Independent Auditors' Report

The Trustees
G & B Oil Company, Inc.
401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of G & B Oil Company, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Principal Trust Company as of December 31, 2022 and 2021, and for the year ended December 31, 2022, and for the period from May 21, 2021 to December 31, 2021, and from Wells Fargo Bank for the period from January 1, 2021 to May 20, 2021, stating that the certified investment information, as described in note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2022 and 2021

(1) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements of the G & B Oil Company, Inc. 401(k) Profit Sharing Plan (the "Plan") have been prepared in accordance with accounting principles generally accepted in the United States of America and present the net assets available for plan benefits and changes in those net assets on an accrual basis.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Fair Value Measurements

For determining fair value measurements, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. Management follows an established framework for measuring fair value. That framework provides a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The three levels of inputs that may be used to measure fair value are described below:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3: one or more significant inputs or significant value drivers that are unobservable or based on market assumptions

(d) Investment Valuation and Income Recognition

Investments in mutual funds managed by the Plan's custodian are valued on the last business day of the year based on the current market values (quoted prices) of the funds.

(d) Investment Valuation and Income Recognition, Continued

The Galliard Stable Return Fund Core (formerly the Wells Fargo Stable Return Fund G) (the “Fund”) was established under the Allspring Collective Investment Trust (the “Trust”) which is governed by the Allspring Collective Investment Trust Declaration of Trust (“Declaration of Trust”) as amended and restated, dated December 19, 2022. The Fund is a collective investment fund managed by Galliard Capital Management, LLC and trustee by SEI Trust Company for retirement plans qualified under Section 401(a) and tax-exempt under Section 501(a) of the Internal Revenue Code of 1986, as amended. Effective on April 1, 2022, Wells Fargo resigned as Trustee, and SEI Trust Company assumed trusteeship of the Trust which became Allspring Collective Investment Trust. As trustee, SEI Trust Company may make certain amendments to the Declaration of Trust as it deems appropriate. The Fund seeks to provide investors with a moderate level of stable income without principal volatility. There is no assurance that the Fund will achieve its objective. As of December 31, 2022, the contract value of the investment in the Galliard Stable Return Fund was \$3,991,452.

As of December 31, 2021, the Plan held assets in the Wells Fargo Stable Return Fund N, which had invested all of its assets in Wells Fargo Stable Return Fund G, a collective trust fund sponsored by Wells Fargo Bank, N.A. The value of this investment is based on the underlying unit value reported by Wells Fargo Stable Return Fund G, as a practical expedient. This unit value represents contract value which does not differ materially from fair value. As of December 31, 2021, the contract value of the investment in the Fund was \$3,299,756. As of December 31, 2021, the Wells Fargo Stable Return Fund N held a 17.03% ownership interest in Wells Fargo Stable Return Fund G.

As of December 31, 2021, the Wells Fargo Stable Return Fund G invested in investment contracts and security-backed contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics as a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee (wrapper) provided by a third party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract value at maturity.

There are several specific risks to investment contracts. One of the primary risks involved is credit risk of the contract issuer. Credit risk for security-backed contracts includes risks arising from the potential inability of the issuer to meet the terms of the contract wrapper and the potential default of the underlying fixed-income securities. Secondly, liquidity is limited because of the unique characteristics of investment contracts and the absence of an actively traded secondary market. Interest rate risk is also present because rates may be fixed with these products.

(1) Summary of Significant Accounting Policies, Continued

(d) Investment Valuation and Income Recognition, Continued

The Plan presents in the statements of changes in net assets available for plan benefits the net appreciation (depreciation) in the value of its investments which consists of realized gains or losses and the unrealized appreciation (depreciation) on investments held at year-end. Certain investment fees are charged to the individual funds in the Plan and are included in the net appreciation (depreciation) in the fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. There are no unfunded commitments as of December 31, 2022 and 2021.

(e) Notes Receivable From Participants

Notes receivable from participants are valued at unpaid principal balance plus any accrued but unpaid interest.

(f) Payment of Benefits

Benefits are recorded as expense when paid.

(2) Description of Plan

The following description of the Plan provides only general information. Participants in the Plan should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan became effective on January 1, 1989 as a profit sharing 401(k) salary deferred thrift plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is sponsored by G & B Oil Company, Inc. (the "Company"). The Plan covered all full-time employees of the Company who had attained one year of service and age twenty-one. Effective September 1, 2012, the eligibility conditions of the Plan were amended to permit elective deferrals and matching contributions upon completion of 250 hours of service within the 90-day time period following the date of hire. The Plan was also amended to include an automatic deferral feature equal to 4% of compensation. The automatic deferral amount will increase each plan year by 1%, up to a maximum of 12%. On June 1, 2017, the Plan added a Roth option for participants who are eligible to receive a discretionary matching contribution.

(2) Description of Plan, Continued

(b) Contributions

Each year, participants can elect to defer a percentage of their compensation into the Plan, not to exceed a dollar limit set by law. The Company has elected to contribute 50% of participating employees' contributions, not to exceed 6% of the participant's salary. This election is made annually.

The Company can also elect on an annual basis to make a special discretionary contribution equal to a percentage of each participant's compensation. During 2022 and 2021, the Company did not elect to make a discretionary contribution.

Participants can deposit "rollovers" (distributions from other qualified plans) into the Plan.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution, plan earnings, and administrative expenses and, at the discretion of the Plan administrator, forfeitures of terminated participants' nonvested accounts. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are 100% vested in their salary reduction and rollover contributions to the Plan. Vesting in the Company's matching and discretionary contribution portion of their accounts is based on their years of continuous service. Effective January 1, 2002, vesting for matching contributions begins in the second year of service and vests at the rate of 20% per year so that participants are 100% vested after six years of service.

(e) Investment Options

Participants are able to select from numerous mutual funds and a stable value investment fund in which their contributions are invested. Investment options are periodically changed based on the performance of the investments.

(f) Payment of Benefits

Generally, participants become eligible to receive benefits on their normal retirement age (65), death, disability, termination of employment, or reasons of proven financial hardship. Participants may receive 100% of their vested account balance in a variety of annuity options or a lump sum.

Effective February 1, 2013, the Plan was amended to allow post-severance or minimum distributions in excess of \$5,000 to be distributed as a lump sum, in installments, on an ad-hoc basis or through an alternative annuity.

(2) Description of Plan, Continued

(g) Notes Receivable from Participants

Participants can borrow from their fund accounts limited to the lesser of: 1) \$50,000, reduced by the excess, if any, of the highest outstanding balance of notes from the Plan during the one-year period prior to the date of the note over the current outstanding balance of loans; or 2) 50% of their vested account balance. Notes receivable are treated as transfers between the investment fund and the note fund. Generally, note terms range from 5 to 10 years. The notes are secured by the balance in the participant's account. Interest rates ranged between 4.25% to 7.25% on loans outstanding as of December 31, 2022. Principal and interest are typically paid ratably through payroll deductions. Interest income on notes receivable from participants totaled \$4,676 and \$7,335 during 2022 and 2021, respectively.

(h) Forfeited Accounts

As of December 31, 2022 and 2021, there were \$4,547 and \$0, respectively, of forfeited nonvested accounts. These forfeitures will be used to reduce the Plan's ordinary and necessary administrative expenses or matching contributions. In 2022 and 2021, Plan expenses were reduced by \$731 and \$1,631, respectively, from forfeited nonvested accounts. During 2022 and 2021, employer matching contributions were reduced by \$10,990 and \$12,272, respectively, from forfeited non-vested accounts.

(3) Administrative Expenses

Administrative expenses include primarily trustee, agency and loan fees. The Company paid for various other administrative expenses on behalf of the Plan for 2022 and 2021, which are not included in the statements of changes in net assets available for plan benefits.

(4) Federal Income Taxes

The Plan's custodian has received a letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the form of the prototype Plan which the Company has adopted is acceptable under the applicable requirements of the Internal Revenue Code (the "Code") for use by employers for the benefit of their employees. The Plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable provisions of the Code.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. No provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

(6) Investments and Fair Value Measurements

The following information represents the fair value of investments and investment return as certified by the custodians. The Plan's investments are reported at fair value in the accompanying statements of net assets available for plan benefits as follows:

(7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

(8) Reconciliation to Form 5500

The accompanying statements of net assets available for plan benefits (reported in accordance with accounting principles generally accepted in the United States of America) reconcile to the Form 5500 as follows:
