Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The NAB Group/USA 401(k) Investment Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The NAB Group/USA 401(k) Investment Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The NAB Group/USA 401(k) Investment Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The NAB Group/USA 401(k) Investment Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The NAB Group/USA 401(k) Investment Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The NAB Group/USA 401(k) Investment Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial

statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The NAB Group/USA 401(k) Investment Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 1 Description of the Plan

The following description of The NAB Group/USA 401(k) Investment Plan (the “Plan”) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a single-employer defined contribution and savings plan covering all eligible employees of National Australia Bank Limited in the United States of America (the “Company” or “NAB”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Eligibility and Participation

All employees who are actively employed on or after April 1, 2001, are age twenty-one or older, and have completed ninety consecutive days of employment are eligible to participate in the Plan. Contributions are fully participant directed and may begin on the first day of any calendar month.

Contributions

The Plan provides that all participants can elect to contribute from 2% to 15% of their total compensation on a pre-tax or after-tax (Roth) basis, up to \$20,500 for 2022 as permitted by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions (\$6,500 for 2022). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans. NAB matches employee contributions in the amount equal to 100% of the participant’s pre-tax or Roth contributions not in excess of 3% of each participant’s eligible compensation, and 50% in excess of 3%, but not exceeding 6% of each participant’s eligible compensation, as defined in the Plan. Effective July 20, 2015, the Plan was amended to permit Roth Elective Deferrals.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution, and (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are 100% vested at all times in the employee pre-tax or Roth account, employee rollover account and the earnings thereon.

Participants vest in their NAB matching account in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2 but less than 3	50%
3 or more	100%

Note 1 Description of the Plan (continued)

A participant whose participation in the Plan terminates before he or she is fully vested for any reason other than retirement, disability or death, will forfeit any portion of his or her interest in the Plan which is not vested. Death of a participant causes his or her benefits to automatically vest. Under the trust agreement with the Trustee, forfeitures are applied to either pay Plan expenses or to reduce the amount of matching contributions required to be made by the Company.

Notes Receivable from Participants

Loans are made to individual participants from a minimum of \$1,000 to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years for general purposes and up to fifteen years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%. As of December 31, 2022 and 2021, the annual interest rates ranged from 4.25% to 7.25%. Principal and interest are paid ratably through bi-weekly payroll deductions. Interest is recorded as income to the fund to which payments are credited. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid. Benefits paid include Plan retirement benefit withdrawals, hardship withdrawals, distributions to participants leaving NAB and loans not repaid at the time of termination, which are treated as distributions. On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive benefit payments either in a lump-sum amount equal to the value of the participant's vested interest in his or her account or payments over a period of years not to exceed the lifespan of the participant or their beneficiary.

Participants in service may make hardship withdrawals from their accounts upon demonstrating immediate and heavy financial need. These withdrawals are subject to a \$1,000 minimum.

Investment Elections

The participant contributions and the Company matching contributions are allocated to the various investment options offered by the Plan as the participant directs. Allocations are made in 1% increments. Investment elections made by the participant remain effective until another such election is received.

Participants may change investment elections on any day. If participants do not have investment elections on file, contributions and loan repayments will be defaulted to the Fidelity Freedom Funds based on the participant's date of birth.

Note 1 Description of the Plan (continued)

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts may be used to pay Plan expenses or to reduce the employer's contributions to the Plan. Forfeitures in the amount of \$57,487 and \$47,397 were used to reduce Company matching contributions during 2022 and 2021, respectively. Forfeiture balances as of December 31, 2022 and 2021 amounted to \$3,209 and \$25,448, respectively.

Plan Expenses

Expenses incurred in the operation of the Plan are paid from the Plan unless allocated to and paid by the Company. No expense is paid from the Plan unless such payment is permitted by law. Expenses that are paid by the Company are excluded from these financial statements. Expenses are charged against the investment return on Plan assets or may be paid from cash available from employee forfeitures to the extent possible. The Company paid audit and other recordkeeping and compliance costs of the Plan in 2022 and are not included in the financial statements. Results of funds in which the Plan invests are presented net of internal fees charged by the fund managers.

Note 2 Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP"). Accordingly, the accounting records of the Plan are prepared on the accrual basis of accounting. Benefits are paid when they are required to be paid and are not accrued in advance.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 3 Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds – valued at the daily closing price as reported by the funds. These funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Common collective trusts – Units held in common/collective trusts (CCT) are valued using the net asset value (NAV) practical expedient of the CCT as reported by the CCT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding on the valuation date. The NAV practical expedient of a CCT is calculated based on a compilation of primarily observable market information.

There have been no changes in the methodologies used at December 31, 2022 and 2021.

Notes to Financial Statements

December 31, 2022 and 2021

Note 3 Fair Value Measurement (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Description	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 40,930,619</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 40,930,619</u>
Total assets in the fair value hierarchy	<u>\$ 40,930,619</u>	<u>\$ -</u>	<u>\$ -</u>	<u>40,930,619</u>
Investments measured at NAV (practical expedient)(a)				<u>5,798,390</u>
Total investments				<u>\$ 46,729,009</u>

Description	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 53,927,543</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 53,927,543</u>
Total assets in the fair value hierarchy	<u>\$ 53,927,543</u>	<u>\$ -</u>	<u>\$ -</u>	<u>53,927,543</u>
Investments measured at NAV (practical expedient)(a)				<u>5,716,995</u>
Total investments				<u>\$ 59,644,538</u>

(a) In accordance with ASC Topic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the fair value of the Plan's investments in the statements of net assets available for benefits.

The following tables summarize investments measured at fair value based on net asset value per share as of December 31, 2022 and 2021:

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Galliard Stable Return Fund C	\$ 5,798,390	N/A	Daily	N/A
December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Wells Fargo Stable Return Fund C	\$ 5,716,995	N/A	Daily	N/A

The redemption notice period for the Galliard Stable Return Fund C (and previously the Wells Fargo Stable Return Fund C) is not applicable for individual participants. However, there is a 12 month redemption period for the Plan as a whole.

December 31, 2022 and 2021

Note 4 Information Prepared and Certified by the Plan's Trustee

Fidelity Management Trust Company (Fidelity) is the sole Trustee of the Plan's assets. Fidelity executes the Plan's transactions and provides other administrative services. The cost of such services as well as other administrative and audit costs are absorbed by NAB, except for participant loan setup and maintenance, which are paid by Plan participants.

In accordance with the DOL Rules and Regulations, Fidelity certifies that its annual year-end statement is complete and accurate.

The following information included in the accompanying financial statements and supplemental schedule was obtained by data that has been prepared and certified as complete and accurate by the Trustee:

	<u>2022</u>	<u>2021</u>
Mutual funds	<u>\$ 40,930,619</u>	<u>\$ 53,927,543</u>
Common collective trust	<u>\$ 5,798,390</u>	<u>\$ 5,716,995</u>
Notes receivable from participants	<u>\$ 309,209</u>	<u>\$ 319,160</u>
Unrealized depreciation on investments	<u>\$ (11,924,767)</u>	
Realized loss on investments	<u>\$ (1,323,989)</u>	
Dividends	(a) <u>\$ 2,155,170</u>	
Interest income on participant notes receivable	<u>\$ 14,521</u>	

(a) The adjustment of \$503 on the certified statement from Fidelity, was classified as Dividends on the Statement of Changes in Net Assets Available for Benefits.

Note 5 Plan Termination

NAB does not intend to terminate the Plan but in the event of termination or partial termination, all benefits will be paid in accordance with the provisions of ERISA, and funds of the Plan will be used exclusively for the benefit of members and their beneficiaries as required by law.

In the event of termination, any trust assets remaining in the Plan, after distribution of Plan participant account balances, will be allocated to the remaining participants and beneficiaries in proportion to their respective account balances before termination.

Note 6 Tax Status

The Plan is based on the Prototype Non-Standardized Safe Harbor Profit Sharing Plan with Cash or Deferred Arrangements (“CODA”) by the consulting firm hired by NAB which received an opinion letter from the Internal Revenue Service (“IRS”) dated June 30, 2020, stating that the Prototype Plan was designed in accordance with the provisions of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 Risks and Uncertainties

The Plan holds investments in various mutual funds and a common collective trust. These funds invest commingled participant and investor moneys in various bonds and equities with different income, maturity, and risk characteristics such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits. The risks of gain or loss from investment decisions are borne by the individual Plan participants. The Plan does not have ownership in any specific asset but has an undivided beneficial interest in the respective fund assets.

Note 8 Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds and a common collective trust managed by Fidelity. Fidelity and an affiliate of Fidelity are the Trustee and the recordkeeper, respectively, as defined by the Plan, and therefore, these transactions qualify as party-in-interest.

Effective April 2019, the Plan service agreement was amended to include a Participant Revenue Credit. In situations where recordkeeping revenue earned in connection with plan services exceeds agreed-upon compensation, excess revenue, regardless of source, can be allocated to accounts of eligible participants.

The administrative fee is \$129 per participant record prorated and billed quarterly, with such amount charged directly to participants. Fidelity funds a revenue credit for each quarter based on a set formula as provided for in the amended service agreement.

For the year ended December 31, 2022, the Participant Revenue Credit from Fidelity totaled \$36,784. Fees paid by participants directly to Fidelity for administrative services amounted to \$33,718 for the year ended December 31, 2022, for a net credit total of (\$3,066).

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The NAB Group/USA 401(k) Investment Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The NAB Group/USA 401(k) Investment Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The NAB Group/USA 401(k) Investment Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The NAB Group/USA 401(k) Investment Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The NAB Group/USA 401(k) Investment Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The NAB Group/USA 401(k) Investment Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial

statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The NAB Group/USA 401(k) Investment Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 1 Description of the Plan

The following description of The NAB Group/USA 401(k) Investment Plan (the “Plan”) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a single-employer defined contribution and savings plan covering all eligible employees of National Australia Bank Limited in the United States of America (the “Company” or “NAB”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Eligibility and Participation

All employees who are actively employed on or after April 1, 2001, are age twenty-one or older, and have completed ninety consecutive days of employment are eligible to participate in the Plan. Contributions are fully participant directed and may begin on the first day of any calendar month.

Contributions

The Plan provides that all participants can elect to contribute from 2% to 15% of their total compensation on a pre-tax or after-tax (Roth) basis, up to \$20,500 for 2022 as permitted by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions (\$6,500 for 2022). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans. NAB matches employee contributions in the amount equal to 100% of the participant’s pre-tax or Roth contributions not in excess of 3% of each participant’s eligible compensation, and 50% in excess of 3%, but not exceeding 6% of each participant’s eligible compensation, as defined in the Plan. Effective July 20, 2015, the Plan was amended to permit Roth Elective Deferrals.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution, and (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are 100% vested at all times in the employee pre-tax or Roth account, employee rollover account and the earnings thereon.

Participants vest in their NAB matching account in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2 but less than 3	50%
3 or more	100%

Note 1 Description of the Plan (continued)

A participant whose participation in the Plan terminates before he or she is fully vested for any reason other than retirement, disability or death, will forfeit any portion of his or her interest in the Plan which is not vested. Death of a participant causes his or her benefits to automatically vest. Under the trust agreement with the Trustee, forfeitures are applied to either pay Plan expenses or to reduce the amount of matching contributions required to be made by the Company.

Notes Receivable from Participants

Loans are made to individual participants from a minimum of \$1,000 to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years for general purposes and up to fifteen years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%. As of December 31, 2022 and 2021, the annual interest rates ranged from 4.25% to 7.25%. Principal and interest are paid ratably through bi-weekly payroll deductions. Interest is recorded as income to the fund to which payments are credited. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid. Benefits paid include Plan retirement benefit withdrawals, hardship withdrawals, distributions to participants leaving NAB and loans not repaid at the time of termination, which are treated as distributions. On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive benefit payments either in a lump-sum amount equal to the value of the participant's vested interest in his or her account or payments over a period of years not to exceed the lifespan of the participant or their beneficiary.

Participants in service may make hardship withdrawals from their accounts upon demonstrating immediate and heavy financial need. These withdrawals are subject to a \$1,000 minimum.

Investment Elections

The participant contributions and the Company matching contributions are allocated to the various investment options offered by the Plan as the participant directs. Allocations are made in 1% increments. Investment elections made by the participant remain effective until another such election is received.

Participants may change investment elections on any day. If participants do not have investment elections on file, contributions and loan repayments will be defaulted to the Fidelity Freedom Funds based on the participant's date of birth.

Note 1 Description of the Plan (continued)

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts may be used to pay Plan expenses or to reduce the employer's contributions to the Plan. Forfeitures in the amount of \$57,487 and \$47,397 were used to reduce Company matching contributions during 2022 and 2021, respectively. Forfeiture balances as of December 31, 2022 and 2021 amounted to \$3,209 and \$25,448, respectively.

Plan Expenses

Expenses incurred in the operation of the Plan are paid from the Plan unless allocated to and paid by the Company. No expense is paid from the Plan unless such payment is permitted by law. Expenses that are paid by the Company are excluded from these financial statements. Expenses are charged against the investment return on Plan assets or may be paid from cash available from employee forfeitures to the extent possible. The Company paid audit and other recordkeeping and compliance costs of the Plan in 2022 and are not included in the financial statements. Results of funds in which the Plan invests are presented net of internal fees charged by the fund managers.

Note 2 Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP"). Accordingly, the accounting records of the Plan are prepared on the accrual basis of accounting. Benefits are paid when they are required to be paid and are not accrued in advance.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 3 Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds – valued at the daily closing price as reported by the funds. These funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Common collective trusts – Units held in common/collective trusts (CCT) are valued using the net asset value (NAV) practical expedient of the CCT as reported by the CCT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding on the valuation date. The NAV practical expedient of a CCT is calculated based on a compilation of primarily observable market information.

There have been no changes in the methodologies used at December 31, 2022 and 2021.

The NAB Group/USA 401(k) Investment Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 3 Fair Value Measurement (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Description	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 40,930,619</u>	\$ -	\$ -	<u>\$ 40,930,619</u>
Total assets in the fair value hierarchy	<u>\$ 40,930,619</u>	<u>\$ -</u>	<u>\$ -</u>	<u>40,930,619</u>
Investments measured at NAV (practical expedient)(a)				<u>5,798,390</u>
Total investments				<u>\$ 46,729,009</u>

Description	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 53,927,543</u>	\$ -	\$ -	<u>\$ 53,927,543</u>
Total assets in the fair value hierarchy	<u>\$ 53,927,543</u>	<u>\$ -</u>	<u>\$ -</u>	<u>53,927,543</u>
Investments measured at NAV (practical expedient)(a)				<u>5,716,995</u>
Total investments				<u>\$ 59,644,538</u>

(a) In accordance with ASC Topic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the fair value of the Plan's investments in the statements of net assets available for benefits.

The following tables summarize investments measured at fair value based on net asset value per share as of December 31, 2022 and 2021:

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Galliard Stable Return Fund C	\$ 5,798,390	N/A	Daily	N/A
December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Wells Fargo Stable Return Fund C	\$ 5,716,995	N/A	Daily	N/A

The redemption notice period for the Galliard Stable Return Fund C (and previously the Wells Fargo Stable Return Fund C) is not applicable for individual participants. However, there is a 12 month redemption period for the Plan as a whole.

Notes to Financial Statements

December 31, 2022 and 2021

Note 4 Information Prepared and Certified by the Plan's Trustee

Fidelity Management Trust Company (Fidelity) is the sole Trustee of the Plan's assets. Fidelity executes the Plan's transactions and provides other administrative services. The cost of such services as well as other administrative and audit costs are absorbed by NAB, except for participant loan setup and maintenance, which are paid by Plan participants.

In accordance with the DOL Rules and Regulations, Fidelity certifies that its annual year-end statement is complete and accurate.

The following information included in the accompanying financial statements and supplemental schedule was obtained by data that has been prepared and certified as complete and accurate by the Trustee:

	<u>2022</u>	<u>2021</u>
Mutual funds	<u>\$ 40,930,619</u>	<u>\$ 53,927,543</u>
Common collective trust	<u>\$ 5,798,390</u>	<u>\$ 5,716,995</u>
Notes receivable from participants	<u>\$ 309,209</u>	<u>\$ 319,160</u>
Unrealized depreciation on investments	<u>\$ (11,924,767)</u>	
Realized loss on investments	<u>\$ (1,323,989)</u>	
Dividends	(a) <u>\$ 2,155,170</u>	
Interest income on participant notes receivable	<u>\$ 14,521</u>	

(a) The adjustment of \$503 on the certified statement from Fidelity, was classified as Dividends on the Statement of Changes in Net Assets Available for Benefits.

Note 5 Plan Termination

NAB does not intend to terminate the Plan but in the event of termination or partial termination, all benefits will be paid in accordance with the provisions of ERISA, and funds of the Plan will be used exclusively for the benefit of members and their beneficiaries as required by law.

In the event of termination, any trust assets remaining in the Plan, after distribution of Plan participant account balances, will be allocated to the remaining participants and beneficiaries in proportion to their respective account balances before termination.

Note 6 Tax Status

The Plan is based on the Prototype Non-Standardized Safe Harbor Profit Sharing Plan with Cash or Deferred Arrangements (“CODA”) by the consulting firm hired by NAB which received an opinion letter from the Internal Revenue Service (“IRS”) dated June 30, 2020, stating that the Prototype Plan was designed in accordance with the provisions of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 Risks and Uncertainties

The Plan holds investments in various mutual funds and a common collective trust. These funds invest commingled participant and investor moneys in various bonds and equities with different income, maturity, and risk characteristics such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits. The risks of gain or loss from investment decisions are borne by the individual Plan participants. The Plan does not have ownership in any specific asset but has an undivided beneficial interest in the respective fund assets.

Note 8 Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds and a common collective trust managed by Fidelity. Fidelity and an affiliate of Fidelity are the Trustee and the recordkeeper, respectively, as defined by the Plan, and therefore, these transactions qualify as party-in-interest.

Effective April 2019, the Plan service agreement was amended to include a Participant Revenue Credit. In situations where recordkeeping revenue earned in connection with plan services exceeds agreed-upon compensation, excess revenue, regardless of source, can be allocated to accounts of eligible participants.

The administrative fee is \$129 per participant record prorated and billed quarterly, with such amount charged directly to participants. Fidelity funds a revenue credit for each quarter based on a set formula as provided for in the amended service agreement.

For the year ended December 31, 2022, the Participant Revenue Credit from Fidelity totaled \$36,784. Fees paid by participants directly to Fidelity for administrative services amounted to \$33,718 for the year ended December 31, 2022, for a net credit total of (\$3,066).
