Independent Auditor's Report

To The Benefits Committee of The Pictsweet Company Board of Directors
The Pictsweet Company 401(k) Retirement Plan
Bells, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Pictsweet Company 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, override of internal control. Misstatements are considered override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of *Schedule H, Line 4i - Schedule of Assets (Held at End of Year)* December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Pictsweet Company 401(k) Retirement Plan

Notes to Financial Statements

1. Plan Description

The following description of The Pictsweet Company (the “Company”) 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a contributory, defined contribution 401(k) plan available to qualifying employees of the Company. Employees are first eligible for entry into the Plan beginning the first full month following 180 days from the date of hire. The Pictsweet Company 401(k) Retirement Plan Committee (“the Committee”) is the Plan administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants may contribute up to the maximum allowable amount under the Internal Revenue Code. Participants may also make ROTH elective deferrals on an after-tax basis in addition to the regular pre-tax deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution Plans (rollover). Additionally, the Company may make a discretionary Qualified Non-Elective Contribution (“QNEC”) to participants’ accounts.

The Plan provides for a safe harbor matching contribution (“Safe Harbor Matching Contribution”) in which the Company, in order to satisfy the “safe harbor” requirements of the Code, contributes a matching contribution on behalf of the participant based upon each participant’s deferred contributions. The Safe Harbor Matching Contributions for 2022 was equal to 100% of the participant’s deferred contributions that do not exceed 3% of the participant’s eligible compensation plus 50% of the participants deferrals between 3% and 5% of the participant’s compensation. For the years ended December 31, 2022 and 2021, Safe Harbor Matching Contributions totaled \$1,634,333 and \$1,568,763, respectively, which are included in the Statements of Changes in Net Assets Available for Plan Benefits.

Participants’ Accounts

Each participant’s account is credited with the participant’s contributions and Company matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. The match and QNEC are invested in various investment options as directed by the participant.

Vesting

Participants are immediately vested in their voluntary contributions and any income or loss thereon. Participants are immediately fully vested in Company contributions.

Payment of Benefits

Upon termination of service, due to death, disability, retirement or separation, a participant may elect to receive either a lump-sum distribution or transfer to another qualified plan. Participants

The Pictsweet Company 401(k) Retirement Plan

Notes to Financial Statements

may also elect a hardship distribution from their account in accordance with the hardship distribution policy of the plan.

Forfeitures

Forfeitures are used to offset employer contributions. Forfeitures totaled \$47,937 and \$0 for the years ended December 31, 2022 and 2021, respectively. Forfeitures available to offset future employer contributions totaled \$0 at both December 31, 2022 and 2021, respectively.

Administrative Expenses

Certain administrative expenses of the Plan are paid directly by the Company. Expenses paid by the Company are excluded from these financial statements. Most administrative expenses of the Plan are paid by the Plan and allocated to participants on a pro-rata basis relative to account balances. Investment related expenses are included in net appreciation of fair value of investments.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. The fair value of the financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing the information provided by Voya Institutional Trust Company ("Voya"), the Plan's trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

The Pictsweet Company 401(k) Retirement Plan

Notes to Financial Statements

- Level 1-Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2-Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability; and
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3-Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Mutual Funds: Valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus the liabilities and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and is classified within the level 1 of the valuation hierarchy.

The preceding method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 29,239,588	-	-	\$ 29,239,588
Total investments at fair value	\$ 29,239,588	-	-	\$ 29,239,588

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 30,808,649	-	-	\$ 30,808,649
Total investments at fair value	\$ 30,808,649	-	-	\$ 30,808,649

4. Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya Retirement Insurance and Annuity Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the year ended December 31, 2022 and 2021.

<i>December 31,</i>	2022	2021
Mutual Funds	\$ 29,239,588	\$ 30,808,469
<i>Years Ended December 31,</i>	2022	2021
Interest and dividend income from mutual funds	\$ 965,083	\$ 1,205,745
Net (depreciation) appreciation in fair value of mutual funds	\$ (4,766,768)	\$ 2,949,275
Other income	\$ 79	\$ -

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants' accounts will become fully vested and nonforfeitable.

6. Tax Status

The Internal Revenue Service has issued an opinion letter dated June 30, 2020 to Voya Retirement Insurance and Annuity Company. The opinion letter states that the volume submitter profit sharing plan prototype and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Therefore, no provision for income taxes has been included in the Plan's financial statements. Prior to the June 30, 2020 opinion letter, an opinion letter dated March 31, 2014 was issued to First Mercantile Trust Company, the plan's trustee prior to August 2021. The opinion letter stated that the volume submitter profit sharing plan prototype and related trust were designed in accordance with applicable sections of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. The Plan's exposure to a concentration of risk is dependent upon funds selected by participants. The following table shows details on investment that represent a concentration of greater than 10% of the Plan's investments in either year:

Investments	December 31, 2022		December 31, 2021	
	Balance	% of Investments	Balance	% of Investments
DFA Intl Core Equity Port Ins	\$ 4,831,320	17%	\$ 5,269,407	17%
DFA five- Year Global F/I	\$ 6,872,777	24%	\$ 7,313,226	24%
DFA U. S. Core Equity II	\$ 10,105,419	35%	\$ 11,253,479	37%

Due to the concentration of investments denoted above, in addition to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such change could materially affect the value of the participants' account balance and the amounts reported in the Statement of Net Assets Available for Benefits. Any future impact on investments or the Plan remains uncertain.

8. Subsequent Events

The Plan has evaluated subsequent events from the date of the statement of net assets available for benefits through October 14, 2023, the date the financial statements were available to be issued. During this period, no material recognizable subsequent events were identified.
