Steptoe & Johnson LLP 401(k) Profit Sharing Plan
Washington, D.C.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Steptoe & Johnson, LLP 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022, and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule H, Line 4i - Schedule of Assets (Held at End of Year)) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

1. Description of the Plan

The following description of the Steptoe & Johnson LLP (the Firm) 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan designed to provide employees with additional security for retirement or future financial needs, to strengthen their interest in the Firm's progress and success, and to assist the Firm in attracting and retaining capable and outstanding personnel. The Plan became effective as of January 1, 1992, and was most recently amended and restated effective January 1, 2021. The Plan was originally established as the Steptoe & Johnson LLP 401(k) Retirement Plan. All employees other than summer associates, interns, nonresident aliens who receive earned income from sources within the United States, leased employees and employees in offices outside of the United States (except for full equity partners who are U.S. citizens) are eligible to participate in the Plan. Employees are eligible to participate in the Plan as of the first of the month following a three-month period of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is administered by a Plan Administrator who is appointed by the Executive Committee of the Firm. All funds and investments owned by the Plan are held in trust by the trustee of the Plan. Participants have the authority to exercise control over the acquisition and disposition of investments in their own account, subject to the rules and procedures prescribed by the Plan Administrator. Therefore, all investment income and losses resulting from self-directed investments affect only the applicable participant's account.

Trustee, custodian and administration of the Plan

The primary trustee is Charles Schwab Trust Bank and the custodian and recordkeeper of the Plan is Charles Schwab Retirement Plan Services, Inc. (collectively Charles Schwab). The administrator of the Plan is the Firm. Charles Schwab holds substantially all assets of the Plan in accordance with the service provider contract with the Firm. There are also other assets held by a separate entity, First State Trust Company (First State). The Investment Oversight Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Eligible employees may contribute up to the maximum allowed by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). The Plan allows for profit-sharing contributions. Prior to January 1, 2019, contributions by the Firm were not permitted by the provisions of the Plan.

The Firm will contribute a profit-sharing contribution not to exceed 7.5% of each participant's eligible compensation for that portion of the year in which the employee is a participant and an additional discretionary matching contribution of 5.7% of the eligible compensation in excess of the taxable wage base (as determined in the IRC), subject to IRC limitations. The Plan also provides for a separate profit-sharing contribution and allocation pools for independently established classifications of employees or partners who are participants in the Plan.

Steptoe & Johnson LLP 401(k) Profit Sharing Plan

Notes to the Financial Statements

Participant accounts

Each participant's account is credited with the participant contributions, including amounts rolled over from other qualified plans, employer contributions, and Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately and fully vested in all contributions.

Notes receivable from participants

Each participant may borrow from his or her account a minimum of \$1,000 up to a maximum equal to the lesser of (i) 50% of the participant's account balance in the Plan, or (ii) \$50,000 reduced by the excess of the highest outstanding balance of all notes to the participant during the previous twelve months under all of the firm's profit-sharing plans over the outstanding note balance on the date of the new note. Additionally, the Plan limits the number of loans that a participant may have outstanding at one time to 6 loans. The notes are secured by up to 50% of the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates in effect at the date the notes were made. Note terms range from one to five years or up to thirty years for the purchase of a primary residence. Principal and interest are generally made through payroll deductions or direct payments by the note holder. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the IRC.

Payment of benefits

Generally, upon the earlier of termination of service, total and permanent disability, attainment of age 59½, or death, participants are entitled to receive benefits. Payments are provided in cash or in-kind, in a lump sum. Distributions may be deferred up until the normal retirement date. However, payments must begin no later than the April 1st following the calendar year in which the participant attains age 70.5 years. In November 2022, the Plan was amended, effective January 1, 2020, benefits of a Participant who is a 5% owner and who has attained age 72 shall be distributed a lump sum made no later than April 1st of the following calendar year. In this situation, the participant may continue to defer distributions from the Plan until his or her employment terminates. Participants may elect to withdraw from their vested accounts in the event of proven financial hardships.

2. Summary of Significant Accounting Policies

Basis of accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Steptoe & Johnson LLP 401(k) Profit Sharing Plan

Notes to the Financial Statements

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan's Investment Oversight Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for further information related to fair value measurements.

Purchases and sales of securities are generally recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Administrative expenses shown in the accompanying financial statements include trustee charges for direct brokerage fees, additional account statements, and fees associated with notes receivable from participants. These fees are charged to the individual account where incurred. During the year ended December 31, 2022, the trustees charged individual participant accounts an annual maintenance fee for certain high-maintenance assets or for any assets held by an outside broker. The trustees also had the option of deducting quarterly fees from the accounts of participants who retired or terminated employment with the Firm prior to age 62. All other administrative expenses are paid by the Firm.

3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab, a qualified institution, has certified that

Steptoe & Johnson LLP 401(k) Profit Sharing Plan

Notes to the Financial Statements

the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate. First State investment information is not certified.

- Investments totaling \$335,972,969 and \$416,406,416, as of December 31, 2022 and 2021, respectively, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment income totaling \$11,448,653 for the year ended December 31, 2022, and interest income on notes receivable from participants totaling \$77,915, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment information totaling \$337,622,782 included in the schedule of assets (held at end of year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule are in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification No. 820, *Fair Value Measurement Disclosure* are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Steptoe & Johnson LLP 401(k) Profit Sharing Plan

Notes to the Financial Statements

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money market funds: Valued at amortized cost, which approximates fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: The Plan's investments in the self-directed brokerage accounts are reported at fair value. These investments are shares of mutual funds and money market funds which are described above.

Partnership interests: Valued using the closing price reported on the active market on which the partnership trades or information derived from the various income tax filings and other information for each partnership.

Collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The collective trust funds are direct filing entities and there are no unfunded commitments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022

Notes to the Financial Statements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of December 31, 2022 and 2021, respectively, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value 2022	Fair Value 2021	Principal valuation Technique	Unobservable Inputs	Weighted Average
Partnership interests	\$ 321,460	\$ 295,164	Capital account balance	Capital account balance	N/A

Valuation process for Level 3 instruments

The Plan's Investment Oversight Committee performs on-going due diligence of the funds which may include the use of third-party pricing sources or appraisers. In substantiating the reasonableness of the pricing data provided by third parties, the Plan's Investment Oversight Committee evaluates a variety of factors including review of methods and assumptions used by external sources, recently executed transactions, existing contracts, economic conditions, industry and market developments, and overall credit ratings. There were no changes in valuation techniques noted for 2022 and 2021.

5. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Charles Schwab and First State. Charles Schwab and First State are the trustees and recordkeepers for the Plan and, therefore, these transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA. Notes receivable from participants are also exempt party-in-interest transactions. The Plan Sponsor pays any other fees related to the Plan's operations.

6. Income Tax Status

The IRS has determined and informed the Firm by a letter dated January 25, 2016 that the Plan and related trust are designed in accordance with the applicable sections of the IRC and, therefore, are exempt from income taxes. As a qualified plan, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Operational Defect

During the year ended December 31, 2022, the Plan's management determined that per the Steptoe & Johnson LLP 401(k) Profit Sharing Plan Amended and Restated definition of compensation for participant and employer contributions was not consistent with the definition of compensation in the Summary Plan Description. Accordingly, the Plan was operating using two different definitions of compensation for the purpose of calculating contribution amounts. The Plan Administrator is working to correct and amend the Plan, as needed, in order to properly align and define the definition of compensation. The Plan Administrator determined the affected participants and is

Notes to the Financial Statements

working with legal counsel to self-correct this operational qualification failure under the IRS's Employee Plans Compliance Resolution System (EPCRS). The Firm does not expect the compliance matter to affect the Plan's tax status.

8. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

9. Plan Termination

Although it has not expressed any intent to do so, the Firm has the right under the Plan to reduce or discontinue contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

10. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 13, 2023 the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements, except as described in Note 7.
