INDEPENDENT AUDITOR'S REPORT

To the Retirement Committee and Participants
Armstrong World Industries, Inc. Savings and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Armstrong World Industries, Inc. Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Armstrong World Industries, Inc. Savings and Investment Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Armstrong World Industries, Inc. Savings and Investment Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Armstrong World Industries, Inc. Savings and Investment Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Armstrong World Industries, Inc. Savings and Investment Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

To the Retirement Committee and Participants
Armstrong World Industries, Inc. Savings and Investment Plan
(Continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Savings and Investment Plan of Armstrong World Industries, Inc.

As of December 31, 2022 and 2021
and for the Plan Year Ended December 31, 2022

INDEPENDENT AUDITOR'S REPORT

To the Retirement Committee and Participants
Armstrong World Industries, Inc. Savings and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Armstrong World Industries, Inc. Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Armstrong World Industries, Inc. Savings and Investment Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Armstrong World Industries, Inc. Savings and Investment Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Armstrong World Industries, Inc. Savings and Investment Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Armstrong World Industries, Inc. Savings and Investment Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

To the Retirement Committee and Participants
Armstrong World Industries, Inc. Savings and Investment Plan
(Continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SAVINGS AND INVESTMENT PLAN OF
ARMSTRONG WORLD INDUSTRIES, INC.
Notes to Financial Statements
December 31, 2022 and 2021

NOTE 1: PLAN DESCRIPTION

The following description of the Savings and Investment Plan of Armstrong World Industries, Inc. ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is a defined contribution plan sponsored by Armstrong World Industries, Inc. ("AWI") and administered by the Retirement Committee of Armstrong World Industries, Inc. (the "Plan Administrator"). The Plan was established for the purpose of providing participants a means for long-term savings intended for the accumulation of retirement income. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On August 24, 2020, Moz Design, Inc. became a wholly-owned subsidiary of AWI. Effective with the close of business on November 29, 2022, AWI merged the Moz Design, Inc. Salary Deferral Plan ("Moz Plan") with net assets of \$3,429,766 into the Plan. For further information on the plan merger, see Note 12.

On December 16, 2020, Arktura LLC became a wholly-owned subsidiary of AWI. Effective with the close of business on December 1, 2022, AWI merged the Arktura LLC 401(k) Plan ("Arktura Plan") with net assets of \$1,413,023 into the Plan. For further information on the plan merger, see Note 12.

Separate balances are maintained for contributions made by or on behalf of a participant. The balances in each fund reflect the participants' contributions together with employer contributions, dividends, interest, other income, and realized and unrealized gains and losses allocated thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Each participant may have up to eight accounts that make up the participant's total balance:

Sheltered account – Participants can contribute from 1% to 40% of pretax compensation (as defined in the Plan document) as deferred compensation. The Plan also includes an automatic escalation feature. Unless a participant elects out, the percentage of compensation being contributed to the Plan as pretax sheltered contributions will be automatically increased by 1% or 2% annually until participants reach 10% or 12% as defined in the Plan document.

Standard account – Participants may contribute from 1% to 10% of after-tax compensation (as defined in the Plan document).

Rollover account – Participants may invest any untaxed amounts rolled over from another tax-qualified, employer-sponsored plan, qualified annuity contracts, tax-deferred annuity plans, governmental deferred compensation plans, and individual retirement arrangements.

Age 50 catch-up account – Participants who are age 50 or older may make "catch-up" contributions, subject to the annual limits on catch-up contributions specified in the Internal Revenue Code.

Roth account – Participants can contribute from 1% to 40% of after-tax compensation in combination with the Sheltered account contributions. Contributions are made after federal and state taxes are calculated. Earnings grow and are tax free with a qualified distribution, which requires the money to remain in the Plan for at least five years.

Retirement savings match account – This account holds any cash match amount contributed by AWI. The cash match is dependent upon employee classification, but is generally either (a) 50% on the first 6% of pay to the Sheltered and/or Roth account with a maximum company matching contribution of 3% or (b) 100% on the first 4% of pay contributed to the Sheltered and/or Roth account plus 50% on the next 4% of pay contributed to the Sheltered and/or Roth accounts with a maximum company matching contribution of 6%.

SAVINGS AND INVESTMENT PLAN OF
ARMSTRONG WORLD INDUSTRIES, INC.
Notes to Financial Statements
December 31, 2022 and 2021

AWP profit sharing account – This account holds discretionary profit sharing money contributed by AWI for certain employees.

Tax-deductible account (MIRA) – This account holds any contributions made to the Plan before January 1, 1987. No new contributions can be made to this account.

Participants have an immediate 100% vested interest with respect to their contributions. Generally, participants are fully vested in any AWI contributions after three years of service.

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of 50% of their vested account balance or \$50,000, reduced by the participant's highest outstanding loan balance over the previous twelve-month period. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions over twelve to sixty months.

Upon retirement a participant may request a total or partial withdrawal of their vested plan balance. If a participant's employment ends before retirement, the participant may make a total withdrawal any time before reaching age 72. Effective July 19, 2021, if a participant's employment ends before retirement, the participant may elect to receive automatic withdrawals on a periodic basis. The frequency, amount, and total number of automatic withdrawals are elected by the participant. Upon reaching age 72, if a participant is no longer employed, the participant must begin receiving annual distributions (determined in accordance with IRS regulations) from the Plan or request a full withdrawal. If a participant dies, any remaining vested balance will be paid to the participant's beneficiary.

Amounts forfeited by participants may be used to pay administrative expenses or to reduce future Armstrong contributions under the Plan. The Plan used \$11,948 to pay administrative expenses and \$276,038 to reduce AWI matching contributions during the year ended December 31, 2022. As of December 31, 2022 and December 31, 2021 the Plan had \$1,760 and \$1,059 respectively, of forfeitures available for future use.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis.

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from estimates recorded.

We have evaluated subsequent events through October 10, 2023, the date the financial statements were available to be issued.

(b) Investments

Common/Collective Trust Funds are measured at fair value using the net asset value ("NAV") practical expedient. The fair value of all other investments is based on quoted market price.

Securities transactions are recognized on the settlement date (the date on which payment for a buy or sell order is made or received), since adjustment to a trade-date basis would not be material. Dividend income is recorded on the ex-dividend date.

SAVINGS AND INVESTMENT PLAN OF
ARMSTRONG WORLD INDUSTRIES, INC.
Notes to Financial Statements
December 31, 2022 and 2021

(c) Contributions Receivable

The value of contributions receivable represents amounts collected from participants, the related employer match, and forfeiture activity from December of 2022, but not remitted and processed until January of 2023. The contributions receivable includes employee contributions of \$536,701 and employer contributions, net of forfeitures, of \$41,657 which are included in Employee contributions and Employer contributions, respectively, on the Statement of Changes in Net Assets Available for Benefits.

(c) Notes Receivable from Participants

The value of notes receivable from participants represents the unpaid principal balance plus any accrued but unpaid interest. Deemed distributions occur when active participants default on their loans. The loans are in default due to failure to make the required repayments or if the loans mature and have not been repaid in full.

(d) Expenses

Most legal, accounting and administrative expenses associated with Plan operations are paid by AWI.

(e) Payment of Benefits

Benefits are recorded when paid.

NOTE 3: CERTIFIED INVESTMENTS CERTIFIED BY THE TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021 and net depreciation in fair value of investments, dividends and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by the Plan Administrator and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

NOTE 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification Topic 820, "Fair Value Measurements," defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

The standard describes three levels of inputs that may be used to measure fair value:

Level 1 — Quoted prices in active markets for identical assets or liabilities.

Level 2 — Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 — Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

SAVINGS AND INVESTMENT PLAN OF
ARMSTRONG WORLD INDUSTRIES, INC.
Notes to Financial Statements
December 31, 2022 and 2021

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Registered Investment Companies: Consists of investments in mutual funds which are stated at fair value as determined by quoted market prices. The mutual funds are deemed to be actively traded.

Self-directed Brokerage Accounts: Consists of investments which are participant-directed. This self-directed option gives participants access to many other Fidelity and non-Fidelity mutual funds that are not included in the 401(k) plan fund line-up. Investments in mutual funds which are stated at fair value as determined by quoted market prices. The mutual funds held are deemed to be actively traded.

Common/Collective Trust Funds: Consists of investments in high-quality fixed income investment contracts issued by insurance companies and other financial institutions tailored to institutional investors. There are no readily available market quotations for common collective trust funds. Therefore, these investments are measured at fair value using the NAV practical expedient based on the underlying securities in the fund's portfolio, which is typically the amount which the fund might reasonably expect to receive for the security upon a current sale.

This investment is redeemable at NAV under agreements with the underlying fund. However, it is possible that these redemption rights may be restricted or eliminated by the fund in the future in accordance with the underlying fund agreement. Due to the nature of the investments held by the fund, changes in market conditions and the economic environment may significantly impact the net asset value of the fund and, consequently, the fair value of the Plan's interest in the fund. Furthermore, changes to the liquidity provisions of the fund may significantly impact the fair value of the trust's interest in the fund.

The methods described above could produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following sets forth by level within the fair value hierarchy the Plan's investments at fair value as of December 31, 2022 and 2021:

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total

NOTE 5: NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants represent the unpaid principal balances of loans plus any accrued but unpaid interest to Plan participants in accordance with established loan provisions of the Plan. At December 31, 2022, the interest rates ranged between 3.25% and 7.25%. At December 31, 2021, the interest rates ranged between 3.25% and 6.00%.

NOTE 6: BENEFITS

Under terms of the Plan, a participant (or a beneficiary) is eligible for benefits upon retirement, termination of employment, or death before retirement. Disbursement of the total amount credited to a participant's account is payable (i) in a lump sum or (ii) in the case of retirement, partial disbursements are allowed. Effective July 19, 2021, if a participant's employment ends before retirement, the participant may elect to receive automatic withdrawals on a periodic basis. The frequency, amount, and total number of automatic withdrawals are elected by the participant.

In addition, an active employee may elect to withdraw all or any part of their account attributable to after-tax contributions. Before reaching age 59 1/2, an active employee may withdraw any pre-tax contributions from the Sheltered account, provided the participant can demonstrate financial hardship. An active employee may elect to withdraw all or any portion of their account balance in the Tax-deductible (MIRA) and Rollover accounts. A participant may elect at any time to withdraw all or a part of their pre-tax rollover contributions and, after exhausting such amount, the participant's rollover contributions from a designated Roth account.

Under the rules of the Plan, the participant may borrow up to the lesser of 50% of their vested account balance or \$50,000. The money borrowed must come from the Sheltered, Age 50 catch-up, Rollover, Standard, AWP profit sharing or Retirement savings match accounts. The amount of the loan is transferred to a Loan Reserve pledged as security for the loan and is evidenced by a promissory note payable to the Plan. Interest rates are determined periodically by the Retirement Committee in accordance with prevailing interest rates. The loans are reflected in the Loan Portfolio investment fund.

SAVINGS AND INVESTMENT PLAN OF
ARMSTRONG WORLD INDUSTRIES, INC.
Notes to Financial Statements
December 31, 2022 and 2021

Loan repayments are made by payroll deductions or in a manner agreed to by the employee and the Plan Administrator. AWI officers are restricted from receiving loans through the Plan.

NOTE 7: OBLIGATION FOR BENEFITS

All the funds of the Plan are held by investing institutions appointed by the Plan Administrator under a trust agreement or investment contract. Benefits under the Plan are payable only out of these funds. AWI has no legal obligation to make any direct payment of benefits accrued under the Plan. Neither AWI nor any investing institution guarantees the funds of the Plan against any loss or depreciation or guarantees the payment of any benefit hereunder. Although AWI has not expressed any intent to terminate the Plan, it may do so at any time. In case of termination or partial termination, the total amount in each employee's account will be distributed as the Plan Administrator directs under ERISA.

NOTE 8: ELIGIBILITY

All salaried employees of AWI or any participating affiliated company which adopts this Plan are eligible to participate in the Plan except for foreign nationals and leased employees. In addition, certain hourly employees are eligible to participate, including those employees in a collective bargaining unit where the collective bargaining agent for that unit agrees to coverage under the Plan. Eligible participants who leave AWI and are later reemployed can resume participation in the Plan on the date of rehire.

NOTE 9: FEDERAL INCOME TAXES

The Internal Revenue Service issued its latest determination letter on June 13, 2017 for amendments executed through January 26, 2016, which stated that the Plan and its underlying trust qualify under the applicable provisions of the Internal Revenue Code and therefore are exempt from federal income taxes. The Plan has been amended since receiving the determination letter. In the opinion of the Plan Administrator and the Plan's qualified tax adviser, the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt.

NOTE 10: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, including interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In addition, certain global events, including the COVID-19 pandemic, the Russia-Ukraine conflict, and inflation has negatively impacted the world economy. The impact of these events on investment fund and common stock share prices, and the overall economy, continues to evolve and its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain.

NOTE 11: RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Total assets invested in Fidelity-managed funds were \$354,032,685 and \$426,431,537 as of December 31, 2022 and 2021, respectively. Total notes receivable from participants were \$5,532,082 and \$5,121,056 as of December 31, 2022 and 2021, respectively. In addition, the Plan paid fees to parties-in-interest totaling \$163,667 for investment management, record keeping, audit fees and legal fees during the year ended December 31, 2022.

NOTE 12: PLAN MERGERS

On September 8, 2022, the Plan Administrator approved the merger of the Moz and Arktura Plans into the Plan, effective the close of business on November 29, 2022 and December 1, 2022, respectively. There were no adverse impacts on Plan participants as a result of the plan mergers. The statement of changes in net assets available for plan benefits reflects the mergers of the net assets of the Plans in the amounts of \$3,429,766 and \$1,413,023, respectively, under the captions "Merger of Moz Designs, Inc. Salary Deferral Plan" and "Merger of Arktura LLC 401(k) Plan."
