INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Committee of
Phoenix Tube Co., Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Phoenix Tube Co., Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in the notes to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by two institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ROSENBERG RICH BAKER BERMAN, P.A.

To the Retirement Plan Committee of
Phoenix Tube Co., Inc. 401(k) Profit Sharing Plan

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Phoenix Tube Co., Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Phoenix Tube Co., Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

ROSENBERG RICH BAKER BERMAN, P.A.

To the Retirement Plan Committee of
Phoenix Tube Co., Inc. 401(k) Profit Sharing Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Phoenix Tube Co., Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Phoenix Tube Co., Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ROSENBERG RICH BAKER BERMAN, P.A.

To the Retirement Plan Committee of
Phoenix Tube Co., Inc. 401(k) Profit Sharing Plan

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule relates to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Phoenix Tube Co., Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements

Note 1 - Description of Plan:

The following description of the Phoenix Tube Co., Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of Phoenix Tube Co., Inc. (the Company) who have six months of service and are age twenty-one or older.

On July 2022, the Plan was restated to adopt the Principal Financial Group Non-Standardized Pre-Approved Profit Sharing Plan. The Internal Revenue Service determined by a letter dated June 30, 2020 that this Pre-approved Profit Sharing Plan is acceptable under the Internal Revenue Service Code (IRC) for use by employers.

Contributions - Each year, participants may contribute up to the permissible dollar limit by law for that plan year of pretax annual compensation, as defined in the Plan. Participants may elect to designate their contributions as Roth contributions. Participants may also contribute amounts representing distributions from other qualified plans, provided that all legal requirements are satisfied. The Company may make matching contributions equal to a discretionary percentage, to be determined by the Company, of the participants' contributions. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors. Contributions are subject to certain limitations.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions (if any), and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their pre-tax contributions and rollover contributions, plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service. Vesting in employer contributions and related earnings is determined as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2 years	0 %
2 years	20 %
3 years	40 %
4 years	60 %
5 years	80 %
6 years	100 %

Investment Options - Upon enrollment in the Plan, a participant may direct employee contributions, company matching contributions and profit sharing contributions in investment accounts of varying risk maintained by Principal Financial Group. The Plan has no non-participant directed investments.

Notes Receivable from Participants - Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loan repayments must be within five years, other than principal residence loans. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid by deductions from the participant's pay each payroll period.

Notes to Financial Statements**

Note 1 - Description of Plan (continued):

Payment of Benefits - Upon death, disability, retirement or other termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or under installment payments. Advance distributions may be made for certain hardship situations as permitted by the Plan. Distributions during employment may also be made under certain situations as permitted by the Plan.

Forfeitures - A Plan amendment effective January 1, 2020 stated the plan can allocate forfeitures as additional matching contributions or use forfeitures as a reduction of plan expenses. Allocation conditions apply when allocating forfeitures and discretionary contributions in which the participant must be employed on the last day of the plan year and have 1,000 hours in the plan year.

Effective July 15, 2022, the restated plan stated forfeitures may first be used to pay administrative expenses. Remaining forfeitures, if any, may then be used to reduce Employer Contributions.

Forfeiture of terminated employee's nonvested accounts totaled \$3,983 and \$10,874 at December 31, 2022 and 2021, respectively. For year ended December 31, 2022, forfeitures of \$8,800 were used to reduce Employer Contributions.

Note 2 - Summary of Accounting Policies:

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because the contract value is the amount the participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants - Participants' notes receivable are measured at their unpaid principal balance. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as deemed distributions based upon the terms of the plan document. Outstanding notes receivables at December 31, 2022 carry an interest rate ranging from 4.25% to 6.50%.

Payment of Benefits - Benefits are recorded when paid.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold during the year as well as investments held at the end of the year.

Operating Expenses - Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Administrative expenses of the plan are allocated to participant accounts.

Subsequent Events - Subsequent events were evaluated through October 12, 2023, which is the date the financial statements were available to be issued.

Notes to Financial Statements**

Note 3 - Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis at December 31, 2022 and 2021:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: A fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value ("NAV") of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. Withdrawals from the Fund may be subject to certain restrictions and may be subject to a market value adjustment. The Plan administrator believes the occurrence of events that would limit the Plan's ability to transact at contract value with Plan participants for the above fund is not probable.

Note 3 - Fair Value Measurements (continued):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2022

Note 3 - Fair Value Measurements (continued):

The following table sets forth additional disclosures of Plan's investments whose fair value is estimated using contract value or net asset value per share (or its equivalent) as of December 31, 2022 and 2021:

Transfers Between Levels

The availability of observable market data is monitored to access the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2022, there were no transfers in or out of levels 1, 2, or 3.

Note 4 – Stable Return Funds:

Certain investment options offered by the Plan are stable return funds through SEI Trust Company (the “Stable Return Funds”). The contract holdings for the Plan were in Wells Fargo Stable Return Fund N and in Wells Fargo Stable Return Fund TR in 2021. As of April 1, 2022, Wells Fargo resigned as Trustee, and SEI Trust Company assumed trusteeship of the Trust which became Allspring Collective Investment Trust. The Funds changed the respective names to Galliard Stable Return Fund PN and Galliard Stable Return Fund PNTR, respectively.

The Stable Return Funds' investment contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Phoenix Tube Co., Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements

Note 4 – Stable Return Funds (continued):

There are no reserves against contract value for credit risk of a contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. Such interest rates are reviewed on a periodic basis for resetting. At December 31, 2022 and 2021, the average yields were approximately 1.90% and 1.75%, respectively.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

Note 5 - Investment Certification:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2022 and 2021, net appreciation/(depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2022 and 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Trust Company, the custodian/trustee of the plan.

Note 6 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7 - Tax Status:

The Plan is a Volume Submitter Plan sponsored by Principal Financial Group. The Internal Revenue Service has determined by a letter dated June 30, 2020 that the Volume Submitter Plan is acceptable under the Internal Revenue Service Code (IRC) for use by employers. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

There are currently no income tax examinations in progress for any tax periods. The Plan's administrator believes that the Plan is no longer subject to income tax examinations for the years prior to 2019.

Phoenix Tube Co., Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements

Note 8 - Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Party-in-Interest Transactions:

Principal Financial Group, the custodian of the Plan as of December 31, 2022 and for the year then ended, thus party-in-interest, holds the Plan's investments.

Note 10 - Prohibited Transactions:

During 2022, the Plan Sponsor excluded certain compensation as ineligible for employee deferral when this compensation should have been included, as defined by the plan document. Management is in the process of correcting this error.

During 2022, the Plan Sponsor failed to remit certain participant contributions into the Plan in a timely manner. Management is in the process of correcting this error.

Note 11 - Reconciliation of Financial Statements to Form 5500:
