INDEPENDENT AUDITOR'S REPORT

To the 401(k) Committee
Indiana Oxygen Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed audits of the financial statements of Indiana Oxygen Company 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, Ascensus Trust Company, as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT - Continued

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITOR'S REPORT - Continued

Auditor's Responsibilities for the Audit of the Financial Statements - continued

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT - Continued

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules of reporting requirements for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 1 PLAN DESCRIPTION

The following description of the Indiana Oxygen Company 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the electing companies except those who are residents of Puerto Rico. The Plan entrance dates are the first day of any month immediately following the completion of eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees covered under the Plan are eligible to participate when they reach age twenty-one and are not part-time, seasonal, or temporary employees. Employees can enter the plan the first day of the month after they have met the eligibility requirements. Employees are eligible to receive matching contributions upon participation in the plan and completing one year of service (at least 1,000 hours). Employees are eligible to receive profit sharing contributions if they are employed on the last day of the plan year and have completed at least 1,000 hours of service during the plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contribution, allocations of investment earnings and allocations of the administrative expenses. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

A participant is 100% vested in the value of his or her accumulated voluntary contributions at all times. Vesting in the Company's matching and profit sharing contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Contributions

Participants may elect to contribute to the Plan subject to limits imposed by Federal tax law. Participants are automatically enrolled at a rate of 4% unless they opt out and the plan also has an automatic increase provision which will increase the participant's deferral rate by 1% annually until the participant reaches the maximum rate of 10%. The maximum deferral amount under the Plan is the lesser of 100% of a participant's eligible compensation or statutory deferral limits. The Company's matching contribution is discretionary and equal to a uniform percentage of the participant's elective deferrals. Each year, the Company determines the amount of the discretionary percentage.

NOTE 1 PLAN DESCRIPTION - continued

Contributions - continued

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a stable value fund as investment options for participants. In addition, the Company, at its discretion, may make a profit sharing contribution. No profit sharing contributions have been declared for the 2022 or 2021 Plan years.

Payment of Benefits

Upon termination of employment, death, disability, or retirement, or other reasons the participant may receive a lump sum distribution as soon as administratively feasible following the date on which a distribution is requested or is otherwise payable. Participants may request a hardship withdrawal of a portion of their vested account balance. Any hardship withdrawal is limited to the amount necessary to meet the financial need. Participants may also request in-service distributions once they have reached the age of 59 1/2. As of December 31, 2022, there were no suspended account balances that had not been paid.

Participant Loans (Notes Receivable from Participants)

Participant loans are permitted under the Plan. The minimum amount of a loan is \$1,000. Loans cannot exceed the lesser of \$50,000 or 50% of a participant's vested balance. Repayment of loans shall not exceed five years except if the loan proceeds are used to acquire the participant's principal residence. An administrative fee is charged for establishing and maintaining the loan. The loans are secured by the balance in the participant's account and bear interest. Loans are repaid ratably through payroll deductions. Loans outstanding at December 31, 2022 and 2021 were \$103,677 and \$82,132, respectively.

Forfeitures

Forfeitures are first used to pay any administrative expenses and if there are any forfeitures remaining they will be used to reduce the Company's contributions. Forfeitures for 2022 and 2021 were \$4,257 and \$3,425, respectively. As of December 31, 2022 and 2021 forfeited nonvested account totals were \$15,794 and \$12,474, respectively.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared using the accrual method of accounting.

Concentration of Credit Risk

Plan investments consist of mutual funds and a stable value fund. Mutual funds consist of equity, fixed income, and cash equivalent investments. Mutual fund investments are not insured. Valuations of mutual funds with equity and fixed income securities are affected by market fluctuations in the underlying stocks and bonds in which the fund managers have invested.

INDIANA OXYGEN COMPANY
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES - continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. The Plan's interest in the stable value fund is valued based on information reported by the custodian.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) include the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Additionally, it is reasonably possible that estimates made in the financial statements have been, or will be, materially and adversely impacted in the near term as a result of these conditions, including credit losses on receivables and investments.

Reclassifications

Certain amounts from the prior year have been reclassified to conform with the current year presentation.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Evaluation of Subsequent Events

The Plan has evaluated subsequent events through October 10, 2023, which is the date the financial statements were available to be issued.

NOTE 4 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Statement ASC 820, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- | | |
|----------------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
|
 | |
| Level 2 | Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Mutual funds: Valued at the net asset value ("NAV") of share held by the Plan at year end.

Stable value fund: Valued based on the fair value of the underlying investments comprising the fund.

NOTE 4 FAIR VALUE MEASUREMENTS - continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, with the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

Assets at Fair Value as of December 31, 2022				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 5,068,888	\$ -	\$ -	\$ 5,068,888

NOTE 5 PARTIES IN INTEREST

There were no known prohibited transactions with known parties in interest as defined in ERISA Section 3(14) and regulations thereunder, including those transactions set forth in ERISA Sections 406 and 407(a) and Internal Revenue Code Section 4975(c).

Certain Plan investments are shares of mutual funds and units of a stable value fund. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

NOTE 6 INCOME TAX STATUS

The Company adopted a Nonstandardized Pre-approved Profit Sharing Plan, sponsored by CCH Incorporated, with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service ("IRS") on June 30, 2020. The Plan has been amended since receiving the determination letter. However, the Plan trustees believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

NOTE 7 PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right, by action of its Directors, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, amounts credited to participants' accounts will become fully vested and nonforfeitable.

NOTE 8 PLAN CHANGES

The Plan was restated December 16, 2020 and effective January 1, 2021, to formally adopt provisions of the Cares Act.

The Plan was amended subsequent to year end on April 6, 2023 and effective the same day, to reduce the service requirement for participants to receive matching contributions to three months of service and to change the date of entry for matching contributions to immediately once the eligibility requirements have been met.
