate. An eligible employee shall become a participant for purposes of employer matching contributions once he or she becomes eligible to participate in the 401(k) component and makes 401(k) salary deferral contributions.

Contributions

Each year, participants may contribute up to 75.0% of their eligible compensation, as defined in the plan document, in the form of either pre-tax and/or after-tax contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. New employees are automatically enrolled in the Plan at a 6.0% contribution rate and in the plan's auto-increase feature but have the option to opt out of either feature. The Company contributes a matching contribution of 100.0% of the first 4.0% of eligible compensation and 50.0% of the next 2.0% of eligible compensation that the participant contributes to the Plan. Contributions are subject to certain limitations.

Effective January 1, 2019, the Plan was amended to include a retirement savings contribution of 5% for all eligible participants in addition to the existing matching contribution. The retirement savings contribution is based on a participant's considered compensation for the Plan Year.

The Plan also has a ROTH feature and participants can elect to make after-tax Roth contributions.

(Continued)

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and the Plan's earnings or losses. Allocations are based on participant account balances and participant eligible compensation, as defined by the plan document. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Vesting

The Plan has three contributory elements: employee contributions (always 100.0% vested), Company match plus actual earnings thereon (always 100.0% vested), and defined contribution retirement savings company contributions plus actual earnings thereon (cliff vests at the end of three years).

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to 50% of their vested account balance not to exceed $50,000 reduced by the greater of (i) the highest outstanding loan balance over the previous year or (ii) the outstanding loan balance on the date of the new loan. Loan terms range from one to five years or up to fifteen years for the purchase of a participant's primary residence. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate to be set at the beginning of each calendar quarter which is commensurate with interest rates charged by persons in the business of lending money for similar loans. Loans issued under prior plans continue to follow the terms of the original agreement. As of December 31, 2022, interest rates varied between 4.25 and 10.25%. Principal and interest are paid ratably through regular payroll deductions.

Payment of Benefits

Upon termination of service, a participant may receive a lump sum amount equal to the vested value of his or her account, or elect to receive equal monthly, quarterly, semiannual, or annual installments over a specified period of time consistent with Internal Revenue Code (the Code) regulations. If the participant's account balance is $5,000 or less upon termination, then the balance of the account is distributed in a lump sum amount or transferred in a lump sum to an eligible retirement plan. Hardship withdrawals are available for participants under specified circumstances as defined by the plan document. In the event of a single sum distribution greater than $1,000, if the participant entitled to such distribution does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant or to receive the distribution directly, then the Plan's Benefits Committee shall direct T. Rowe Price Trust Company (the Trustee) to pay such distribution in a direct rollover to an individual retirement account designated by the Plan's Benefits Committee.

Forfeitures

When certain terminations of participants in the Plan occur, the non-vested portion of the participant's account, as defined by the plan document, represents a forfeiture. Forfeitures are utilized to either reduce the Company matching contributions, including the retirement savings contributions, or to pay qualifying expenses of the Plan. Forfeitures were used to reduce the retirement savings contribution during 2022. The Plan's remaining forfeiture balance was $395,598 and $342,269 as of December 31, 2022 and 2021, respectively.

(Continued)

1. Description of Plan (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts.

Administrative Expenses

The administrative expenses, to the extent not paid by the Plan, are paid by the Company. Investment Management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Other than fully benefit-responsive investment contracts which are stated at contract value, the Plan's investments are stated at fair value. Shares of mutual funds and the money market fund are valued based on quoted market prices determined in an active market which represent the net asset value (NAV) of shares held by the Plan at year-end. The fair values of the participation units in collective trusts are valued at NAV. The estimated fair value of the trusts is NAV. The Plan has no unfunded commitments to the trusts or significant redemption restrictions. See Note 3 for further discussion of fair value measurements.

The Plan invests in synthetic investment contracts (synthetic GICs), which are valued at contract value. The contract value of the fully benefit-responsive investment contracts represents contributions plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

(Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. Fair Value Measurements

ASC 820 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). ASC 820 includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021

	Assets at Fair Value at December 31, 2022			
	Level 1	Level 2	Level 3	Total
Collective trusts: *	$ -	$ -	$ -	$ 813,890,769
Mutual funds:	558,456,318	-	-	558,456,318
Total investments at fair value	$ 558,456,318	$ -	$ -	$ 1,372,347,087

(Continued)

3. Fair Value Measurements (continued)

	Assets at Fair Value at December 31, 2021			
	Level 1	Level 2	Level 3	Total
Collective trusts: *	$ -	$ -	$ -	$ 1,011,673,448
Mutual funds:	716,707,898	-	-	716,707,898
Total investments at fair value	$ 716,707,898	$ -	$ -	$ 1,728,381,346

*These investments have not been classified in the fair value hierarchy as they are valued at NAV as a practical expedient but are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

4. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by T. Rowe Price Trust Company (the trustee of the Plan).

Fully Benefit Responsive Investment Contracts

The Plan invests in synthetic guaranteed investment contracts (GICs), The Syngenta Interest Income Fund, which is comprised of synthetic GICs, collective trusts, a money market fund and associated wrappers (contracts). The contracts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the synthetic contracts are fully benefit-responsive investment contracts, contract value is the relevant measurement attribute for that portion of the net assets available for benefits. Contract value, as reported to the Plan by T. Rowe Price, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on a formula agreed upon with the issuers. Such interest rates are reviewed on a quarterly basis for resetting and it may not be less than 0%.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (i) some amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (ii) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, unless approved by investment contract issuers; (iii) Plan Sponsor events which cause a significant withdrawal from the Plan or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which may limit the Plan's ability to transact at contract value with participants, is probable. The contracts do not permit the issuers to terminate the agreement below contract value.

(Continued)

5. Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, credit, liquidity and overall market volatility, including risks pertaining to global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated July 5, 2018, stating the Plan is qualified under section 401(a) of the Internal Revenue Code (the Code) and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code and maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the requirements of the Code and therefore, believes the Plan, as amended, is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is not subject to income tax examinations for years prior to 2019.

7. Reconciliation Between Financial Statements and Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31	
	2022	2021
Net assets available for benefits per financial statements	$ 1,598,632,062	$ 1,950,180,065
Adjustment for deemed distributions	(106,079)	(10,618)
Adjustments for employer contribution receivable	(25,827,928)	(23,744,265)
Net assets available for benefits per the Form 5500	$ 1,572,698,055	$ 1,926,425,182

(Continued)

7. Reconciliation Between Financial Statements and Form 5500 (continued)

The following is a reconciliation of additions/(deductions) per the financial statements to total income (loss) on the Form 5500:

	Year ended December 31, 2022
Decrease in net assets available for benefits per the financial statements	$ (351,548,003)
Plan transfer	(4,451,613)
2022 deemed distributions	(106,079)
2021 deemed distributions	10,618
2022 adjustment for employer contribution receivable	(25,827,928)
2021 adjustment for employer contribution receivable	23,744,265
Net loss (before transfers) per the Form 5500	$ (358,178,740)

8. Subsequent Events

Management evaluated subsequent events for the Plan through October 12, 2023, the date the financial statements were available to be issued.

9. Party-in-interest Transactions

Parties-in-Interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Amounts paid by the Plan for investment management also qualify as parties-in-interest transactions. At December 31, 2022 and 2021, the Plan held shares of mutual funds and units of collective trust funds managed by the Trustee or an affiliate of the Trustee. Participants are also allowed to take out a loan from their account in the Plan, which also qualify as party-in-interest transactions. These investments and transactions are exempt from the prohibited transaction rules under ERISA.
