NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2022

1. Description of the Plan:

General:

Section 403(b) Retirement Plan for Stein Hospice Service, Inc 403(b) Plan (the "Plan") that covered all eligible employees of Stein Hospice Service, Inc. (Stein). The Plan is a defined contribution retirement plan in accordance with Internal Revenue Code (IRC) Section 403(b) covering all employees, except for student employees. YEARS ENDED DECEMBER 31, 2022

1. Description of the Plan (continued):

All participants hired on or after November 1, 2009 are immediately vested in the value of their account attributable to the voluntary employee contributions. Participants vest in discretionary employer matching contributions in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	0%
2	100%

Forfeitures of nonvested accounts may be used to reduce the discretionary matching contributions or pay Plan expenses. Forfeitures in the Plan totaled \$1,367 at December 31, 2022. There were no forfeitures in the Plan at December 31, 2021.

Participant notes:

Participants may borrow against their accounts up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Repayment of a note must be made over a period not to exceed five years, unless the note is used to purchase a principal residence, in which case longer repayment term may be permitted. The notes are secured by the balance in the participant's account. As of December 31, 2022, no allowance for credit losses has been recorded. If a participant does not make repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded. The notes bear interest at 4.25% to 7.50% at December 31, 2022 and 4.25% to 6.50% at December 31, 2021.

Participant notes from the Plan's old investment vehicle are collateralized by the participants investment funds and bear interest at 3.00% to 3.25%. Note terms may range from 1 to 5 years (longer for the purchase of a primary residence). Notes receivable from participants from the Plan's old investment vehicle are made directly with Metropolitan Life Insurance Company (MetLife). The balance of these notes receivable from participants was \$29,076 at December 31, 2022 and \$37,594 at December 31, 2021. All notes receivable from participants are secured by the account balance of each respective individual participant. Principal and interest is paid ratably through payroll deductions.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2022

1. Description of the Plan (continued):

Payment of benefits (continued):

On termination of service, participants may elect to receive a lump sum distribution equal to the vested value of their account balance, a partial lump sum distribution not to exceed the vested value of their account balance, or in installments not to exceed the life of the participant.

Benefits are recorded when paid.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared under the accrual method.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates and assumptions.

Investment valuation and income and loss recognition:

Investments in pooled separate accounts are reported at fair value which is certified by MetLife, trustee of the Plan, at December 31, 2022 and 2021 are readily determinable on an established market.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. These amounts were primarily provided by MetLife.

3. Investments:

The following table represents the value of investments at December 31, 2022 and 2021. All investments of the Plan are participant-directed.

Investments as provided by MetLife:	<u>2022</u>	<u>2021</u>
Pooled separate accounts (at fair value)	\$ 5,234,704	\$ 9,628,136
Guaranteed interest accounts (at contract value)	<u>1,672,638</u>	<u> </u>

4. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Assets measured at net asset value or fair value on a recurring basis at December 31, 2022 and 2021 were as follows:

	2022 <u>Level 2</u>	2021 <u>Level 2</u>
Pooled separate accounts	\$ 5,234,704	\$ 9,628,136

Amounts allocated to the investment account within an MetLife separate account are credited to a participant's account in the form of accumulation units. The value of an accumulation unit of any investment account is determined at the close of each business day and is directly related to the net asset value of the shares of the underlying investment adjusted for any dividends or distributions received by MetLife and the daily equivalent of any fee charged by MetLife pursuant to the contract. The value of each accumulation unit is published each business day. Each investment account is invested by MetLife exclusively in shares of a specific mutual fund or other investment entities as directed by the contract holder and/or the participant.

5. Investment contracts with insurance company:

The Plan participates in a benefit-responsive investment contracts with MetLife. MetLife maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contracts are included in the financial statements at contract value as reported to the plan by MetLife. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate was based on a formula agreed upon with the issuer. Such interest rates were reviewed on a quarterly basis for resetting.

Certain events limited the Plan's ability to transact at contract value with MetLife. Such events included the following (a) amendments to the plan documents (including complete or partial termination or merger with another plan), (b) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under the ERISA. The plan administrator did not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with plan participants, was probable.

Generally, there were no events that limited the ability of the Plan to transact at contract value paid within 90 days or contract value paid over time. Additionally, there were not any events that allowed the issuer to terminate the contract and which required the Plan sponsor to settle at an amount different than contract value paid either within 90 days or over time.

6. Administrative expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of participant notes are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in the net decrease in the value of investments. Certain administrative functions of the Plan are performed by employees of the Company. No such employee, nor the Company, receives compensation from the Plan for these functions.

YEARS ENDED DECEMBER 31, 2022

7. Information certified by trustee:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held, participant notes at December 31, 2022 and 2021 and net decrease in value of investments and interest and dividends for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by MetLife (trustee of the Plan).

8. Income tax status:

The Internal Revenue Service (IRS) has determined that the MetLife's non-standard deferred contribution pre-approved plan under which the Plan is organized, is designed in accordance with applicable sections of the IRC. MetLife's plan received a determination letter from the IRS dated March 31, 2017. The Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is exempt from taxation.

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Party-in-interest transactions:

Certain Plan investments were managed by MetLife. MetLife is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan issues notes to participants, which are secured by the vested balance in the participant's account and certain fees related to the administration of the Plan were paid by the Plan or the Plan Sponsor, which also qualify as party-in-interest.

10. Plan termination:

The Company reserves the right at any time and within its sole discretion to reduce, suspend or discontinue contributions to the Plan or to terminate the Plan. In the event of termination, all affected participants will become 100% vested in their account.

11. Risks and uncertainties:

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

12. Reconciliation of financial statements to Schedule H of Form 5500:

Differences were noted between the accompanying financial statements and the amounts report in the 2022 Form 5500. For Form 5500 purposes, defaulted notes are considered to be a deemed distribution to the participants. For financial statement purposes, the notes are still considered to be assets of the Plan due to them being accrued by the participant's account and also due to the Plan allowing for participants to designate in what investment programs their account balance should be invested.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2022:

Net assets available for benefits per the financial statements	\$ 6,976,430
Less: Deemed distribution of participant notes	<u>(16,035)</u>
Net assets available for benefits per Form 5500	<u>\$ 6,960,395</u>

The following is a reconciliation of total deductions per the financial statements to the Form 5500 for the year ended December 31, 2022:

Deductions per the financial statements	\$ 1,640,269
Plus: Deemed distribution of participant notes	<u>16,035</u>
Deductions per Form 5500	<u>\$ 1,656,574</u>

13. Subsequent events:

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 11, 2023, the date the Plan's financial statements were available to be issued.
