Independent Auditor's Report

To the Plan Administrator of
Clinica Family Health 403(b) Plan
Lafayette, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Clinica Family Health 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Clinica Family Health 403(b) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Clinica Family Health 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to eligible employees, as defined by the Plan Document, of Clinica Family Health (the Employer or Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Custodian and Administration of the Plan

The custodian and record-keeper of the Plan is Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Custodian or Principal). The administrator of the Plan is the Employer. The Custodian holds all assets of the Plan in accordance with the provisions of the service provider contract with the Employer. The Plan's Retirement Plan Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

An employee becomes eligible for the Plan on the first day of employment, as defined by the Plan Document. Eligible employees may enter the Plan on the first day of employment. Leased employees are not eligible for the discretionary non-elective contribution.

Contributions

Each year, eligible participants may contribute on a pre-tax, and after-tax Roth basis up to 100% of their eligible compensation, as defined, subject to Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, as defined by the Plan, subject to internal revenue service (IRS) limitations. The Plan also allows special 403(b) catch-up contributions to participants that have at least 15 years of service. Participants may terminate or change their salary deferral agreements according to procedures and limitations as determined by the Plan Document.

Rollover contributions transferred from other qualified retirement plans or from Individual Retirement Accounts (IRA), are accepted as permitted by the Plan Document.

The Employer, at the discretion of management, may make a quarterly discretionary non-elective contribution to each participant who has completed 12 months of service with at least 1,000 hours (at the end of the participant's first 12 consecutive months of employment). For the year ended December 31, 2022, the Plan Sponsor made a non-elective contribution to eligible employees of 1% of compensation through January 31, 2022 which was increased to 2% effective February 1, 2022. Contributions are subject to certain IRS limitations.

Participants' Accounts

Each participant's account is credited with the participant's rollover contributions, participant and Employer contributions, and an allocation of net plan investment earnings and losses and charged

Clinica Family Health 403(b) Plan

Notes to Financial Statements

with distributions and expenses. The investment earnings or losses are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option. Participants may direct the investment of their account balance into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's discretionary non-elective contribution portion of their accounts is based on years of continuous service as follows:

Years of Service	Vested Percentage (%)
Less than 1 year	-
1	10
2	30
3	50
4 or more	100

Participants are fully vested upon death, disability (as defined), or retirement age.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loan terms range from one to five years, and up to 30 years for a principal residence loan. The loans are secured by the balance in the participant's vested account and bear interest at current market rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Benefit Payments

Upon termination of service due to death, disability, retirement, or termination of employment, a participant may elect to receive a lump-sum cash distribution or a direct rollover to another qualified retirement plan, as defined, in an amount equal to the value of the participant's vested interest in his or her account. If a participant terminates employment and does not make a request for distribution and the participant's account balance was never greater than \$5,000, the plan administrator will authorize a mandatory benefit payment in a single lump sum. In addition, upon attaining age 60, a participant may withdraw any part of his or her account.

Forfeitures

Forfeitures represent the portion of the Employer's discretionary non-elective contribution that is lost by a participant who terminates employment prior to becoming fully vested under the Plan's vesting schedule. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$56 and \$19, respectively. These accounts can be used to reduce future administrative expenses of the Plan with any remaining forfeitures applied to reduce future Employer non-elective contributions. For the year ended December 31, 2022, \$12,518 was used to pay Plan administrative expenses and \$6,182 was used to reduce the Employer non-elective contribution.

Clinica Family Health 403(b) Plan

Notes to Financial Statements

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the Plan's financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The Plan Sponsor determines the Plan's valuation policies utilizing information provided by an investment advisor and Custodian.

Purchases and sales are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year, as well as capital gains reinvested.

Accounting for Fully Benefit-Responsive Investment Contracts with Insurance Companies

The Plan entered into a fully benefit-responsive investment contract with Principal Life Insurance Company (Principal Life). Principal Life maintains the contributions in a custodial account. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents the contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to pay the principal and specified interest rates guaranteed. There are no reserves against the contract value for credit risk of the contract issuer. The crediting interest rate is based on a formula agreed upon with Principal Life but may not be less than 0%. Interest rates are reset each June 1 and December 1. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with Principal Life. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply. The Employer does not believe any of these events are probable of occurring.

Clinica Family Health 403(b) Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Participant contributions are recognized in the period during which the Employer made the respective payroll deduction from the participant's compensation. Employer non-elective contributions are recognized in the plan year to which the participant's compensation relates.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in assets available for benefits. In addition, investment related expenses are included in net appreciation (depreciation) of fair value of investments.

3. Fair Value Investments

Accounting Standards Codification (ASC) 820, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Clinica Family Health 403(b) Plan

Notes to Financial Statements

Level 3 - Inputs to the valuation methodologies are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value measured on a recurring basis:

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 25,689,474	\$ -	\$ -	\$ 25,689,474
Total Assets , in the fair value hierarchy	\$ 25,689,474	\$ -	\$ -	\$ 25,689,474

December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 31,173,628	\$ -	\$ -	\$ 31,173,628
Total Assets , in the fair value hierarchy	\$ 31,173,628	\$ -	\$ -	\$ 31,173,628

4. Certified Investment Information

The Plan Sponsor has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, Principal, a qualified institution, has certified that the following information included in the accompanying financial statements and supplemental schedule as complete and accurate:

- Investments and notes receivable from participants as reported in the statements of net assets available for benefits as of December 31, 2022 and 2021.

Clinica Family Health 403(b) Plan

Notes to Financial Statements

- Total investment loss and interest earned on notes receivable from participants as reported in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment amounts included in the notes to financial statements.
- All investment information included in the supplemental Schedule H, Line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2022.

At the request of the Plan Sponsor, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

5. Related Party and Party-In-Interest Transactions

Certain Plan investments are managed by Principal, the custodian, or affiliates thereof. Certain recordkeeping fees related to the plan year were paid from plan assets to Principal as well as certain investment fees are included in net appreciation (depreciation) of the funds. Certain investment advisory and third-party administrator fees were also included in the net appreciation (depreciation) of the funds. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. These are transactions with related parties that qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its discretionary non-elective contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

7. Tax Status

Effective January 1, 2020, the Plan was amended and restated under a Volume Submitter 403(b) Plan that received an advisory letter from the IRS dated March 31, 2017 stating that the form of the Volume Submitter Plan was acceptable under Section 403(b) of the IRC and was therefore exempt from Federal income taxes. The Company believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC, thus no provision for income taxes has been provided for in the accompanying financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Clinica Family Health 403(b) Plan

Notes to Financial Statements

8. Concentrations, Risks, and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Additionally, the value, liquidity, and related income of the investment securities are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

There are two investments that individually represent more than 10% of investments held at December 31, 2022 and 2021. See the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) for the complete listing of investments as of December 31, 2022.

9. Subsequent Events

The Plan has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in these financial statements.
