Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB (Form 5500) 2021
v. 201209

Part II Beginning of Year Carryover and Prefunding Balances

	(a) Carryover balance	(b) Prefunding balance
7 Balance at beginning of prior year after applicable adjustments (line 13 from prior year)	0	0
8 Portion elected for use to offset prior year's funding requirement (line 35 from prior year)	0	0
9 Amount remaining (line 7 minus line 8)	0	0
10 Interest on line 9 using prior year's actual return of <u>4.46</u> %	0	0
11 Prior year's excess contributions to be added to prefunding balance:		
a Present value of excess contributions (line 38a from prior year)		5467213
b(1) Interest on the excess, if any, of line 38a over line 38b from prior year Schedule SB, using prior year's effective interest rate of <u>5.67</u> %		309991
b(2) Interest on line 38b from prior year Schedule SB, using prior year's actual return		0
c Total available at beginning of current plan year to add to prefunding balance		5777204
d Portion of (c) to be added to prefunding balance		
12 Other reductions in balances due to elections or deemed elections	0	0
13 Balance at beginning of current year (line 9 + line 10 + line 11d – line 12)	0	0

Part III Funding Percentages

14 Funding target attainment percentage	14	112.95 %
15 Adjusted funding target attainment percentage	15	112.95 %
16 Prior year's funding percentage for purposes of determining whether carryover/prefunding balances may be used to reduce current year's funding requirement	16	106.72 %
17 If the current value of the assets of the plan is less than 70 percent of the funding target, enter such percentage	17	%

Part IV Contributions and Liquidity Shortfalls**18** Contributions made to the plan for the plan year by employer(s) and employees:

(a) Date (MM-DD-YYYY)	(b) Amount paid by employer(s)	(c) Amount paid by employees	(a) Date (MM-DD-YYYY)	(b) Amount paid by employer(s)	(c) Amount paid by employees
09/12/2023	6000000	0			
Totals ▶			18(b)	6000000	18(c) 0

19 Discounted employer contributions – see instructions for small plan with a valuation date after the beginning of the year:

a Contributions allocated toward unpaid minimum required contributions from prior years	19a	0
b Contributions made to avoid restrictions adjusted to valuation date	19b	0
c Contributions allocated toward minimum required contribution for current year adjusted to valuation date	19c	5477118

20 Quarterly contributions and liquidity shortfalls:

- a** Did the plan have a "funding shortfall" for the prior year? ☐ Yes ☒ No
- b** If line 20a is "Yes," were required quarterly installments for the current year made in a timely manner? ☐ Yes ☐ No
- c** If line 20a is "Yes," see instructions and complete the following table as applicable:

Liquidity shortfall as of end of quarter of this plan year			
(1) 1st	(2) 2nd	(3) 3rd	(4) 4th

Part V Assumptions Used to Determine Funding Target and Target Normal Cost**21** Discount rate:**a** Segment rates:1st segment:

(g) Enter total indirect compensation received by service provider excluding eligible indirect compensation for which you answered "Yes" to element (f). If none, enter -0-.	(h) Did the service provider give you a formula instead of an amount or estimated amount?
			Yes ☐ No ☐	Yes ☐ No ☐		Yes ☐ No ☐

Part I Service Provider Information (continued)

3. If you reported on line 2 receipt of indirect compensation, other than eligible indirect compensation, by a service provider, and the service provider is a fiduciary or provides contract administrator, consulting, custodial, investment advisory, investment management, broker, or recordkeeping services, answer the following questions for (a) each source from whom the service provider received \$1,000 or more in indirect compensation and (b) each source for whom the service provider gave you a formula used to determine the indirect compensation instead of an amount or estimated amount of the indirect compensation. Complete as many entries as needed to report the required information for each source.

(a) Enter service provider name as it appears on line 2	(b) Service Codes (see instructions)	(c) Enter amount of indirect compensation
(d) Enter name and EIN (address) of source of indirect compensation	(e) Describe the indirect compensation, including any formula used to determine the service provider's eligibility for or the amount of the indirect compensation.	
(a) Enter service provider name as it appears on line 2	(b) Service Codes (see instructions)	(c) Enter amount of indirect compensation
(d) Enter name and EIN (address) of source of indirect compensation	(e) Describe the indirect compensation, including any formula used to determine the service provider's eligibility for or the amount of the indirect compensation.	
(a) Enter service provider name as it appears on line 2	(b) Service Codes (see instructions)	(c) Enter amount of indirect compensation
(d) Enter name and EIN (address) of source of indirect compensation	(e) Describe the indirect compensation, including any formula used to determine the service provider's eligibility for or the amount of the indirect compensation.	

Part II Service Providers Who Fail or Refuse to Provide Information

4 Provide, to the extent possible, the following information for each service provider who failed or refused to provide the information necessary to complete this Schedule.

(a) Enter name and EIN or address of service provider (see instructions)	(b) Nature of Service Code(s)	(c) Describe the information that the service provider failed or refused to provide
(a) Enter name and EIN or address of service provider (see instructions)	(b) Nature of Service Code(s)	(c) Describe the information that the service provider failed or refused to provide
(a) Enter name and EIN or address of service provider (see instructions)	(b) Nature of Service Code(s)	(c) Describe the information that the service provider failed or refused to provide
(a) Enter name and EIN or address of service provider (see instructions)	(b) Nature of Service Code(s)	(c) Describe the information that the service provider failed or refused to provide
(a) Enter name and EIN or address of service provider (see instructions)	(b) Nature of Service Code(s)	(c) Describe the information that the service provider failed or refused to provide
(a) Enter name and EIN or address of service provider (see instructions)	(b) Nature of Service Code(s)	(c) Describe the information that the service provider failed or refused to provide

Part III Termination Information on Accountants and Enrolled Actuaries (see instructions)

SCHEDULE H (Form 5500) <small>Department of the Treasury Internal Revenue Service</small> <small>Department of Labor Employee Benefits Security Administration</small> <small>Pension Benefit Guaranty Corporation</small>	Financial Information This schedule is required to be filed under section 104 of the Employee Retirement Income Security Act of 1974 (ERISA), and section 6058(a) of the Internal Revenue Code (the Code). ► File as an attachment to Form 5500.	OMB No. 1210-0110 2021 This Form is Open to Public Inspection
--	--	---

For calendar plan year 2021 or fiscal plan year beginning <u>12/31/2021</u> and ending <u>12/30/2022</u>		
A Name of plan <u>AKZONOBEL RETIREMENT PLAN</u>	B Three-digit plan number (PN) ►	<u>001</u>
C Plan sponsor's name as shown on line 2a of Form 5500 <u>AKZO NOBEL INC.</u>	D Employer Identification Number (EIN) <u>56-1349341</u>	

Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Assets		(a) Beginning of Year	(b) End of Year
a Total noninterest-bearing cash.....	1a	334942	8786
b Receivables (less allowance for doubtful accounts):			
(1) Employer contributions	1b(1)	6000000	6000000
(2) Participant contributions.....	1b(2)		
(3) Other	1b(3)	240046	56886
c General investments:			
(1) Interest-bearing cash (include money market accounts & certificates of deposit)	1c(1)	2048128	0
(2) U.S. Government securities	1c(2)		
(3) Corporate debt instruments (other than employer securities):			
(A) Preferred	1c(3)(A)		
(B) All other	1c(3)(B)		
(4) Corporate stocks (other than employer securities):			
(A) Preferred	1c(4)(A)		
(B) Common	1c(4)(B)	10759	10759
(5) Partnership/joint venture interests	1c(5)	1049948	352425
(6) Real estate (other than employer real property)	1c(6)

(4) Other.....	2i(4)	1337112	
(5) Total administrative expenses. Add lines 2i(1) through (4).....	2i(5)		2619817
j Total expenses. Add all expense amounts in column (b) and enter total.....	2j		13673487
Net Income and Reconciliation			
k Net income (loss). Subtract line 2j from line 2d.....	2k		-46003674
l Transfers of assets:			
(1) To this plan.....	2l(1)		
(2) From this plan.....	2l(2)		

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BAKER TILLY US, LLP**

(2) EIN: **39-0859910**

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.).....

	Yes	No	Amount
4a		X	

	Yes	No	Amount
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)			
4b		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)			
4c		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)			
4d		X	
e Was this plan covered by a fidelity bond?	X		5000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
4f		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4g		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4h		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
4i	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	X		
4j	X		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
4k		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
4l		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
4m		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			
4n			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☒ Yes ☐ No ☐ Not determined
If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year 478816.

SCHEDULE R (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Retirement Plan Information This schedule is required to be filed under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6058(a) of the Internal Revenue Code (the Code). ▶ File as an attachment to Form 5500. Independent Auditors' Report

To the Participants and AkzoNobel Retirement Plan Committee of
AkzoNobel Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of AkzoNobel Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 30, 2022 and 2021, and the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the statement of accumulated plan benefits as of December 30, 2021, and the related Statement of Changes in Accumulated Plan Benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of AkzoNobel Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 30, 2022 and 2021, and for the years ended December 30, 2022 and 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), and Schedule H, Line 4(j) - Schedule of Reportable Transactions as of or for the year ended December 30, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AkzoNobel Retirement Plan

Notes to Financial Statements

December 30, 2022 and 2021

1. Description of Plan

The following description of the AkzoNobel Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory, defined benefit plan established effective December 31, 2008, as restated December 31, 2019. The Plan covers all eligible employees of Akzo Nobel, Inc. (the Company) who have completed 1,000 or more hours of service. If the employee does not complete 1,000 or more hours of service from their date of employment to the first anniversary of such date, such employee shall be eligible to become a participant following the completion of at least 1,000 hours of service during any plan year following the start of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan is administered by the AkzoNobel Retirement Plan Committee (the Committee). The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Investment Committee of the Company.

Plan Freeze

The Plan was closed to all new entrants as of November 30, 2013. Benefit accruals within the Plan freeze in accordance with the applicable supplement and formula. Cash balance participants that have interest credits will continue to increase participant account balances.

Benefit

A vested participant who retires at the normal retirement date (the first day of the month following his or her 65th birthday) and has completed five years of service is entitled to normal retirement benefits in the form of a joint and survivor annuity or, if the participant waives the joint and survivor annuity option, a single life annuity or equal installments over the assumed life expectancy of the participant or over the assumed joint life expectancy of the participant and his or her beneficiary with a 10-year certain option. The monthly amount of the annuity is either determined by a formula times years of credited service, as defined by the Plan, to a maximum of 40 years or a cash balance credit. A lump-sum distribution is available for participants whose present value of benefits is \$5,000 or less.

A participant who has attained the age of 55 and has completed at least 10 years of eligible service may elect early retirement. The annual amount of early retirement benefits is determined as described above for normal benefits, but is reduced by 0.5% for each month by which the date the retirement income commences preceding age 62.

AkzoNobel Retirement Plan

Notes to Financial Statements

December 30, 2022 and 2021

The spouse of a vested participant, upon the death of the vested participant, is entitled to 50% of the benefits that would have been payable to the vested participant. For a participant who is not married, upon the death of the vested participant, a retirement benefit may be paid to the beneficiary in the form of monthly installments.

Effective January 1, 1998, the Plan was converted to a cash balance plan, as defined in the Plan document. Employees participating in the cash balance formula may elect commencement of benefits at any age following termination of employment and the completion of three years of service. The cash balance feature offers the option of an annuity or lump sum upon retirement. Pay credits for the cash balance feature will not be credited after December 31, 2006; however, cash balance interest credits will continue to accrue.

The spouse or other beneficiary of a vested participant who has a cash balance account will be paid 100% of the value of that account in the form of a lump sum. A spouse may instead elect the value in the form of an annuity.

Active employees who become totally disabled and qualify for Social Security Disability and the AkzoNobel Long-Term Disability Plan continue to accrue benefits under some formulas as if their service and annual compensation remained the same as at the time they become disabled until they reach normal retirement age, the formula freeze date, die or recover, whichever occurs earlier.

Vesting

Participants of the Plan vest in the benefits of the Plan according to the specific vesting schedules by plant location, as noted in the plan document.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

AkzoNobel Retirement Plan

Notes to Financial Statements

December 30, 2022 and 2021

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by the Northern Trust Company (Trustee). See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits payments to participants are recorded upon distribution.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments in the statements of changes in net assets available for benefits.

3. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation during each year of credited service. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances, such as retirement, death, disability, and termination of employment, are included, to the extent they are attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

AkzoNobel Retirement Plan

Notes to Financial Statements

December 30, 2022 and 2021

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The computations of the actuarial present value of accumulated plan benefits were made as of December 31, 2020. Had the valuation been performed as of December 30, 2020 there would be no material differences.

The significant actuarial assumptions used in the valuation at December 30, 2021 and December 30, 2020 were as follows:

Assumed Retirement Age: Actives

Age	Retirement Rate
55-61	0.09
62	0.13
63-64	0.20
65-69	0.30
70	1.00

Inactives: Retirement age is assumed to be age 65 or earliest unreduced age for all deferred vested inactives.

	2021	2020
Discount Rate:	2.75%	2.34%
Cash balance interest crediting rate	Select and multiple table of rates beginning at 4.00% and grading linearly to 6.50%	Select and multiple table of rates beginning at 4.00% and grading linearly to 6.50%
Mortality	Pri-2012 Blue Collar Mortality with Scale MP-2021	Pri-2012 Blue Collar Mortality with Scale MP-2021

The change in actuarial assumptions consisted of the update in the discount rate, the update to the mortality projection scale and the change in the interest crediting rate.

AkzoNobel Retirement Plan

Notes to Financial Statements

December 30, 2022 and 2021

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

4. Funding Policy

The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. No participant contributions are permitted. The minimum funding requirements of ERISA were met for 2022 and 2021.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

5. Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations.
3. All other vested benefits (that is, vested benefits not insured by the PBGC).
4. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

AkzoNobel Retirement Plan

Notes to Financial Statements

December 30, 2022 and 2021

6. Information Certified by Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2022 and 2021. Accordingly, the Trustee has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 30, 2022 and 2021, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 30, 2022, and Schedule H, Line 4(j) - Schedule of Reportable Transactions for the year ended December 30, 2022, and the related investment activity reported in the of Changes in Net Assets Available for Benefits for the year ended December 30, 2022.

7. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

AkzoNobel Retirement Plan

Notes to Financial Statements

December 30, 2022 and 2021

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 30, 2022 and 2021.

Government securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

Cash and cash equivalents: Valued at the account balance.

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks or a broker quote if available.

Investments measured at net asset value: Consisting of collective trust funds, valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trusts, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Common stock is valued at the closing price reported on the active markets on which the individual securities are traded.

Hedge fund fair market value is based on the NAV reported by the fund manager as of the financial statement date. The NAV is used as a practical expedient.

AkzoNobel Retirement Plan

Notes to Financial Statements

December 30, 2022 and 2021

Qualified investor funds include the Towers Watson Alternative Credit Fund (ACF Fund), which is a sub-fund of the Towers Watson Investment Management Master Trust Ireland (Trust). The Trust has been authorized as a Qualifying Investor Alternative Investment Fund (QIAIF) regulated by the Central Bank of Ireland. The Trust uses a Master Feeder structure with underlying sub-funds. The assets of each sub-fund belong exclusively to such sub-fund. These funds have an alternative investment strategy to seek an attractive risk-adjusted total return on a medium and long term basis through primarily investing in a portfolio of alternative investment funds and or managed accounts. Each sub-funds' net asset value per share is calculated by dividing the net assets attributable to the holders of each class of redeemable shares with the total number of redeemable shares for each respective class. No investor shall be permitted to redeem their share of the funds for a period of one year following the date on which those shares were subscribed.

Limited partnerships are valued at estimated fair value as determined by the general partner based on the NAV of investment units held by the Plan at year end, which is subject to judgment.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 30, 2022 and 2021:

Assets at Fair Value as of December 30, 2022	Level 1		Level 2		Level 3		Total
Common stock	\$	10,759	\$	-	\$	-	\$ 10,759
Total assets in the fair value hierarchy		10,759		-		-	10,759
Investments measured at net asset value (a)		-		-		-	164,465,175
Total investments at fair value	\$	10,759	\$	-	\$	-	\$164,475,934

AkzoNobel Retirement Plan

Notes to Financial Statements

December 30, 2022 and 2021

Assets at Fair Value as of December 31, 2021	Level 1	Level 2	Level 3	Total
Common stock	\$ 10,759	\$ -	\$ -	\$ 10,759
Cash and cash equivalents	2,048,128	-	-	2,048,128
Total assets in the fair value hierarchy	2,058,887	-	-	2,058,887
Investments measured at net asset value (a)	-	-	-	208,312,613
Total Investments at fair value	\$ 2,058,887	\$ -	\$ -	\$210,371,500

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

(a) The fund is composed of high-grade money market instruments with short-term maturities.

(b) The fund invests in a range of portfolio funds across different strategies. The portfolio funds may invest in or trade in a global range of securities and/or instruments including, but not limited to, leveraged loans, high yield bonds, structured credit, securitized credit, emerging market debt, distressed debt, global government bonds, global investment grade credit, convertible bonds, direct loans, equity and other liquid and illiquid credit strategies.

(c) The funds invest in securities of emerging growth companies seeking capital for expansion, including buyout or recapitalization transactions and other related investing activities.

AkzoNobel Retirement Plan

Notes to Financial Statements

December 30, 2022 and 2021

(d) The fund invests in subordinated debt with attached equity securities in management buyouts, recapitalizations and other similar transactions.

(e) The fund invests primarily in equity capital in growth companies principally in North America.

8. Derivative Instruments

The Plan has limited involvement with derivative financial instruments and does not use them for trading or speculative purposes. As part of an overall portfolio strategy, the Trustee for the Plan uses cash, including cash equivalents and futures contracts to manage exposure to U.S. Treasury securities. Cash equivalents are defined as highly liquid debt instruments maturing within ninety days at the time of purchase. Daily margin settlement for future contract results in maintaining a zero market value for these contracts. Gains and losses attributable to changes in market value are reflected in unrealized and realized gains and losses in the accompanying financial statements. Total net realized and unrealized (losses) attributable to U.S. treasury securities short-term future contracts were \$(54,711) and \$59,060 for the years ended December 30, 2022 and 2021, respectively. As of December 30, 2022 and 2021, the Plan held derivative securities as follows:

	Fair Value 2022	Fair Value 2021	Notional Value 2022	Notional Value 2021
Derivative Assets	\$ -	\$ 3,697,904	\$ -	\$ 3,697,904
Derivative Liabilities	\$ -	\$(3,697,904)	\$ -	\$(3,697,904)

9. Related-Party and Party in Interest Transactions

The Plan's investments are administered under a contract with the Trustee. Contributions are held and managed by the Trustee, who invests cash received, interest and dividend income and makes distributions to participants. These transactions are party in interest transactions under ERISA.

As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. Additionally, certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. These transactions are party in interest transactions under ERISA.

AkzoNobel Retirement Plan

Notes to Financial Statements

December 30, 2022 and 2021

10. Concentrations

The Plan holds certain investments that represent 10% or more of the Plan's net assets available for benefits. As of December 30, 2022 and 2021, the Plan had investments totaling \$125,241,939 and \$170,094,763 that were concentrated in four funds and five funds, respectively.

11. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 10, 2021, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

12. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits. Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

13. Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 13, 2023, the date the financial statements were available to be issued.

The Secure 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

SCHEDULE SB ATTACHMENTS

Coatings Master (Powder)	See Plan Provisions
-------------------------------------	---------------------

All Others	Not applicable
-------------------	----------------

Methods

Valuation date	First day of plan year
-----------------------	------------------------

Funding target	Present value of accrued benefits as required by regulations under IRASOC §430.
-----------------------	---

Target Normal Cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year as required by regulations under IRC §430.
---------------------------	---

Actuarial value of assets	<p>“Smoothing” – Average of market values (adjusted for contributions, benefit/expense payments, and expected investment returns) as of the valuation date and prior two valuation dates. Asset values can be no less than 90% of fair market value and no more than 110% of fair market value, including discounted contributions receivable for the prior plan year (discounted using the effective interest rate for the 2020 plan year).</p>
----------------------------------	--

The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets

Benefits Not Valued

All benefits were valued except those described as not valued in the Plan Provisions section.

Assumptions Rationale – Significant Economic Assumptions

Discount Rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
----------------------	--

Cash Balance Interest Crediting rate	The cash balance interest crediting rate (ICR) is based on the 10-year Treasury rate, subject to a minimum (floor) of 4.00% for the AkzoNobel

Valuation Date:	December 31, 2021

SCHEDULE SB ATTACHMENTS

Retirement Plan (RAP Salaried Plan). The long-term assumption for 10-year Treasury rates is 4.75% and has been set by the Company based on a projection of future market rates. The resulting assumption is a select and ultimate table of rates which reflects both current conditions and expected future conditions. We believe that the selected assumption does not significantly conflict with other economic assumptions used.

Lump sum conversion rate

The lump sum interest rates are set equal to the segment rates as required by IRC §430.

Assumptions Rationale – Significant Demographic Assumptions

Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Employee Turnover Termination	Termination rates were updated based on the results of an experience study conducted in 2021, with annual consideration of whether any conditions have changed that would be expected to produce different experience in the future.
Retirement	Retirement rates were updated based on the results of an experience study conducted in 2021, with annual consideration of whether any conditions have changed that would be expected to produce different experience in the future.
Benefit commencement date for deferred benefits:	
Preretirement death benefit	For preretirement pension death benefits, surviving spouses are assumed to begin benefits at the earliest permitted commencement date because ERISA requires benefits to start then unless the spouse elects to defer.
Deferred vested benefit	Deferred vested pension participants are assumed to begin benefits based on the results of an experience study conducted in 2021, with annual consideration of whether any conditions have changed that would be expected to produce different experience in the future.
Form of Payment	The assumed form of payment elections for active and terminated vested participants were updated based on the results of an experience study conducted in 2021, with annual consideration of whether any conditions have changed that would be expected to produce different experience in the future.

Funding methods

The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are “prescribed methods set by law”, as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Changes in Assumptions and Methods Since Last Year

The funding interest rate basis was updated to the 24-month average segment rates for August 2021 based on yields through July 2021.

The lump sum conversion mortality table was updated to the 417(e) Applicable Mortality Table for 2021.

The segment rates used to determine minimum funding requirements and benefit restrictions were updated as required, including application of the ARPA corridors in effect for 2021 plan year valuations.

The mortality tables used for annuity and lump sum conversion was updated to include one additional year of improvements and align with recent statutory table changes.

The assumed plan-related expenses added to the target normal cost were changed from \$2,400,000 for the 2020 plan year to \$2,900,000 for the 2021 plan year to better reflect anticipated experience.

The retirement rates, termination rates, percent married, spousal age difference and form of payment assumptions were updated based on the 2021 experience study.

Sources of Valuation Data

The primary source of participant data for the current valuation is a census of all participants supplied by Akzo Nobel Inc. through Willis Towers Watson eepoint. The data was provided as of December 31, 2021.

Missing or Incomplete Data

We made the following assumptions for missing or incomplete data. For missing dates (hire, birth, retirement), we used the average data for all similar participants in that plan. For missing benefits for deferred inactives or participants currently receiving benefits, we used the benefit from the prior year's data if available; otherwise, we estimated the benefit according to the plan provisions. We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Assets

The asset data supplied by the Trustee was used by Willis Towers Watson without further audit. Akzo Nobel Inc. provided the dates and amounts of the prior plan year contributions that were paid in 2022. All of this information has been relied upon by Willis Towers Watson. We are not aware of any errors or omissions in the asset data that would have a significant effect on the results of our calculations.

SCHEDULE SB ATTACHMENTS

Schedule SB, Line 22 Description of Weighted Average Retirement Age as of December 31, 2021

For each active participant, an expected retirement age was calculated weighted in proportion to the probability (as shown in the retirement rates tables in the attachments to Schedule SB, Part V – Statement of Actuarial Assumptions/Methods) that the individual would remain an active participant to each age and then retire at that age. The plan's weighted average retirement age of 62 is the arithmetic average of the expected retirement ages of all participants on December 31, 2021.

Schedule SB, Part V Summary of Plan Provisions

Plan Provisions – AkzoNobel Retirement Plan

The AkzoNobel Retirement Plan is a merger of previously separate plans. Effective December 31, 2010, assets and liabilities for participants of the AkzoNobel Master Hourly Retirement Plan and the AkzoNobel Consolidated Pension Plan for Employees of ICI were merged into the AkzoNobel Retirement Account Plan. The plan was renamed the AkzoNobel Retirement Plan effective December 31, 2010. The following summarizes the plan provisions applicable to the primary groups that participate in the plan.

Plan Name:	AkzoNobel Retirement Plan

Plan Provisions – AkzoNobel Retirement Account Plan

Plan name	Salaried Plan — Retirement Account Plan (RAP)	Effective date	12/31/1975
Plan number	001	Restated effective date	12/31/1997
Type of plan	Final Average Pay (former ANRP formula) Cash Balance		
Plan configuration	Merger of many previously separate plans. Some common provisions, with individual company variations for service dates, benefit formulas, minimums and offsets. Closed/Sold and HRAP were merged in effective December 30, 2008.		
Eligibility to participate	Salaried and certain hourly employees on later of date of hire or age 21. Effective January 1, 1998, participants between the ages of 40 and 55 had the option to remain under the ANRP formula or to choose the cash balance. Participants beyond age 55 or who had 30 years of service remained under the ANRP formula and participants under age 40 fall under the cash balance provisions. All new participants after January 1, 1998 will be under the cash balance provisions. Employees hired on or after October 1, 2006 are not eligible.		
Benefit service	Former ANRP: All continuous service (see comments) Cash Balance: One year for each 12 month period of 1,000 hours Benefit service is frozen at the earlier of December 31, 2006 or date of termination.		
Vesting	0% first 5 years of service — 100% thereafter. Effective December 31, 2008, 0% first 3 years of service — 100% thereafter.		
Normal form	Life Annuity

Plan Provisions – AkzoNobel Consolidated Pension Plan for Employees of ICI

The AkzoNobel Consolidated Pension Plan for Employees of ICI is a merger of previously separate plans. Effective April 1, 2008, assets and liabilities for certain participants of the National Starch and Chemical Company Consolidated Pension Plan were merged into the ICI Paints Salaried Pension Plan. The plan was renamed the AkzoNobel Consolidated Pension Plan for Employees of ICI effective December 31, 2009. Below is a summary of the plan provisions applicable to the main groups that participate in the plan. The plan provisions are summarized as follows:

Paints Salaried

Paints Hourly – Reading Painters

National Starch & Chemicals Salaried

National Starch & Chemicals Nonunion

In addition, Legacy Groups of inactive participants and beneficiaries with annuity benefits participate in the Plan. These legacy groups no longer accrue benefits under the Plan; therefore only eligibility and retirement reduction plan provisions for these groups have been summarized. Legacy Groups consist of participants from the following prior plans:

Grow Group

INAAP Salaried

INAAP Hourly

Former Explosives Salaried

Former Explosives Hourly

Plan Name: AkzoNobel Retirement Plan

SCHEDULE SB ATTACHMENTS

Plan Provisions – Paints Salaried

Covered Employees	All Paints salaried employees. Plan closed to new entrants and rehires on April 1, 2002. Effective January 1, 2003, all active members were given a one-time irrevocable election to opt out of the Plan and participate in a new defined contribution program.
Participation Date	Upon completion of one year of vesting service

Definitions

Vesting service	Continuous service from date of hire. Part-time granted one year for each plan year of 1,000 hours.
Credited service	Continues service as a covered employee. Part-time granted one year for each plan year of 1,000 hours as a covered employee. Effective December 31, 2009, credited service under the plan was frozen.
Pensionable pay	All pay subject to income tax withholding (to include salary, wages, overtime, shift differential, short term disability, bonus and commissions) including any elective deferrals for the defined contribution plan and any cafeteria plan deferrals. Excludes deferred compensation.
Final average earnings	The average of the highest 60 consecutive months of pensionable pay during the ten-year period ending on the earlier of the participant's termination date or December 31, 2009
Covered Compensation	The average of the Social Security taxable wage bases for the 35-year period ending in such plan year for an individual who would attain Social Security Normal Retirement Age during such plan year
Normal retirement date (NRD)	First of month coinciding with or next following the attainment of age 65 with five years of vesting service
Monthly pension benefit	(i) One-twelfth of 0.775% of final average earnings up to and including covered compensation plus, (ii) 1.425% of average earnings in excess of covered compensation, all multiplied by credited service limited to 35 years; offset by any applicable prior plan benefit; plus Grow benefit Effective December 31, 2009, benefit accruals under the plan were frozen.
Monthly preretirement death benefit	50% of the monthly pension benefit as of the date of death, reduced according to the 50% joint and survivor option
Family death benefit	Monthly pension benefit as of date of death, or if greater, \$300 per year, reduced according to the 100% joint and survivor option

Eligibility for Benefits

Normal retirement	Retirement on NRD
Early retirement	Retirement before NRD and attainment of either (i) age 50 and completing 15 years of vesting service or (ii) age 60 and completing 5 years of vesting service
Postponed retirement	Retirement after NRD
Vested termination	Termination for reasons other than death or retirement after completing five years of vesting service
Disability	Eligibility for benefits under the Company's long term disability insurance plan prior to NRD
Preretirement death benefit	Death prior to eligibility for family death benefit or while eligible for deferred vested retirement benefits, with a surviving spouse
Family death benefit	Death prior to NRD from active or disabled status after completing 10 years of vesting service

Benefits Paid Upon the Following Events

Normal retirement	Monthly pension benefit determined as of NRD		
Early retirement	Monthly pension benefit determined as of early retirement date, reduced for each year of payment before age 62 as follows:		
		Pre-1995 Eligible	
	Age	Participants	Other Participants
	50	0.500	0.400
	51	0.540	0.450
	52	0.580	0.500
	53	0.620	0.550
	54	0.660	0.600
	55	0.700	0.650
	56	0.740	0.690
	57	0.780	0.730
	58	0.820	0.770
	59	0.860	0.810
	60	0.900	0.850
61	0.950	0.925	
62	1.000	1.000	
Postponed retirement	Monthly pension benefit determined as of actual retirement date		
Vested termination	Monthly pension benefit determined as of termination date payable at participant's NRD. If termination occurred after 15 years of vesting service may elect actuarially reduced pension benefit as early as age 50. All others may elect actuarially reduced pension benefit upon attainment of age 60 (Basis: 417(e)(3) interest and mortality)		
Disablement	Monthly pension benefit determined as of NRD with average earnings and covered compensation determined as of date of disability. Deemed		

Plan Name: AkzoNobel Retirement Plan

SCHEDULE SB ATTACHMENTS

to continue to accrue credited service during disability until NRD or disability benefits cease.

Preretirement death Monthly preretirement death benefit payable at NRD. Actuarially reduced for payments prior to NRD but no earlier than earliest retirement age.

Family death benefit Monthly family death benefit payable at NRD. Reduced by 5% per year for the first two years, reduced 4% per year for next ten years and reduced by 3% per year for the next 14 years by which benefit commencement precedes the participant's age 62.

Other Plan Provisions

Forms of payment Preretirement death benefits are payable only as described above. Monthly pension benefits are paid as described above as a life annuity, if the participant has no spouse as of the date payments begin, or if the participant so elects. Otherwise, benefits are paid in the form of 50% joint and survivor annuity option or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan. Optional forms are a 100% joint and survivor annuity, 75% joint and survivor annuity, a five-year certain and life annuity, a ten-year certain and life annuity, level income annuity (for participants eligible for early retirement at termination) or (for married participants) a life annuity.

Maximum on benefits and pay All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective.

Effective December 31, 2009, credited service under the plan was frozen.

Normal retirement date (NRD) First of month coinciding with or next following the attainment of age 65 with five years of vesting service

Monthly pension benefit \$38.00 per month multiplied by credited service

Effective December 31, 2009, benefit accruals under the plan were frozen.

Monthly preretirement death benefit 50% of the monthly pension benefit as of the date of death, reduced according to the 50% joint and survivor option

Eligibility for Benefits

Normal retirement Retirement on NRD

Early retirement Retirement before NRD and attainment of age 55 and completing 10 years of credited service. Effective December 31, 2009, early retirement eligibility service is defined as credited service before December 31, 2009 plus vesting service accrued after December 31, 2009.

Postponed retirement Retirement after NRD

Vested termination Termination for reasons other than death or retirement after completing five years of vesting service

Disability Total and permanent disability and eligibility for benefits under the Company's long term disability insurance plan prior to NRD

Preretirement death benefit Death after completing five years of vesting service prior to commencement of benefits

Plan Name: AkzoNobel Retirement Plan
EIN / PN: 56-1349341/001
Plan Sponsor: Akzo Nobel, Inc.
Valuation Date: December 31, 2021

SCHEDULE SB ATTACHMENTS

Benefits Paid Upon the Following Events

Normal retirement	Monthly pension benefit determined as of NRD
Early retirement	Monthly pension benefit determined as of early retirement date, reduced 4% for each year of payment before age 62. Pension benefit will be unreduced if participant is at least age 55 with 85 points (age plus credited service) at early retirement date.
Postponed retirement	Monthly pension benefit determined as of actual retirement date
Vested termination	Monthly pension benefit determined as of termination date payable at participant's NRD. If termination occurred after 10 years of credited service or participant attains at least age 55 with 85 points (attained age plus credited service at termination) may elect pension benefit as early as age 55 reduced 8% per year for the first five years and reduced by 4% per year for the next five years by which benefit commencement precedes the participant's NRD.
Disablement	Monthly pension benefit determined as of NRD. Deemed to continue to accrue credited service during disability until NRD or disability benefits cease.
Preretirement death	<p>If participant was eligible for early retirement as of date of death, monthly preretirement death benefit payable at ERD.</p> <p>If participant was not eligible for early retirement as of date of death, monthly preretirement death benefit payable at NRD. Or reduced vested termination benefit but no earlier than earliest retirement age.</p>

Other Plan Provisions

Forms of payment	Preretirement death benefits are payable only as described above. Monthly pension benefits are paid as described above as a life annuity, if the participant has no spouse as of the date payments begin, or if the participant so elects. Otherwise, benefits are paid in the form of 50% joint and survivor annuity option or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan. Optional forms are a 100% joint and survivor annuity, a 75% joint and survivor annuity, a five-year certain and life annuity, a ten-year certain and life annuity, a fifteen-year certain and life annuity, or (for married participants) a life annuity.
Maximum on benefits and pay	All benefits for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code.
