Independent Auditor's Report

The Plan Administrator
Community Access, Inc. 403(b) Retirement Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Community Access, Inc. 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2022 and August 2, 2022, from Ascensus, LLC, as agent for Ascensus Trust Company (Ascensus) and Metropolitan Life Insurance Company (Metlife), respectively, and December 31, 2021 from both qualified institutions, and for the years ended December 31, 2022 and 2021 (Ascensus) and for the year ended December 31, 2021 and the period from January 1, 2022 through August 2, 2022 (Metlife), stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H (Form 5500), Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Community Access, Inc. 403(b) Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Community Access, Inc. 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a 403(b) defined contribution plan available to all employees of Community Access, Inc. (the Employer). The Plan was established on December 1, 2003 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility and Contributions

An employee becomes eligible to participate in the Plan, with respect to making elective deferrals, beginning on the date of hire. Each year, eligible employees can contribute to the Plan an amount not exceeding the elective deferral limit as prescribed by the Internal Revenue Code (the Code), which is \$20,500 for 2022 and \$19,500 for 2021. Participants who have attained 50 years of age before the end of the Plan year are eligible to make catch-up contributions. Participants may also roll over amounts into the Plan from other tax-qualified plans.

After an employee has completed 12 months of service, the Employer may contribute a matching contribution based on a discretionary percentage of the participant's elective deferrals. If the Employer decides in any year to contribute a discretionary match, it will determine the matching rate, which will apply to the participant's elective deferrals. For the years ended December 31, 2022 and 2021, the Employer did not make any discretionary match contributions to the Plan.

The Employer's nonelective contribution, subject to certain limitations, is made at the Employer's discretion. Prior to January 28, 2021, the Employer contributed 3% of participants' eligible compensation, regardless of whether a participant makes any elective deferrals in that year. Effective January 28, 2021, for every dollar contributed by participants, the Employer makes matching contributions of 100% up to the first 4% of eligible compensation and starting June 24, 2021, was subsequently increased to 6%.

Employees that are newly hired or rehired on or after January 1, 2009 are subject to automatic-enrollment provisions under the Plan. Unless an eligible employee makes an affirmative election otherwise, the employee's initial deferral will be 1% of eligible compensation.

Participant Accounts

The Plan maintains individual accounts for each Plan participant. Each participant's account is credited with the participant's contributions, the Employer's contributions, an allocation of the Plan's investment earnings and losses, and charges for withdrawals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance.

Vesting

Participants are 100% vested immediately in their contributions, Employer matching and nonelective contributions, and actual earnings thereon.

Community Access, Inc. 403(b) Retirement Plan

Notes to Financial Statements

Investment Options

Participants direct the investments of their contributions into various investment options offered by the Plan. The Plan offers various investment options for participants.

Payment of Benefits

Upon termination of service due to death, disability, or retirement at the age of 65, a participant may elect to receive either a lump-sum amount equal to the vested value of their account, or monthly, quarterly, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. A participant entitled to a distribution of more than \$200 may elect whether to receive the distribution or to roll over the distribution to an Individual Retirement Account (IRA) or another tax-qualified plan, as specified by the participant.

Notes Receivable from Participants

Except as noted above, the participants may borrow up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a fair-market rate. The minimum loan amount permitted is \$1,000. A participant may have a maximum of two loans outstanding at any time. The loans are repaid bi-weekly through payroll deductions. The term of the loan is five years or less, unless the funds are utilized to acquire a principal residence, in which case the loan must be payable within a reasonable time commensurate with the repayment period permitted by commercial lenders for similar loans.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event that the Plan is terminated, participants will remain 100% vested, and the net assets of the Plan will be distributed as prescribed by ERISA.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Accordingly, actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. The Plan follows the provisions of Accounting

Community Access, Inc. 403(b) Retirement Plan

Notes to Financial Statements

Standards Codification (ASC) 820, *Fair Value Measurement*. Under ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In addition, ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's own assumptions about assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Community Access, Inc. 403(b) Retirement Plan

Notes to Financial Statements

Payment of Benefits

Benefit payments are recorded upon distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to each participant's account and are included in administrative expenses. Investment-related expenses are included in net (depreciation) appreciation in fair value of investments.

3. Risk and Uncertainties

The Plan provides for various investment securities, which include investments in any combination of mutual funds and money market funds. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

4. Information Certified by MetLife and Ascensus

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Metropolitan Life Insurance Company (MetLife) and Ascensus, LLC, as agent for Ascensus Trust Company (Ascensus), qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule are complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022, August 2, 2022, and December 31, 2021.
- Net (depreciation) appreciation in fair value of investments, dividends and interest income, and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021 and the period from January 1, 2022 through August 2, 2022.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

The certification from MetLife covers the period from January 1, 2021 through August 2, 2022. The certification from Ascensus covers the period from January 1, 2021 through December 31, 2022.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Notes to Financial Statements

5. Fair Value Measurement

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies at December 31, 2022 and 2021.

Mutual Funds - The Plan's investments in mutual funds are valued at unadjusted quoted prices, which represent the net asset value (NAV) of shares held by the Plan at year-end.

Money Market Fund - The Plan's investment in the money market fund is valued based upon the NAV of the shares held by the Plan. The NAV is based upon the fair value of the underlying investments. The fund's objective is the preservation of capital, liquidity, and, consistent with these goals, the highest possible current income. The Plan's investment in the money market fund may be redeemed daily. There are no redemption fees or notice periods and no unfunded commitments as of December 31, 2022 and 2021.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,495,963	\$ -	\$ -	\$ 8,495,963
Money market fund, measured at NAV*				43,572
Total Investments, at fair value				\$ 8,539,535

December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,049,924	\$ -	\$ -	\$ 9,049,924
Money market fund, measured at NAV*				33,081
Total Investments, at fair value				\$ 9,083,005

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The Plan had no financial assets that were measured at fair value on a nonrecurring basis during the years ended December 31, 2022 and 2021.

Community Access, Inc. 403(b) Retirement Plan

Notes to Financial Statements

6. Fully Benefit-Responsive Guaranteed Interest Contract

The Plan entered into a fully benefit-responsive guaranteed interest contract with MetLife, which maintains the contributions in a general account. Effective July 1, 2018, contributions are no longer allowed to this investment option. The final redemption on this contract was completed on August 2, 2022 and all balances under this contract have been transferred out to other investment options within the Plan. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. Because the guaranteed interest contract was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contract. Contract value, as reported to the Plan by MetLife, represented contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. All contributions allocated to the guaranteed interest contract prior to July 1, 2018 were credited with interest at the current rate of interest. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There was no minimum days' notice required to discontinue this investment option with MetLife.

The Plan's ability to receive amounts due was dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations could be affected by future economic and regulatory developments.

Certain events could have limited the ability of the Plan to transact at contract value with the issuer. Such events included (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) the establishment or activation of, or material change in, any Plan investment fund; or (3) an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. Any events that could have limited the Plan's ability to transact at contract value with participants did not occur.

In addition, certain events allowed the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events included (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer. There were no events that limited the ability of the Plan to transfer out the guaranteed interest contract at contract value.

7. Party-in-Interest Transactions

Certain Plan investments were shares of funds managed by MetLife; therefore, these transactions qualified as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. Additionally, certain employees and officers of the Employer, who are also participants in the Plan, perform administrative services for the Plan at no cost. Such transactions are permitted under the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA and applicable exemptions promulgated thereunder.

Community Access, Inc. 403(b) Retirement Plan

Notes to Financial Statements

8. Tax Status

The Plan uses prototype plan documents sponsored by Alliant and Compass. The volume submitter 403(b) plan received favorable opinion letters from the Internal Revenue Service (IRS) on March 31, 2017, stating that the written form of the underlying prototype plan document is qualified under Section 403(b) of the Code and that any employer adopting the volume submitter 403(b) plan is considered to have a qualified plan under the Code and qualify as exempt from taxation. Although the Plan has been amended since then, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Late Remittances

For the years ended December 31, 2022, 2021, and 2020, employee withholdings and loan repayments in the amounts of \$101,886, \$61,327, and \$157,105, respectively, were not remitted within the appropriate time period by the Employer. These transactions constitute prohibited transactions, as defined by ERISA. The Employer is taking the appropriate steps to correct the affected participant accounts.

10. Subsequent Events

The Plan's management has performed subsequent event procedures through October 12, 2023, the date the financial statements were available to be issued, and no material subsequent events have occurred requiring adjustments to the financial statements or disclosures as stated herein.
