INDEPENDENT AUDITOR'S REPORT

To the Trustee and Participants of the
Catalent Pharma Solutions, LLC Pension Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Catalent Pharma Solutions, LLC Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets in liquidation as of December 31, 2022, the statement of net assets available for plan benefits as of December 31, 2021 (ongoing), and the related statement of changes in net assets in liquidation for the year ended December 31, 2022, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2021 (ongoing), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter— Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 9 to the financial statements, the Catalent Investment Committee of the Plan approved a plan of liquidation on June 27, 2022 and management determined liquidation is imminent. As a result, the Plan changed its basis of accounting from the going-concern basis of accounting used in presenting the 2021 financial statements to the liquidation basis of accounting used in presenting the 2022 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 and Form 5500, Schedule H, Part IV, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of the Catalent Pharma Solutions, LLC Pension Plan (the "Plan") provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General: The Plan is a non-contributory defined benefit pension covering substantially all employees hired prior to December 31, 2002. The Plan provides for disability, retirement and death benefits to participants in proportion to an individual's compensation. The plan sponsor's funding policy is to contribute, at a minimum, the amount necessary to meet the funding standards required under Section 412 of the Internal Revenue Code but no more than the maximum tax-deductible amount under Section 404 of the Internal Revenue Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and has met the ERISA minimum funding requirements.

Effective December 31, 2002, the Plan was frozen and there has been no further accrual of benefits under the Plan. Participants with accrued benefits at that date continue to participate in the Plan; however, no new participants may enter the Plan.

The Plan is a result of the spin-off due to the sale of Pharmaceutical Technologies and Services from Cardinal Health, Inc. to Catalent Pharma Solutions, Inc. (the "Company" or "Plan Sponsor").

Effective September 1, 2021, the Plan's service provider is Principal Life Insurance Company (Principal). Prior to September 1, 2021, the Plan's service provider was Comerica Bank and Trust, N.A (Comerica). Administrative expenses may be paid by the Company or by the Plan.

Eligibility: Prior to December 31, 2002, employees became eligible on January 1 or coinciding with the completion of 1,000 hours of service during a twelve-month period.

Vesting: A participant is credited with one year of continuous service upon completion of 1,000 hours during a plan year. A participant becomes 20% vested in the Plan after three years of service. Each year of service increases vesting by 20%. A participant who has completed seven years or more of continuous service with the Company is deemed fully vested in the Plan.

Retirement Benefits: Retirement benefits were determined under the formulas specified in the Plan, which becomes a payable equal to the following (a) plus (b) minus (c):

(a) 1% of the participant's average compensation times credited service.

(b) 0.5% of the participant's average compensation in excess of covered compensation, times credited service to a maximum of 35 years.

(c) The participant's deferred monthly benefit purchased or distributed under the prior plan, if any; and that provided under the Plan of a foreign subsidiary or affiliate, if based on employment included in credited service of this Plan.

Normal retirement age is attained once the participant reaches the age of 65 and has completed five years of service, as defined by the Plan; however, a participant may elect early retirement service if the participant attains at least age 55 and completes at least 10 years of service. The Plan provides certain benefits to disabled participants and certain benefits to spouses of vested participants who died prior to retirement.

(Continued)

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Administrative and Investment Management Expenses: The Plan's service provider fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: During 2021, the Board of Directors approved the termination of the Plan effective December 31, 2021. During 2022 Plan management determined that liquidation was imminent and therefore the basis of accounting for the Plan was changed from accrual basis of accounting for an ongoing plan as of and for the year ended December 31, 2021 to the liquidation basis of accounting as of and for the year ended December 31, 2022. These methods of accounting are in accordance with accounting principles generally accepted in the United States of American ("U.S. GAAP"). There was no material impact to the Plan's net assets as a result of the application of the liquidation basis of accounting. Note 10 describes the impact to the Plan's accumulated plan benefits as a result of the application of the liquidation basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties: The Plan invests in various investments. Investments are exposed to various risks such as interest rate, credit, liquidity, and overall market volatility risks. Due to the risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Valuation of Investment: Plan investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

The accompanying Statement of Changes in Net Assets in Liquidation and Statement of Changes in Net Assets Available for Plan Benefits present net appreciation/depreciation in fair value of investments, which includes unrealized gains and losses on investments held at December 31, 2022 and 2021, realized gains and losses on investments sold during the years then ended and management and operating expenses associated with the Plan's investments.

Security transactions are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

Payments of Benefits: Benefit payments to participants are recorded upon distribution.

(Continued)

NOTE 3 – FUNDING POLICY

Contributions to provide benefits under the Plan are made solely by the Company. The Company's funding policy is to make cash contributions to the Plan in amounts as determined by the Plan's independent actuary. The funding policy shall fix a minimum and a maximum contribution for each year. The Company satisfied the minimum funding requirements under ERISA for the years ended December 31, 2022 and 2021.

NOTE 4 – ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to: (1) retired or terminated employees or their beneficiaries; (2) beneficiaries of employees who have died; and (3) present employees or their beneficiaries. The Plan provides normal retirement benefits at the normal retirement age, which is the later of age 65 or completion of five years of service and has provisions for early retirement, death and disability benefits. Benefits payable under all circumstances – retirement, death, disability and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

Principal Financial Group, the Plan's actuary, estimated the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits as of December 31, 2021 is as follows:

Vested benefits:	
Participants currently in payment status	$ 24,812,198
Other participants	15,904,343
Total vested benefits	40,716,541
Nonvested benefits	27,193
Total actuarial present value of accumulated plan benefits	$ 40,743,734

(Continued)

NOTE 4 – ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (Continued)

The changes in the actuarial present value of accumulated plan benefits are as follows:

	2021
Actuarial present value of accumulated plan benefits as of December 31, 2020	$ 37,795,470
Interest accumulation	1,286,520
Benefits paid	(2,093,515)
Assumption changes	2,854,522
Other changes	900,737
	2,948,264
Actuarial present value of accumulated plan benefits as of December 31, 2021	$ 40,743,734

The significant actuarial assumptions used in the December 31, 2021 valuation are:

Investment return	2.75%
Retirement age	Retirements are assumed to occur at various rates from age 55 to age 65
Mortality basis	Pri-2012 table projected generationally from 2012 with the MP-2021 improvement scale.

The change in actuarial assumptions was attributed to a change in the investment return from 3.50% as of December 31, 2020 to 2.75% as of December 31, 2021, a change in the mortality basis from the Pri-2012 table projected generationally from 2012 with the MP-2020 improvement scale to the Pri-2012 table projected generationally from 2012 with MP-2021 improvement scale, and a modification to the lump sum basis. The long-term rate of return assumption was used to determine the interest rate; however, because the Plan's investments use similarly situated duration matching techniques for cash flows, the expected long-term yields on these investments track closely to the liquidation rates of the Plan as of December 31, 2021 and thus provide reasonable estimates for liquidation. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE 5 –CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2022 and 2021, and net depreciation in fair value of investments and interest and dividends for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Life Insurance Company ("Principal").

(Continued)

NOTE 6 – FAIR VALUE MEASUREMENTS

A fair value hierarchy has been established which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Three levels of inputs are described below that may be used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Pooled Separate Accounts: The fair values of participation units held in pooled separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund's net asset value per unit. As these investments have been measured at fair value by management, using net asset per share (or its equivalent) as a practical expedient, these values are not presented in a fair value hierarchy.

The following table sets forth the plan investment assets at fair value by level within the fair value hierarchy as of December 31, 2022:

	Fair Value Measurements at December 31, 2022 Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
* Pooled Separate Accounts	$ -	$ -	$ -	$ 30,311,805
Total	$ -	$ -	$ -	$ 30,311,805

(Continued)

NOTE 6 – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth the plan investment assets at fair value by level within the fair value hierarchy as of December 31, 2021:

	Fair Value Measurements at December 31, 2021 Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
* Pooled Separate Accounts	$ -	$ -	$ -	$ 41,131,502
Total	$ -	$ -	$ -	$ 41,131,502

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for plan benefits.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Plan's investment in the pooled separate accounts is managed by Principal (the certifying entity). Principal is a service provider of the Plan, therefore, these transactions as well as any fees paid for by the Plan directly or indirectly qualify as party-in-interest transactions.

NOTE 8 – FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated August 22, 2023 that the termination of the Plan does not affect its qualification for tax purposes. The Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code (IRC). The Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Pan and related trust continue to be tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal or state taxing authorities. The plan administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

(Continued)

NOTE 9 – PLAN TERMINATION

During 2021, the Board of Directors approved the termination of the Plan effective December 31, 2021. Upon filing the plan termination with the Internal Revenue Service on June 27, 2022, Plan management determined that liquidation was imminent and adopted the liquidation basis of accounting. The plan termination was subsequently filed with the Pension Benefit Guaranty Corporation (PBGC) on June 28, 2022. Plan management's intention is to settle plan assets through the purchase of an annuity contract and through lump sum payments to participants once all necessary government approvals are received. See Note 10 related to Plan settlement.

NOTE 10 – SUBSEQUENT EVENTS

The Company has evaluated subsequent events for recognition and disclosure through October 13, 2023, the date which the financial statements were available to be issued.

In connection with the Plan's termination, the Plan received a favorable determination letter from the IRS dated August 22, 2023, stating that the termination of the Plan does not affect its qualification for tax purposes. The position was conditioned on the plan amendment executed on December 22, 2021, which addressed certain technical language in the existing plan document. Upon receiving the favorable determination letter, Plan management began the selection process to purchase an annuity contract to settle a portion of the Plan's assets. In September 2023, active and terminated vested plan participants were provided with an election kit to select the option of a full lump sum distribution payment. All retirees and any active or terminated vested plan participants that do not elect a lump sum distribution payment will have their obligation settled through the purchase of an annuity contract. The Plan is expected to be fully liquidated by the end of 2023 through lump sum payments to participants and through the purchase of an annuity contract. Through October 13, 2023, no benefit payments have been made yet in connection with the liquidation, and the Plan has not yet purchased an annuity contract.

NOTE 11 – SUBSEQUENT EVENTS (UNAUDITED)

The following actuarial present value of accumulated plan benefits in liquidation as of December 31, 2022 and related change in the actuarial present value of accumulated plan benefits in liquidation for the year ended December 31, 2022 was made available prior to the date the financial statements were available to be issued.
