INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Board of Directors of
Dollar Financial Group Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Dollar Financial Group Retirement Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter — Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule (modified cash basis) of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) for the year ended December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule (modified cash basis) related to assets held by (See Note 4) and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DOLLAR FINANCIAL GROUP RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the Dollar Financial Group Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Copies of the Plan document are available from the plan administrator.

General - The Plan is a defined contribution plan covering employees of Dollar Financial Group, Inc. (the "Company" or "Plan Sponsor") and certain of its wholly-owned domestic subsidiaries who have completed the service requirement and are twenty-one years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Employees of the Company are eligible to participate in the Plan after 30 days of employment, beginning with the first day of the month coinciding with or next following the date the employee becomes eligible.

Contributions - Each year, participants may contribute up to the maximum amount allowed by Section 402(g) of the Internal Revenue Code (the "Code"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. The Company matches: (1) 100% of the participants' deferral contributions which do not exceed 3% of the participants' compensation, plus (2) 50% of the participants' deferral contributions that exceed 3% of the participants' compensation but do not exceed 5% of the participants' compensation in total.

Participant investment account options - Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and common/collective trust funds as investment options for participants. Participants may select from any of the Plan's investment options and may change their investment options at any time.

Participant accounts - Each participant's account is credited with the participant's contributions and the Company's matching contributions and allocations of Plan earnings, based on the participant's investment elections, and charged with an allocation of administrative expenses. Upon termination of employment, participants forfeit their nonvested balances. Forfeited balances of terminated participants' nonvested accounts are placed in a cash reserve account and can be used to reduce future Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are considered fully vested at all times in their voluntary contributions, plus actual earnings thereon. Prior to January 1, 2011, vesting in the Company contribution portion of participant accounts, plus actual earnings thereon, was based on years of continuous service. A participant's Company contributions made prior to January 1, 2011, vests at 20% per year of service with 100% vested after five years of credited service. Effective January 1, 2011, the Plan was amended to allow employer safe harbor matching contributions. As a result, participants are fully vested in employer contributions made after January 1, 2011.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance in the Plan. Loan terms range over a period not to exceed five years, unless the loan is used for the purchase of a primary residence. Participants may only have one loan outstanding at any point in time. The loans are secured by an assignment of a portion of the participants' vested account balances in the Plan and bear interest at the "prime rate" of interest, as published by the Wall Street Journal, plus 1%. Principal and interest are paid ratably through biweekly payroll deductions. The loan is treated as a distribution when it is deemed to be in default.

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Payments of benefits - Distributions from the Plan due to death, disability, or retirement are made in the form of lump sum, partial, or installment amounts equal to the vested value of the participant's account to the participant or his or her beneficiary(ies). Distributions from the Plan due to termination are made in the form of lump sum payments if the terminated participant's vested balance is \$5,000 or less, or in lump sum, partial, or installment amounts if the terminated participant's vested balance is greater than \$5,000. In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan.

Plan termination - Although it has not expressed any intention to do so, the Company has the right under the Plan, by action of its Board of Directors, to amend or terminate the Plan at any time and without the consent of any other party. In the event of Plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

Basis of accounting - The accompanying financial statements and supplemental schedule have been prepared on the modified cash basis of accounting. Contributions from the Company are recorded when payments are received and expenditures are recorded when paid. In addition, the financial statements and supplemental schedule (modified cash basis) do not include interest and dividends receivable, or any accrued liabilities.

Use of estimates - The preparation of financial statements in conformity with the basis of accounting described above requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Notes receivable from participants - Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance. Interest income on notes receivable from participants is recorded when it is received. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Investment valuation and income recognition - The Plan's investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 - Fair Value Measurements for further discussion. Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded when received. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits - Benefit payments to participants are recorded when paid.

Administrative expenses - Administrative expenses are charged to the participant's account on a quarterly basis. In addition, fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are recorded in administrative expenses. All other administrative expenses are paid by the Company.

(3) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, "*Fair Value Measurements and Disclosures*," defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. ASC Topic 820 includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

DOLLAR FINANCIAL GROUP RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(3) Fair value measurements (continued)

- Level 1 Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2 Inputs include quoted prices for similar assets and liabilities in active markets and inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are unobservable for the asset or liability and include situations where there is little, if any, market activity for the asset or liability. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy is based on the lowest level input that is significant to the fair value measurement in its entirety. Assessment of the significance of a particular input to the fair value in its entirety requires judgment and considers factors specific to the asset or liability.

The following are descriptions of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued based on quoted market prices which represent the net asset value ("NAV") of shares held by the Plan at year end.

Common/collective trust funds and collective investment trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the investment's trustee, is used as a practical expedient to estimating fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities' liquidations will be carried out in an orderly business manner.

The NAV/unit value, as provided by the trustee, is used as a practical expedient for estimating fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust fund, the trustee reserves the right to temporarily delay withdrawal from the fund in order to ensure that securities' liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments carried at fair value:

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,096,826	\$ —	\$ —	\$ 16,096,826

(a) This category includes common/collective trust funds that are designed to deliver safety and stability by preserving principal and accumulating earnings. These funds are primarily invested in guaranteed and synthetic investment contracts. Participant-directed redemptions have no restrictions. Participant-directed redemptions shall be made promptly but in all cases within 30 days. The Plan is required to provide a one-year redemption notice to liquidate its entire share in the funds. Additionally, there are no unfunded commitments.

NOTES TO FINANCIAL STATEMENTS

(4) Information prepared and certified by the trustee

Certain information related to investments and notes receivable disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments at fair value and notes receivable from participants as of December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

(5) Income tax status

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, stating that the form of the Plan is qualified under Section 401 of the Code; therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2010-6 and 2005-16, the plan administrator has determined that it is eligible to, and has chosen to rely on, the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes the Plan and related trust are being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that "more likely than not" would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits (modified cash basis).

(7) Related-party transactions and party-in-interest transactions

Certain investments of the Plan are managed by an affiliate of the recordkeeper. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA. Fees paid by the Plan for the investment management and recordkeeping services amounted to \$56,667 for the year ended December 31, 2022.

(8) Subsequent events

The Plan has evaluated subsequent events through October 11, 2023, which is the date the financial statements (modified cash basis) were available to be issued.
