INDEPENDENT AUDITOR'S REPORT

The Board of Directors
Arc of Southington 403(b) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Arc of Southington 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Arc of Southington 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from the qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Arc of Southington 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Arc of Southington 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Arc of Southington 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Arc of Southington 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4(i) - Schedule of Assets (Held at End of Year) and Schedule H, line 4(a) - Schedule of Delinquent Contributions as of and for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by the qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ARC OF SOUTHLINGTON 403(b) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF PLAN

The following description of Arc of Southington 403(b) Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering the employees of Arc of Southington (the Company) who have completed one year of service and have attained age 21. Entry is available semi-annually on the first day of the first and seventh month of the plan year. Effective July 1, 2022, the Plan was amended to remove the age requirement and reduce the service requirement to six months for eligibility to participate in the Plan and receive employer contributions. The amendment also allows for employees to enter the Plan and be eligible for employer contributions immediately upon completion of six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors is responsible for oversight of the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Directors.

Contributions

Each year, participants may contribute the maximum amount allowed under the Internal Revenue Code (IRC) of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from certain other eligible retirement plans as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make discretionary matching contributions up to 4% of compensation and discretionary nonelective contributions to non-union employees that are employed on the last day of the plan year and have completed 1,000 hours of service. Effective with the July 1, 2022 amendment, the 4% limit on the discretionary matching contribution was removed and the nonelective contribution is a fixed uniform amount of 5% of each participant's compensation. The employer may still also make discretionary nonelective contributions to be allocated as a uniform percentage of compensation to all participants, except union employees. The Company did not make a discretionary matching or nonelective contribution for the year ended December 31, 2022.

Participant and employer contribution receivable

Participant and employer contribution receivable is measured at the amount owed to participants at December 31, 2022 and 2021.

Participant accounts

Each participant's account is credited with their own salary deferral contributions, their rollover contributions from other plans and the Company's contributions as well as investment earnings (losses) within the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service using a graded scale. A participant is 100% vested after six years of credited service. Effective with the July 1, 2022 amendment, participants who are actively employed on or after July 1, 2022 shall be 100% vested immediately in all employer contributions. All other participants shall remain subject to the six year graded vesting schedule.

ARC OF SOUTHTON 403(b) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Participant loans

Participants may receive loans of up to 50% of their vested account balances. Amounts may be borrowed between \$1,000 and \$50,000, utilizing the participant's remaining account balance as security for the loan. The interest rate for any loan is calculated at 1% plus prime rate at the time of the loan. Loans must be repaid through payroll deductions within five years unless the loan is used for the purchase of the participant's primary residence, in which case the loan may be repaid under an alternative time frame as determined by the plan administrator. Participants who do not repay their loans under certain circumstances, as defined in the Plan, will be deemed to have received a distribution for federal income tax purposes under the Plan.

Hardship withdrawals

In the event of financial hardship, as defined under the Plan and under current Internal Revenue Service rules, participants are permitted to receive hardship withdrawals of their own elective deferrals.

Payment of benefits

On separation of service due to death, disability, termination or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In the event of a participant's death or disability before termination of employment and before distribution of benefits has begun, a participant will become 100% vested and the amount of the participant's account balance will be payable in a single lump-sum to the participant's beneficiary(ies).

Participants may withdraw their vested account balances once they reach age 59½. Other distribution methods under the Plan are available to beneficiaries depending on vested account balances.

Forfeited accounts

For the year ended December 31, 2022 the Company elected to use \$202 of forfeitures to pay for a portion of Plan fees. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$4,837 and \$330, respectively.

Investment options

Participants direct the investment of all contributions within their own accounts into various investment options consisting of various mutual funds, a pooled separate account and a guaranteed interest account offered by the Plan through insurance contracts.

Evaluation of subsequent events

Subsequent events have been evaluated through the audit report date, the date the financial statements were available to be issued.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Directors determines the Plan's

ARC OF SOUTHLINGTON 403(b) PLAN

valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 10 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and (losses) on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The plan sponsor pays certain administrative costs of the Plan which include Plan audit fees. The participants of the Plan are charged a processing fee by the third party administrator for the processing of distributions and loans. These fees are deducted from the participants' self-directed accounts and are included in benefits paid to participants in the accompanying statement of changes in net assets available for benefits.

Certain investment advisory fees and administrative and record keeping fees are paid by the Plan.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. In the event a participant terminates employment while any loan is outstanding, the unpaid balance and any interest due thereon shall become due and payable within thirty days of such termination of employment. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS

Information prepared and certified by custodians, continued

The net investment (loss) of the Plan for the year ended December 31, 2022 is as follows:

	<u>2022</u>
Net (depreciation) in fair value of investments	\$(134,211)
Interest and dividend income	<u>1,132</u>
Total investment activity	<u>(133,079)</u>
Interest income on notes receivable from participants	<u>495</u>
	<u>\$(132,584)</u>

NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds a portfolio of investment contracts that comprises a traditional investment contract. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

	<u>2022</u>	<u>2021</u>
Traditional investment contract	<u>\$50,257</u>	<u>\$35,347</u>

For traditional investment contracts, the Plan owns only the contract itself. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.5%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations.

The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The following events might limit the ability of the Plan to transact at contract value with the contract issuer:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

ARC OF SOUTHTON 403(b) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Fully benefit-responsive investment contracts, continued

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, the following events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Ameritas Life Insurance Corp. and Brighthouse Financial are the investment custodians of the Plan as of December 31, 2022 and 2021. As providers of services to the Plan, the custodians are considered parties-in-interest as defined under ERISA. Ameritas Life Insurance Corp. and Brighthouse Financial receive fees for their services from the employer.

PASI, LLC provides third party administrative services to the Plan for participant record keeping including census, compliance testing and annual report preparation. PASI, LLC receives fees for their services from the employer for their contractual services. These transactions qualify as party-in-interest transactions.

Notes receivable from participants totaled \$9,767 and \$10,943 at December 31, 2022 and 2021, respectively and interest income on notes receivable from participants totaled \$495 for the year ended December 31, 2022.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their total account balances.

NOTE 7 – TAX STATUS

Management believes the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC).

As discussed in Note 8, the Plan, as of July 1, 2022, has been restated under the Defined Contribution Pre-Approved Plan of the Plan's third party administrator, PASI, LLC. Their latest determination letter for its preapproved plan is dated March 31, 2017, which the Company is relying on with respect to qualification of its Plan. Although the Plan has been amended since the effective date of the determination letter, the plan administrator believes the Plan is qualified and the related trust is tax-exempt based on the advice of PASI, LLC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

December 31, 2022 and 2021

NOTE 8 – PLAN AMENDMENTS

Effective July 1, 2022, the Plan was restated to conform to the Defined Contribution Pre-Approved Plan of the Plan's third party administrator, PASI, LLC. All terms of the Plan remained the same except for the following changes:

- The Plan began making employer fixed nonelective contributions equal to 5% of the compensation of all participants eligible to share in allocations.
- Eligibility requirement for all employer contributions was amended, participants are eligible after six months of service.

NOTE 9 – RISKS AND UNCERTAINTIES

Investments and market conditions

The Plan participants invest in various investment options offered by the Plan. Investment options offered in the Plan are subject to various risks, such as interest rate, market value and credit risks. Market risks include global events which could impact the value of investment securities, such as pandemics, international conflicts or financial institution collapses. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements

December 31, 2022 and 2021

Fair value measurements, continued

Pooled separate accounts: Valued at their accumulation unit value (AUV). The separate account is valued daily as the number of accumulation units held multiplied by the AUV. The AUV is first established when a new fund starts and is then determined daily based on the net asset value of shares of the underlying fund, the fund's dividends and the contract's separate account charges.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

Assets at fair value as of December 31, 2022
