INDEPENDENT AUDITORS' REPORT

To the Plan Administrative Committee of
the Triumph Group, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Triumph Group, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Triumph Group, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Triumph Group, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Triumph Group, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Triumph Group, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Triumph Group, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

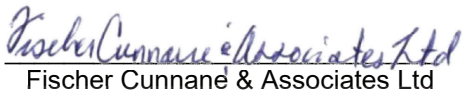

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

To the Plan Administrative Committee of
the Triumph Group, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Triumph Group, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Triumph Group, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Triumph Group, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Triumph Group, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Triumph Group, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Triumph Group, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

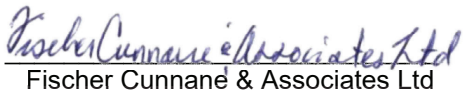

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Triumph Group, Inc. 401(k) Plan (the "Plan") provides only general information. Additionally, prior to April 1, 2006, some specific provisions apply only to employees of Triumph Controls, Inc., represented for collective bargaining purposes by the union, United Auto Workers of America – Local 1039 ("UAW 1039"). Participants should refer to the Plan document for a more complete description of the Plan's provisions. Effective January 1, 2020, the Plan document was amended and restated.

General – The Plan is a defined contribution plan covering substantially all U.S. employees of Triumph Group, Inc. (the "Company") and its participating subsidiaries as defined by the Plan's provisions. The only exception is for employees in the Company's Nashville location whose benefits are covered by a collective bargaining agreement between the Company and the International Association of Machinists ("IAM"). Such employees are instead covered by the IAM National 401(k) Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During 2021, the Company divested its subsidiary Triumph Aerospace Structures, Red Oak location. As part of this divestiture participant accounts and notes receivable from participants totaling $2,194,908 were transferred out of the Plan during 2021.

Eligibility – Non-union employees are eligible to participate in the Plan upon the later of their date of hire or attaining 18 years of age. The entry date of an eligible employee is as soon as administratively feasible after they have satisfied the applicable age requirement and have completed the enrollment requirements. Participants who are members of a collective bargaining unit should refer to the Plan document for non-standard specific provisions affecting eligibility that may have been negotiated with specific bargaining units.

Employees hired on or after January 1, 2019 who meet the eligibility requirements will be automatically enrolled in the Plan with a pretax deferred savings contribution equal to 3% of eligible compensation for each payroll period. A participant may elect at any time to increase, reduce, or terminate their deferred savings contribution percentage. Certain employees represented by specific Unions are excluded from the above amendment. Refer to the Plan documents for further details.

In conjunction with the auto-enrollment feature noted above, the Plan provides for an automatic deferred savings contribution percentage increase feature for employees hired on or after January 1, 2019 who meet certain eligibility requirements. Under this feature, unless opted out, the participant's deferral percentage will increase by 1% each Plan year up to a maximum of 6%, beginning on the first payroll period in April of the second Plan year after the automatic enrollment becomes effective.

Employee Contributions – Participants meeting the eligibility requirements may make salary deferral contributions to the Plan in the form of pre-tax, Roth, and voluntary after-tax contributions of an amount ranging from 2 percent to 100 percent of the participant's eligible compensation subject to Internal Revenue Service ("IRS") regulations. Participants fifty years of age and over are also eligible to make catch-up contributions to the Plan subject to the IRS annual limit.

The Plan provides that participants may make direct rollover contributions to the Plan representing distributions from other qualified defined benefit or contribution plans.

Employer Contributions – The Plan was amended effective January 1, 2022, whereby the employer matching contribution was reinstated for payrolls dated and paid on and after January 1, 2022. The employer "standard matching" contribution is equal to 75% of the participant's eligible deferral contribution for the payroll period that does not exceed 6% of the participant's eligible compensation for all nonunion participants and select union participants. Members of a collective bargaining unit should refer to their plan document for prior employer matching contribution provisions.

The Plan was amended and restated effective January 1, 2020, whereby no employer matching contributions will be made to the Plan effective for payroll periods dated and paid on and after April 1, 2020. Special rules apply for certain participants who are members of a collective bargaining unit. These participants should refer to their plan document for non-standard employer matching contribution provisions.

The Company makes special contributions to the retirement contribution account ("RCA") for eligible Triumph Aerostructures, LLC and Triumph Aerostructures – Tulsa, LLC participants who are covered by certain collective bargaining agreements.

Participants who are members of a collective bargaining unit should refer to the Plan document for non-standard specific provisions affecting the employer contribution that may have been negotiated with specific bargaining units.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings, and is charged with an allocation of administrative expenses and Plan losses. Allocations are based on account balances, as defined, excluding certain administrative expenses that are charged against participant accounts on a per capita basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Upon enrollment, a participant may direct contributions in increments of 5 percent or more to any of the Plan's fund options. The employer contribution is invested in the same manner as the employee contribution. Participants may change their investment options at any time; however, participants who exchange any amount out of a mutual fund option must wait 60 days before exchanging back into the same mutual fund option.

Vesting and Forfeitures – Generally, participants are 100 percent vested in their Salary Reduction, Rollover, and Company Matching Contribution accounts. UAW Local 1039 employees, prior to April 1, 2006, were 100 percent vested in their Company Matching Contribution after one year of service. Forfeited balances of terminated UAW Local 1039 participants' nonvested accounts are used to first reinstate any forfeiture balance to rehired employees then to offset the Company contributions for the Plan year in which the forfeiture occurs or to pay for the Plan's expenses. During 2022 and 2021, forfeitures totaling $-0- and $20,287, respectively, were used to reduce Company Matching Contributions. At December 31, 2022 and 2021, forfeited nonvested accounts totaled $373,177 and $498,204, respectively.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of the participant's vested account balance. Only one loan for each participant may be outstanding at any time. The loan must be repaid within five years or up to 30 years for the purchase of a primary residence. The loans are secured by the participant's vested account balance and bear a rate of interest at the average prime rate, as determined by Reuters, plus 1 percent. Principal and interest are paid ratably through payroll deductions. In addition, a participant may prepay all or a portion of the outstanding loan balance at any time.

Payment of Benefits – In accordance with the Plan document, the distribution of a participant's account is available upon the participant's retirement, death, disability, termination of employment, hardship, military leave, or attainment of age 59 1/2. Retired participants may elect to receive distributions in (a) one lump sum, (b) periodic installments of a fixed dollar amount or over a fixed period of time, or (c) approximate equal periodic installments not to exceed the life expectancy of the participant and their designated beneficiary.

If the participant is terminated and the value in the participant's account is more than $1,000 but less than $5,000 and the participant does not elect to have a distribution; it will be paid in a direct rollover to an individual retirement plan administered by Vanguard Fiduciary Trust Company. If the participant's account is less than $1,000, it will be paid in a lump-sum distribution less any applicable federal income tax withholding.

If the participant's account exceeds $5,000, the participant has the option of requesting a lump-sum distribution or deferring payment to a later date. Minimum required distributions for certain participants also apply per IRS regulations.

If the participant dies before normal retirement, the designated beneficiary will be paid the total amount credited to the participant's account. Nonspousal beneficiaries may elect to transfer the death benefit payable to their self-established individual retirement account.

CARES Act – On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security Act" ("CARES Act"). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. The Company has evaluated the relief provisions available to plan participants under the CARES Act and has implemented certain provisions for eligible participants.

The Plan has until December 31, 2025, to amend the Plan documents, as necessary, for the above CARES Act provisions.

2. Summary of Accounting Policies

Basis of Accounting – The financial statements are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policy utilizing information provided by the investment advisors and trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants represent loans recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income generated on the notes receivable is recorded when earned and administrative expenses associated with notes receivable are expensed when incurred. Delinquent notes receivable from participants are treated as distributions based upon terms of the Plan document. A provision for doubtful accounts has not been recorded as of December 31, 2022 or 2021.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these statements. Certain fees related to the administration of the Plan are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments. If the Company should elect not to pay administrative expenses, they would have to be paid by the Plan.

3. Information Certified by Trustee

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including, but not limited to, investments held at December 31, 2022 and 2021, participant notes receivable, net appreciation in fair value of investments, interest and dividends, and investment expenses for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard Fiduciary Trust Company ("VFTC"), the trustee of the Plan.

4. Investments

Investments are valued at fair value, refer to Note 5 for further descriptions.

During 2022 and 2021, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) by $(153,109,071) and $95,472,750, respectively.

Interest and dividend income from investments for the years ended December 31, 2022 and 2021 were $20,835,436 and $29,709,408, respectively.

Interest earned on the notes receivable from participants for 2022 and 2021 was $349,251 and $527,324, respectively.

5. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

ASC 820 also establishes a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. ASC 820 establishes three levels of inputs that may be used to measure fair value.

Level 1: Quoted prices in active markets for identical assets or liabilities;

Level 2: Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage account: Brokerage accounts are reported at the quoted market prices of the underlying investments.

Common collective trust funds: Units of the common collective trust funds ("CCT"), including the stable value fund, are valued at their NAV, as a practical expedient to measure fair value, as determined by the issuers based on the fair value of the underlying assets within the fund.

Stable Value CCT: The Plan's holdings in the stable value trust at year-end are valued at NAV, as provided by the trustee of each fund. The NAV, which is used as a practical expedient to estimate fair value, is based on the fair value of the underlying investments held by each trust less their liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present information about the Plan's investments measured at fair value on a recurring basis as of December 31, 2022 and 2021, and indicates the fair value hierarchy of the valuation techniques utilized by the Plan to determine such value:

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 466,518,195	$ -	$ -	$ 466,518,195
Self-directed brokerage account	1,625,047	-	-	1,625,047
Total investments in the fair value hierarchy	$ 468,143,242	$ -	$ -	468,143,242
Investments measured at net asset value [(a)]				311,489,434
Total investments measured at fair value				$ 779,632,676

	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 585,995,435	$ -	$ -	$ 585,995,435
Self-directed brokerage account	1,608,938	-	-	1,608,938
Total investments in the fair value hierarchy	$ 587,604,373	$ -	$ -	587,604,373
Investments measured at net asset value [(a)]				377,939,367
Total investments measured at fair value				$ 965,543,740

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient to measure fair value, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured at NAV – The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2022	Net Asset Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Vanguard Target Retirement Date Trust II funds	$219,613,409	$ -	Daily	None
Vanguard Target Retirement Income Trust II	14,667,852	-	Daily	None
Vanguard Retirement Savings Trust III	77,208,173	-	Daily	None

Vanguard Retirement Savings Trust III	82,899,785	-	Daily	None

6. Related-Party and Party In Interest Transactions

Certain Plan investments are managed by an affiliate of VFTC. VFTC is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. The Plan also holds notes receivable from participants, which qualify as related-party and party in interest transactions. Although the above investments and transactions in the investments qualify as related-party and party in interest transactions, they are exempt from the prohibited transactions rules of ERISA.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100 percent vested in their accounts.

8. Tax Status

The Plan obtained its latest determination letter on December 1, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. In December 2016, the IRS began publishing a Required Amendments List for individually designed plans which specifies changes in qualification requirements. The list is published annually and requires plans to be amended for each item on the list, as applicable, to retains its tax exempt status. Plan management believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Code and Plan document. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2019.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan investments include funds that may directly or indirectly invest in securities with contractual cash flows. The value, liquidity, and related income of these securities are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuer and changes in interest rates.

10. Reconciliation of Form 5500 to Financial Statements

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31,
