Independent Auditor's Report

RSM US LLP

Plan Administrator
Beech Brook Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Beech Brook Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Beech Brook Retirement Savings Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of Beech Brook Retirement Savings Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan, a participant-directed defined contribution plan, was established January 1, 2000 and covers substantially all employees of Beech Brook (the Company and plan sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility: Employees are eligible to participate in the Plan on the entry date following completion of three months of service. The entry date is the first day of each calendar quarter following the date on which he or she has met the eligibility requirements.

Contributions: Participants may elect to make voluntary pre-tax and Roth contributions of their compensation subject to certain limitations of the Plan and the Internal Revenue Code (the Code). Contributions must be in 1% increments or a fixed dollar amount. Participants who have attained age 50 before the end of the Plan year are eligible to contribute additional catch-up contributions as defined by the Code. The Plan includes a self-directed brokerage option for participants allowing participants to direct contributions into various unit investment trusts and mutual funds. In addition, participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan includes an "Automatic Election" by which employees who do not complete a salary reduction agreement form are automatically enrolled in the Plan with a 3% pre-tax deferral as of the first Plan entrance date upon meeting eligibility requirements. The Plan agreement includes an automatic deferral increase feature, whereby all participant deferral percentage elections are increased by 1% on May 7th of each year, up to a maximum deferral rate of 6% unless participants opt out of the deferral increase program.

The Company may from time to time, at its discretion, make contributions equal to a fixed percentage of each participant's eligible compensation or as a matched percentage of each participant's elective salary deferral. Only participants who have met the Plan's eligibility requirements to participate in the Plan and are actively employed on the day on which the contribution is made will be eligible to share in the Company discretionary contributions. There were no discretionary contributions made for the years ended December 31, 2022 and 2021. Contributions are recorded when earned.

Contributory participants also receive matching contributions equal to 33% of their salary deferrals, up to 6%, provided they are employed by the Company on the last day of the Plan year.

Participant accounts: Each participant's account is credited with an allocation of (a) his or her elective deferral, (b) the Company's contributions, if applicable, (c) Plan earnings and (d) an allocation of administrative expenses, if any. The benefit to which a participant is entitled is the benefit that can be provided from his or her vested account.

Vesting: A participant has a 100% non-forfeitable vested interest in his or her contributions and earnings thereon. Vesting in the participant's portion of Company contributions is based on years of credited service commencing on the participant's employment date and each anniversary date thereafter.

Beech Brook Retirement Savings Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Participants who complete an hour of service under the Plan beginning after December 31, 2001 and participants who have a termination date on or after January 1, 2007, will be vested in the Company matching contributions and Company discretionary contribution as follows: 20% vested after two years of service, 40% vested after three years of service, 65% vested after four years of service and 100% vested after five years of credited service. Participants who terminated from service with the Company prior to January 1, 2007 will be vested in the matching contributions and Company discretionary contributions as follows: 30% vested after three years of service, 65% vested after four years of service and 100% vested after five years of credited service.

Notes receivable from participants: The Plan permits limited borrowing by a participant against the value of his or her account. The loan must be a minimum of \$1,000 and up to a maximum of \$50,000 or 50% of a participant's vested account balance under the Plan, whichever is lower, determined immediately at origination of the loan. Any loan granted or renewed under this program shall bear a reasonable interest rate, as determined by the Plan Administrator and is secured by the participant's account. The maximum payment term is generally five years. All expenses associated with the establishment and administration of the loan will be paid by, or charged to, the participant's account. Principal and interest is paid ratably through payroll deduction.

Forfeitures: Forfeitures can be used to pay administrative expenses, reduce employer contributions and restore forfeited accounts. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$10,680 and \$19,184, respectively. Forfeitures of \$11,847 were used to reduce employer contributions during the year ended December 31, 2022.

Funding policy: The employer's funding policy is to make the participants' salary deferral contributions to the Plan as soon as administratively feasible. All employer contributions are discretionary and may be made annually or more frequently, at the Company's discretion.

Payment of benefits: Benefits are paid in a lump sum as soon as administratively feasible following a participant's termination or the approval of a permitted financial hardship withdrawal. The Plan provides for the immediate payout of a participant's separate account upon retirement, death or other termination unless the balance of the account exceeds \$5,000 and the participant has not attained age 65, in which instance, payout will not occur without the participant and their spouses, if applicable, written consent.

Plan termination: Although they have not expressed intent to do so, the Company has the right, at any time, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Beech Brook Retirement Savings Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Administrative expenses: All expenses of the Plan are paid by the Plan or by the Company, at the Company's discretion.

Benefit payments: Benefits are recorded when paid.

Risks and uncertainties: The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 13, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the trustee, Charles Schwab Trust Bank and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets.

Note 3. Information Certified and Provided by the Trustee (Continued)

The trustees also certified to the completeness and accuracy of the following for the year ended December 31, 2022:

Interest and dividends	<u>\$ 304,661</u>
Net depreciation in fair value of investments	<u>\$ (2,298,180)</u>
Interest income on notes receivable from participants	<u>\$ 5,172</u>

Note 4. Fair Value Measurements

Accounting standards established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under accounting standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Note 4. Fair Value Measurements (Continued)

Self-directed brokerage accounts: Self-directed brokerage accounts, also known as participant controlled retirement accounts (PCRA), consist of various unit investment trust and mutual funds, which are valued in a similar manner to registered investment companies described above.

Money market account: Valued at cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value at December 31:

	2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 10,059,093	\$ -	\$ -	\$ 10,059,093
Self-directed brokerage account	190,513	-	-	190,513
Money market account	199,397	-	-	199,397
Total assets in fair value hierarchy	<u>\$ 10,449,003</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,449,003</u>

	2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 12,905,042	\$ -	\$ -	\$ 12,905,042
Money market account	410,774	-	-	410,774
Total assets in fair value hierarchy	<u>\$ 13,315,816</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 13,315,816</u>

To assess the appropriate classification of assets within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of assets from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Company evaluates the significance of transfers between levels based upon the nature of the asset and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2022 and 2021, there were no transfers in or out of Level 3.

Note 5. Tax Status

Effective June 1, 2015, the Plan adopted a non-standardized form of a prototype plan sponsored by Schwab Retirement Plan Services, Inc. The prototype plan provider has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Party-in-Interest Transactions

Charles Schwab Trust Bank is the current trustee, and Charles Schwab Bank is the former trustee, as defined by the Plan. Fees paid by the Plan for administrative services provided by the trustees or their affiliates amounted to \$40,806 and \$40,722 for the years ended December 31, 2022 and 2021, respectively.

Note 7. Reconciliation of Financial Statements to IRS Form 5500

Notes receivable from participants are reported on the Form 5500 as participant loans and considered plan investments while in the Plan's financial statements they are classified as receivables from participants.
