Independent Auditor's Report

To the Participants and Administrator of
the Spectralink Corporation 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Spectralink Corporation 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for supplementary Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Spectralink Corporation 401(k) Savings Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. Plan Description

General:

The Spectralink Corporation 401(k) Savings Plan (the “Plan”) is a defined contribution plan established effective February 1, 2013. The Plan was adopted by Spectralink Corporation (the “Company”) for the benefit of eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Benefits payable under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation. Participants and others should refer to the Plan document for a more complete description of the Plan’s provisions.

Eligibility:

Eligible employees, which exclude collectively bargained employees and non-resident aliens, as defined by the Plan document, may become a participant in the Plan on the first day of the month following the attainment of age 21 and 60 days of service, as defined in the Plan document. The Plan also has auto enrollment of eligible employees.

Contributions:

Participants may elect to contribute up to 100% of their annual compensation to the Plan through regular payroll deductions (“Basic”). Annual participant contributions are limited by the Internal Revenue Service (“IRS”) to \$20,500 for calendar year 2022. In addition, eligible employees age 50 or over may contribute “catch-up” contributions of \$6,500 in 2022. Participants may elect to make rollover contributions (“Rollover”) to the Plan from a previous employer’s qualified retirement plan or from a “conduit” investment retirement account.

The Company has the option to make discretionary matching contributions to the Plan on behalf of the participants. For 2022, the Company made a discretionary matching contribution of 50% of the first 4% of the participant contributions.

Participants’ Accounts:

Each participant has the choice of investing his/her Basic, Rollover and Employer contribution account balance into any combination of 28 registered investment companies and 1 investment contract with insurance company in 2022 and 2021. Participants may change investment fund elections and transfer their existing balances between any of the funds on a daily basis. Investment income or losses for each investment fund are allocated to each participant’s account balance in proportion to the value of his/her interest relative to the total interest of all participants in such fund at the time the income or loss is earned.

Vesting:

Participants are immediately fully vested in their Basic, Rollover and Employer contributions and the earnings related to those contributions.

1. Plan Description (continued)

Payment of Benefits:

Upon a participant's retirement or disability, the value of his/her vested account may be paid as a lump-sum. A participant's vested account balance in excess of \$5,000 will be paid only upon the written consent of the participant. An account balance between \$1,000 and \$5,000 will be distributed as a direct rollover to the Plan's designated individual retirement plan, and an account balance of \$1,000 or less will be distributed directly to the participant. In the event of death of the participant, his/her beneficiary may elect to receive payment in the form of a lump sum, required minimum distributions, defer receipt for up to 5 years or, if the participant's beneficiary is his or her spouse, defer payment until the last day of the year in which the participant would have attained age 65.

Withdrawals:

Upon submission of a written request to the plan administrator, and attainment of age 59½, a participant may withdraw from his/her account all or any portion of their vested account balance. The Plan also provides for hardship withdrawals upon a participant's written request to the plan administrator for the withdrawal of all or any portion of his/her vested account provided all other forms of financial assistance have been explored and exhausted, including participant loans, and certain criteria is met.

Notes Receivable from Participants:

The Plan allows participants to obtain loans against their accounts subject to certain restrictions and limitations. The maximum amount a participant may borrow is limited to the lesser of \$50,000 or 50% of his/her vested account balance. The minimum amount that can be borrowed as a loan is \$1,000. Loans bear interest equivalent to the prime lending rate plus 1% and must be paid at least on a quarterly basis, and repaid generally within five years, except for the purchase of a primary residence. The interest rate charged on participant loans ranged from 4.25% to 7.25% at December 31, 2022.

Administrative Expenses:

Most administrative expenses of the Plan are paid by the Company, except for loan processing and transfer redemption fees which are paid by the applicable participants. For the year ended December 31, 2022, loan processing and transfer redemption fees totaled \$28,515.

2. Summary of Significant Accounting Policies

Basis of Accounting:

The Plan has prepared its financial statements on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Investments:

The Plan's investments are stated at quoted market value on the last business day of the plan year. Net appreciation or depreciation in fair value of investments as reflected in the statement of changes in net assets available for benefits consists of unrealized appreciation or depreciation of investments held during the year and the realized gain or losses on investments

2. Summary of Significant Accounting Policies (continued)

sold during the year. Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded when earned, and dividends are recorded on the ex-dividend date.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Use of Estimates:

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

3. Investment contracts with an insurance company

In 2020, the Plan entered into a fully-benefit-responsive investment contract with an insurance company. The insurance company maintains the contributions in a general account that is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The guaranteed investment contract is fully-benefit-responsive, and contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the issuer, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are set on a quarterly basis. The crediting interest rates were 2.35% and 2.20% at December 31, 2022 and 2021, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures* (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Investments in registered investment companies: Valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Plan Financial Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information has been certified by Newport Trust Company, the Trustee as being complete and accurate, and the Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule:

- Investments, at fair value as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021,
- Investment income (loss) and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022 and
- The schedule of assets (held at end of year) as of December 31, 2022, as shown on the supplemental schedule.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information as provided by the trustees to the related information included in the financial statements and supplemental schedules.

6. Federal Income Tax Status

Effective February 1, 2014, the Company adopted the Wells Fargo Defined Contribution Prototype Plan and Trust, which received a favorable opinion letter from the IRS on March 31, 2008. The Plan has been amended since receiving the determination letter. While the Company is not required to file for a separate IRS opinion letter for the Plan, the Plan management believes that the Plan is currently designed and being operated in compliance with the applicable sections of the Internal Revenue Code.

Notes to Financial Statements

December 31, 2022 and 2021

6. Federal Income Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the plan and has concluded that as of December 31, 2022, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan document to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the entire account values of participants affected by such termination shall be distributed to the participants.

8. Risks and Uncertainties

The Plan provides for various investment options in registered investment companies. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts presented in the financial statements.

9. Subsequent Events

The Company has evaluated events subsequent to December 31, 2022 through October 13, 2023, which is the date the financial statements were available to be issued. There has been no material events noted in this period which would impact the results reflected in this report, the Plan's results going forward or require additional disclosure.
