The Plan Administrator
Road Safety Services 401(k) Plan
Omaha, Nebraska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audits of the financial statements of Road Safety Services 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate to the best of their knowledge.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i-schedule of assets held at end of year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following brief description of the Road Safety Services 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Road Safety Services, Inc. (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan Administrator is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

Effective March 31, 2022, AAA Striping Service, Co. 401(k) Plan merged into the Plan as a result of the Employer acquiring the stock of the plan sponsor of AAA Striping Service, Co. 401(k) Plan. This resulted in \$1,458,863 assets transferred into the Plan during the year.

Eligibility

Eligible employees become participants in the Plan following six months of continuous service in which the employee has been credited with 500 hours of service and attainment of age 18, as defined in the Plan agreement. Effective March 1, 2022, the Plan was amended to change the eligibility requirement to three months of continuous service in which the employee has been credited with 250 hours of service and attainment of age 18.

Entry Date

Entrance dates will be the first day of each month of the Plan year coinciding with or next following the date the employee satisfies eligibility requirements.

Contributions

Contributions made to the Plan are as follows:

Participant Contributions – Participants may contribute a specific percentage or dollar amount of their recognized compensation, as defined by the Plan. Contributions are subject to certain dollar limitations, as imposed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, provided they have also maximized (or are on track to maximize) their IRS 402(g) annual dollar limit for the calendar year. Participants may also rollover amounts representing distributions from other qualified plans. Participants direct the investment of employee and Employer contributions into various investment options offered by the Plan.

Effective March 1, 2022, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated age-weighted fund until changed by the participant.

Employer Safe Harbor Matching Contributions – The Employer makes safe harbor matching contributions equal to a percentage of the participant's salary reductions, to be determined annually by the Employer. In order to receive Employer safe harbor matching contributions, the employee must have attained the age of 18 and have six months of continuous service during which the employee has been credited with 500 hours of service (three months of continuous service during which the employee has been credited with 250 hours of service, effective March 1, 2022). The Employer had a safe harbor matching contribution rate 4% of eligible compensation for the year ended December 31, 2022.

Employer Discretionary Profit Sharing Contributions – The Plan allows for discretionary profit sharing contributions in any amount to be determined at Plan year end by Employer management. The employee must be employed on the last day of the Plan year and have at least 1,000 hours of service or terminate due to death, disability, or normal or early retirement to share in this contribution. In 2022, the Employer did not make a profit sharing contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions (including rollovers), and allocations of (a) the Employer safe harbor matching and discretionary profit sharing contributions, (b) Plan earnings or losses, and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options

Upon enrollment to the Plan, a participant may direct deferrals and Employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are immediately vested in their participant contributions, Employer safe harbor matching contributions, and rollover contributions into the Plan plus actual earnings thereon. Vesting in the Employer discretionary profit sharing contributions plus actual earnings thereon is determined under the following schedule:

<u>Completed Years of Service</u>	<u>Vesting Percentage</u>
Less than one	0%
One	25%
Two	50%
Three	75%
Four or more	100%

A year of service for vesting is based upon completion of 1,000 hours of service during the Plan year. Separate provisions apply in the event of retirement, death, or disability of the participant.

Forfeitures

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$8 and \$1,377, respectively. These accounts are used to reduce the Employer matching contribution or pay Plan administrative expenses. During the year ended December 31, 2022, Employer contributions were reduced by \$1,675 from forfeited nonvested accounts.

Payment of Benefits

Upon separation of service due to death, disability, or retirement, a participant or beneficiary may elect to receive the vested portion of his or her account in a lump sum payment, partial payments, or installment payments. For separation of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. If the participant's vested account balance is less than \$5,000, but greater than \$1,000, upon separation of service, the Plan can automatically roll the account into a qualified individual retirement account as soon as administratively feasible without the participant's election. If the participant's vested account balance is less than \$1,000, upon separation of service, the Plan can automatically cash out the account balance as soon as administratively feasible without the participant's election. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½ or hardship as defined in the Plan agreement.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their entire account.

Note 2 - Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully-benefit responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan Administrator determines the Plan's valuation policies utilizing information provided by service providers. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on the Form 5500 due to different reporting requirements on the Form 5500.

Payments of Benefits

Benefits payments to participants are recorded upon distribution.

Expenses

Certain expenses to maintain the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Investment related expenses are included in net depreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent Events

The Plan Administrator has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be issued.

Note 3 - Certified Information

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplementary information, including investments held at December 31, 2022 and 2021, and net depreciation in fair value of investments and interest and dividends, for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate to the best of their knowledge by United of Omaha Life Insurance Company, the custodian of the Plan.

Note 4 - Fair Value of Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)

The Financial Accounting Standards Board (FASB) has issued Accounting Standards Codification (ASC) Topic 820, Fair Value Measurement, establishing a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation methodologies used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology include are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize use of observable inputs and minimize the use of unobservable inputs.

Pooled separate accounts are valued at fair value based on the net asset value (NAV) of units held in the account. The NAV, as determined by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the observable market prices of underlying assets within the account less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There have been no changes in the methodologies used at December 31, 2022 and 2021.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2022 and 2021:

	December 31, 2022			
	Fair Value	Unfunded	Redemption	Redemption
Pooled separate accounts	\$ 11,097,029	\$ -	Daily	None
	December 31, 2021			
	Fair Value	Unfunded	Redemption	Redemption
Pooled separate accounts	\$ 9,802,926	\$ -	Daily	None

Note 5 - Group Annuity Contract with United of Omaha Life Insurance Company & Investment Contract with Great-West Life & Annuity Insurance Company

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract (GIC) with United of Omaha Life Insurance Company. United of Omaha Life Insurance Company maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed at least once a month for resetting. The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The Plan also entered into a traditional fully benefit-responsive GIC with Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Because the GICs are fully benefit-responsive, contract value is the relevant measure for the GICs, as this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by United of Omaha Life Insurance Company and Great-West Life & Annuity Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a

portion of their investment at contract value. The contract value of the investment contract held with United of Omaha Life Insurance Company at December 31, 2022 and 2021 was \$40,240 and \$491,770, respectively. The contract value of the investment contract held with Great-West Life & Annuity Insurance Company at December 31, 2021 was \$255,727.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include any Employer directed withdrawals, which are defined as any withdrawal from the account which does not qualify as a participant directed transfer, annuity purchase withdrawal, clone contract withdrawal or Plan benefit withdrawal. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Note 6 - Tax Status

The Plan has adopted a non-standardized form of a prototype plan. The prototype plan has received an opinion letter from the IRS dated March 31, 2014 as to the prototype plan's qualified status. The prototype plan opinion has been relied upon by this Plan. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Related Party and Party-In-Interest Transactions

United of Omaha Life Insurance Company is the custodian of the Plan; therefore, transactions with Mutual of Omaha (an affiliate of the custodian) qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are paid directly by the participants from each participant's account. Fees paid by the Plan to parties-in-interest amounted to \$4,700 for the year ended December 31, 2022.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or global conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Plan Amendments

Effective March 1, 2022, the Plan was restated to encompass all amendments to the Plan since March 1, 2019, the date of the last restatement.
