INDEPENDENT AUDITOR'S REPORT

To the Audit Committee of
Riverside Healthcare 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Riverside Healthcare 403(b) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements (modified cash basis).

Management, having determined it is permissible in the circumstances, has elected to have the audits performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 3 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statements of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.

1. DESCRIPTION OF PLAN

The following description of Riverside Healthcare 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a voluntary, defined-contribution retirement plan for all eligible employees of the following affiliated corporations: Riverside Health System; Riverside Medical Center (Riverside Health System and Riverside Medical Center are collectively referred to as the Medical Center); Riverside Senior Living Center; and Oakside Corporation (collectively referred to as the participating employers).

During 2000, the Medical Center elected to change plan custodians from American United Life Insurance Company (AUL) to Great-West Life and Annuity Insurance Company and Great-West Trust Company, LLC (Great-West). The majority of the Plan's assets were transferred from AUL to Great-West on three separate transfer dates in 2000. As part of a plan redesign in 2000, the Medical Center split the Plan into two separate plans: a Section 401(a) plan comprising amounts attributable to employer contributions and a Section 403(b) plan comprising amounts attributable to participant contributions.

Effective January 1, 2005, the Riverside Healthcare Fitness Center Tax Deferred Annuity Plan and the Riverside Senior Living Center Tax Deferred Annuity Plan were merged into the Riverside Medical Center Tax Deferred Annuity Plan, and the Plan was renamed the Riverside Healthcare 403(b) Retirement Plan.

As a result of the plan merger on January 1, 2005, the Plan as currently constituted includes the Section 403(b) components for the Medical Center, Riverside Senior Living Center, and Oakside Corporation (together referred to as the System) and excludes the Section 401(a) plan components for all members of the System.

During 2022, the Plan's trustee and custodian changed its name to align all legacy companies under one brand. As a result, the trustee and custodian formerly referred to as Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company are now Empower Trust Company, LLC and Empower Annuity Insurance Company of America, respectively.

In September 2022, Oakside Corporation ceased operations.

1. DESCRIPTION OF PLAN (Continued)

Eligibility

The Plan offers eligibility to employees beginning on the first day of any full pay period following their date of hire.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may make tax-deferred contributions as defined by the Plan with a minimum contribution percentage of 0.5% of qualified income.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Automatically enrolled participants have their deferral rate increased at a rate of 1% per year on July 1 up to a maximum of 10% of eligible compensation, unless otherwise elected by the participant.

Contributions are subject to certain limitations as mandated by the Internal Revenue Code (IRC).

Investment Options

Participants may direct all their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions.

Participant Accounts

Each participant's account is credited with the participant's contribution allocations of plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in both their contributions and earnings (losses) on deferrals.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to the maximum equal to the lesser of $50,000 or 50% of their account balance, less defaulted loans (if any). The loans are secured by the balances in the participants' accounts and bear interest at the prime rate plus 2%. The term of the loan may not exceed five years or ten years if the loan proceeds will be used to acquire the principal residence of the participant. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Participants may receive all or a portion of their vested account balance, which is the total value in the participant's account represented by amounts accumulated from vested contribution and earnings accumulated thereon, upon reaching 59½ years of age or termination of employment. Benefits are payable as a single lump sum payment, a series of installment payments, or a single sum distribution of a portion of the participants vested account. Participants who terminate employment prior to retirement may elect to have their balance distributed in a lump sum or transferred to an individual retirement account or another employer's qualified plan. Death benefits are paid according to the benefits election in effect at the time of death. Under certain conditions, participants may receive a hardship distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the System and are excluded from these financial statements. The Plan also pays certain investment advisory and plan administration fees from plan assets. Certain investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

1. DESCRIPTION OF PLAN (Continued)

Administrative Expenses (Continued)

In addition, the System is eligible for expense reduction credits from the participants as defined in the Plan. The following table sets forth a summary of changes in the expense reduction account for the years ended December 31, 2022 and 2021.

	2022	2021
BALANCE, BEGINNING OF YEAR	$ -	$ -
Received to offset expenses	238,624	245,480
Used to reduce administrative expenses	(238,624)	(245,480)
Reallocated to forfeitures	-	-
BALANCE, END OF YEAR	$ -	$ -

Forfeited Accounts

Forfeiture amounts are generated when excess administrative expenses are received from participant accounts and the amounts are not required to pay plan expenses. The following table sets forth a summary of changes in the forfeiture account for the years ended December 31, 2022 and 2021. The amounts remaining will be used in accordance with the applicable plan provisions.

	2022	2021
BALANCE, BEGINNING OF YEAR	$ 77,008	$ 89,058
Unallocated plan assets	-	-
Transfer from expense reduction account	-	-
Used to reduce administrative expenses	-	(12,558)
Investment income	1,290	508
BALANCE, END OF YEAR	$ 78,298	$ 77,008

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The statements of net assets available for benefits and statements of changes in net assets available for benefits are presented on the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (US GAAP). Accordingly, all transactions are reported on the basis of cash receipts and disbursements, with the exception of fair value or contract value of investments held by the custodians and notes receivable from participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting (Continued)

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of the Plan's financial statements in accordance with the modified cash basis requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Directors is responsible for oversight of the Plan. The Plan's Pension Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a cash basis. Interest income is recorded on a cash basis. Dividends are recorded on the settlement date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on a cash basis. Related fees are recorded as administrative expenses and are expensed when they are paid. Defaulted notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Subsequent events are events or transactions that occur after year end but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at year end, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at year end but arose after that date (that is, nonrecognized subsequent events).

The Plan has evaluated subsequent events through October 11, 2023, which was the date that these financial statements were available for issuance and determined that there were no significant nonrecognized subsequent events through that date.

3. EXCLUDED INVESTMENTS

The Plan has excluded from investments in the accompanying statements of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021 certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statements of changes in net assets available for benefits (modified cash basis) for the years ended December 31, 2022 and 2021. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. US GAAP requires that these accounts and the related income and distributions be included in the accompanying financial statements.

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan entered into two fully benefit-responsive investment contracts with Empower Annuity Insurance Company of America and two fully benefit-responsive investment contracts with AUL. The contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (Continued)

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with the contract issuers and with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the issuer.

The AUL Fixed Interest Investment Option (AUL Fixed Fund) provides either the guaranteed rate of the group annuity contract or the current rate, whichever is higher. This fund is frozen and cannot receive new contributions. The crediting rate is based on a formula established by the contract issuer but may not be less than 4.00%. The crediting interest rate on contributions to this fund is the rate of interest in effect at the time contributions are made and changes on an annual basis. The average crediting interest rate earned on these funds was 4.00% for the years ended December 31, 2022 and 2021. The contract value of the AUL Fixed Fund equals fair value at December 31, 2022 and 2021 as certified by the Plan's custodian, AUL. As of December 31, 2022 and 2021, the contract value of the fully benefit-responsive investment contract was $3,345 and $3,217, respectively.

The AUL Alternate Fixed Fund (Alternate Fixed Fund) earns income in the same manner as the AUL Fixed Fund. This fund is frozen and cannot receive new contributions. The crediting rate is based on a formula established by the contract issuer but may not be less than 3.75%. The average crediting interest rate earned on these funds was 3.75% for the years ended December 31, 2022 and 2021. The contract value of the Alternate Fixed Fund equals fair value at December 31, 2022 and 2021 as certified by the Plan's custodian, AUL. As of December 31, 2022 and 2021, the contract value of the fully benefit-responsive investment contract was $1,064,703 and $1,050,397, respectively.

The Great West Guaranteed Fixed Fund II invests in long-term investments. This fund is frozen and cannot receive new contributions. The fund establishes a new rate for deposits each quarter, which is guaranteed for the balance of that calendar year. A new rate is then set, which is applicable for the next calendar year. The interest rates and principal guarantees associated with this investment option are provided by Great-West Life and Annuity

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (Continued)

Insurance Company. The crediting rate is based on a formula established by the contract issuer but may not be less than 3.50%. The guaranteed interest account is credited with interest based upon a quarterly declared rate (3.50% at December 31, 2022 and 2021) for contributions received during that quarter. This rate stays in effect for those quarterly contributions received through the end of the subsequent calendar year. The average yield earned for the guaranteed interest account for the years ended December 31, 2022 and 2021 was 3.50%. The guaranteed interest account is charged with plan withdrawals. At December 31, 2022 and 2021, contract value of the Guaranteed Fixed Fund II account equaled fair value as certified by the Plan's custodian, Great-West Life and Annuity Insurance Company. As of December 31, 2022 and 2021, the contract value of the fully benefit-responsive investment contract was $12,589,117 and $12,881,024, respectively.

The Great West Guaranteed Interest Fund earns income in the same manner as the Great West Guaranteed Fixed Fund II. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.00%. The guaranteed interest account is credited with interest based upon a quarterly declared rate (1.05% at December 31, 2022 and 1.15% at December 31, 2021) for contributions received during that quarter. This rate stays in effect for those quarterly contributions received through the end of the subsequent calendar year. The average yield earned for the guaranteed interest account for the years ended December 31, 2022 and 2021 was 1.05% and 1.15%, respectively. The guaranteed interest account is charged with plan withdrawals. At December 31, 2022 and 2021, contract value of the Guaranteed Interest Fund account equaled fair value as certified by the Plan's custodian, Great-West Life and Annuity Insurance Company. As of December 31, 2022 and 2021, the contract value of the fully benefit-responsive investment contract was $11,088,708 and $10,338,676, respectively.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

5. FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

a. Quoted prices for similar assets or liabilities in active markets,

b. Quoted prices for identical or similar assets or liabilities in inactive markets,

c. Inputs other than quoted prices that are observable for the asset or liability, and

d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

5. FAIR VALUE MEASUREMENTS (Continued)

Pooled separate accounts: Investments in units of pooled separate accounts held with an insurance company are stated at estimated fair market value and are valued by the insurance company based on the net asset value of units held by the Plan at year end. The net asset value is determined by the insurance company based on the market value of the underlying investments held in the pooled fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 126,967,347	$ -	$ -	$ 126,967,347

Self-directed brokerage accounts	546,339	-	-	546,339
INVESTMENTS AT FAIR VALUE	$ 127,533,592	$ -	$ -	$ 127,533,592

	Assets at Fair Value as of December 31, 2021			
Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 156,850,460	$ -	$ -	$ 156,850,460
Pooled separate accounts	24,781	-	-	24,781
Self-directed brokerage accounts	520,361	-	-	520,361
INVESTMENTS AT FAIR VALUE	$ 157,395,602	$ -	$ -	$ 157,395,602

6. CERTIFICATION OF FINANCIAL INFORMATION

The following financial data included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2022 and 2021 has been certified as complete and accurate by Empower Trust Company, LLC and Empower Annuity Insurance Company of American and American United Life Insurance Company (AUL), qualified institutions, and has not been audited by the independent auditors for the Plan: investments at fair value, investments at contract value, notes receivable from participants, interest and dividends, interest on notes receivable from participants, and net appreciation (depreciation) in fair value of investments.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the participating System have the right under the Plan to terminate the Plan subject to the provisions of ERISA. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the System may determine.

8. TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-7. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for the plan participants under Section 403(b). The Plan has been amended and restated on January 1, 2018 and after 2018 the plan administrator believes that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Empower Trust Company, LLC and AUL, the custodians; therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative expenses were paid by the Plan or the System. The Plan issues loans to participants, which are secured by the vested balance in the participant's accounts. These transactions qualify as party-in-interest. Employees of the System provide administrative services to the Plan for which no fees are charged.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis).

Plan Name **G93011 RIVERSIDE MEDICAL TDA PLAN**

Plan Number **002** **Plan Year End** **12/31/2022**

EIN **36-2414944**

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
