UPM-Kymmene Salaried Employees
401(k) Retirement Plan
Naperville, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of UPM-Kymmene Salaried Employees 401(k) Retirement Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of UPM-Kymmene Salaried Employees 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of UPM-Kymmene Salaried Employees 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about of UPM-Kymmene Salaried Employees 401(k) Retirement Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of UPM-Kymmene Salaried Employees 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about UPM-Kymmene Salaried Employees 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for its Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

UPM-Kymmene Salaried Employees 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 1: Description of the Plan

The following brief description of UPM-Kymmene Salaried Employees 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Blandin Paper Company and UPM-Kymmene (collectively, the Company) who are not covered by a collective bargaining agreement. Nonresident aliens and leased employees are also excluded from participation. It is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation.

Contributions

Each year, participants may contribute up to 90% of pre-tax annual compensation, as defined by the Plan. Participants may contribute after-tax contributions in lieu of pre-tax contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants have the option to make Roth contributions in addition to pre-tax contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Prior to January 1, 2020, the Company contributed 50% of the first 6% of base compensation that a participant contributed to the Plan. The Company also made retirement contributions equal to 7% of each participant's compensation and could make a discretionary profit-sharing contribution.

Effective January 1, 2020, the Plan was amended to include a safe harbor matching contribution of 100% of the first 4% of the compensation that a participant contributes to the Plan, and 50% of the compensation contributed to the Plan that exceeds 4% but does not exceed 6%. Additionally, the retirement contribution was amended to be equal to 5% of each participant's compensation.

In addition, the Company makes retiree medical subsidy contributions of a fixed dollar amount. Newly hired employees are eligible to participate immediately and are automatically enrolled in the Plan at a rate of 6% of eligible pre-tax compensation after 30 days of employment unless they elect to opt out or elect a deferral percentage.

Effective January 1, 2021, the Plan was amended to decrease the contribution limit from 90% to 75% of pre-tax annual compensation, as defined by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company-matching contribution and allocations of Company discretionary contributions, and plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on account

balances or compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

Prior to January 1, 2020, vesting in the Company's matching and discretionary profit-sharing contribution portions of their accounts was based on years of continuous service. A participant was 100% vested upon termination of the Plan or after four years of credited service or upon disability, retirement, death or attaining the earlier of age 55 and five years of service or age 65.

Participants who have been either voluntarily or involuntarily terminated as a result of the closure of Paper Machine #5 at Blandin Paper Company occurring on or after January 1, 2018, but prior to December 31, 2018, or participants who have been either voluntarily or involuntarily terminated on or after July 31, 2018, but prior to December 31, 2018, as a result of the Company's reorganization of its customer service and order processing functions, shall be fully vested regardless of their completed years of service in the UPM-Kymmene, Inc. Salaried Employees 401(k) Retirement Plan.

Effective January 1, 2020, participants are immediately vested in safe harbor and employer-matching contributions. Vesting in the Company's discretionary profit-sharing contribution portion of their accounts is based on years of continuous service. A participant is 100% vested upon termination of the Plan or after four years of credited service or upon disability, retirement, death or attaining the earlier of age 55 and five years of service or age 65.

Investment Options

Upon enrollment in the Plan, participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 6.50% at December 31, 2022, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through withdrawals from participants' personal bank accounts.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installment payments or an annuity as provided by the Plan.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$23,161 and \$34,002, respectively. These accounts will be used to reduce plan expenses or Company contributions. During 2022 and 2021, forfeited nonvested accounts of \$34,002 and \$29,116, respectively, were used to reduce Company contributions. In addition, forfeited nonvested accounts totaling \$2,124 and \$500 were used to pay plan expenses during 2022 and 2021, respectively.

Note 2: Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of net assets, changes in net assets, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments in the insurance company pooled separate accounts held with Minnesota Life Insurance Company (Minnesota Life) are reported at the net asset value (NAV) of units held as a practical expedient to estimate fair value. The NAV is based on the fair value of underlying investments held by each fund less its liability. There are no participant redemption restrictions for these investments and participant redemptions are allowed daily. A redemption notice period is applicable only at the plan level. There are no unfunded commitments at December 31, 2022 and 2021.

Fully benefit-responsive investment contracts are reported at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

**UPM-Kymmene Salaried Employees
401(k) Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021**

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through deductions from participants' personal bank accounts and any default essentially becomes a taxable distribution to the participant.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative and transaction costs paid by the Plan are recognized as incurred. Investment advisor and management fees are netted against the net appreciation (depreciation) in fair value of investments. Certain other administrative expenses are paid by the Company on behalf of the Plan.

Note 3: Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

At December 31, 2022 and 2021, the Plan does not have any assets or liabilities that are measured on a recurring or nonrecurring basis at fair value based upon inputs as defined within the fair value hierarchy.

401(k) Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021**

Note 4: Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Minnesota Life Insurance Company, a qualified institution, has certified the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021
- Investment income components and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021
- Investment information and notes receivable from participants included in the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2022

The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified investment information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 5: Party-in-Interest Transactions

Certain plan investments are managed by Minnesota Life. Minnesota Life is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for administrative services amounted to \$9,044 and \$4,260 for the years ended December 31, 2022 and 2021, respectively.

Certain employees of the Company provide administrative services for the Plan and the Company is not reimbursed for their services from the Plan.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

**UPM-Kymmene Salaried Employees
401(k) Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021**

Note 7: Investment Contract With Insurance Company

The Plan entered into a fully benefit-responsive group annuity contract with Minnesota Life. Minnesota Life maintains the contributions in an unallocated fund. The account is increased with earnings on the underlying investments and decreased for plan withdrawals and administrative expenses charged by Minnesota Life. The group annuity contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract is fully benefit responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by Minnesota Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype defined contribution plan sponsored by Minnesota Life. This prototype plan document has been filed with the appropriate agency and the sponsor has obtained an opinion letter from the Internal

**UPM-Kymmene Salaried Employees
401(k) Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021**

Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt as of the financial statement date.

Note 10: Subsequent Events

Subsequent events have been evaluated through October 13, 2023, which is the date the financial statements were available to be issued.
