Management, having determined it is permissible in the circumstances, has elected to have the audits of Golden Arch Development LLC Savings and Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

RSM Puerto Rico is a member of the RSM network and trades as RSM. RSM is the trading name used by the members of the RSM network. Each member of the RSM network is an independent accounting and consulting firm which practices in its own right. The RSM network is not itself a separate legal entity in any Jurisdiction.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Golden Arch Development LLC Savings and Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Golden Arch Development LLC Savings and Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Golden Arch Development LLC Savings and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Golden Arch Development LLC Savings and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of and for the year then ended December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

General – The Plan is a defined contribution plan, covering substantially all employees of Golden Arch Development, LLC and Arcos Dorados Puerto Rico, Inc. (collectively “the Plan Sponsor”). The Plan was established on April 1, 1996 and it has been subsequently amended. The Plan qualifies under section 1081.01 of the Puerto Rico Internal Revenue Code of 2011, as amended (the Code) and it is subject to the provisions of the Employee Income Security Act of 1974 (ERISA). Empower Retirement LLC (“Empower”)¹ is the custodian of the Plan.

Eligibility – Each employee is eligible to participate on the first entry date after the completion of 1st of year of continuous service.

Participant accounts – Participant recordkeeping is performed by Empower. Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contributions, the Sponsor’s contributions, and an allocation of investment earnings, and it is charged with withdrawals, an allocation of investment losses and its share of any expenses of the Plan. Transaction fees charged for distributions are allocated directly to that participant’s account. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Contributions – Pre-tax contributions are limited to \$15,000. Participants may contribute to the Savings Feature (after-tax) or the Deferred Feature (before-tax) of their Plan accounts. Participants may also contribute eligible rollovers from other qualified defined benefit or contribution plans and individual retirement accounts. The Plan Sponsor will make annual matching contributions to the Plan up to a maximum of 50% of the first 6% of eligible compensation. Additional profit sharing amounts may be contributed at the option of the Plan Sponsor’s board of directors. Total annual contributions made by the Employer and participants are limited to the lesser of \$61,000, or the total compensation paid by the Employer to a participant during the plan year, as provided by the Code, Section 1081.01(a)(11)(B)(i).

Catch-up contributions – Plan participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions to the Plan up to \$1,500 in excess of the annual \$15,000 of the eligible compensation limitation. However, these catch-up contributions will not be eligible for matching contributions by the Plan Sponsor.

GOLDEN ARCH DEVELOPMENT LLC SAVINGS AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2022 and 2021

Benefit payments – Participant accounts are distributable upon termination of service retirement, death, disability or separation of service, a participant (or participant's beneficiary in the event of death) may elect to receive the participant's vested account balance in a lump-sum distribution, purchase of a single premium life annuity contract as defined in the Plan agreement, or elect an installment form of payment (monthly, quarterly, semi-annual or annual). In addition, participant accounts can be rolled over into an individual retirement account ("IRA") or another qualified plan.

Administrative expenses – Investment management fees and other fees related to investments of the Plan are paid from the earnings of the Plan's investments. Audit fees, legal fees, and other fees related to the administration of the Plan may be paid directly from the Plan. Other administrative expenses and some professional fees are paid by the Plan Sponsor and are not reflected within these financial statements.

Forfeited accounts – As of December 31, 2022 and 2021, forfeited non-vested accounts totaled \$6,542 and \$6,474 respectively. These accounts are used to pay administrative expenses, and any remaining part, to reduce employer matching contributions.

2) Summary of significant accounting policies:

A) Basis of accounting – The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates – The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition – The Plan's investments are stated at fair value, except for the fully benefit responsive investment contract which is reported at contract value. Fair value is the price that would be received on the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

The Plan has a group annuity contract with Great-West Trust Company, LLC (the Custodian) that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Net appreciation in the fair value of investments includes the Plan's realized gains or losses and the unrealized appreciation (depreciation) on those investments. Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recognized when earned.

Payment of benefits – Benefit payments are recorded when paid.

Contributions – Participant contributions are recorded in the Plan year in which the Employer makes the payroll deductions.

NOTES TO FINANCIAL STATEMENTS December 31, 2022 and 2021

3) Information certified by Empower (Custodian):

The following is a summary of the Plan's assets information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodian and furnished to the plan administrator.

The plan administrator has obtained certifications from the custodian that information provided to the plan administrator by the custodian related to Plan's assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information, which appears throughout the financial statements and supplemental schedule related to the following assets:

Description	December 31,	
	2022	2021
Mutual funds at fair value	\$ 6,127,296	\$ 7,349,404
Collective trust funds at fair value	\$ 620,058	\$ 643,051
Guaranteed investment contract, at contract value	\$ 361,836	\$ 487,781

The custodian also certified the completeness and accuracy of \$1,608,774 of net depreciation in fair value of investments and \$213,404 of interest and dividends related to the aforementioned assets for the year ended December 31, 2022.

4) Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The valuation techniques are based upon observable or unobservable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions. These two types of inputs create the following fair value hierarchy:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

GOLDEN ARCH DEVELOPMENT LLC SAVINGS AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2022 and 2021

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value as of December 31, 2022 and 2021:

Description	December 31, 2022			Total
	Level 1	Level 2	Level 3	
Mutual funds	<u>\$ 6,127,296</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,127,296</u>
Common collective trust funds measured at NAV, practical expedient				<u>620,058</u>
				<u><u>\$ 6,747,354</u></u>

Description	December 31, 2021			Total
	Level 1	Level 2	Level 3	
Mutual funds	<u>\$ 7,349,404</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,349,404</u>
Common collective trust funds measured at NAV, practical expedient				<u>643,051</u>
				<u><u>\$ 7,992,455</u></u>

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual Funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end. The NAV is a quoted price in an active market.

Common collective trust funds: Valued using the market approach at a net asset value per share ("NAV" as a practical expedient) determined by the portfolio's sponsor based on the fair value of underlying investments held by the fund on the last business day of the Plan's year. These are not classified in the fair value hierarchy table. The fair values are included in the table to allow reconciliation of the fair value hierarchy to the fair value of investments per the statement of net assets available for benefits.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

GOLDEN ARCH DEVELOPMENT LLC SAVINGS AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2022 and 2021

5) Guaranteed investment contracts with insurance company:

The Plan entered into a fully benefit-responsive guaranteed investment contracts with Empower. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investment and charged for participants withdrawals and administrative expenses. The guaranteed investment contracts issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contracts at December 31, 2022 and 2021 were \$361,836 and \$487,781, respectively. The crediting interest rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The average yield earned by the Plan for the benefit-responsive fund for the years ended December 31, 2022 and 2021, was 1.05% and 1.15%, respectively. Such interest rates are reviewed on a quarterly basis for resetting.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the schedule maturity date.

6) Party-in-Interest Transactions:

The Key Guaranteed Portfolio (Portfolio) is managed by the custodian, who is record keeper of the Plan. Transactions in the Portfolio are considered to be party-in-interest investments and any purchases and sales of these investments are open market transactions at fair market value. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. The Employer is a party-in-interest, as defined by ERISA. There were no prohibited party-in-interest transactions during the year ended December 31, 2022.

7) Tax status:

The Plan is intended to be a tax qualified arrangement that complies with the provisions of the Employee Retirement Income Security Act of 1974, as amended, and with the Code. The latest determination letter received from the Puerto Rico Treasury Department was dated January 23, 2017, covering amendments up to October 1, 2015. The Plan Administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan Administrator evaluated the tax positions taken by the Plan and concluded that as of December 31, 2022 and 2021, the Plan had maintained its tax exempt status and had taken no uncertain tax positions that would require adjustment or disclosures to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements.

GOLDEN ARCH DEVELOPMENT LLC SAVINGS AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2022 and 2021

8) Risks and uncertainties:

The Plan's investments are exposed to several risks, such as interest rate fluctuations, market volatility and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the Plan's account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and short-term liquidity associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements.

9) Plan termination:

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their employer contributions.

10) Subsequent events:

The Plan Administrator is not aware of any subsequent events, which would require recognition and/or disclosure in the financial statements. The Plan Administrator has evaluated subsequent events through October 12, 2023, the date on which the financial statements were available to be issued.
