INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
National Convenience Distributors 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of National Convenience Distributors 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits National Convenience Distributors 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of National Convenience Distributors 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about National Convenience Distributors 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of National Convenience Distributors 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about National Convenience Distributors 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 and the Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Contributions

Participants may contribute up to a maximum of 100% of eligible compensation, as defined by the Plan, or the statutory contribution limit in a calendar year as adjusted by the Secretary of the Treasury of the United States of America. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan has an automatic enrollment feature, whereby, eligible employees are automatically enrolled in the Plan unless they elect to decline participation. The Plan currently offers a selection of mutual funds and a guaranteed income fund as investment options for participants. Contributions are subject to certain limitations.

Effective January 1, 2020, the Plan provides for automatic participant contributions, whereby an eligible participant will automatically have 3% of their compensation deferred and contributed to the Plan. Until the participant elects otherwise, these automatic participant contributions are invested in a TIAA-CREF Target Fund, which is determined based upon the year in which the participant reaches age 65.

Rollover contributions from other qualifying plans, as determined by the Plan administrator, may be contributed to the Plan. Participants shall be 100% vested in the value of their rollover account at all times.

The Company, at the discretion of management, may contribute to each eligible participant's account a matching discretionary contribution equal to a percentage of each participant's pre-tax contribution equal to 50% of employee deferrals up to the first 6% of eligible compensation with a cap of \$5,000. The Company, at the discretion of management, may also make a discretionary profit sharing contribution to participants who are actively employed at the end of the Plan year.

For the Plan years ended December 31, 2022 and 2021, discretionary matching contributions were made in the amount of \$889,131 and \$773,816, respectively.

Participant accounts

Each participant's account is credited with the participant's contributions and, for certain periods, the Company's Safe Harbor Contribution of 3% of eligible compensation, as well as allocations of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN: (CONTINUED)

Vesting

Effective January 1, 2020, all nonunion employees are eligible to make elective deferrals on the first day of each plan quarter coincident with or next following their attaining age 18 and the completion of one year of service. All nonunion employees are eligible to begin receiving discretionary matching and profit sharing contributions on the first day of each plan quarter coincident with or next following their attaining age 18 and completion of one year of service, unless otherwise waived by the Plan sponsor in accordance with the Plan document.

The vesting computation is based on the Plan year, however, employees who merged in from the J. Polep Distribution Services 401(k) Plan will be credited with all prior years of service as defined in the J. Polep Distribution Services 401(k) Plan in addition to a year of vesting service if the employee completed 1,000 hours of service during each of the following 12 month periods: October 1, 2019 through September 30, 2020 or January 1, 2020 through December 31, 2020. The loans are secured by the balance in the participant's account. Loans are repaid over a period of not more than 5 years, unless for the purchase of a principal residence, which can be repaid over a longer period, subject to the provisions of the Internal Revenue Code (IRC). The loan interest rate, determined annually, is set at more than 1% above the prime rate, as defined. 1. DESCRIPTION OF PLAN: (CONTINUED)

Benefit payments

Upon termination of service due to death, distributions must be completed by December 31 of the calendar year containing the fifth anniversary of the participant's death unless an election is made by the beneficiary. For termination of service for all other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may make withdrawals prior to termination of employment upon attainment of age 59 ½ and hardship distributions are allowed but must be approved by the plan administrator.

SECURE 2.0 Act of 2022

The SECURE 2.0 Act of 2022 (the "Act") was signed into law on December 29, 2022, to increase retirement savings, improve retirement rules, and lower employer costs of setting up a retirement plan. Plan amendments required by the Act generally need not to be made until the end of the first plan year beginning on or after January 1, 2025, however, plans must operate in accordance with effective date of each new provision.

Major provisions of this Act that may effect the Plan include:

- Increases in the required minimum distribution age from 72 to 73, beginning in 2023.
- Catch up contributions for any participants over age 50 who earn over \$145,000 are now required to be made on a Roth basis, effective January 1, 2026
- Further expansion of eligibility to long-term part-time workers, which will allow participation after two consecutive years of 500 or more hours.
- The limit for mandatory cash outs will be raised from \$5,000 to \$7,000.

Forfeitures

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$140,956 and \$89,532, respectively. These accounts may be used to reduce future employer contributions or to pay Plan expenses. There were no forfeitures used to reduce the 2022 or 2021 employer contributions to the Plan.

Plan termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). All investments are participant directed.

NATIONAL CONVENIENCE DISTRIBUTORS 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Investment valuation and income recognition (continued)

The Plan administrator is responsible for determining the Plan's valuation policies and analyzing information provided by the record keeper that is used to determine the fair value of the Plan's investments. See Note 4 and 5 for further discussion of fair value measurements.

In accordance with the policy of stating investments at fair value, net unrealized appreciation or (depreciation) for the year is reflected in the statements of changes in net assets available for benefits. The net appreciation (depreciation) in the fair value of its investments consists of realized gains or losses and unrealized appreciation (depreciation) on those investments. Purchases and sales are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Earnings on investments, with the exception of notes receivable from participants, are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant balances. The portion of interest included in each loan payment made by a participant is recognized as interest income in the participant's individual account.

Notes receivable from participants

Participant notes receivable are recorded at their unpaid balance plus any accrued interest. Since the participant's remaining vested investment balance is sufficient to cover the outstanding loan amount, there is no allowance for doubtful accounts at December 31, 2022 and 2021. Interest is calculated and included in the repayment terms of the loan when the loan is initiated and is recognized with the amortization of the loan as each payment is remitted. Loans are monitored for repayment under the original loan terms and defaulted when active participants cease payments past the allowed grace period. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. For terminated participants, once a distribution is requested, the outstanding note balance will be netted against the remaining vested investment balance.

Risks and uncertainties

The Plan provides for various investment fund options in any combination of fixed income securities, mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Administrative expenses

Plan expenses relating to management of investments and other administrative costs are paid by the Company. Various fees associated with loan and benefit payments are paid by the participants.

3. INFORMATION CERTIFIED BY TRUSTEES:

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Empower Life & Annuity Insurance Company of New York and Empower Trust Company, LLC ("Empower") for 2022, and Great-West Life & Annuity Insurance Company of New York and Great-West Trust Company, LLC ("Great-West") for 2021, the trustees of the Plan's assets, certified to the Plan administrator the fair value and physical custody of investments and notes receivable from participants and investment transactions to be complete and accurate as of December 31, 2022 and 2021 and investments included in the Statement of Net Assets Available for Benefits and investment (loss) income, and net (depreciation) appreciation of investments included in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2022 and 2021 and the information contained in Notes 4 and 5 concerning investments and information included in the supplemental Schedule of Assets (Held at End of Year).

4. FAIR VALUE MEASUREMENTS:

The Plan follows established guidelines for a fair value hierarchy that prioritizes the inputs used to measure fair value. An asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. This hierarchy prioritizes the inputs into three broad levels as follows:

- Level 1 Quoted prices (unadjusted) in active markets for identical assets or liabilities. Market price is generally obtained from exchange or dealer markets.
- Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Inputs are obtained from various sources including market participants, dealers and brokers.
- Level 3 Unobservable inputs that are supported by little or no market activity as they trade infrequently or not at all and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are valued at the closing price recorded on the active market in which these individual securities are traded.

NATIONAL CONVENIENCE DISTRIBUTORS 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

4. FAIR VALUE MEASUREMENTS: (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Fair Value Measurements at December 31, 2022				
	Total Fair Value	Level 1	Level 2	Level 3
Investments at fair value:				
Mutual funds	\$ 25,310,417	\$ 25,310,417	\$ -	\$ -
Fair Value Measurements at December 31, 2021				
	Total Fair Value	Level 1	Level 2	Level 3
Investments at fair value:				
Mutual Funds	\$ 30,253,494	\$ 30,253,494	\$ -	\$ -

5. INVESTMENT IN GROUP ANNUITY CONTRACT:

The GWI Fixed Account is a fully benefit-responsive group annuity contract with Empower Life & Annuity Life Insurance Company of New York ("Empower Life"). Prior to 2022, the group annuity contract was with Great-West Life & Annuity Insurance Company of New York. Empower Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan and is not permitted to terminate the agreement prior to the scheduled maturity date.

Because the Guaranteed Portfolio Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Guaranteed Portfolio Fund. Contract value, as reported to the Plan by Empower Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. For 2022 and 2021, the rate credited to participants was 1.16% and 1.15%, respectively. Such interest rates are reviewed on an annual basis for resetting.

NATIONAL CONVENIENCE DISTRIBUTORS 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

5. INVESTMENT IN GROUP ANNUITY CONTRACT: (CONTINUED)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

6. TAX STATUS:

The underlying non-standardized prototype plan obtained an opinion letter on June 30, 2020 from the Internal Revenue Service ("IRS") stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code, and therefore, the related trust is tax exempt once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving the opinion letter. However, the Plan administrator and Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Code.

During the year ended December 31, 2020, Plan management discovered an operational failure whereby Discrimination Testing was completed using incorrect compensation and contributions amounts for certain employees included in the testing. Plan management also noted that the employer contribution receivable at December 31, 2020 was also calculated incorrectly due to this operational failure. Plan management is presently in the process of correcting the Discrimination Testing and employer contributions amounts for those employees affected. Plan management believes the final outcome of the correction process will not have a material impact on the Plan's financial statements or the Plan's qualified tax status.

During the year ended December 31, 2021, the Company failed to remit certain participant contributions to the Plan totaling \$27,955 within the time period prescribed by Department of Labor Regulations. Delays in remitting contributions to the Plan were due to procedural errors. The Plan Administrator does not believe that the correction of these matters had an adverse impact on the Plan's tax status; therefore, no provision for income taxes has been included in the Plan's financial statements.

During the year ended December 31, 2022, the Company failed to remit certain participant contributions to the Plan totaling \$122,543 within the time period prescribed by Department of Labor Regulations. Delays in remitting contributions to the Plan were due to procedural errors. The Plan Administrator does not believe that the correction of these matters had an adverse impact on the Plan's tax status; therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

6. TAX STATUS: (CONTINUED)

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

7. RELATED PARTY TRANSACTIONS:

Empower Life & Annuity Insurance Company of New York and Empower Trust Company, LLC (“Empower”) for 2022, and Great-West Life & Annuity Insurance Company of New York and Great-West Trust Company, LLC (“Great-West”) for 2021, are the trustees of the Plan’s investments, therefore, these transactions qualify as party-in-interest transactions. The administrative and investment fees paid by the Plan to Empower and Great-West totaled approximately \$110,000 and \$79,000 for the years ended December 31, 2022 and 2021, respectively. Certain other fees paid by the Plan for investment management services were included in net appreciation in the fair value of the investments, as they are paid through revenue sharing rather than a direct payment.

In addition, third party administrative services and investment management fees paid by the Plan were approximately \$109,000 and \$116,000 for the years ended December 31, 2022 and 2021, respectively.

Certain employees and officers of the Company, who may also be participating in the Plan, perform administrative services at no cost to the Plan.

Wholesale Distributors, Inc. became a participating employer in the National Convenience Distributors 401(k) Retirement Plan and all future Plan employee payroll deferrals are now deposited into the National Convenience Distributors 401(k) Retirement Plan.
