REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Participants
Signode Industrial Group LLC Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Signode Industrial Group LLC Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Signode Industrial Group LLC Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan available to all full-time and part-time, non-bargaining unit employees of Signode Industrial Group LLC (the Company) and certain of its subsidiaries and affiliates (the Company, its subsidiaries and its affiliates are collectively referred to as the Employer). Eligible employees are defined as employees who were eligible to participate in the Illinois Tool Works (ITW) Plan on April 30, 2014, or will become eligible to participate in the Plan on their employment commencement date, which could depend on factors such as 1,000 hours of service or completion of 12 consecutive months of employment. The Plan is administered by a committee appointed by the senior vice president of human resources of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Fidelity Management Trust Company (Fidelity) is the trustee of the Plan.

A subsidiary of the Company was divested in April 2022. Affected active participants in the Plan became terminated and were provided the opportunity to rollover their account balance via a group rollover distribution to the newly created plan which is also administered by Fidelity. Total group rollover distributions of approximately \$24,166,500 are recorded in benefits paid to participants in the accompanying statement of changes in net assets available for benefits.

Participant Plan Transfers

Participant account balance transfers between the Plan and a plan maintained by an affiliate are permissible whenever an employee participating in the Plan changes positions within the Plan sponsor's organization or an amendment to the Plan document and/or labor agreement occurs, causing the employee to no longer be eligible to participate. In either case, the participant account balance may be transferred to the Plan for which the employee becomes eligible for participation upon the Company's direction.

Contributions

Employees electing to participate in the Plan may contribute up to 50% of their annual compensation, as defined by the Plan and the Internal Revenue Code (IRC), as a combination of pretax and Roth, and 1% to 10% of after-tax compensation, subject to Internal Revenue Service (IRS) limitations. Eligible employees who do not affirmatively elect to make participant contributions or decline to participate during the first 60 days of employment shall be automatically enrolled in the Plan at a rate of 3% of their compensation. Participants over 50 years of age may make additional contributions (catch-up contributions) to the Plan. Participants may also contribute amounts representing rollover distributions from other qualified plans. The Company matches the first 3% of compensation that a participant contributes to the Plan. For every additional 1% that the employee contributes above 3%, the Company matches an additional 0.5%, up to a maximum matched contribution of 4.5%. The Plan also provides for an additional contribution (Company basic contribution) to eligible participants hired before January 1, 2015. These contributions are included in the Employer contribution balance in the statement of changes in net assets available for benefits.

Vesting

Participant and Company matching contributions are fully vested at all times. Company basic contributions made into the Plan vest after three years of eligible service.

Investment Options

Participants direct the investment of their contributions and account balances into various Signode Industrial Group LLC Retirement Plans Master Trust (the Master Trust) investment options offered by the Plan. Investment options include a self-directed brokerage option.

Participant and Company contributions may be directed to any of the eligible investment options offered by the Plan.

Participant Accounts

Individual participant accounts are maintained and credited with participant contributions, Employer contributions and allocations of the Plan's earnings or losses. Allocations of each fund's earnings or losses are based on the ratio of each participant's account balance in such fund to the total of all participants' balances in that fund. The costs of certain administrative and investment services provided by the trustee are paid from participants' accounts or assets within the appropriate investment option, as applicable.

Forfeitures

Forfeitures that arise as of any valuation date shall be determined and applied to reduce the amount of Company matching contributions, Company basic contributions or for Plan expenses in the sole discretion of the steering committee. There were no forfeited non-vested accounts from Company contributions at December 31, 2022 and 2021. During the year ended December 31, 2022, approximately \$113,000 was used to offset Company basic contributions.

Payment of Benefits

Upon retirement, termination of employment, death or physical disability, benefits are payable in one lump sum or installments not less frequently than annually, as permitted by the Plan. Effective November 15, 2019, benefits may be payable in not less frequently than every calendar quarter. Participants who terminate service with the Company and have a vested account balance of less than \$1,000 will have their vested account balance distributed in a single lump sum or partial payments unless it is rolled over into another qualified plan.

Participants may be permitted to withdraw contributions in the case of financial hardship, subject to certain limitations. Participants less than age 59½ are allowed source-specific in-service withdrawals as stated in the Plan document. Participants are entitled to receive payments without terminating employment upon attainment of age 59½.

Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balances up to a maximum of \$50,000, less the highest outstanding loan balance(s) within the last 12 months (subject to certain limitations set forth in the Plan), for terms not exceeding five years. Principal and interest are paid ratably through payroll deductions.

Participants may have up to two outstanding loans at any given time and only one loan may be taken during any 12-month period. Some participants may have a third loan if a loan balance was transferred at the time of the Illinois Tool Works spin-off in 2014. The interest rate charged on loans is based on a nationally published prime rate by Reuters in effect on the first business day of the calendar quarter in which the loan is requested and will be a fixed rate for the term of the loan. The loans are secured by the balances in the participant's vested accounts.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the use of estimates and assumptions that affect the reported amounts in the financial statements and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan, through the Master Trust, provides participants the option to direct their contributions to numerous investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Valuation of Investments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels as follows:

- Level 1 - Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access;
- Level 2 - Inputs (other than quoted prices included within Level 1) are observable for the asset or liability, either directly or indirectly; and
- Level 3 - Inputs are unobservable for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Master Trust's own data.)

The investments held by the Master Trust are valued as follows. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Cash and cash equivalents - Comprised of short-term money market instruments and are valued at cost plus accrued interest, which approximates fair value.

Mutual funds - Valued at the net asset value (NAV) of shares held at year-end, which is obtained from an active market.

Collective trust fund - Valued at the NAV of units of each bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the

Signode Industrial Group LLC Retirement Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

underlying investments held by the funds less their liabilities. This practical expedient is not used when it is determined to be probable that a fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust for up to 12 months in order to ensure that securities liquidations will be carried out in an orderly manner. There are no unfunded commitments for the collective trust fund as of December 31, 2022 or 2021.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Self-directed brokerage accounts - Valued based on the underlying holdings which consist of similar investment types as those investments described above and the following:

- Common and preferred stocks - Valued based on the closing sales price reported on the active market on which the securities trade.
- Corporate bonds - Valued based on the closing sales price reported on the active market on which the securities trade.

The valuation of the underlying holdings of the self-directed brokerage accounts is consistent and in accordance with the valuation methods described above.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Master Trust's gains and losses on investments bought and sold as well as held during the year.

Investment management fees and operating expenses charged to the Master Trust for investments in the funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

Administrative Expenses

Certain trustee, record-keeping, administrative and investment management fees are paid by the Plan through the Master Trust. All other management fees and expenses of the Plan are paid by participants or the Company.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid at December 31, 2022 or 2021.

NOTE C - INVESTMENT IN MASTER TRUST

The Master Trust holds the assets of the Plan and the Signode Industrial Group LLC Bargaining Retirement Plan. Use of the Master Trust permits the commingling of assets for these plans. Although the assets are commingled in the Master Trust, the trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans.

To preserve the participating plans' interest in the combined Master Trust assets, the trustee and the Plan administrator determine each plan's share of Master Trust assets and related changes based on the ratio of each participant's account balance in such fund to the total of all participants' balances in that fund.

The net assets of the Master Trust and the Plan's interest in the Master Trust's net assets are summarized as follows at December 31, 2022 and 2021:

	2022		2021	
	Master Trust	Plan's Interest	Master Trust	Plan's Interest

NOTE D - TAX STATUS

The Plan has previously applied for and recently received a determination letter dated June 30, 2020, in which the IRS stated that the Plan was in compliance with the applicable requirements of the IRC. The Plan has been amended since the determination letter; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan and related Master Trust are tax -exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2022 or 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for tax periods in progress.

NOTE E - PLAN TERMINATION

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

NOTE F - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Plan's interest in Master Trust and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.

Signode Industrial Group LLC Retirement Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED

- Change in Plan's Interest in Master Trust and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment information included in the Master Trust (Note C), except for Master Trust investments fair value hierarchy disclosures.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

NOTE G - PARTIES-IN-INTEREST

Certain investments in the Master Trust are managed by Fidelity Investments. Fidelity Investments is an affiliated company of Fidelity, the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest. Additionally, the Plan has loans to participants that qualify as party-in-interest transactions.

NOTE H - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2022, financial statements for subsequent events through October 13, 2023, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events that would require recognition or disclosure in the financial statements except as indicated below.
