Independent Auditor's Report

**To the Plan Administrator
Envelop Group, LLC 401(K) Plan
Indianapolis, Indiana**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Envelop Group, LLC 401(K) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits- modified cash basis for the year ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan by a qualified institution, provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles; and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Basis of Accounting

As described in Note 2, these financial statements were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

ENVELOP GROUP, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022

NOTE 1 - PLAN DESCRIPTION

The following is a brief description of the Envelop Group, LLC 401(k) Plan (the "Plan"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participating Companies

The following companies, which are related parties, are participating employers in the Plan:

- Envelop Group, LLC
- Open Control Systems, LLC
- Open Control Systems - Florida
- Validated Custom Solutions, LLC
- Validated Custom Solutions - Florida LLC
- Validated Custom Solutions – Ohio LLC
- Envelop Critical Environments
- Envelop IQ
- PSG Energy Group, LLC

General

The Plan was formed on January 1, 2008, and was most recently amended March 1, 2018, and is a defined contribution plan covering substantially all employees of Envelop Group, LLC (the "Companies"). Employees are eligible to participate in the Plan after attaining age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

Entrance Date

An employee is eligible to enter the Plan immediately following completion of the eligibility requirements.

Contributions

Each year, participants may contribute pre-tax or Roth contributions up to the allowable limits established by the Internal Revenue Service. The plan allows for catchup contributions for plan participants who have reached 50 years of age by the end of the plan year. Participants may contribute ("rollover") amounts representing distributions to them from other qualified plans.

For its safe harbor contribution for the year ended December 31, 2022, the Companies matched 100% of the first 3% and 50% of the next 2% of compensation contributed by each participant. The Companies may also make additional discretionary matching contributions each year. For the year ended December 31, 2022, the Company did not contribute any additional profit share.

Forfeited balances of terminated participants' nonvested accounts are used to pay administrative expenses or reduce the Company's contributions. For the year ended December 31, 2022, approximately \$1,466 in forfeited balances were used to pay administrative expenses or to reduce the Companies' contributions. Forfeitures available for future use as of December 31, 2022 and 2021, were \$2,243 and \$2,238, respectively.

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based upon participant compensation or account balances as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Notes Receivable

Participants may borrow from their accounts up to an amount that is equal to the lesser of \$50,000 or 50% of the present value of the participant's non-forfeitable accrued benefit. All loans are to be repaid over a period not to exceed five years, although an extension of the repayment period may be granted if the loan proceeds are used to purchase a participant's principal residence. Interest is charged at a rate commensurate with prevailing market rates as determined by the Plan administrator. Any loans shall reduce the participant's balance in the individual's account and will be restored as the principal balance when such loan is repaid. All interest paid by the participant shall be credited to his or her own individual account. Loans are valued at the unpaid principal balance plus accrued but unpaid interest.

Vesting

Participants are immediately vested in their voluntary contributions, qualified matching contributions and qualified nonelective contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service. A participant is 100% vested after six years of credited service.

Benefit Payments

On termination of service, death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account. Participants 59 1/2 years old may make withdrawals of their vested account balance prior to termination of employment. Benefit payments are recorded when paid.

Plan Termination

Although they have not expressed any intent to do so, the Companies reserves the right to terminate the Plan at any time. In the event of Plan termination, participants will become 100% vested in their account balances.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's policy is to prepare its financial statements on the modified cash basis. Therefore, with the exception of appreciation or depreciation in the fair value of investments, income and expense items are recognized only as cash is received or paid and contribution receivables, payables and accrued expenses are not reflected.

ENVELOP GROUP, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates

The preparation of financial statements requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of Investments

The Plan's investments are stated at fair value, except for the Key Guaranteed Portfolio Fund which is stated at contract value. Purchase and sales of securities are recorded on the trade-date basis. Dividend income is recorded on the ex-dividend date.

Fair Value Measurements

Accounting Standards Codification (ASC) 820 defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (or exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Companies. Unobservable inputs are inputs that reflect the Company's assumptions about the inputs that market participants would use in pricing the asset or liability and are developed based on the best information available in the circumstances.

The fair value hierarchy input levels are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Management Evaluation of Subsequent Events

The Company has evaluated subsequent events through October 12, 2023, the date on which the financial statements were available to be issued.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity Insurance Company of America, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net depreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets held at end of year

NOTE 4 - TAX STATUS

The volume submitter plan received a determination letter dated June 30, 2020, stating that the prototype plan, as then designed, was acceptable under Section 401 of the Internal Revenue Code. The Plan has not requested a separate determination letter. The Plan has been restated since receiving the determination letter; however, the Plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Authoritative accounting standards require the Plan to examine its tax positions for uncertain positions. Management is not aware of any tax positions that are more likely than not to change in the next 12 months or that would not sustain an examination by applicable taxing authorities.

The Plan's policy is to recognize penalties and interest as incurred in its statement of changes in net assets available for benefits, which totaled \$0 for the year ended December 31, 2022.

NOTE 5 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are units of a guaranteed investment contract managed by Empower Annuity Insurance Company of America. Empower is the custodian of the Plan, and, therefore, these transactions qualify as party-in-interest.

ENVELOP GROUP, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022

NOTE 6 - PARTICIPANT DIRECTED INVESTMENTS

Participant contributions held in the Plan are participant-directed accounts. That is, individual participants decide how funds held in trust for them are allocated among various investment options.

NOTE 7 - ADMINISTRATIVE EXPENSES

Significant administrative expenses are paid by the Companies.

NOTE 8 - FAIR VALUE MEASUREMENTS

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022.

Registered investment companies: Valued at the net asset value of shares held by the Plan at year end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Company's policy is to recognize transfers between levels at the end of each reporting period, if applicable. There were no transfers between Level 1, 2 or 3 assets or liabilities during the year ended December 31, 2022.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022

	Level 1	Total
Registered investment companies	\$ 9,328,842	\$ 9,328,842
	\$ 9,328,842	\$ 9,328,842

	<u>\$ 10,553,060</u>	<u>\$ 10,553,060</u>

NOTE 9 - GROUP ANNUITY CONTRACT

The Plan has a fully benefit-responsive group annuity contract with an insurance Companies, which is called the Key Guaranteed Portfolio Fund. The insurance Companies maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses.

Since the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with the insurance Companies. Such events include the following: (1) premature termination of contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy and (6) early retirement incentives.

Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance Companies may not terminate the contract at any amount less than the contract value.

The insurance Companies is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the insurance Companies. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium long-term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The average yield earned by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2022 and 2021 was approximately 1%.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Independent Auditor's Report

**To the Plan Administrator
Envelop Group, LLC 401(K) Plan
Indianapolis, Indiana**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Envelop Group, LLC 401(K) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits- modified cash basis for the year ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan by a qualified institution, provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles; and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Basis of Accounting

As described in Note 2, these financial statements were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

ENVELOP GROUP, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022

NOTE 1 - PLAN DESCRIPTION

The following is a brief description of the Envelop Group, LLC 401(k) Plan (the "Plan"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participating Companies

The following companies, which are related parties, are participating employers in the Plan:

- Envelop Group, LLC
- Open Control Systems, LLC
- Open Control Systems - Florida
- Validated Custom Solutions, LLC
- Validated Custom Solutions - Florida LLC
- Validated Custom Solutions – Ohio LLC
- Envelop Critical Environments
- Envelop IQ
- PSG Energy Group, LLC

General

The Plan was formed on January 1, 2008, and was most recently amended March 1, 2018, and is a defined contribution plan covering substantially all employees of Envelop Group, LLC (the "Companies"). Employees are eligible to participate in the Plan after attaining age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

Entrance Date

An employee is eligible to enter the Plan immediately following completion of the eligibility requirements.

Contributions

Each year, participants may contribute pre-tax or Roth contributions up to the allowable limits established by the Internal Revenue Service. The plan allows for catchup contributions for plan participants who have reached 50 years of age by the end of the plan year. Participants may contribute ("rollover") amounts representing distributions to them from other qualified plans.

For its safe harbor contribution for the year ended December 31, 2022, the Companies matched 100% of the first 3% and 50% of the next 2% of compensation contributed by each participant. The Companies may also make additional discretionary matching contributions each year. For the year ended December 31, 2022, the Company did not contribute any additional profit share.

Forfeited balances of terminated participants' nonvested accounts are used to pay administrative expenses or reduce the Company's contributions. For the year ended December 31, 2022, approximately \$1,466 in forfeited balances were used to pay administrative expenses or to reduce the Companies' contributions. Forfeitures available for future use as of December 31, 2022 and 2021, were \$2,243 and \$2,238, respectively.

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based upon participant compensation or account balances as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Notes Receivable

Participants may borrow from their accounts up to an amount that is equal to the lesser of \$50,000 or 50% of the present value of the participant's non-forfeitable accrued benefit. All loans are to be repaid over a period not to exceed five years, although an extension of the repayment period may be granted if the loan proceeds are used to purchase a participant's principal residence. Interest is charged at a rate commensurate with prevailing market rates as determined by the Plan administrator. Any loans shall reduce the participant's balance in the individual's account and will be restored as the principal balance when such loan is repaid. All interest paid by the participant shall be credited to his or her own individual account. Loans are valued at the unpaid principal balance plus accrued but unpaid interest.

Vesting

Participants are immediately vested in their voluntary contributions, qualified matching contributions and qualified nonelective contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service. A participant is 100% vested after six years of credited service.

Benefit Payments

On termination of service, death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account. Participants 59 1/2 years old may make withdrawals of their vested account balance prior to termination of employment. Benefit payments are recorded when paid.

Plan Termination

Although they have not expressed any intent to do so, the Companies reserves the right to terminate the Plan at any time. In the event of Plan termination, participants will become 100% vested in their account balances.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's policy is to prepare its financial statements on the modified cash basis. Therefore, with the exception of appreciation or depreciation in the fair value of investments, income and expense items are recognized only as cash is received or paid and contribution receivables, payables and accrued expenses are not reflected.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates

The preparation of financial statements requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of Investments

The Plan's investments are stated at fair value, except for the Key Guaranteed Portfolio Fund which is stated at contract value. Purchase and sales of securities are recorded on the trade-date basis. Dividend income is recorded on the ex-dividend date.

Fair Value Measurements

Accounting Standards Codification (ASC) 820 defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (or exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Companies. Unobservable inputs are inputs that reflect the Company's assumptions about the inputs that market participants would use in pricing the asset or liability and are developed based on the best information available in the circumstances.

The fair value hierarchy input levels are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Management Evaluation of Subsequent Events

The Company has evaluated subsequent events through October 12, 2023, the date on which the financial statements were available to be issued.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity Insurance Company of America, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net depreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets held at end of year

NOTE 4 - TAX STATUS

The volume submitter plan received a determination letter dated June 30, 2020, stating that the prototype plan, as then designed, was acceptable under Section 401 of the Internal Revenue Code. The Plan has not requested a separate determination letter. The Plan has been restated since receiving the determination letter; however, the Plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Authoritative accounting standards require the Plan to examine its tax positions for uncertain positions. Management is not aware of any tax positions that are more likely than not to change in the next 12 months or that would not sustain an examination by applicable taxing authorities.

The Plan's policy is to recognize penalties and interest as incurred in its statement of changes in net assets available for benefits, which totaled \$0 for the year ended December 31, 2022.

NOTE 5 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are units of a guaranteed investment contract managed by Empower Annuity Insurance Company of America. Empower is the custodian of the Plan, and, therefore, these transactions qualify as party-in-interest.

NOTE 6 - PARTICIPANT DIRECTED INVESTMENTS

Participant contributions held in the Plan are participant-directed accounts. That is, individual participants decide how funds held in trust for them are allocated among various investment options.

NOTE 7 - ADMINISTRATIVE EXPENSES

Significant administrative expenses are paid by the Companies.

NOTE 8 - FAIR VALUE MEASUREMENTS

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022.

Registered investment companies: Valued at the net asset value of shares held by the Plan at year end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Company's policy is to recognize transfers between levels at the end of each reporting period, if applicable. There were no transfers between Level 1, 2 or 3 assets or liabilities during the year ended December 31, 2022.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022

	Level 1	Total
Registered investment companies	\$ 9,328,842	\$ 9,328,842

	<u>\$ 10,553,060</u>	<u>\$ 10,553,060</u>

NOTE 9 - GROUP ANNUITY CONTRACT

The Plan has a fully benefit-responsive group annuity contract with an insurance Companies, which is called the Key Guaranteed Portfolio Fund. The insurance Companies maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses.

Since the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with the insurance Companies. Such events include the following: (1) premature termination of contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy and (6) early retirement incentives.

Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance Companies may not terminate the contract at any amount less than the contract value.

The insurance Companies is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the insurance Companies. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium long-term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The average yield earned by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2022 and 2021 was approximately 1%.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those such changes could materially affect the amounts reported in the statements of net assets available for benefits.
