INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
ISO New England Inc. Supplemental Retirement and Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of ISO New England Inc. Supplemental Retirement and Savings Plan, (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of ISO New England Inc. Supplemental Retirement and Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ISO New England Inc. Supplemental Retirement and Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ISO New England Inc. Supplemental Retirement and Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ISO New England Inc. Supplemental Retirement and Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ISO New England Inc. Supplemental Retirement and Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SUPPLEMENTAL RETIREMENT AND SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

1. DESCRIPTION OF PLAN:

The following brief description of the ISO New England Inc. Supplemental Retirement and Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by ISO New England Inc. (the "Company") established under Sections 401(a) and 401(k) of the Internal Revenue Code. The Plan covers all eligible employees of the Company, as defined in the Plan document, who choose to participate in the Plan. An employee is eligible to participate in the Plan on any employee pay date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Trustee has sole responsibility for management of the assets held by the Plan. The Company has appointed the Vice President, Chief Financial and Compliance Officer and Vice President, Human Resources and Chief People Diversity Officer as the Plan Administrators.

Contributions

Participants can contribute up to 25 percent of their annual compensation, as defined by the Plan, in tax deferred and/or non-tax deferred contributions. The contributions cannot exceed the Internal Revenue Service contribution limit in a calendar year, as adjusted by the Secretary of the Treasury. Additionally, participants over age 50 are eligible to make catch-up contributions, which were limited to \$6,500 during 2022 and 2021. Eligible employees will automatically be enrolled in the Plan and will have elective deferral contributions made to the Plan in the amount of 5% of compensation, unless they have elected not to participate in the Plan. Until the participants elect otherwise, these automatic participant contributions are invested in a Fidelity Freedom Index Fund which is determined based upon the year in which the participant reaches age 65.

In addition, the Company makes a non-discretionary matching contribution in an amount equal to 100% of the first 3% of the participant's eligible compensation and 50% of the next 2% of participant's eligible compensation contributed to the Plan. There is no service requirement for eligibility. Effective January 1, 2023, the Plan was amended to add a true up calculation for matching employer contributions for each Plan year. The Company may, at the discretion of management, make qualified non-elective contributions. No such contributions were made during 2022 and 2021. Contributions are recognized each pay period.

The Company also makes an additional fixed non-elective contribution for those participants hired or rehired on or after January 1, 2014, based upon a fixed percentage of compensation determined by age and years of service.

Participant accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's matching contribution, (b) the Company's fixed non-elective contributions as defined above and, (c) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined. Effective January 1, 2022, the expense structure was changed to a flat quarterly fee. The benefit to which a participant is entitled is the benefit which can be provided from the participant's vested account.

Participants are provided with the option to allocate their contributions into various investment options offered through Fidelity Management Trust Company, a party-in-interest.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

1. DESCRIPTION OF PLAN: (CONTINUED)

Vesting

All participants are immediately 100 percent vested in their voluntary, rollover and qualified non-elective contributions plus earnings thereon. Vesting in the Company matching contribution and additional fixed non-elective contributions portion of the individual participant's accounts are based on the following schedule:

<u>Years of service</u>	<u>Percentage</u>
0	0 percent
1	20 percent
2	40 percent
3	60 percent
4	80 percent
5 or more	100 percent

Forfeitures

A forfeiture is a loss of all or a portion of the Company contributions and earnings thereon allocated to an account of a participant separating from service before becoming 100 percent vested. The nonvested portion of the account represents the forfeitures which are used to reduce future Company matching contributions. During 2022 and 2021, forfeitures of \$125,556 and \$215,773, respectively, were used to reduce Company matching contributions. As of December 31, 2022 and 2021, forfeitures of \$53,909 and \$38,182 respectively, were available to offset future company matching contributions.

Notes receivable from participants

A loan feature is available to participants and permits borrowing up to 50 percent of the participant aggregate vested account balance not to exceed \$50,000 and subject to a \$1,000 minimum. All participant loans are evidenced by a promissory note executed by the participant who has taken the loan. Loans shall bear interest at a rate determined by the Plan administrator based on a local bank's prime rate adjusted periodically. Interest rates ranged between 4.25% and 8.00% for loans outstanding during 2022. Interest rates ranged between 4.25% and 6.5% for loans outstanding during 2021. Principal and interest is paid through payroll deductions.

SECURE 2.0 Act of 2022

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022, to increase retirement savings, improve retirement rules, and lower employer costs of setting up a retirement plan. Plan amendments required by the Act generally need not to be made until the end of the first plan year beginning on or after January 1, 2025, however, plans must operate in accordance with effective date of each new provision.

Major provisions of this Act that may effect the Plan include:

- Increases in the required minimum distribution age from 72 to 73, beginning in 2023.
- Catch up contributions for any participants over age 50 who earn over \$145,000 will be required to be made on a Roth basis beginning in 2026.
- The limit for mandatory cash outs will be raised from \$5,000 to \$7,000.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price).

The Plan administrator is responsible for determining the Plan's valuation policies and analyzing information provided by the investment advisors and record keeper that is used to determine the fair value of the Plan's investments. See Note 3 for further discussion of fair value measurements.

In accordance with the policy of stating investments at market value, net unrealized appreciation (depreciation) in fair value is reflected in the statements of changes in net assets available for benefits. The net appreciation (depreciation) in the fair value of its investments consists of realized gains or losses and unrealized appreciation (depreciation) on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest and other investment income is recorded as earned on an accrual basis.

Notes receivable from participants

Notes receivable from participants are recorded at their unpaid balance plus any accrued but unpaid interest. Since the participant's remaining vested investment balance is sufficient to cover the outstanding loan amount, there is no allowance for doubtful accounts at December 31, 2022 and 2021. Interest is calculated and included in the repayment terms of the loan when the loan is initiated and is recognized with the amortization of the loan as each payment is remitted. Loans are monitored for repayment under the original loan terms and defaulted when active participants cease payments past the allowed grace period. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. For terminated participants, once a distribution is requested, the outstanding loan balance will be netted against the remaining vested investment balance.

Distribution of benefits

On termination of service due to death, disability, retirement or termination of employment, or in the event of hardship, a participant (or in the event of death, a designated beneficiary) may receive the vested accrued benefit credited to his or her account in a lump-sum or installments to be paid after any valuation date following the date of service termination. A participant may elect to defer payment of a benefit until April 1 following the year that the participant reaches age 70 1/2. Benefits are recorded when paid.

DECEMBER 31, 2022 AND 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Use of estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements, the changes in net assets available for benefits during the reporting period and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the report period. Accordingly, actual results could differ from those estimates.

Risks and uncertainties

The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. FAIR VALUE MEASUREMENTS:

The Plan follows established guidelines for a fair value hierarchy that prioritizes the inputs used to measure fair value. An asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. This hierarchy prioritizes the inputs into three broad levels as follows:

Level 1	Quoted prices (unadjusted) in active markets for identical assets or liabilities. Market price is generally obtained from exchange or dealer markets.
Level 2	Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Inputs are obtained from various sources including market participants, dealers and brokers.
Level 3	Unobservable inputs that are supported by little or no market activity as they trade infrequently or not at all and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2022 and 2021.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds (including self-directed brokerage accounts): Valued at their daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are valued at the closing price recorded in the active market in which these individual securities are traded.

**ISO NEW ENGLAND INC.
SUPPLEMENTAL RETIREMENT AND SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

3. FAIR VALUE MEASUREMENTS: (CONTINUED)

Common collective trust fund: Valued at the daily closing price as reported by the fund. The common collective trust is administered by Fidelity Management Trust Company and is registered with the Securities and Exchange Commission. This fund is valued at the closing price recorded on the active market in which this fund is traded (see Note 4).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Fair Value Measurements at December 31, 2022				
	Total Fair Value	Level 1	Level 2	Level 3
Investments at fair value:				
Mutual funds	\$ 199,013,127	\$ 199,013,127	\$ -	\$ -

4. INVESTMENT IN COMMON TRUST:

The Fidelity Managed Income Portfolio is a common collective trust administered by Fidelity Management Trust Company ("Fidelity"). The fund invests primarily in guaranteed investment contracts (GIC's). Fidelity maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fund is included in the financial statements at fair value based upon the closing price as reported by the fund. The fair value of the contract represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

**ISO NEW ENGLAND INC.
SUPPLEMENTAL RETIREMENT AND SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

4. INVESTMENT IN COMMON TRUST: (CONTINUED)

The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan and is not permitted to terminate the agreement prior to the scheduled maturity date. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting rate was 2.55% and 1.65% for 2022 and 2021, respectively. Such interest rates are reviewed on an annual basis for resetting.

There are no participant directed redemption restrictions on this fund; however, non-participant directed redemptions must be preceded by twelve months written notice to the Trustee.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events may include but are not limited to: fund administration amendment or changes, merger or consolidation of investors, group termination or layoffs, implementation of an early retirement program, termination or partial termination of the fund, failure to meet certain tax qualifications and plan sponsor withdrawals without appropriate notice to the fund and/or issuer.

5. PLAN TERMINATION:

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue, terminate, amend, or modify the Plan subject to the provisions of the ERISA. In the event the Plan terminates, participants become 100 percent vested and the Trustee will distribute to each participant the full balance of the participant's account in a single lump sum.

6. PLAN TAX STATUS:

The Internal Revenue Service has determined, and informed the Company by a letter dated June 30, 2020, the Plan and related trust, as then designed, were in compliance with the applicable provisions of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan and its underlying trust are currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

7. ADMINISTRATIVE EXPENSES:

All expenses incurred in the administration of the Plan are charged to and paid by the Company. The Plan is responsible for investment fees, as disclosed in Note 8, associated with the various investment options.

**ISO NEW ENGLAND INC.
SUPPLEMENTAL RETIREMENT AND SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

8. RELATED PARTY TRANSACTIONS:

Section 3(14) of the ERISA defines a party-in interest to include, among other things, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the Plan's investment options of mutual funds managed by Fidelity Management Trust Company, an affiliate of the Trustee, are considered party-in-interest transactions. The administrative and investment fees paid by the Plan to Fidelity Management Trust Company amounted to \$126,758 and \$27,456 in 2022 and 2021, respectively. Certain other fees paid by the Plan in 2021 for investment management services were included in net appreciation (depreciation) in the fair value of the investment, as they are paid through revenue sharing rather than a direct payment. Effective January 1, 2022, the expense structure was changed to a flat quarterly fee.

The Plan utilized a third party to provide investment advice under ERISA section 3(21) through June 23, 2021. Effective June 24, 2021, this third party changed to an investment manager under ERISA section 3(38).

9. INFORMATION CERTIFIED BY THE TRUSTEE:

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Fidelity Management Trust Company, the Trustee of the Plan's assets, certified to the Plan administrator the fair value and physical custody of investments and investment transactions to be complete and accurate as of and for the years ended December 31, 2022 and 2021, and investments and participant loans included in the statements of net assets available for benefits, and interest and dividend income and net appreciation (depreciation) in fair value of investments included in the statements of changes in net assets available for benefits; and the information contained in Notes 3 and 4 regarding investments and the type of investments held and information included in the supplemental schedule of assets (held at end of year) as of December 31, 2022.

10. SUBSEQUENT EVENTS:

Management has evaluated subsequent events through September 25, 2023, the date on which the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
ISO New England Inc. Supplemental Retirement and Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of ISO New England Inc. Supplemental Retirement and Savings Plan, (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of ISO New England Inc. Supplemental Retirement and Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ISO New England Inc. Supplemental Retirement and Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ISO New England Inc. Supplemental Retirement and Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ISO New England Inc. Supplemental Retirement and Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ISO New England Inc. Supplemental Retirement and Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SUPPLEMENTAL RETIREMENT AND SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

1. DESCRIPTION OF PLAN:

The following brief description of the ISO New England Inc. Supplemental Retirement and Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by ISO New England Inc. (the "Company") established under Sections 401(a) and 401(k) of the Internal Revenue Code. The Plan covers all eligible employees of the Company, as defined in the Plan document, who choose to participate in the Plan. An employee is eligible to participate in the Plan on any employee pay date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Trustee has sole responsibility for management of the assets held by the Plan. The Company has appointed the Vice President, Chief Financial and Compliance Officer and Vice President, Human Resources and Chief People Diversity Officer as the Plan Administrators.

Contributions

Participants can contribute up to 25 percent of their annual compensation, as defined by the Plan, in tax deferred and/or non-tax deferred contributions. The contributions cannot exceed the Internal Revenue Service contribution limit in a calendar year, as adjusted by the Secretary of the Treasury. Additionally, participants over age 50 are eligible to make catch-up contributions, which were limited to \$6,500 during 2022 and 2021. Eligible employees will automatically be enrolled in the Plan and will have elective deferral contributions made to the Plan in the amount of 5% of compensation, unless they have elected not to participate in the Plan. Until the participants elect otherwise, these automatic participant contributions are invested in a Fidelity Freedom Index Fund which is determined based upon the year in which the participant reaches age 65.

In addition, the Company makes a non-discretionary matching contribution in an amount equal to 100% of the first 3% of the participant's eligible compensation and 50% of the next 2% of participant's eligible compensation contributed to the Plan. There is no service requirement for eligibility. Effective January 1, 2023, the Plan was amended to add a true up calculation for matching employer contributions for each Plan year. The Company may, at the discretion of management, make qualified non-elective contributions. No such contributions were made during 2022 and 2021. Contributions are recognized each pay period.

The Company also makes an additional fixed non-elective contribution for those participants hired or rehired on or after January 1, 2014, based upon a fixed percentage of compensation determined by age and years of service.

Participant accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's matching contribution, (b) the Company's fixed non-elective contributions as defined above and, (c) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined. Effective January 1, 2022, the expense structure was changed to a flat quarterly fee. The benefit to which a participant is entitled is the benefit which can be provided from the participant's vested account.

Participants are provided with the option to allocate their contributions into various investment options offered through Fidelity Management Trust Company, a party-in-interest.

SUPPLEMENTAL RETIREMENT AND SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

1. DESCRIPTION OF PLAN: (CONTINUED)

Vesting

All participants are immediately 100 percent vested in their voluntary, rollover and qualified non-elective contributions plus earnings thereon. Vesting in the Company matching contribution and additional fixed non-elective contributions portion of the individual participant's accounts are based on the following schedule:

<u>Years of service</u>	<u>Percentage</u>
0	0 percent
1	20 percent
2	40 percent
3	60 percent
4	80 percent
5 or more	100 percent

Forfeitures

A forfeiture is a loss of all or a portion of the Company contributions and earnings thereon allocated to an account of a participant separating from service before becoming 100 percent vested. The nonvested portion of the account represents the forfeitures which are used to reduce future Company matching contributions. During 2022 and 2021, forfeitures of \$125,556 and \$215,773, respectively, were used to reduce Company matching contributions. As of December 31, 2022 and 2021, forfeitures of \$53,909 and \$38,182 respectively, were available to offset future company matching contributions.

Notes receivable from participants

A loan feature is available to participants and permits borrowing up to 50 percent of the participant aggregate vested account balance not to exceed \$50,000 and subject to a \$1,000 minimum. All participant loans are evidenced by a promissory note executed by the participant who has taken the loan. Loans shall bear interest at a rate determined by the Plan administrator based on a local bank's prime rate adjusted periodically. Interest rates ranged between 4.25% and 8.00% for loans outstanding during 2022. Interest rates ranged between 4.25% and 6.5% for loans outstanding during 2021. Principal and interest is paid through payroll deductions.

SECURE 2.0 Act of 2022

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022, to increase retirement savings, improve retirement rules, and lower employer costs of setting up a retirement plan. Plan amendments required by the Act generally need not to be made until the end of the first plan year beginning on or after January 1, 2025, however, plans must operate in accordance with effective date of each new provision.

Major provisions of this Act that may effect the Plan include:

- Increases in the required minimum distribution age from 72 to 73, beginning in 2023.
- Catch up contributions for any participants over age 50 who earn over \$145,000 will be required to be made on a Roth basis beginning in 2026.
- The limit for mandatory cash outs will be raised from \$5,000 to \$7,000.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price).

The Plan administrator is responsible for determining the Plan's valuation policies and analyzing information provided by the investment advisors and record keeper that is used to determine the fair value of the Plan's investments. See Note 3 for further discussion of fair value measurements.

In accordance with the policy of stating investments at market value, net unrealized appreciation (depreciation) in fair value is reflected in the statements of changes in net assets available for benefits. The net appreciation (depreciation) in the fair value of its investments consists of realized gains or losses and unrealized appreciation (depreciation) on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest and other investment income is recorded as earned on an accrual basis.

Notes receivable from participants

Notes receivable from participants are recorded at their unpaid balance plus any accrued but unpaid interest. Since the participant's remaining vested investment balance is sufficient to cover the outstanding loan amount, there is no allowance for doubtful accounts at December 31, 2022 and 2021. Interest is calculated and included in the repayment terms of the loan when the loan is initiated and is recognized with the amortization of the loan as each payment is remitted. Loans are monitored for repayment under the original loan terms and defaulted when active participants cease payments past the allowed grace period. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. For terminated participants, once a distribution is requested, the outstanding loan balance will be netted against the remaining vested investment balance.

Distribution of benefits

On termination of service due to death, disability, retirement or termination of employment, or in the event of hardship, a participant (or in the event of death, a designated beneficiary) may receive the vested accrued benefit credited to his or her account in a lump-sum or installments to be paid after any valuation date following the date of service termination. A participant may elect to defer payment of a benefit until April 1 following the year that the participant reaches age 70 1/2. Benefits are recorded when paid.

SUPPLEMENTAL RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Use of estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements, the changes in net assets available for benefits during the reporting period and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the report period. Accordingly, actual results could differ from those estimates.

Risks and uncertainties

The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. FAIR VALUE MEASUREMENTS:

The Plan follows established guidelines for a fair value hierarchy that prioritizes the inputs used to measure fair value. An asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. This hierarchy prioritizes the inputs into three broad levels as follows:

Level 1	Quoted prices (unadjusted) in active markets for identical assets or liabilities. Market price is generally obtained from exchange or dealer markets.
Level 2	Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Inputs are obtained from various sources including market participants, dealers and brokers.
Level 3	Unobservable inputs that are supported by little or no market activity as they trade infrequently or not at all and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2022 and 2021.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds (including self-directed brokerage accounts): Valued at their daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are valued at the closing price recorded in the active market in which these individual securities are traded.

SUPPLEMENTAL RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

3. FAIR VALUE MEASUREMENTS: (CONTINUED)

Common collective trust fund: Valued at the daily closing price as reported by the fund. The common collective trust is administered by Fidelity Management Trust Company and is registered with the Securities and Exchange Commission. This fund is valued at the closing price recorded on the active market in which this fund is traded (see Note 4).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Fair Value Measurements at December 31, 2022				
	Total Fair Value	Level 1	Level 2	Level 3
Investments at fair value:				
Mutual funds	\$ 199,013,127	\$ 199,013,127	\$ -	\$ -

4. INVESTMENT IN COMMON TRUST:

The Fidelity Managed Income Portfolio is a common collective trust administered by Fidelity Management Trust Company ("Fidelity"). The fund invests primarily in guaranteed investment contracts (GIC's). Fidelity maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fund is included in the financial statements at fair value based upon the closing price as reported by the fund. The fair value of the contract represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

ISO NEW ENGLAND INC.
SUPPLEMENTAL RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

4. INVESTMENT IN COMMON TRUST: (CONTINUED)

The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan and is not permitted to terminate the agreement prior to the scheduled maturity date. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting rate was 2.55% and 1.65% for 2022 and 2021, respectively. Such interest rates are reviewed on an annual basis for resetting.

There are no participant directed redemption restrictions on this fund; however, non-participant directed redemptions must be preceded by twelve months written notice to the Trustee.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events may include but are not limited to: fund administration amendment or changes, merger or consolidation of investors, group termination or layoffs, implementation of an early retirement program, termination or partial termination of the fund, failure to meet certain tax qualifications and plan sponsor withdrawals without appropriate notice to the fund and/or issuer.

5. PLAN TERMINATION:

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue, terminate, amend, or modify the Plan subject to the provisions of the ERISA. In the event the Plan terminates, participants become 100 percent vested and the Trustee will distribute to each participant the full balance of the participant's account in a single lump sum.

6. PLAN TAX STATUS:

The Internal Revenue Service has determined, and informed the Company by a letter dated June 30, 2020, the Plan and related trust, as then designed, were in compliance with the applicable provisions of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan and its underlying trust are currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

7. ADMINISTRATIVE EXPENSES:

All expenses incurred in the administration of the Plan are charged to and paid by the Company. The Plan is responsible for investment fees, as disclosed in Note 8, associated with the various investment options.

**ISO NEW ENGLAND INC.
SUPPLEMENTAL RETIREMENT AND SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

8. RELATED PARTY TRANSACTIONS:

Section 3(14) of the ERISA defines a party-in interest to include, among other things, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the Plan's investment options of mutual funds managed by Fidelity Management Trust Company, an affiliate of the Trustee, are considered party-in-interest transactions. The administrative and investment fees paid by the Plan to Fidelity Management Trust Company amounted to \$126,758 and \$27,456 in 2022 and 2021, respectively. Certain other fees paid by the Plan in 2021 for investment management services were included in net appreciation (depreciation) in the fair value of the investment, as they are paid through revenue sharing rather than a direct payment. Effective January 1, 2022, the expense structure was changed to a flat quarterly fee.

The Plan utilized a third party to provide investment advice under ERISA section 3(21) through June 23, 2021. Effective June 24, 2021, this third party changed to an investment manager under ERISA section 3(38).

9. INFORMATION CERTIFIED BY THE TRUSTEE:

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Fidelity Management Trust Company, the Trustee of the Plan's assets, certified to the Plan administrator the fair value and physical custody of investments and investment transactions to be complete and accurate as of and for the years ended December 31, 2022 and 2021, and investments and participant loans included in the statements of net assets available for benefits, and interest and dividend income and net appreciation (depreciation) in fair value of investments included in the statements of changes in net assets available for benefits; and the information contained in Notes 3 and 4 regarding investments and the type of investments held and information included in the supplemental schedule of assets (held at end of year) as of December 31, 2022.

10. SUBSEQUENT EVENTS:

Management has evaluated subsequent events through September 25, 2023, the date on which the financial statements were available to be issued.
