Independent Auditor's Report

The Plan Administrator
RailWorks Corporation Incentive Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of RailWorks Corporation Incentive Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined that it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H (Form 5500), Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not required parts of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements, and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and to other

additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

RailWorks Corporation Incentive Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the RailWorks Corporation Incentive Plan (the Plan) is provided only for general information purposes. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of RailWorks Corporation (the Company) who have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Participants may enter the Plan immediately upon meeting the eligibility requirements discussed above.

Fidelity Management Trust Company (Fidelity) is the trustee of the Plan and holds the Plan's investment assets and executes investment transactions.

Participant Contributions

Participants may contribute up to 75% of their pretax annual compensation to the Plan up to the maximum allowable under Internal Revenue Code (IRC) Section 402(g). Effective December 31, 2009, all eligible employees, unless affirmatively electing otherwise, are automatically enrolled in the Plan for the higher of the participant's selection or 3% of their compensation. In addition, each participant, having automatic enrollment contributions made on his or her behalf, shall have the deferral increased annually by 1%, limited to 10% of compensation. Participants may opt out the automatic contribution and elect to make lower or higher deferral contribution up to the maximum allowable amount.

Employer Contributions

The Plan includes a qualified automatic contribution arrangement. As part of this arrangement, all participants receive a match equal to 100% of their first 1% of deferrals and 50% of their next 5% of deferrals (that is, deferrals that are above 1% but do not exceed 6%). For the Plan years ended December 31, 2022 and 2021, the Company made a matching contribution in the amount of \$2,867,667 and \$2,568,149, respectively.

The Plan also includes a non-elective discretionary employer contribution. This contribution is allocated to participant accounts based on the ratio of each eligible participant's compensation to total eligible compensation for the period. The Company did not make a non-elective discretionary contribution for the years ended December 31, 2022 and 2021.

Participant Accounts

Each participant's account is credited with the participant's own contributions, an allocation of any Company contributions, and an allocation of the Plan's earnings. Allocation of Company contributions is based on compensation and the amount of each participant's contributions. The Plan's earnings are allocated based on the participant's earnings, balances of participant accounts, and specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

RailWorks Corporation Incentive Plan

Notes to Financial Statements

Investment Options

Upon enrolling in the Plan, a participant may direct the investment of his or her account into any of the investment options offered by the Plan. Participants may change their investment options daily.

Contributions Receivable

Contributions that are pending transfer to Fidelity as of December 31, 2022 and 2021 are recorded as contributions receivable by the Plan in the statements of net assets available for benefits.

Notes Receivable from Participants

The Plan allows participants to borrow from their individual accounts in the Plan. These loans are limited to the lesser of \$50,000 or 50% of the participant's vested account balance with a minimum loan of \$1,000. Loans are repaid through payroll deductions over periods of up to five years. Loans for the purchase of a principal residence may be repaid over ten years. The interest rate is determined by the Plan administrator based on prevailing market conditions and is fixed over the life of the loan.

During 2022 and 2021, distributions totaling \$4,718 and \$9,453, respectively, were used to satisfy Plan loan defaults, which have been included in benefits paid to participants and beneficiaries in the accompanying statements of changes in net assets available for benefits.

Vesting

Participants are immediately vested in their rollover contributions and employee pre-tax contributions, plus actual earnings thereon. Vesting in the remainder of their accounts plus actual earnings thereon is based on years of continuous service. The match contribution is vested 20% after one year of service, and upon completion of two years of service, it is 100% vested. The non-elective discretionary employer contribution is 100% vested after five years of credited service, starting at 20% after one year, with an additional 20% for each year of service thereafter.

Forfeited Accounts

Forfeitures are used to reduce future employer contributions or pay administrative expenses. During the years ended December 31, 2022 and 2021, forfeiture amounts used to reduce the employer matching contributions or pay administrative expenses were \$76,294 and \$105,338, respectively. At December 31, 2022 and 2021, there were unallocated forfeitures of \$121,814 and \$40,053, respectively.

Payment of Benefits

Upon retirement, death, disability, or termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. Provided the balance is greater than \$5,000, participants may elect payment in the form of a lump-sum distribution, installment distribution, or a combination of the lump-sum and installment distributions. If the value is greater than \$1,000 but less than \$5,000, an automatic Individual Retirement Account (IRA) rollover of the vested account balance will be made; if the value is less than \$1,000, a lump-sum distribution will be made to the participant, unless otherwise directed.

RailWorks Corporation Incentive Plan

Notes to Financial Statements

Reclassifications

Prior-year deemed loan balance has been reclassified to be combined with benefits paid to participants and beneficiaries to be consistent with the current-year statements of changes in net assets available for benefits presentation. The reclassifications had no impact on net assets.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, as further discussed in Note 5. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded at December 31, 2022 or 2021.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan are paid by either the Plan or the Company, as provided in the Plan document. Expenses that are paid by the Company are excluded from these financial statements. Transaction fees, such as distribution, withdrawal, and investment buying or selling fees, are paid by the Plan and charged directly to the participants. Investment fees are presented net of investment gains and losses on the statements of changes in net assets available for benefits.

RailWorks Corporation Incentive Plan

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and the disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participants will become 100% vested in their accounts.

4. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Total investment (loss) income and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

RailWorks Corporation Incentive Plan

Notes to Financial Statements

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

The Plan had no financial assets that were measured at fair value on a nonrecurring basis or Plan liabilities recorded at fair value at December 31, 2022 or 2021.

Mutual Funds - These assets are valued at the unadjusted quoted market price, which represents the net asset value (NAV) of shares held by the Plan at year-end.

Common/Collective Trust - Unit value is calculated based on the net assets of the underlying securities of the common/collective trust. The NAV, as provided by Fidelity, is used as a practical expedient to estimate fair value. The underlying securities in the common/collective trust include various debt securities and securities that are listed on national securities exchanges and valued on the basis of year-end closing prices. The investments in the common/collective trust are redeemable at NAV on a daily basis. Qualifying participant-directed withdrawals are permitted such as (i) death, disability, retirement, termination from employment, divorce, hardship or other permitted or mandatory in-service withdrawal, or for the issuance of a participant loan if such benefits are to be paid from the Plan's assets funding the benefit, or (ii) for the purpose of transferring assets to a non-Competing Investment Option made available within the Plan. There are no unfunded commitments.

The remainder of this page intentionally left blank.

RailWorks Corporation Incentive Plan

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets that are accounted for at fair value on a recurring basis:

December 31, 2022

	Total	Level 1	Level 2	Level 3
Assets				
Mutual funds	\$ 74,947,484	\$ 74,947,484	\$ -	\$ -
Common/collective trust, measured at NAV*	4,948,376			
Total	\$ 79,895,860			

December 31, 2021

	Total	Level 1	Level 2	Level 3
Assets				
Mutual funds	\$ 87,313,773	\$ 87,313,773	\$ -	\$ -
Common/collective trust, measured at NAV*	4,040,109			
Total	\$ 91,353,882			

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

6. Related Party Transactions and Party-in-Interest Transactions

The Plan's investments include shares of mutual funds offered by Fidelity. Loans issued to participants are also party-in-interest transactions.

7. Tax Status

The Plan sponsor adopted the Volume Submitter Profit Sharing Plan with Cash or Deferred Arrangement (CODA). Accordingly, the Plan is permitted to rely on the Fidelity opinion letter. The Internal Revenue Service (IRS) has determined and informed Fidelity, by a letter dated March 31, 2014, that the Plan is designed in accordance with the applicable sections of the IRC. Plans that adopt prototype documents are no longer required to file for an individual determination letter. Although the Plan has been amended from the original prototype document, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

RailWorks Corporation Incentive Plan

Notes to Financial Statements

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Late Remittances

During the Plan year ended December 31, 2022, employee withholdings in the amount of \$89,487 were not remitted within the appropriate time period by the Company. These transactions constitute prohibited transactions, as defined by ERISA. During the year ended December 31, 2021, employee withholdings in the amount of \$452,910 were not remitted within the appropriate time period by the Company. The Plan is taking the appropriate steps to correct the situation and is implementing procedures to monitor that all future remittances are done within the prescribed time period. The Plan has made the self-correction in April 2023 with a contribution of lost earnings.

10. Subsequent Events

On August 28, 2023, the Plan Sponsor approved the amendment to (a) increase the current Qualified Automatic Contribution Arrangement formula to a 100% match for the first 2% of employee's contributions and a 50% match for the next 4% of employee contributions, with a two-year cliff vesting (from the employee's hire date); and (b) add a discretionary match at 50% of 2% of employee's contributions with a four-year annual vesting schedule of 25% per year with full vesting at four years (from the employee's hire date). The changes will take effect on January 1, 2024.

Subsequent events have been evaluated through October 13, 2023, the date the financial statements were available to be issued. There were no other subsequent events requiring adjustments or additional disclosure to the financial statements.
