INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Ramaco Resources, Inc. 401(k) Plan
Lexington, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Ramaco Resources, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Ramaco Resources, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Opinion (Continued)

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ramaco Resources, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ramaco Resources, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ramaco Resources, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ramaco Resources, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Supplemental Schedule Required by ERISA (continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RAMACO RESOURCES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

Note 1. Plan Description

The Ramaco Resources, Inc. 401(k) Plan (the Plan) is a defined contribution plan adopted by Ramaco Resources, Inc. (the Company), effective January 1, 2016, and was amended and restated effective June 17, 2021. The Plan is designed to encourage and assist eligible employees in adopting a regular savings program and to provide additional tax-advantaged security for their retirement. The Plan is administered by the Company and covers Ramaco Development, LLC, Ramaco Resources Land Holdings, LLC, Ramaco Resources, LLC, and Ramaco Carbon, LLC, all participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Significant provisions of the Plan are summarized below. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

Eligibility

The Plan covers employees of the Company and its participating employers, except collective bargaining (union) employees and temporary or seasonal employees with less than 1,000 hours of service. Employees who have completed 1,000 hours of service are eligible to participate in the Plan immediately upon meeting the eligibility requirements.

Contributions

Participants may contribute from 1% to 70% of their earnings to the Plan as an elective deferral, not to exceed the dollar amount set by law. There are two types of elective deferrals: pre-tax deferrals and Roth deferrals. In addition, participants who have attained age 50 as of the last day of the calendar year are eligible to contribute additional before-tax or Roth contributions during such year that may exceed normal Plan limits.

The Company will make a safe harbor matching contribution equal to 100% of the participant's elective deferrals that do not exceed 4% of the participant's compensation. The Company will compute the participants' compensation and deferrals for the Plan year in order to calculate the safe harbor matching contribution.

In addition to Company safe harbor matching contributions, the Company has the ability to make a discretionary nonelective contribution into the Plan. To qualify for the discretionary nonelective contribution participants must have completed 1,000 hours of service in the Plan year and must be employed on the last day of the Plan year. The Company reserves the right to waive this requirement to certain participants. The nonelective contribution is allocated among eligible participants based on a compensation ratio.

Rollover contributions from qualified retirement plans and certain IRAs are also permitted by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, employer contributions, and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

RAMACO RESOURCES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

Note 1. Plan Description (Continued)

Investment Options

Participants decide how to invest their accounts in the Plan into various investment securities. The Plan currently offers various mutual funds, collective trust funds, and a guaranteed interest account as investment options. Participants may modify elections, transfer existing balances, and obtain information regarding investments on a daily basis.

Vesting

Each participant shall have a 100% vested, nonforfeitable right to their elective contributions, rollover contributions, and safe harbor contributions in the Plan. Participants will vest in the Company nonelective contributions as follows: 20% vested after two years of service; 40% vested after three years of service; 60% vested after four years of service; 80% vested after five years of service; and 100% vested after six years of service. Participants will also be 100% vested in nonelective contributions if they are employed on or after normal retirement age or if employment is terminated because of the participant's death or disability.

Payment of Benefits

Participants are eligible to receive a distribution of the vested portion of their accounts in the Plan upon termination of employment, normal retirement, early retirement, death or disability. If the vested account balance exceeds \$1,000, a participant's consent is required to distribute their accounts. If a participant's account does not exceed \$1,000, the Plan will distribute their account balance without consent in a single lump sum payment.

Participants may withdraw all or any part of their vested accounts after attaining age 59½ as an in-service withdrawal.

Forfeitures

If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan as a forfeiture. Forfeitures may be used to pay any administrative expenses or used to reduce any nonelective contributions. At December 31, 2022 and 2021, there were no forfeited accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(Continued)

RAMACO RESOURCES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2022

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Subsequent events have been evaluated through October 11, 2023, the date the financial statements were available to be issued.

Note 3. Certification

Certain information was certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the trustee of the plan (formerly, Great-West Annuity Insurance Company). The certified information is as follows:

- Investment assets
- Investment transactions
- Investment income
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year)

Note 4. Fair Value Measurements

The framework for measuring fair value establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are as follows:

(Continued)

RAMACO RESOURCES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2022

Note 4. Fair Value Measurements (Continued)

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs to the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds – Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily. Were the Plan to initiate a full redemption of the collective trust, the trustee reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

Assets measured at fair value on a recurring basis consisted of the following at December 31:

	2022	
	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$ 1,477,059	\$ 1,477,059
Total assets in fair value hierarchy	<u>1,477,059</u>	<u>1,477,059</u>
Collective trust funds, measured at NAV		
as practical expedient		<u>9,627,444</u>
Total investments at fair value		<u>\$ 11,104,503</u>

	2021	
	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$ 1,184,015	\$ 1,184,015
Total assets in fair value hierarchy	<u>1,184,015</u>	<u>1,184,015</u>
Collective trust funds, measured at NAV		
as practical expedient		<u>8,095,220</u>
Total investments at fair value		<u>\$ 9,279,235</u>

Note 5. Key Guaranteed Portfolio Fund

The Plan has a fully benefit-responsive group annuity contract with Empower Trust Company, LLC (Empower), which is called the Key Guaranteed Portfolio Fund (Fund). Empower maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Since the Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Fund. The Fund is presented on the statements of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with Empower. Such events include the following: (1) premature termination of the contract by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, and (6) early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. Empower may not terminate the contract at any amount less than the contract value. Empower is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula agreed upon with Empower. Such interest rates are reviewed on a quarterly basis for resetting.

The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions.

RAMACO RESOURCES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

Note 5. Key Guaranteed Portfolio Fund (Continued)

The average yield earned by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the Fund over the year. The average yield earned by the Plan for 2022 and 2021 was 0.93% and 0.90%, respectively. The actual average yield earned by the Plan for the group annuity contract is derived by averaging the Plan's quarterly interest rates. The actual average yield earned by the Plan for 2022 and 2021 was 0.93% and 0.90% respectively.

Note 6. Party-in-Interest Transactions

Certain administrative functions are performed by employees of the Company. These employees are also Plan participants. No such employee receives compensation from the Plan.

The Company pays certain administrative expenses on behalf of the Plan, including legal, trustee, accounting, and insurance fees. Plan participants invest in funds held or managed by the Plan Trustee, as well as other investment management companies. Investments in funds issued and managed by the Trustee are considered related-party transactions. Fees paid to the Trustee by the Plan for administrative services were \$119,013, net of revenue credits of \$5,522, for the year ended December 31, 2022.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 8. Tax Status

The Plan adopted a volume submitter profit sharing plan of the Trustee. The volume submitter profit sharing plan has received an opinion letter from the Internal Revenue Service, effective June 30, 2020, that the form of the plan was designed in compliance with applicable provisions of the Internal Revenue Code ("IRC"). The volume submitter plan has been amended since receiving the opinion letter. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the *IRC* and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
