REPORT OF INDEPENDENT AUDITORS

To the Trustees of
The Peterson Automotive Collection, LLC 401(k) Plan
Louisville, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the financial statements of Peterson Automotive Collection, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 (in liquidation), and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

To the Trustees
Peterson Automotive Collection, LLC 401(k) Plan
Louisville, Kentucky

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, the Plan was terminated, effective December 20, 2021, and management determined liquidation was imminent. As a result, the Plan prepared its 2022 and 2021 financial statements on the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material

To the Trustees
Peterson Automotive Collection, LLC 401(k) Plan
Louisville, Kentucky

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

PETERSON AUTOMOTIVE COLLECTION, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

1. PLAN DESCRIPTION

The following description of the Peterson Automotive Collection, LLC 401(k) Plan (the Plan) is provided for general informational purposes only. Participants should refer to the plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan was a defined contribution plan established January 1, 2017. Prior to its termination in December 2021 (see below), the Plan covered substantially all employees of Peterson Automotive Collection, LLC (the Company) and its related employers, as defined, who had completed three months of service and were age 21 or older. The Plan was subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Termination

On December 28, 2021, the trustees of the Plan adopted a resolution to terminate the Plan effective December 20, 2021, and management determined liquidation was imminent. Final distributions were determined based on all participants being 100% vested as of the effective date and were substantially complete as of December 31, 2022. As a result, the 2022 and 2021 financial statements are presented on the liquidation basis of accounting.

Subsequent to December 31, 2022, management determined \$10,332 was improperly withheld as forfeitures from participant distributions in 2022. As of the date the financial statements were available to be issued, management is working with the Plan's custodian to determine the funding for these additional distributions to participants, and such distributions are expected to be completed by December 31, 2023.

There are no other expenses expected to be incurred through liquidation that the Plan expects to pay.

Contributions

Prior to the Plan's termination, employees were able to make annual Roth, pre-tax, and after-tax deferral contributions up to the maximum annual deferral amount defined by the Internal Revenue Code (IRC). The Company's matching and profit-sharing contributions were discretionary and determined by management. There were no matching or profit-sharing contributions made in 2022.

PETERSON AUTOMOTIVE COLLECTION, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Participant Accounts

Each participant's account was credited with the participant's own contributions and allocations of the Company's discretionary matching and profit-sharing contributions, as well as allocations of plan earnings. Participants were charged with an allocation of administrative expenses. Allocations were based on participant account balances or compensation. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account. Each participant directed the investment of his or her account to any of the investment options available under the Plan.

Vesting

Participants were immediately vested in their contributions and related earnings. Prior to the Plan being terminated, vesting in the Company's discretionary matching and profit-sharing contribution portions of their accounts and related earnings was based on years of credited service. Using a graduated scale, a participant was fully vested with regard to the Company's contributions and related earnings after six years of credited service. The non-vested balance was forfeited upon termination of service. A participant became fully vested in the event of death or disability. As previously discussed, effective with the Plan termination in December 2021, all participants became fully vested in their accounts.

Payment of Benefits

Any payment of a participant's plan benefits due to death, disability, retirement, termination, or attainment of age 59½, was to be distributed in accordance with specific provisions of the plan agreement. In the event of financial hardship, the Plan could allow a participant to withdraw all or part of the participant's elective deferral account balance.

Forfeited Accounts

Forfeited employer contributions could be used to reduce the Company's future discretionary matching or profit-sharing contributions or to pay the Plan's administrative expenses. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$0 and \$47,873, respectively. In 2022, \$585 of forfeited accounts were used to offset employer contributions, \$13,750 were used to pay plan expenses, \$39,596 were allocated to participant accounts to reflect full vesting after Plan termination, and \$12,707 were transferred to the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements were prepared using the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosures of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodian, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net change in fair value includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net change of fair value of investments.

PETERSON AUTOMOTIVE COLLECTION, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Subsequent Events

Plan management has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company (Reliance) and Jackson National Life Insurance Company (Jackson), the custodians of the Plan, have certified to the completeness and accuracy of investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2021 (in liquidation), and Reliance has certified to the completeness and accuracy of the investment related activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022 (in liquidation) for the Plan's mutual funds and group annuity contract as follows:

Dividends and capital gains distributions	\$ 71,758
Net depreciation in fair value of investments	(1,412,591)
Investment loss	<u>\$ (1,340,833)</u>

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
 - Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
 - Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
-

PETERSON AUTOMOTIVE COLLECTION, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U. S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fixed account – Fair value is the sum of all amounts transferred to the fixed account under the variable annuity contracts, plus credited interest, less withdrawals (including any applicable charges and adjustments for such withdrawals), transfers, and charges.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets valued at fair value as of December 31, 2021.

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 11,965,868	\$ -0-	\$ -0-	\$ 11,965,868
Fixed account	-0-	562,947	-0-	562,947
Total assets in the fair value hierarchy	11,965,868	562,947	-0-	12,528,815
Pooled separate accounts ^(a)	-0-	-0-	-0-	1,192,114
Investments at fair value	<u>\$ 11,965,868</u>	<u>\$ 562,947</u>	<u>\$ -0-</u>	<u>\$ 13,720,929</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts present in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented at fair value in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021.

	Fair value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	\$ 1,192,114	None	Daily	None

The Plan had no investments at December 31, 2022.

PETERSON AUTOMOTIVE COLLECTION, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

5. FULLY BENEFIT-RESPONSIVE CONTRACT

Prior to the Plan termination, the Plan held a group annuity contract that met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The Transamerica Stable Value Focus Option is a group variable annuity contract issued by Transamerica Life Insurance Company (TLIC), and is backed by the full faith and creditworthiness of TLIC. All deposits in this investment are credited with the same interest rate, credited on a daily basis, and there is no set maturity. The effective credited interest rate is set semi-annually and effective on the first day of the semi-annual period. Contract charges may reduce this return.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract was dependent on the claims-paying ability of TLIC. Although Plan participants generally may withdraw assets from the Transamerica Stable Value Focus Option without restrictions, a hold may apply on the Plan's assets in the group annuity contract. If the Company wishes to remove the Transamerica Stable Value Focus Option as an option from the Plan, then TLIC may impose a hold for up to a 270-day period on the investment assets at the plan level if the most recently announced upcoming credited rate has increased or has not changed. The custodian will provide at least 45 days' advance notice of any interest rate change for each semi-annual period. Additionally, under limited circumstances occurring at the issuer, the custodian may impose up to a 12-month delay period on all withdrawal requests from all plan sponsors at the plan level. There are not any events that allow the issuer to terminate the contract and which require the plan sponsor to settle at an amount different than contract value to be paid.

6. INCOME TAX STATUS

The Internal Revenue Service (IRS) determined by an opinion letter dated June 30, 2020, that the non-standardized prototype adopted by the Plan was designed in accordance with applicable sections of the IRC. Although the Plan had been amended subsequent to June 30, 2020, the plan administrator believes that the Plan was designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan was qualified.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are managed by Reliance and Jackson, the Plan's custodians. Investment management fees are paid to the custodians. TLIC is the issuer of the Plan's group annuity contract. Transamerica Retirement Solutions, LLC is the recordkeeper of the Plan. Trinity Pension Consultants, Inc. is the Plan's third-party administrator. Blue & Co., LLC is the independent auditor for the Plan. Wainwright Laventis is the Plan's investment advisor. The aforementioned parties generally receive payment from the Company.

In addition, the Plan's trustees were participants in the Plan.
