Independent Auditor's Report

October 12, 2023

The Plan Committee
Quanta Services, Inc. 401(k) Savings Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Quanta Services, Inc. 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions and maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

The following description of the Quanta Services, Inc. 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan established by Quanta Services, Inc. (the plan administrator) and adopting affiliates (collectively the Company) on January 1, 1999. The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code of 1986, as amended (the IRC), which includes a qualified deferred arrangement, as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Company, as plan administrator, established an administrative committee (the Plan Committee). The Plan Committee is responsible for the general administration of the Plan. The Plan Committee is given all powers necessary to enable it to carry out its duties including, but not limited to, the power to interpret the Plan.

(b) Transfer Into the Plan from Affiliated Plan

The Company acquired Blattner Holding Company (Blattner) in October 2021. Employees of Blattner continued to participate in the Blattner Holding Company Employee Retirement Savings Plan (the Blattner Plan) until the Blattner Plan merged into the Plan effective October 3, 2022. Investments totaling $134,703,432 transferred into the Plan during October 2022.

(c) Trustee and Recordkeeper

Fidelity Management Trust Company (Fidelity) serves as trustee to hold, manage, invest, and ultimately distribute the assets of the Plan to participants. Fidelity Workplace Services, LLC serves as the recordkeeper.

(d) Eligibility

Eligible employees, as defined in the plan document, may enter the Plan on the later of their date of hire or attainment of age 18.

(e) Contributions

Participants may contribute on a pretax basis amounts from 1% to 75% of eligible compensation as defined in the plan document, subject to certain limitations under the IRC ($20,500 for 2022 and $19,500 for 2021). Eligible employees who have attained age fifty (50) before the end of the plan year shall be eligible to make catch-up contributions, subject to certain limitations under the IRC ($6,500 for 2022 and 2021).

Participants may also contribute amounts representing distributions from former employers' qualified retirement plans and certain other qualified sources as defined in the plan document.

The Company makes safe harbor matching contributions to eligible participants in an amount equal to 100% of the first 3% of eligible compensation contributed to the Plan and 50% of the next 3% of the participant's eligible compensation contributed to the Plan. The Plan provides for an annual true-up matching contribution for eligible participants. For the years ended December 31, 2022 and 2021, the Company made year-end true-up contributions of approximately $4,174,000 and $3,395,000, respectively.

The Company may elect to make contributions on behalf of employees who perform services covered by the Davis-Bacon Act, as amended, irrespective to any age or service requirements. The Company is required to meet the required benefit levels under the applicable prevailing wage laws and takes this into consideration when determining what portion of the prevailing wages will be contributed to the Plan. For the years ended December 31, 2022 and 2021, the Company made prevailing wage contributions to the Plan of approximately $1,093,000 and $921,000, respectively.

Participants may elect to have their contributions and the Company's contributions allocated to one or more investment options offered by the Plan. Participants may transfer all or a portion of their account balance among any of the investment options daily, subject to each respective fund's transfer restrictions. In the event investment instructions are not received from the participant, the investment of contributions is allocated to the default investment option, the Fidelity Freedom Funds designated based upon the year the participant would attain age 65.

(f) Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and the participant's share of earnings, losses, and any appreciation or depreciation of the funds invested, net of administrative expenses, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

(g) Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of (a) $50,000 minus the largest outstanding loan balance in the last 12 months; or (b) 50% of their vested account balance. The loans are secured by the vested balance of the participant's account. A participant may not have more than one loan outstanding at any one time unless it is a grandfathered second loan from an acquired company. Interest rates are established by the Plan Committee. Notes must be repaid within five years unless used to acquire a principal residence, in which case the note must be repaid within fifteen years. Generally, principal and interest are repaid through after-tax payroll deductions. Interest rates for outstanding notes ranged from 3.25% to 8.00% at December 31, 2022 and 3.25% to 7.50% at December 31, 2021.

(h) Vesting and Forfeitures

Participants are always 100% vested in their contributions plus actual earnings thereon. With the exception of certain grandfathered employer contributions and earnings thereon as further described in the plan document, participants are always 100% vested in the Company's safe harbor matching contributions and, the Company's prevailing wage contributions, plus actual earnings thereon.

Forfeitures attributable to the nonvested grandfathered employer contributions may be used to pay administrative expenses of the Plan or to reduce future employer contributions to the Plan. At December 31, 2022 and 2021, the forfeiture balance was approximately $691,000 and $390,000, respectively. For the years ended December 31, 2022 and 2021, no forfeitures were used to reduce Company contributions or to pay administrative expenses.

(i) Benefit Payments

Unless otherwise stated in the plan document, an active participant may withdraw some or all of his or her account for reasons of financial hardship, upon the age of 59½ and for other permitted reasons. Upon retirement, termination of employment, death or permanent disability, participants or their beneficiaries may receive a lump sum withdrawal equal to the vested value of their accounts. Upon withdrawal from the Plan, participants may be subject to federal income tax on contributions and income earned.

(j) Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, at the Company's discretion. Expenses that are paid directly by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation or depreciation in fair value of investments. Transactional fees for withdrawals and loans are charged directly to the participant's account and are included in administrative expenses.

Note 2 - Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are presented on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

(b) Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 or 2021, as the notes are collateralized by the respective participant's account balance. In general, notes receivable from participants are considered in default in the quarter following the quarter in which no payment is made. Defaulted loans are treated as distributions based upon the terms of the plan document when a distributable event has occurred.

(e) Investment Income Recognition

Realized gains or losses on the sale of investments and unrealized appreciation or depreciation in the market value of investments held at the end of the year are shown as net appreciation or depreciation in fair value of investments in the statements of changes in net assets available for benefits. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of investments are recorded on a trade date basis.

(f) Benefit Payments

Benefits are recorded when paid.

(g) Subsequent Events

The plan administrator evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 12, 2023, which is the date the financial statements were available to be issued. See also Note 10.

Note 3 - Fair Value Measurements

GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the Plan's valuation methodologies for assets measured at fair value. There were no changes in the methodologies used at December 31, 2022 and 2021.

(a) Money Market Fund and Mutual Funds

Valued at the daily closing price as reported by the fund, the money market fund and mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The money market fund and mutual funds held by the Plan are deemed to be actively traded.

(b) Common/Collective Trust Funds

The common/collective trust funds are valued at their NAV as determined by the issuer. The fair value of the fund is calculated on a daily basis by the issuer utilizing quoted market prices, most recent bid prices in the principal market in which the securities are normally traded, pricing services and dealer quotes, as applicable, for the underlying funds. The NAV is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of the fund could result in a different estimate of fair value at the reporting date.

The following tables set forth, by level, a summary of the Plan's investments measured at fair value:

	December 31, 2022			
	Total	(Level 1)	(Level 2)	(Level 3)
Money market fund	$ 32,189,889	$ 32,189,889	$ -	$ -

Total investments in the fair value hierarchy	697,958,560	$ 697,958,560	$ -	$ -
Common/collective trust funds at NAV (practical expedient)	664,931,185			
Total investments at fair value	$ 1,362,889,745			

	December 31, 2021			
	Total	(Level 1)	(Level 2)	(Level 3)

Mutual funds	698,632,499	698,632,499	-	-
Total investments in the fair value hierarchy	727,669,339	$ 727,669,339	$ -	$ -
Common/collective trust funds at NAV (practical expedient)	687,474,876			
Total investments at fair value	$ 1,415,144,215			

The following table provides additional information for the common/collective trust funds which are measured using NAV as a practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions. The redemption notice period for the Fixed Income Fund is applicable only to the Plan.

Investment Class	Fair Value December 31, 2022	Fair Value December 31, 2021	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Fixed Income Fund	$ 52,625,675	$ 26,463,933	None	Daily	Up to 12 months

	$ 664,931,185	$687,474,876			

Note 4 - Information Certified by the Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from Fidelity Management Trust Company as of December 31, 2022 and 2021, and for the years then ended, that all of the information provided by them is complete and accurate. Information included in the financial statements and accompanying notes to the financial statements as to investments, notes receivable from participants, investment income (loss), interest income on notes receivable from participants, and all the related information in the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented in reliance solely upon those certifications.

The Plan's independent auditor did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements, the accompanying notes to the financial statements and the supplemental schedule mentioned above.

Note 5 - Risks and Uncertainties

The Plan provides for investments in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances.

Note 6 - Tax Status

Prior to March 1, 2022, the volume submitter plan adopted by the Plan received an advisory letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that it was in compliance with the applicable requirements of the IRC. Effective March 1, 2022, the Plan was amended and restated via its adoption of a pre-approved plan. The pre-approved plan received an opinion letter from the IRS dated June 30, 2020, stating that it was in compliance with the applicable requirements of the IRC. The volume submitter plan and the pre-approved plan have both been amended since receiving their IRS letters; however, the plan administrator believes that the Plan continues to be designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

Note 8 - Nonexempt Prohibited Transactions

As reported on supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, $306,249, consisting of $281,073 of participant contributions and $25,176 of participant loan repayments, were not remitted to the Plan within the time frame specified by the DOL's Regulation 29 CFR 2510.3-102, thus constituting nonexempt prohibited transactions between the Plan and the Company for the year ended December 31, 2022. The participant contributions and the participant loan repayments were remitted to the Plan prior to December 31, 2022. Lost earnings on $305,964 of the untimely remittances were remitted to the Plan prior to December 31, 2022. Lost earnings on the remaining $285 of the untimely remittances were remitted to the Plan subsequent to December 31, 2022.

Note 9 - Party-in-Interest Transactions

The Plan invests in a money market fund, mutual funds, and common/collective trust funds managed by Fidelity or one of its affiliates. Therefore, these transactions qualify as party-in-interest transactions. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the IRC.

The Plan participates in a revenue credit program with Fidelity. Pursuant to the service agreement between Fidelity and the Company, Fidelity provides certain administrative services to the Plan. In situations where recordkeeping revenue earned in connection with plan services exceeds agreed upon compensation, Fidelity will deposit excess revenue in a suspense account in the Plan. The plan administrator can direct Fidelity to pay ERISA-qualified expenses and/or allocate unused revenue credits to eligible participants. The balance in the account at December 31, 2022 and 2021, was approximately $22,000 and $177,000, respectively. During 2022 and 2021, approximately $177,000 and $527,000, respectively, were utilized to pay for Plan expenses. For the years ended December 31, 2022 and 2021, no funds were allocated to participants.

Note 10 - Subsequent Event

Effective January 1, 2023, the Plan was amended to also allow participants to defer on an after-tax and/or Roth basis.

The Plan Committee
Quanta Services, Inc. 401(k) Savings Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Quanta Services, Inc. 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions and maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

The following description of the Quanta Services, Inc. 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan established by Quanta Services, Inc. (the plan administrator) and adopting affiliates (collectively the Company) on January 1, 1999. The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code of 1986, as amended (the IRC), which includes a qualified deferred arrangement, as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Company, as plan administrator, established an administrative committee (the Plan Committee). The Plan Committee is responsible for the general administration of the Plan. The Plan Committee is given all powers necessary to enable it to carry out its duties including, but not limited to, the power to interpret the Plan.

(b) Transfer Into the Plan from Affiliated Plan

The Company acquired Blattner Holding Company (Blattner) in October 2021. Employees of Blattner continued to participate in the Blattner Holding Company Employee Retirement Savings Plan (the Blattner Plan) until the Blattner Plan merged into the Plan effective October 3, 2022. Investments totaling $134,703,432 transferred into the Plan during October 2022.

(c) Trustee and Recordkeeper

Fidelity Management Trust Company (Fidelity) serves as trustee to hold, manage, invest, and ultimately distribute the assets of the Plan to participants. Fidelity Workplace Services, LLC serves as the recordkeeper.

(d) Eligibility

Eligible employees, as defined in the plan document, may enter the Plan on the later of their date of hire or attainment of age 18.

(e) Contributions

Participants may contribute on a pretax basis amounts from 1% to 75% of eligible compensation as defined in the plan document, subject to certain limitations under the IRC ($20,500 for 2022 and $19,500 for 2021). Eligible employees who have attained age fifty (50) before the end of the plan year shall be eligible to make catch-up contributions, subject to certain limitations under the IRC ($6,500 for 2022 and 2021).

Participants may also contribute amounts representing distributions from former employers' qualified retirement plans and certain other qualified sources as defined in the plan document.

The Company makes safe harbor matching contributions to eligible participants in an amount equal to 100% of the first 3% of eligible compensation contributed to the Plan and 50% of the next 3% of the participant's eligible compensation contributed to the Plan. The Plan provides for an annual true-up matching contribution for eligible participants. For the years ended December 31, 2022 and 2021, the Company made year-end true-up contributions of approximately $4,174,000 and $3,395,000, respectively.

The Company may elect to make contributions on behalf of employees who perform services covered by the Davis-Bacon Act, as amended, irrespective to any age or service requirements. The Company is required to meet the required benefit levels under the applicable prevailing wage laws and takes this into consideration when determining what portion of the prevailing wages will be contributed to the Plan. For the years ended December 31, 2022 and 2021, the Company made prevailing wage contributions to the Plan of approximately $1,093,000 and $921,000, respectively.

Participants may elect to have their contributions and the Company's contributions allocated to one or more investment options offered by the Plan. Participants may transfer all or a portion of their account balance among any of the investment options daily, subject to each respective fund's transfer restrictions. In the event investment instructions are not received from the participant, the investment of contributions is allocated to the default investment option, the Fidelity Freedom Funds designated based upon the year the participant would attain age 65.

(f) Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and the participant's share of earnings, losses, and any appreciation or depreciation of the funds invested, net of administrative expenses, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

(g) Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of (a) $50,000 minus the largest outstanding loan balance in the last 12 months; or (b) 50% of their vested account balance. The loans are secured by the vested balance of the participant's account. A participant may not have more than one loan outstanding at any one time unless it is a grandfathered second loan from an acquired company. Interest rates are established by the Plan Committee. Notes must be repaid within five years unless used to acquire a principal residence, in which case the note must be repaid within fifteen years. Generally, principal and interest are repaid through after-tax payroll deductions. Interest rates for outstanding notes ranged from 3.25% to 8.00% at December 31, 2022 and 3.25% to 7.50% at December 31, 2021.

(h) Vesting and Forfeitures

Participants are always 100% vested in their contributions plus actual earnings thereon. With the exception of certain grandfathered employer contributions and earnings thereon as further described in the plan document, participants are always 100% vested in the Company's safe harbor matching contributions and, the Company's prevailing wage contributions, plus actual earnings thereon.

Forfeitures attributable to the nonvested grandfathered employer contributions may be used to pay administrative expenses of the Plan or to reduce future employer contributions to the Plan. At December 31, 2022 and 2021, the forfeiture balance was approximately $691,000 and $390,000, respectively. For the years ended December 31, 2022 and 2021, no forfeitures were used to reduce Company contributions or to pay administrative expenses.

(i) Benefit Payments

Unless otherwise stated in the plan document, an active participant may withdraw some or all of his or her account for reasons of financial hardship, upon the age of 59½ and for other permitted reasons. Upon retirement, termination of employment, death or permanent disability, participants or their beneficiaries may receive a lump sum withdrawal equal to the vested value of their accounts. Upon withdrawal from the Plan, participants may be subject to federal income tax on contributions and income earned.

(j) Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, at the Company's discretion. Expenses that are paid directly by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation or depreciation in fair value of investments. Transactional fees for withdrawals and loans are charged directly to the participant's account and are included in administrative expenses.

Note 2 - Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are presented on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

(b) Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 or 2021, as the notes are collateralized by the respective participant's account balance. In general, notes receivable from participants are considered in default in the quarter following the quarter in which no payment is made. Defaulted loans are treated as distributions based upon the terms of the plan document when a distributable event has occurred.

(e) Investment Income Recognition

Realized gains or losses on the sale of investments and unrealized appreciation or depreciation in the market value of investments held at the end of the year are shown as net appreciation or depreciation in fair value of investments in the statements of changes in net assets available for benefits. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of investments are recorded on a trade date basis.

(f) Benefit Payments

Benefits are recorded when paid.

(g) Subsequent Events

The plan administrator evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 12, 2023, which is the date the financial statements were available to be issued. See also Note 10.

Note 3 - Fair Value Measurements

GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the Plan's valuation methodologies for assets measured at fair value. There were no changes in the methodologies used at December 31, 2022 and 2021.

(a) Money Market Fund and Mutual Funds

Valued at the daily closing price as reported by the fund, the money market fund and mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The money market fund and mutual funds held by the Plan are deemed to be actively traded.

(b) Common/Collective Trust Funds

The common/collective trust funds are valued at their NAV as determined by the issuer. The fair value of the fund is calculated on a daily basis by the issuer utilizing quoted market prices, most recent bid prices in the principal market in which the securities are normally traded, pricing services and dealer quotes, as applicable, for the underlying funds. The NAV is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of the fund could result in a different estimate of fair value at the reporting date.

The following tables set forth, by level, a summary of the Plan's investments measured at fair value:

	December 31, 2022			
	Total	(Level 1)	(Level 2)	(Level 3)
Money market fund	$ 32,189,889	$ 32,189,889	$ -	$ -

Mutual funds	698,632,499	698,632,499	-	-
Total investments in the fair value hierarchy	727,669,339	$ 727,669,339	$ -	$ -
Common/collective trust funds at NAV (practical expedient)	687,474,876			
Total investments at fair value	$ 1,415,144,215			

The following table provides additional information for the common/collective trust funds which are measured using NAV as a practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions. The redemption notice period for the Fixed Income Fund is applicable only to the Plan.

Investment Class	Fair Value December 31, 2022	Fair Value December 31, 2021	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Fixed Income Fund	$ 52,625,675	$ 26,463,933	None	Daily	Up to 12 months

	$ 664,931,185	$687,474,876			

Note 4 - Information Certified by the Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from Fidelity Management Trust Company as of December 31, 2022 and 2021, and for the years then ended, that all of the information provided by them is complete and accurate. Information included in the financial statements and accompanying notes to the financial statements as to investments, notes receivable from participants, investment income (loss), interest income on notes receivable from participants, and all the related information in the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented in reliance solely upon those certifications.

The Plan's independent auditor did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements, the accompanying notes to the financial statements and the supplemental schedule mentioned above.

Note 5 - Risks and Uncertainties

The Plan provides for investments in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances.

Note 6 - Tax Status

Prior to March 1, 2022, the volume submitter plan adopted by the Plan received an advisory letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that it was in compliance with the applicable requirements of the IRC. Effective March 1, 2022, the Plan was amended and restated via its adoption of a pre-approved plan. The pre-approved plan received an opinion letter from the IRS dated June 30, 2020, stating that it was in compliance with the applicable requirements of the IRC. The volume submitter plan and the pre-approved plan have both been amended since receiving their IRS letters; however, the plan administrator believes that the Plan continues to be designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

Note 8 - Nonexempt Prohibited Transactions

As reported on supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, $306,249, consisting of $281,073 of participant contributions and $25,176 of participant loan repayments, were not remitted to the Plan within the time frame specified by the DOL's Regulation 29 CFR 2510.3-102, thus constituting nonexempt prohibited transactions between the Plan and the Company for the year ended December 31, 2022. The participant contributions and the participant loan repayments were remitted to the Plan prior to December 31, 2022. Lost earnings on $305,964 of the untimely remittances were remitted to the Plan prior to December 31, 2022. Lost earnings on the remaining $285 of the untimely remittances were remitted to the Plan subsequent to December 31, 2022.

Note 9 - Party-in-Interest Transactions

The Plan invests in a money market fund, mutual funds, and common/collective trust funds managed by Fidelity or one of its affiliates. Therefore, these transactions qualify as party-in-interest transactions. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the IRC.

The Plan participates in a revenue credit program with Fidelity. Pursuant to the service agreement between Fidelity and the Company, Fidelity provides certain administrative services to the Plan. In situations where recordkeeping revenue earned in connection with plan services exceeds agreed upon compensation, Fidelity will deposit excess revenue in a suspense account in the Plan. The plan administrator can direct Fidelity to pay ERISA-qualified expenses and/or allocate unused revenue credits to eligible participants. The balance in the account at December 31, 2022 and 2021, was approximately $22,000 and $177,000, respectively. During 2022 and 2021, approximately $177,000 and $527,000, respectively, were utilized to pay for Plan expenses. For the years ended December 31, 2022 and 2021, no funds were allocated to participants.

Note 10 - Subsequent Event

Effective January 1, 2023, the Plan was amended to also allow participants to defer on an after-tax and/or Roth basis.

Independent Auditor's Report

October 12, 2023

The Plan Committee
Quanta Services, Inc. 401(k) Savings Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Quanta Services, Inc. 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions and maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

The following description of the Quanta Services, Inc. 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan established by Quanta Services, Inc. (the plan administrator) and adopting affiliates (collectively the Company) on January 1, 1999. The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code of 1986, as amended (the IRC), which includes a qualified deferred arrangement, as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Company, as plan administrator, established an administrative committee (the Plan Committee). The Plan Committee is responsible for the general administration of the Plan. The Plan Committee is given all powers necessary to enable it to carry out its duties including, but not limited to, the power to interpret the Plan.

(b) Transfer Into the Plan from Affiliated Plan

The Company acquired Blattner Holding Company (Blattner) in October 2021. Employees of Blattner continued to participate in the Blattner Holding Company Employee Retirement Savings Plan (the Blattner Plan) until the Blattner Plan merged into the Plan effective October 3, 2022. Investments totaling $134,703,432 transferred into the Plan during October 2022.

(c) Trustee and Recordkeeper

Fidelity Management Trust Company (Fidelity) serves as trustee to hold, manage, invest, and ultimately distribute the assets of the Plan to participants. Fidelity Workplace Services, LLC serves as the recordkeeper.

(d) Eligibility

Eligible employees, as defined in the plan document, may enter the Plan on the later of their date of hire or attainment of age 18.

(e) Contributions

Participants may contribute on a pretax basis amounts from 1% to 75% of eligible compensation as defined in the plan document, subject to certain limitations under the IRC ($20,500 for 2022 and $19,500 for 2021). Eligible employees who have attained age fifty (50) before the end of the plan year shall be eligible to make catch-up contributions, subject to certain limitations under the IRC ($6,500 for 2022 and 2021).

Participants may also contribute amounts representing distributions from former employers' qualified retirement plans and certain other qualified sources as defined in the plan document.

The Company makes safe harbor matching contributions to eligible participants in an amount equal to 100% of the first 3% of eligible compensation contributed to the Plan and 50% of the next 3% of the participant's eligible compensation contributed to the Plan. The Plan provides for an annual true-up matching contribution for eligible participants. For the years ended December 31, 2022 and 2021, the Company made year-end true-up contributions of approximately $4,174,000 and $3,395,000, respectively.

The Company may elect to make contributions on behalf of employees who perform services covered by the Davis-Bacon Act, as amended, irrespective to any age or service requirements. The Company is required to meet the required benefit levels under the applicable prevailing wage laws and takes this into consideration when determining what portion of the prevailing wages will be contributed to the Plan. For the years ended December 31, 2022 and 2021, the Company made prevailing wage contributions to the Plan of approximately $1,093,000 and $921,000, respectively.

Participants may elect to have their contributions and the Company's contributions allocated to one or more investment options offered by the Plan. Participants may transfer all or a portion of their account balance among any of the investment options daily, subject to each respective fund's transfer restrictions. In the event investment instructions are not received from the participant, the investment of contributions is allocated to the default investment option, the Fidelity Freedom Funds designated based upon the year the participant would attain age 65.

(f) Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and the participant's share of earnings, losses, and any appreciation or depreciation of the funds invested, net of administrative expenses, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

(g) Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of (a) $50,000 minus the largest outstanding loan balance in the last 12 months; or (b) 50% of their vested account balance. The loans are secured by the vested balance of the participant's account. A participant may not have more than one loan outstanding at any one time unless it is a grandfathered second loan from an acquired company. Interest rates are established by the Plan Committee. Notes must be repaid within five years unless used to acquire a principal residence, in which case the note must be repaid within fifteen years. Generally, principal and interest are repaid through after-tax payroll deductions. Interest rates for outstanding notes ranged from 3.25% to 8.00% at December 31, 2022 and 3.25% to 7.50% at December 31, 2021.

(h) Vesting and Forfeitures

Participants are always 100% vested in their contributions plus actual earnings thereon. With the exception of certain grandfathered employer contributions and earnings thereon as further described in the plan document, participants are always 100% vested in the Company's safe harbor matching contributions and, the Company's prevailing wage contributions, plus actual earnings thereon.

Forfeitures attributable to the nonvested grandfathered employer contributions may be used to pay administrative expenses of the Plan or to reduce future employer contributions to the Plan. At December 31, 2022 and 2021, the forfeiture balance was approximately $691,000 and $390,000, respectively. For the years ended December 31, 2022 and 2021, no forfeitures were used to reduce Company contributions or to pay administrative expenses.

(i) Benefit Payments

Unless otherwise stated in the plan document, an active participant may withdraw some or all of his or her account for reasons of financial hardship, upon the age of 59½ and for other permitted reasons. Upon retirement, termination of employment, death or permanent disability, participants or their beneficiaries may receive a lump sum withdrawal equal to the vested value of their accounts. Upon withdrawal from the Plan, participants may be subject to federal income tax on contributions and income earned.

(j) Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, at the Company's discretion. Expenses that are paid directly by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation or depreciation in fair value of investments. Transactional fees for withdrawals and loans are charged directly to the participant's account and are included in administrative expenses.

Note 2 - Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are presented on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

(b) Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 or 2021, as the notes are collateralized by the respective participant's account balance. In general, notes receivable from participants are considered in default in the quarter following the quarter in which no payment is made. Defaulted loans are treated as distributions based upon the terms of the plan document when a distributable event has occurred.

(e) Investment Income Recognition

Realized gains or losses on the sale of investments and unrealized appreciation or depreciation in the market value of investments held at the end of the year are shown as net appreciation or depreciation in fair value of investments in the statements of changes in net assets available for benefits. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of investments are recorded on a trade date basis.

(f) Benefit Payments

Benefits are recorded when paid.

(g) Subsequent Events

The plan administrator evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 12, 2023, which is the date the financial statements were available to be issued. See also Note 10.

Note 3 - Fair Value Measurements

GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the Plan's valuation methodologies for assets measured at fair value. There were no changes in the methodologies used at December 31, 2022 and 2021.

(a) Money Market Fund and Mutual Funds

Valued at the daily closing price as reported by the fund, the money market fund and mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The money market fund and mutual funds held by the Plan are deemed to be actively traded.

(b) Common/Collective Trust Funds

The common/collective trust funds are valued at their NAV as determined by the issuer. The fair value of the fund is calculated on a daily basis by the issuer utilizing quoted market prices, most recent bid prices in the principal market in which the securities are normally traded, pricing services and dealer quotes, as applicable, for the underlying funds. The NAV is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of the fund could result in a different estimate of fair value at the reporting date.

The following tables set forth, by level, a summary of the Plan's investments measured at fair value:

	December 31, 2022			
	Total	(Level 1)	(Level 2)	(Level 3)
Money market fund	$ 32,189,889	$ 32,189,889	$ -	$ -
Mutual funds	665,768,671	665,768,671	-	-
Total investments in the fair value hierarchy	697,958,560	$ 697,958,560	$ -	$ -
Common/collective trust funds at NAV (practical expedient)	664,931,185			
Total investments at fair value	$ 1,362,889,745			

	December 31, 2021			
	Total	(Level 1)	(Level 2)	(Level 3)
Money market fund	$ 29,036,840	$ 29,036,840	$ -	$ -
Mutual funds	698,632,499	698,632,499	-	-
Total investments in the fair value hierarchy	727,669,339	$ 727,669,339	$ -	$ -
Common/collective trust funds at NAV (practical expedient)	687,474,876			
Total investments at fair value	$ 1,415,144,215			

The following table provides additional information for the common/collective trust funds which are measured using NAV as a practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions. The redemption notice period for the Fixed Income Fund is applicable only to the Plan.

Investment Class	Fair Value December 31, 2022	Fair Value December 31, 2021	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Fixed Income Fund	$ 52,625,675	$ 26,463,933	None	Daily	Up to 12 months
Target Date Funds	612,305,510	661,010,943	None	Daily	None
	$ 664,931,185	$687,474,876			

Note 4 - Information Certified by the Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from Fidelity Management Trust Company as of December 31, 2022 and 2021, and for the years then ended, that all of the information provided by them is complete and accurate. Information included in the financial statements and accompanying notes to the financial statements as to investments, notes receivable from participants, investment income (loss), interest income on notes receivable from participants, and all the related information in the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented in reliance solely upon those certifications.

The Plan's independent auditor did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements, the accompanying notes to the financial statements and the supplemental schedule mentioned above.

Note 5 - Risks and Uncertainties

The Plan provides for investments in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances.

Note 6 - Tax Status

Prior to March 1, 2022, the volume submitter plan adopted by the Plan received an advisory letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that it was in compliance with the applicable requirements of the IRC. Effective March 1, 2022, the Plan was amended and restated via its adoption of a pre-approved plan. The pre-approved plan received an opinion letter from the IRS dated June 30, 2020, stating that it was in compliance with the applicable requirements of the IRC. The volume submitter plan and the pre-approved plan have both been amended since receiving their IRS letters; however, the plan administrator believes that the Plan continues to be designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

Note 8 - Nonexempt Prohibited Transactions

As reported on supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, $306,249, consisting of $281,073 of participant contributions and $25,176 of participant loan repayments, were not remitted to the Plan within the time frame specified by the DOL's Regulation 29 CFR 2510.3-102, thus constituting nonexempt prohibited transactions between the Plan and the Company for the year ended December 31, 2022. The participant contributions and the participant loan repayments were remitted to the Plan prior to December 31, 2022. Lost earnings on $305,964 of the untimely remittances were remitted to the Plan prior to December 31, 2022. Lost earnings on the remaining $285 of the untimely remittances were remitted to the Plan subsequent to December 31, 2022.

Note 9 - Party-in-Interest Transactions

The Plan invests in a money market fund, mutual funds, and common/collective trust funds managed by Fidelity or one of its affiliates. Therefore, these transactions qualify as party-in-interest transactions. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the IRC.

The Plan participates in a revenue credit program with Fidelity. Pursuant to the service agreement between Fidelity and the Company, Fidelity provides certain administrative services to the Plan. In situations where recordkeeping revenue earned in connection with plan services exceeds agreed upon compensation, Fidelity will deposit excess revenue in a suspense account in the Plan. The plan administrator can direct Fidelity to pay ERISA-qualified expenses and/or allocate unused revenue credits to eligible participants. The balance in the account at December 31, 2022 and 2021, was approximately $22,000 and $177,000, respectively. During 2022 and 2021, approximately $177,000 and $527,000, respectively, were utilized to pay for Plan expenses. For the years ended December 31, 2022 and 2021, no funds were allocated to participants.

Note 10 - Subsequent Event

Effective January 1, 2023, the Plan was amended to also allow participants to defer on an after-tax and/or Roth basis.
