INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Teijin Employee's Savings Plan
Sausalito, California

Scope and Nature of ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Teijin Employees' Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2022 and the related notes to the financial statements.

Management having determined it is permissible in the circumstances, has elected to have the audits of Teijin Employees' Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examinations by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements Section –

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with modified cash basis.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities for those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Teijin Employees' Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with modified cash basis; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Teijin Employees' Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Teijin Employees' Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Teijin Employees' Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of modified cash basis.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with modified cash basis.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures,

including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For the information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TEIJIN EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan:

The following description of Teijin Employees' Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions, copies of which may be obtained from the Plan sponsor.

a. General

The Plan is a defined contribution plan covering all eligible employees of Renegade Corp, Teijin Aramid USA, Inc., Teijin America, Inc., Teijin Holdings USA, Inc., Teijin Kasei America, Inc., Teijin Carbon America, Inc., Teijin Carbon Fibers, Inc. and Teijin Frontier (U.S.A.) Inc. (the Companies). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions

Each year, participants may contribute up to 60 percent of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Companies' match consists of a nondiscretionary portion, which is 50 percent of the first 6 percent that an employee contributes, and a discretionary match such that the total match does not exceed 100 percent of the employees' contribution. Additionally, the Companies contribute a percentage of participants' salaries to the Plan, based on an age-weighted scale ranging from 3 to 8% for non-highly compensated employees.

Eligible employees may enter the plan after one month of service and begin deferring and receiving matches at that time. Non-elective employer contributions begin after one year of service. The Plan also has an auto enrollment and auto escalation feature for eligible employees.

c. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contributions and (b) the Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Companies' contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after two years of credited service, at normal retirement age or death.

e. Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, a rollover, or leave his or her account balance in the Plan.

TEIJIN EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan (Continued):

e. Payments of Benefits (continued)

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan document. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS).

f. Forfeitures

The Plan provides for participant forfeitures to be retained in the Plan and first be used to reduce administrative expenses and then to be used to reduce future employer contributions payable under the Plan. For the plan years ended December 31, 2022 and 2021, forfeited non-vested accounts are \$223,185 and \$198,307, respectively. During the year ended December 31, 2022 employer contributions of \$29,456 were paid from forfeited non-vested accounts.

g. Investment Options

Upon enrollment in the Plan, participants may direct their employee and employer contributions into investment options as listed in Schedule 1.

h. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to one-half of the vested account balance or \$50,000, whichever is less, then reduced by the participant's highest outstanding loan balance for the twelve months starting the day before the loan was made, then reduced again by the current outstanding loan balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. Loan terms range from 1-5 years or up to 25 years when funds are used to acquire, construct, or reconstruct any dwelling unit that is to be used as a principal residence by the participant or by the participant's immediate family. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest is to be paid ratably through payroll deductions.

i. Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Companies, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and custodial fees. Expenses relating to the purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Companies. Expenses that are paid by the Companies are excluded from these financial statements.

Note 2 - Summary of Accounting Policies:

a. Basis of Accounting

The financial statements of the Plan are prepared under the modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles (GAAP). The primary difference between the modified cash basis of accounting and GAAP is that contributions deferred at year end but not invested by the trustee have not been accrued under the modified cash basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for certain investment contracts.

b. Investment Valuation and Income Recognition

The Plan's investments as detailed in Note 4 are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further description of fair market value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Earnings on investments are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances.

c. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Fees are charged directly to the borrowing participants' account and are included in the administrative expenses. Interest income on notes receivable from participants is recorded when it is earned. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded.

d. Payment of Benefits

Benefits are recorded when paid.

Note 2 - Summary of Accounting Policies (Continued):

e. Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 3 - Certified Investments:

The Plan's investments are held by Fidelity Management Trust Company (the Trustee). The Trustee, qualified institution of the Plan, has supplied the Plan administrator with certifications as to the completeness and accuracy of all investment information reflected in the accompanying financial statements and supplemental schedules.

During the year ended December 31, 2022, the Plan's investments (including investments bought, sold, and held during the year) depreciated by \$9,480,128 per the certified trust statement.

Note 4 - Fair Value Measurement:

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurement and Disclosures*, establishes a framework for measuring fair value. That framework provides fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The Plan uses appropriate valuation techniques based on available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally prove the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 3 inputs for the periods presented. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

TEIJIN EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 4 - Fair Value Measurement (Continued):

- Level 2 Inputs to the valuation methodology include
- quoted prices for similar assets of liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered Investment Companies and Money Market Account: Valued at the closing price of shares held by the Plan at year end. Funds are traded on an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022.

	Level 1	Level 2	Level 3	Total

Note 5 - Party-in-Interest Transactions:

The Plan's investment are managed by Fidelity Management Trust Company, trustee, investment advisor and custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transactions under ERISA.

Note 6 - Tax Status:

The prototype plan has obtained an opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the Plan sponsor may rely on the letter with respect to the qualification of the Plan under Internal Revenue Code section 401(a). Although the Plan has been amended since this date, the plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Plan Termination:

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTES TO FINANCIAL STATEMENTS

Note 8 - Administrative Expenses:

The Plan paid administrative fees of \$12,257 for the year ended December 31, 2022. These fees were for administrative fees paid to Fidelity Investments out of the Plan's forfeiture account.

Note 9 - Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Subsequent Events:

Subsequent to year end, the Plan Sponsor became aware of several plan operational errors which included instances of untimely remittance and failure to defer, match and contribute on bonuses and vacation pay for some employees, along with several other isolated errors. While all but \$4,820 was remitted to the Plan during the plan year, untimely remittances totaled \$12,825. The instances of untimely remittances are considered prohibited transactions. Further, corrective action on the compensation that was inadvertently omitted from deferrals, matches and contributions totals \$40,733. The Plan Sponsor is correcting these errors subsequent to year end, including remitting lost earnings on the aforementioned.

The Companies have determined that no other events existed that require recording or disclosure in the accompanying financial statements as of the auditor's report date.
