INDEPENDENT AUDITORS' REPORT

The Plan Administrator, those in charge of governance and Participants

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Pacific Drive-Ins, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the period from October 1, 2022 ("Inception") through December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022, and for the period from Inception through December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pacific Drive-Ins, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pacific Drive-Ins, LLC 401(k) Plan's ability to continue as a going concern for a period of one year.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment

information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Part IV, Line 4(i)—Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1. DESCRIPTION OF THE PLAN

The Pacific Drive-Ins, LLC 401(k) Plan (the "Plan") was established October 1, 2022.

The following description of the Plan provides only general information. Participants should refer to the Summary Plan Document and Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all eligible employees of Pacific Drive-Ins, LLC and the Participating Employer outlined below (collectively the "Company" or "Plan Administrator") on the first day of the month coincident with or next following the date the employee attains an age of 18 and completes 3 consecutive months of service. The Plan is subject to the provisions of ERISA.

Transamerica Financial Life Insurance Company provides recordkeeping services to the Plan in its capacity as agent for its related entity, the directed trustee, Transamerica Retirement Solutions ("Transamerica" or "Trustee"), pursuant to the terms of the trust agreement (the "Trust") between the Company and Transamerica. All of the Plan's assets are kept in the Trust. Net investment income, gains and losses, and general expenses are allocated based on the Plan's proportional share of net assets in the Trust.

Participant Accounts – Each participant's account is established by the Trustee to record all contributions on the participant's behalf and any related income, expenses, gains or losses.

Contributions – During the period ended December 31, 2022, participants were able to contribute through pre-tax and Roth elective deferrals up to 100% of their annual compensation as defined in the Plan subject to the annual limits set by federal tax laws as discussed below.

Automatic Enrollment Contributions – The Plan contains an automatic enrollment feature. Employees are subject to automatic enrollment and are notified approximately 30 days prior to when the employer will begin to automatically deduct 3% from the employees pay on a pre-tax basis as a deferral contribution from the employee to the Plan. The employee may stop or change this automatic contribution at any time. Deferral contributions made automatically for the employee are treated the same under the Plan as deferral contributions made by the employee's own election. If the participant does not make an investment election, his/her investment is the applicable qualified default investment alternative (Transamerica LifeGoal Retirement with BlackRock Ret Opt according to the participant's age).

Discretionary Non-elective Contributions – For each Plan year, the Company may make discretionary non-elective contributions in an amount to be determined by the Company's governance board. To be eligible to receive any non-elective contributions that may be made for that Plan year, a participant must complete 1,000 or more hours of service during the Plan year and be employed as of the last day of the Plan year.

Rollover Contributions - The Company allows rollover contributions to the Plan, regardless of whether the employee becomes a participant in the Plan. The employee is 100% vested in the rollover contributions and may withdraw from the Plan at any time.

Services and Fees – Fees and expenses charged to a participant account that will impact retirement savings fall into three basic categories:

- *Investment fees*: Fees are generally assessed as a percentage of assets invested and are deducted directly from investment returns. Investment fees can be in the form of sales charges, loads, commissions, marketing fees or management fees.

- *Plan administration fees:* Fees covering the day-to-day expenses of the Plan for recordkeeping, accounting, legal and trustee services, and certain other administrative fees. In some cases, these costs are covered by investment fees deducted directly from investment returns. In other cases, these fees are either paid directly by the Company or are passed through to the participants in the Plan, in which case a recordkeeping fee is deducted from the participant account.

- *Transaction-based fees*: Fees associated with optional services offered under the Plan and charged directly to the participant account upon taking advantage of a particular feature that may be available, such as a Plan loan.

Vesting - A participant is always 100% vested in his/her rollover contributions, after-tax contributions, and deferral contributions plus any earnings thereon.

Non-elective contributions will vest based on the participant's year of vesting service in accordance with the following schedule:

Years of Vesting Service	Vesting Percentage
Less than Two Years	0%
Two Years but less than Three Years	20%
Three Years but less than Four Years	40%
Four Years but less than Five Years	60%
Five Years but less than Six Years	80%
Six or More Years	100%

Forfeitures –The Plan may use forfeitures to reduce Employer contributions or pay Plan administrative fees if so elected. There was a zero balance in the forfeitures account for the Plan period ended December 31, 2022. During the period ended December 31, 2022, no forfeitures were used to reduce employer contributions or pay Plan administrative fees.

In Service Withdrawals and Loans- A participant can request an in-service withdrawal or loan from the Plan. The amount of any taxable withdrawal that is not rolled over into an Individual Retirement Account ("IRA") or another qualified employer retirement plan will be subject to Federal and state, if applicable, income taxes. The following types of withdrawals are available under the Plan:

- *Hardship Withdrawal:* A participant can apply to withdraw certain contributions to satisfy specific and heavy financial needs if certain qualifications are met. Hardship withdrawal distributions are limited to the vested portion of a participant's account.

- *Age-based Withdrawals:* A participant that reaches age 59 ½ may elect to withdraw all or a portion of their vested account balance while they are still employed by the Company. Starting in the calendar year that a participant reaches age 72 the participant may elect to receive minimum required distributions. A participant may elect to withdraw his/her vested account balance after reaching the Plan's normal retirement age, 65, or delay it until retirement.

- *Withdrawals of Rollover Contributions:* If the participant has a balance in their rollover contributions account, they may elect to withdraw all or a portion of it at any time. There is no limit on the number of withdrawals of this type.

- *Participant Loans:* Loans from a participant's vested account balance are made available to all qualifying participants. Loans are not considered distributions and are not subject to Federal or state income taxes, provided they are repaid as required. See additional discussion under "Notes Receivable from Participants"

Benefits Paid – A participant is eligible to request a distribution (or payment) of his/her vested account balance in the event of (i) death, (ii) disability, (iii) retirement, (iv) on April 1 of the calendar year following the calendar year a participant turns 72 (minimum required distribution) or (v) termination of employment from the Company. The value of the participant's account balance will continue to increase or decrease, as appropriate based on the investment returns until it is distributed.

A participant may elect to receive payment of their vested account balance in a number of ways, including: (i) a lump-sum distribution, (ii) a direct rollover distribution into an IRA, or (iii) an new employer's qualified plan if it accepts rollover distributions. For termination of service due to other reasons, a participant may receive the value of the vested interest in his/her account as a lump-sum distribution. The participant may leave his/her account under the Plan if the vested amount is more than $5,000. If the vested amount is between $1,000 and $5,000, the Plan Administrator will direct the Trustee that any amount exceeding $1,000 be distributed to an IRA for the terminated participant's benefit. If the vested account balance is $1,000 or less, the Plan Administrator will direct the Trustee to distribute it to the terminated participant as a lump sum distribution without the participant's consent. Prior to such distribution, the terminated participant still has the right to request that the amount be distributed directly in the form of a lump sum payment or request that it be rolled-over to a different IRA provider or another retirement plan eligible to receive rollover contributions.

Notes Receivable from Participants – Notes receivable from participants are recorded if a participant takes a loan from the vested balance in his/her participant account. The minimum loan is $1,000 and the maximum amount is the lesser of 50% of the vested account balance or $50,000 reduced by the highest outstanding loan balance in the participant account during the previous twelve-month period. A loan transaction is treated as a transfer to (from) the investment fund from (to) the participant's loan fund. Up to 50% of the vested account balance may be used as collateral for any loan. Loans bear a reasonable rate of interest as determined by the Company based on the prevailing interest rates charged by persons in the business of lending money for loans that would be made under similar circumstances. The interest shall remain fixed throughout the duration of the loan. Principal and interest on loans are repaid ratably through after-tax payroll deductions on at least a quarterly basis over a five-year period unless the loan is for the purchase of the participant's principal residence in which case the loan repayment period may not extend beyond ten years from the date of the loan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of certain assets, liabilities, and changes therein, and disclosure of those amounts. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held at December 31, 2022.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. If a participant begins to make loan repayments on a previously defaulted loan, the participant loan balance and accrued interest is recorded and included in net Plan assets.

Administrative Fees and Other Deductions

Certain Plan administrative fees and other deductions incidental to the administration of the Plan, including recordkeeping, accounting, legal and trustee services may be paid by the Plan. The Company, at its discretion, may pay for certain of these administrative expenses on behalf of the Plan. The fees paid directly by the Company are excluded from these financial statements. Most investment options have management fees, which reduce the overall return on assets and are recorded in the net realized and unrealized appreciation (depreciation) in fair value of investments.

Benefits Paid

Distributions of benefits are recorded as deductions from the net assets available for benefits when paid.

NOTE 3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be 100% vested in all accrued benefits.

NOTE 4. TAX STATUS

The Plan received a favorable determination letter from the Internal Revenue Service dated June 30, 2020, that states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

All investment information disclosed in the accompanying financial statements, notes and supplemental schedule as of and for the period ended December 31, 2022, including investments held at December 31, 2022, and net changes in fair value of investments and interest income for the period ended December 31, 2022, were obtained or derived from information supplied by Transamerica Life Insurance Company to the Plan Administrator. Such information was certified as complete and accurate by Transamerica Life Insurance Company, Inc.

NOTE 6. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") authoritative fair value measurement guidance requires disclosure that establishes a framework for measuring fair value and requires disclosure about fair value measurements. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The FASB's guidance requires fair value measurement to be classified and disclosed in one of the following three categories:

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

The Plan has the following Level 1 asset types:

- Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 2: Quoted prices in markets that are not active, or inputs which are observable, either directly or indirectly, for substantially the full term of the asset or liability.

The Plan does not have any Level 2 assets or liabilities.

Level 3: Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported by little or no market activity).

The Plan does not have any Level 3 assets or liabilities.

As of December 31, 2022, the Plan's investments measured at fair value consisted of the following instruments and classifications within the fair value hierarchy:

	Level 1	Level 2	Level 3	Total
Investments in Mutual Funds	$ 11,456	$ -	$ -	$ 11,456
Total	$ 11,456	$ -	$ -	$ 11,456

NOTE 7. RISK AND UNCERTAINTIES

The Plan provides for various investment options in any combination of stocks, bonds, fixed-income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Because of the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

NOTE 8. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

A party-in-interest is defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others.

Certain Plan investments are shares of mutual funds managed by the Trustee. Transamerica Financial Life Insurance Company provides retirement administration services for qualified retirement plans investing in Transamerica mutual funds, insurance products and managed income portfolios, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to $37 for the period ended December 31, 2022.

NOTE 9. EXCESS PARTICIPANT CONTRIBUTIONS

Amounts payable for contributions made by ineligible participants are recorded as a liability with a corresponding reduction to contributions. The ineligible contributions were $593 for the period ended December 31, 2022. These ineligible contributions have been distributed back to these individuals subsequent to December 31, 2022.

NOTE 10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for plan benefits per the financial statements as December 31, 2022 to Form 5500:

Net assets available for plan benefits per the financial statements	$	10,863
Add: Participant contributions payable		593
Net assets available for plan benefits per Form 5500	$	11,456

Net increase in net assets available for plan benefits per the financial statements	$	10,863
Add: Net adjustment for change in participant contributions payable		593
Net increase in net assets available for plan benefits per Form 5500	$	11,456

NOTE 11. SUBSEQUENT EVENTS

The Plan Administrator has reviewed and evaluated the effect of events that have occurred subsequent to December 31, 2022 through October 12, 2023, the issuance date of these financial statements and note that there are no subsequent events over the period other than disclosed above.
