INDEPENDENT AUDITOR'S REPORT

To the Finance Committee and Plan Participants of
CentraState Healthcare System 403(b) Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of CentraState Healthcare System 403(b) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of CentraState Healthcare System 403(b) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the Financial Statements

We do not express an opinion on the accompanying financial statements of CentraState Healthcare System 403(b) Retirement Savings Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the Financial Statements

CentraState Healthcare System 403(b) Retirement Savings Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 1 to the financial statements, CentraState Healthcare System 403(b) Retirement Savings Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CentraState Healthcare System 403(b) Retirement Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct audits of CentraState Healthcare System 403(b) Retirement Savings Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion on the Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of CentraState Healthcare System 403(b) Retirement Savings Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the Financial Statements section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.

CentraState Healthcare System 403(b) Retirement Savings Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following description of the CentraState Healthcare System 403(b) Retirement Savings Plan (the "Plan") is provided for general information purposes only. CentraState Healthcare System, Inc. (the "System") is the Plan sponsor. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution Plan that became effective on January 1, 1995, for the benefit of all eligible employees of the System. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan's Finance Committee is responsible for oversight of the Plan. The Investment Subcommittee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Finance Committee.

Eligibility

Under terms of the Plan agreement, employees of the System and its subsidiaries may make elective deferrals beginning on their date of hire. Additionally, employees become eligible for employer match and employer discretionary contributions upon attaining age 21, having completed two years of service with at least 975 hours of service during the Plan year end, and they must be employed by the System on the last day of the Plan year.

Auto Enrollment

Effective June 1, 2014, eligible participants are automatically enrolled in the Plan at an initial automatic deferral rate of 3%, unless the participant specifically elects otherwise. Participants have their contributions invested in the GoalMaker Portfolio, which consists of several different funds determined by the Investment Subcommittee, until they change their election. Deferrals will increase by 1% each year up to 10% unless the participant specifically elects otherwise.

Contributions

Participants may contribute pretax eligible earnings, as defined by the Plan, subject to certain limitations under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan allows for Roth contributions and Roth rollovers. The System makes a matching contribution based on participant elective deferrals. The employer matching contribution is made annually as a discretionary match and will only apply to elective deferrals that do not exceed: for eligible employees with two to four years of service, 25% of elective deferrals up to 1% of included compensation; for eligible employees with five to nine years of service, 50% of elective deferrals up to 2% of included compensation; and for eligible employees with ten or more years of service, 50% of elective deferrals up to 4% of included compensation. In addition, the System may, but is not required to, make other contributions which are unrelated to whether employees make any elective deferrals in that year. There were no such nonelective employer contributions made in 2022. On December 31, 2022 and 2021, forfeited non-vested accounts totaled \$10,119 and \$6,930, respectively. These accounts will be used to reduce future System contributions. In 2022, System contributions were reduced by \$9,154 from forfeited non-vested accounts.

Participant Accounts

Each participant's account is credited with the participant's contributions, the System's contribution, as well as allocations of the Plan's earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements
December 31, 2022 and 2021

Vesting

Participants are immediately 100% vested in their accounts.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may receive a lump-sum distribution equal to the value of the participant's vested interest in their account. In addition, the Plan allows for hardship distributions if certain criteria are met.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 7.75% on December 31, 2022, which are commensurate with local prevailing rates at inception of the loan as determined by the Plan administrator. Loans may be taken for any reason and are repaid through payments sent directly to the recordkeeper. Terms range from one to five years, or greater for the purchase of a primary residence.

Certain outstanding loans which were not being repaid in accordance with the Plan's repayment terms were determined to be distributions to the applicable participants for tax reporting purposes. Such amounts totaled approximately \$190,592 in 2022 and are included in benefits paid to participants in the accompanying statement of changes in net assets available for benefits.

Administration of Plan Assets

The Plan's assets are administered under a contract with Prudential Bank & Trust, FSB and Empower Annuity Insurance Company, the Trustees of the Plan. The Trustees invest funds received from contributions, investments, sales, interest, and dividend income and make distributions to participants.

Custodial Accounts Excluded from Financial Statements

As permitted by the Department of Labor's ("DOL") Field Assistant Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*, ("FAB 2009-02") the Plan administrator has elected to exclude certain custodial accounts from the Plan's financial statements. Presentation of this information is required by accounting principles generally accepted in the United States of America ("GAAP"). The effects of the departure from GAAP on these financial statements are not determinable as of December 31, 2022 and 2021 and for the year ended December 31, 2022. The Plan administrator has concluded that the custodial accounts have met the criteria required under FAB 2009-02 and as such, have been excluded from the Plan's financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's mutual fund investments are recorded at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Management is responsible for determining the Plan's valuation policies and analyzing information provided by the Trustees that is used to determine the fair value of the Plan's investments. Management reports to the Finance Committee of the System. The Investment Committee, a sub-committee of the Finance Committee, reviews the investment holdings within the Plan. For instruments categorized within Level 3 of the fair value hierarchy, management obtains the analysis performed by the Trustees on an annual basis. Management uses the Trustees' analysis to understand the methods used to develop the fair value measurements and whether methods used are reasonable and consistent.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the System. Expenses that are paid by the System are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

Expenses reflect deposits into the Plan's ERISA expense account in accordance with the Plan's revenue sharing agreement with Prudential Bank & Trust FSB. These deposits are used to offset Plan expenses and the excess revenue sharing deposits are reallocated to participants.

Payment of Benefits

Benefits are recorded when paid.

New Accounting Pronouncements

The Plan is not aware of any new accounting standards, not yet adopted, that would significantly impact the Plan's current or prospective financial statements.

Subsequent Events

The Plan administrator has evaluated subsequent events occurring after December 31, 2022 through October 12, 2023, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEES

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2022 and 2021. Accordingly, Prudential Bank & Trust, FSB and Empower Annuity Insurance Company, the Trustees of the Plan, have certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying statement of net assets available for benefits as of December 31, 2022 and the supplemental Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment activity and interest earned on notes receivable from participants reported in the statement of changes in net assets available for benefits for the year ended December 31, 2022. Prudential Bank & Trust, FSB and Prudential Insurance Company of America, the trustees of the Plan as of December 31, 2021, have certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying statement of net assets available for benefits as of December 31, 2021.

As a result of the aforementioned election, no auditing procedures were performed by the independent auditor with respect to information certified as complete and accurate, except for comparing such information with the related information included in the financial statements.

4. FAIR VALUE MEASUREMENTS

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There were no transfers between any of the fair value measurement levels for the years ended December 31, 2022 and 2021.

CentraState Healthcare System 403(b) Retirement Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used on December 31, 2022 and 2021:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value, as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 129,686,623	\$ -	\$ -	\$ 129,686,623
Total assets in the fair value hierarchy	\$ 129,686,623	\$ -	\$ -	\$ 129,686,623
Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 161,347,828	\$ -	\$ -	\$ 161,347,828
Total assets in the fair value hierarchy	\$ 161,347,828	\$ -	\$ -	\$ 161,347,828

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan invests in the Guaranteed Income Fund with Prudential which meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value of \$42,100,583 and \$40,899,450 as of December 31, 2022 and 2021, respectively, represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.5%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 403(b) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contracts

CentraState Healthcare System 403(b) Retirement Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

6. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

The benefit responsive investment contract is issued by one of the Trustees, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation or depreciation in the fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative expenses of the Plan are paid on the Plan's behalf by the System.

Certain administration functions of the Plan are performed by officers or employees of the System. No such officer or employee receives compensation from the Plan.

7. PLAN TERMINATION

Although it has not expressed any intention to do so, the System reserves the right under the Plan to terminate the Plan subject to the provisions set forth by ERISA.

8. OPERATIONAL DEFECT

During the year ended December 31, 2020, it was discovered that certain of the Plan's provisions were not properly applied in the daily operation of the Plan. The definition of compensation for participant contributions as per the Plan document was not properly applied when calculating contribution amounts. On February 4, 2022 the Plan Sponsor performed a self-correction by making a Qualified Nonelective Contribution of approximately \$99,000 to affected participants which is included in employer contributions in the 2022 statement of changes in net assets available for benefits.

CentraState Healthcare System 403(b) Retirement Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

9. TAX STATUS

The Plan has adopted the Prudential Insurance Company of America 403(b) Volume Submitter Plan. On August 7, 2017, the Internal Revenue Service ("IRS") stated in an advisory letter that the Volume Submitter adopted by the Plan, as then designed, was in compliance with the applicable requirements of the IRC and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Plan, and concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could significantly affect participants' account balances and the amounts reported in the Plan's December 31, 2022 statement of net assets available for benefits.
