INDEPENDENT AUDITOR'S REPORT

The Trustees of the Dick's Drive-Ins
401(K) Plan
Seattle, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Dick's Drive-Ins 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Dick's Drive-Ins 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dick's Drive-Ins 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dick's Drive-Ins 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Dick's Drive-Ins 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dick's Drive-Ins 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets Held for Investment at End of Year for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Dick's Drive-Ins 401(K) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 1. Description of Plan:

The following description of the Dick's Drive-Ins 401(K) Plan ("Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General-

The Plan is a defined contribution plan covering all employees of Dick's Drive-Ins LTD., LP (the Company) who have one thousand (1,000) hours of service during a single calendar year and are age eighteen (18) or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974.

Contributions-

Each year, participants may make contributions from 1% - 15% (in whole percentages) of eligible pay subject to Internal Revenue Code limits, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions (and rollovers) from other qualified defined benefit or contribution plans. Effective November 1, 2008, employer matching contributions were 50% of elective deferrals up to 8% of eligible earnings. Beginning January 1, 2018 employer matching contributions were 100% of elective deferrals up to 1% eligible earnings and 60% of elective deferrals on 2%-6% of eligible earnings. Additional amounts may be contributed at the option of the Company. Contributions are subject to certain limitations. Participants may make after-tax Roth contributions to the Plan.

Participants Accounts-

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) earnings, and charged with an allocation of administrative expenses for distributions and loans. The benefit that a participant is entitled to is the benefit that can be provided from the participant's vested account.

Vesting-

Effective November 1, 2008 participants are fully vested upon entering the Plan.

Investment Options-

Upon enrollment in the Plan, a participant may choose among various investment alternatives held in a trust under contract with Reliance Trust Company. Investment return is based on actual performance. Participants may change their investment options when desired.

Payment of Benefits-

On termination of service, a participant may elect to receive the vested value of his or her account in a lump sum cash amount, transfer the amount to an individual retirement account or may leave the account in the Plan if the value of the account exceeds \$5,000. Termination of service includes retirement, termination of employment, total and permanent disability, and death. Hardship distributions are allowed from any accounts that are 100% vested.

Dick's Drive-Ins 401(K) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 1. **Description of Plan – continued:**

Notes Receivable from Participants-

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are classified as transfers to (from) the investment fund from (to) the participant loan fund. All loans must be repaid in equal installments (not less frequently than quarterly) within a reasonable time not to exceed five years (30 years if the loan is used to acquire a personal residence). Loans are secured by the balance in the participant's account and bear interest rates equal to the prime rate published in the Wall Street Journal on the 14th day of each month plus two percentage points. As of December 31, 2022 the balance of outstanding participant loans is \$340,081 (\$266,181 - 2021).

Administration-

Employees of the sponsoring Company administer the Plan. All funds in the Plan are held by the Custodian (see Note 3).

Note 2. **Summary of Significant Accounting Policies:**

Basis of Accounting and Use of Estimates -

The financial statements of the Plan are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition-

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to settle a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by its investment advisers and custodians. See Notes 4 and 5 for discussions of fair value measurements.

The Plan's investment contract, a fully benefit-responsive investment contract, is reported at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less withdrawal and funds used to pay administration expenses.

Purchases and sales of securities are recorded based upon trade date. Interest and dividends are recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits-

Benefits are recorded when paid. Benefit obligations as of the end of the year are not recognized as liabilities. At December 31, 2022 and 2021 there were no unpaid requested balances due participants.

Dick's Drive-Ins 401(K) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 2. **Summary of Significant Accounting Policies - continued:**

Administrative Expenses-

The Plan Sponsor pays administrative and investment related expenses incurred in connection with the general administration of the Plan. Expenses relating to disbursements of loan proceeds and plan benefits payments are paid by the Plan and are recorded as deductions in the accompanying statement of changes in net assets available for benefits.

Subsequent Events-

The Plan has evaluated subsequent events through October 13, 2023, the date on which the financial statements were available to be issued.

Note 3. **Information Certified by the Custodian (Unaudited):**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company.

Note 4. **Fair Value Measurements:**

The Plan values its investments at fair value in accordance with Financial Accounting Standards Board Accounting Standard Codification (FASB ASC) 820. FASB ASC 820 establishes a fair value hierarchy consisting of three levels in which assets and liabilities are to be reported:

Level 1 - assets and liabilities are valued using quoted prices in active markets for identical assets (stock exchange).

Level 2 – assets and liabilities are valued using either directly or indirectly observable market data (comparable sales of similar assets).

Level 3 – assets and liabilities are valued using unobservable data (entity's own assumptions).

Dick's Drive-Ins 401(K) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 4. Fair Value Measurements - *continued*:

The asset's or liability's fair value measurement level within the hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2022 and 2021.

Registered Investment Companies –

Valued at the closing price reported on the active market on which the individual securities are traded.

The following table sets forth the level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Notes to Financial Statements

December 31, 2022 and 2021

Note 5. Fully Benefit-Responsive Investment Contracts:

The Plan offers an option to its participants to invest in MetLife Reliance Stable Value Fund Series 25053. MetLife deposits participating plan contributions in Contract 25053, which invests in the following MetLife separate accounts (the separate accounts) to provide competitive total returns relative to the respective benchmarks:

<u>Account</u>	<u>Benchmark</u>
Separate Account No 41 – Broad Market Core Bond Account (28%)	Bloomberg U.S. Aggregate Bond Index
Separate Account No 239 – Total Return Fixed Income Account (37%)	Bloomberg U.S. Aggregate Bond Index
Separate Account No 895 – Core Bond Account (28%)	Bloomberg U.S. Aggregate Bond Index
Separate Account No. 896 – U.S. 1-5 Year Government/Credit Index Account (7%)	Bloomberg U.S. 1-5 Year Government/Credit Index

The Contract simulates the performance of a guaranteed investment contract through the guarantee of a specific interest rate and a portfolio of financial instruments that are owned by MetLife. The participating plans' assets are the unit ownership interests in the Contract. The separate account investments are owned by MetLife. The Contract provides that the Trust execute transactions at contract value. MetLife guarantees the contract value, which represents contributions, plus interest, less participant-initiated withdrawals or transfers. This is the Contract's guaranteed value. The Contract's fair value equals the Contract's proportionate share of the fair value of the separate accounts. A participating plan's fair value in each Contract equals the respective Contract's fair value times the ratio of the Plan's guaranteed value to the respective Contract's guaranteed value. If a participating plan terminates participation in the Trust, the lesser of the guaranteed value or the fair value will be received.

Contract 25053 provides a fixed interest rate for a fixed period that will apply to the entire guaranteed value. The interest rate is reset every quarter as determined by MetLife with consideration of the fair value of the separate accounts, the anticipated market yields-to-maturity of benchmark indices of separate accounts, expected payments into and out of the contract, amortization of the difference, if any, between the fair value of the separate accounts and the guaranteed value of the contract, and the fees allowed under the Contract. Contract 25053 primarily uses the following methodology for calculating the interest crediting rate:

Dick's Drive-Ins 401(K) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 5. **Fully Benefit-Responsive Investment Contracts - continued:**

$$(MV + CF)(1 + YTW)^n = (CV + CF)(1 + i)^n$$

Where:

MV = Separate account value

CF = Payments anticipated by MetLife to and from the separate accounts before the end of the contract period

YTW = Weighted annualized yield-to-worst of the benchmark indices of the separate accounts plus the spread target minus the anticipated contract charges outlined in Section 4.2 of the Contract, the Trustee fees and any other fees and expenses required by the contract holder pursuant to Section 6.4 of the Contract that MetLife has determined should be reflected in this calculation

CV = Contract value

i = Net credited rate

n = Weighted average duration of the benchmark indices of the separate accounts

Yield Analysis

The average yield earned by MetLife Group Annuity Contract No. 25053 at December 31, 2022, was (13.23)% (1.78% - 2021). This represents the annualized earnings of the separate account investments owned by MetLife in which the Contract's funds are invested divided by the fair value of the Contract at December 31, 2022 and 2021.

The average yield earned by MetLife Group Annuity Contract No. 25053 with an adjustment to reflect the actual interest rates credited to participants in the Contract at December 31, 2022, was 2.64% and 2.32%, respectively (2.10% and .83%, respectively - 2021). This represents the annualized earnings credited to participants in the Contract divided by the fair value of the Contract at December 31, 2022 and 2021.

Events that limit the ability of the Fund to transact at contract value

All of the Contracts in the Fund are benefit responsive at contract value for all participant-directed transactions.

As described in the Declaration of Trust, in certain circumstances, MetLife may make payments attributable to a participating plan or its sponsor (a Participating Plan-Directed Withdrawal), and all participant withdrawals deemed to be Participating-Plan Directed Withdrawals, as Market Value Adjusted Payments. Market Value Adjusted Payments means (1) if contract value is less

Note 5. Fully Benefit-Responsive Investment Contracts - continued:

than or equal to market value, the withdrawal's proportionate share of contract value, or (2) if market value is less than contract value, the amount of the withdrawal requested multiplied by the ratio that market value bears to contract value.

A withdrawal will be deemed to be a Participating Plan-Directed Withdrawal under any of the following circumstances described in paragraphs (a) through (d) below:

(a) Participant Withdrawals based on Advice or Direction. Participants make withdrawal requests with advice or direction from the plan sponsor, plan administrator, plan fiduciary or agent of any of the foregoing to do so.

(b) Additional Investment Option. If an investment option has been established by the participating plan or the investment objective of an existing investment option of the participating plan (including the nature or length of maturity of investments or the operation of any investment option offered) has been modified so as to constitute or create a competing fund, unless the Trustee and the Issuer have consented in writing to exempt such fund from the application of this paragraph. A competing fund is:

- i. a fixed income fund (including without limitation a money market fund or bond fund) with a targeted average duration of three (3) years or less, or
- ii. any investment fund that is reported to participants on a valuation basis comparable to that for the Trust, or
- iii. a balanced, lifestyle, target-date or other similar type of asset allocation fund if the fund contains a fund of the type described in the preceding item (i), (ii), or (iii) that exceeds 70% of that fund.

(c) New Eligible Plan. The plan sponsor, plan administrator, plan fiduciary, or any agent of any of the preceding, of the participating plan establishes a new eligible plan (or a plan that would be an eligible plan except that it covers self-employed individuals and does not satisfy Rule 180) or amends an existing eligible plan (or a plan that would be an eligible plan except that it covers self-employed individuals and does not satisfy Rule 180), and such plan covers participants in the participating plan and offers participants a competing fund.

(d) Action of Participating Plan. Participating plan makes a withdrawal for any reason, except for a Participant-Directed Withdrawal.

Note 6. Tax Status:

A favorable determination letter dated March 31, 2008 was received from the Internal Revenue Service for the base prototype plan. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the plan is qualified and the related trust is tax-exempt.

Dick's Drive-Ins 401(K) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 6. Tax Status - continued:

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 7. Plan Termination:

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be 100% vested in their accounts.

Note 8. Transactions with Parties-In-Interest:

The Plan's transactions with parties-in-interest during the years ended December 31, 2022 and 2021 are as follows:

<u>Party-in-interest</u>	<u>Description of transaction</u>	<u>Amount</u>
Reliance Trust Company	Plan custodian and investment manager	Investment earnings are reported net of expenses
ADP	Third Party Administrator	Administrative fees: \$61,246 - 2022 \$64,104 - 2021
Dick's Drive-Ins LTD., LP	Plan Sponsor	Contributions made of: \$366,254 - 2022 \$339,020 - 2021

Notes receivable from participants also qualify as party-in-interest transactions.

The Plan Sponsor pays directly any other fees related to the Plan's operations.

Notes to Financial Statements

December 31, 2022 and 2021

Note 9. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of Net Assets Available for Benefits per the financial statements at December 31, 2022 and 2021 to Net Assets per Form 5500:

	<u>2022</u>	<u>2021</u>
