INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
ROC Service Company, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of ROC Service Company, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL'S) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Reliance Trust Company as of December 31, 2022 and for the period from May 28, 2021 to December 31, 2021, and from Voya Retirement Insurance and Annuity Company for the period from January 1, 2021 to May 27, 2021 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those derived from or agreed to the certified investment information, are presented fairly, in all material respects,

in accordance with accounting principles generally accepted in the United States of America (US GAAP).

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of

internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included

in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ROC Service Company, LLC 401(k) Plan
Notes to Financial Statements
For the Years Ended December 31, 2022 and 2021

Note 1. Description of Plan

The following description of the ROC Service Company, LLC 401(k) Plan (the “Plan”) provides only general information. ROC Service Company, LLC (the “Company”) is the plan sponsor. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan’s provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution retirement plan established under the provisions of Section 401(a) of the Internal Revenue Code (the “IRC”), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC. The Plan is intended to provide benefits to all eligible employees of the Company. Effective July 1, 2022, employees of the Company become eligible to participate in the Plan at age 18 and after the completion of six months of service. Employees may enter the Plan on the first day of the month coinciding with or next following date requirements are met. Prior to July 1, 2022, the service requirement was 12 months of service.

Prior to May 28, 2021, Voya Institutional Trust Company (“VITC”) was the trustee of the Plan and Voya Retirement Insurance and Annuity Company (“VRIAC”) was the custodian. Effective May 28, 2021, Reliance Trust Company (“Reliance”) became custodian of the Plan with Standard Insurance Company (“The Standard”) becoming recordkeeper of the Plan. The Plan also uses the services of Loren D. Stark (the “TPA”) to perform annual compliance testing, prepare the Plan’s Form 5500, and assist the Plan administrator in day-to-day activities of the Plan. The Plan administrator is an employee appointed by the Company. Two officers of the Company serve as trustees of the Plan. The trustees have the authority to execute contracts, deeds, or other instruments, and to exercise the powers and duties set forth in the Trust Agreement. For investment advisory services, the Plan consults with First National Trust Company.

SECURE Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included the SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan’s 2022 financial statements.

Contributions

Each year, participants may contribute a portion of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Notes to Financial Statements
For the Years Ended December 31, 2022 and 2021

Note 1. Description of Plan (Continued)

Contributions (continued)

Effective July 1, 2022, the Company's matching contribution is 100% of the participant's elective deferrals up to the first 3% of the participant's compensation, plus 50% of the participant's elective deferrals up to the next 2% of the participant's compensation. Prior to July 1, 2022, the Company's matching contribution was 100% of the participant's elective deferrals up to the first 3% of the participant's compensation. In addition, the Company may make a discretionary non-elective contribution to the Plan which is divided among Plan participants in proportion to their compensation. During 2022 and 2021, there were no discretionary non-elective contributions made. The matching Company contribution is invested as directed by the participant. Contributions are subject to Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferred salary contributions, rollover contributions from other plans and actual earnings thereon. Vesting in the Company's matching contributions of their accounts is based on years of continuous service with the Company. Participants become 25% vested in employer contributions after one year, and an additional 25% each year thereafter until 100% vested upon four years of credited service.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant (or their beneficiary in the event of death) will, upon request, receive a lump-sum amount equal to the value of the vested interest in his or her account. Participants may also receive a distribution while in service upon demonstration of financial hardship or reaching age 59 ½.

Forfeited Accounts

The Plan provides that non-vested portions of the Company contributions be forfeited by terminated participants and used to reduce future Company contributions. Forfeited amounts available to be offset against future Company contributions are approximately \$10,000 and \$30,000 at December 31, 2022 and 2021, respectively. For the year ended December 31, 2022, approximately \$27,000 of forfeited accounts were used to reduce Company contributions.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefit distributions are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 3. Fair Value Measurement

Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 – Valuations based on unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

ROC Service Company, LLC 401(k) Plan
Notes to Financial Statements
For the Years Ended December 31, 2022 and 2021

Note 3. Fair Value Measurement (Continued)

Level 2 – Valuations based on quoted prices in markets that are not active, or financial instruments for which all significant inputs are observable; either directly or indirectly; and

Level 3 – Valuations based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable; thus, reflecting assumptions about the market participants.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable input.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and classified within Level 1 of the fair value hierarchy.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 3,870,088	\$ -	\$ -	\$ 3,870,088

Note 4. Information Certified by the Plan's Custodian (Unaudited)

For the years ended December 31, 2022 and 2021, the Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the auditor to not perform any auditing procedures with respect to the information certified by the Custodian of the Plan in 2022 and 2021, except for comparing such information with the related information included in the accompanying financial statements and supplemental.

The following information was obtained from data that has been prepared and certified to as complete and accurate by the Custodian of the Plan, as of December 31, 2022 and 2021 and for the year ended December 31, 2022:

	2022	5/28/2021- 12/31/2021
Mutual funds	\$ 3,870,088	\$ 3,962,417
Net (depreciation) in fair value of investments	\$ (616,617)	

Note 5. Related Party and Party in Interest Transactions

Transactions between the Plan, trustees, custodians, recordkeeper, and investment advisors qualify as party-in-interest transactions.

The Company is the Plan Sponsor and may pay certain expenses related to the Plan's operations.

Certain administrative functions are performed by the Plan administrator.

All of these party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

Notes to Financial Statements
For the Years Ended December 31, 2022 and 2021

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the Company's contribution portion of their account.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8. Tax Status

Effective January 1, 2021, the Plan was amended and restated with the adoption of the Loren D Stark Company Pre-Approved Defined Contribution Plan. The "Cycle 3" restatement is an amendment and restatement to bring the Plan into compliance with the legislative and regulatory changes set forth in IRS Notice 2017-37 (i.e., the six-year pre-approved plan restatement cycle). Loren D Stark Company received a favorable opinion letter dated November 30, 2020 from the IRS stating that the form of the plan is acceptable under the Internal Revenue Code Section 401. No Plan provisions were modified as a result of the Cycle 3 restatement.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Excess Contributions Payable

For the year ended December 31, 2022, amount payable to participants for contributions in excess of amounts allowed by the IRS totaled \$55,980 and was recorded as a liability with a corresponding reduction to contributions. The Plan distributed these excess contributions to the applicable participants before March 15, 2023; therefore, Form 5330 was not filed.
