INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Opto International 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Opto International 401(k) Plan (Plan), an employee benefit plan subject to Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).
- The information in the financial statements referred above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

OPTO INTERNATIONAL 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

1 - Description Of Plan

The following description of the Opto International 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The company covered by the Plan is Opto International, Inc., referred to herein as employer.

General

The Plan is a defined contribution plan covering substantially all employees who meet certain age and service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Pension Protection Act of 2006.

Contributions

Each year, participants may contribute a portion of their annual compensation, subject to certain limitations under the Internal Revenue Code and as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. For the period October 1, 2021 through December 31, 2021, the Plan allowed for employer discretionary matching contributions. Effective January 1, 2022, the Plan allowed for employer safe harbor matching contributions. The employer may, at its discretion, make profit sharing contributions to the Plan. The profit sharing contributions are allocated among employees who satisfy certain conditions.

Participant Accounts

Each participant's account is credited with participant contributions, employer matching contributions and allocations of employer discretionary profit sharing contributions as determined by the employer, and plan earnings. Allocations are based on account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and employer matching contributions, plus earnings thereon. Vesting in the employer's discretionary profit sharing contributions, plus earnings thereon, is based on years of continuous service. A participant is 100% vested after five years of credited service.

Payment of Benefits

Upon termination of employment or attainment of age 59 1/2, a participant may elect to receive an amount up to the value of the participant's vested interest in his or her account. Benefits are payable either in a lump sum, partial payments or installment payments over a period of not more than the participant or beneficiary's assumed life expectancy, as described by the Plan.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts may be used to pay plan expenses or will be reallocated to participants as additional employer contributions. The forfeiture account totaled \$437 and \$392 at December 31, 2022 and 2021, respectively.

Administrative Expenses

The employer pays substantially all administrative expenses of the Plan. Certain investment and transaction fees are recorded as expenses of the Plan and are deducted from participant accounts.

OPTO INTERNATIONAL 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 and a maximum of the lesser of one-half of their vested account balance or \$50,000 reduced by the highest outstanding loan balance in their account during the prior twelve-month period. A participant may not have more than one loan outstanding at any time. The loans are secured by the balance in the participant's account. Loans must be repaid within five years unless the loan is taken for the purchase of a primary residence where a longer repayment term may be permitted up to thirty years. Loan repayments must be made through payroll deductions for active employees or personal checks for prepayments or for inactive employees. Loans bear interest at a commercially reasonable rate of interest determined by the Plan administrator. Interest rates ranged from 4.25% to 6.50% at both December 31, 2022 and 2021.

Plan Amendments

Effective January 1, 2021, the Plan was amended to change the condition of eligibility from 3 to 6 months of service completion and to change the trustees of the Plan.

Effective October 1, 2021, employer discretionary matching contributions were implemented after being suspended for 15 months. On January 1, 2022 employer safe harbor matching contributions were added to the Plan.

2 - Summary Of Significant Accounting Policies

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances. Interest income is recorded when received. Delinquent participant notes receivable are reported as taxable income to the participant upon default. The taxable amount is equal to the outstanding loan balance plus accrued interest through the date of default. Defaulted loans are included in notes receivable from participants at the unpaid principal balance until the participant has a distributable event and the loan balance is offset against other benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan assets maintained in cash and money market accounts are not insured by the Federal Deposit Insurance Corporation. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded upon payment.

Subsequent Events Review

The Plan administrator has evaluated subsequent events through October 12, 2023, the date when the financial statements were available to be issued.

OPTO INTERNATIONAL 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

3 - Market Risk

The Plan invests in a variety of investments. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

4 - Related Party Transactions

Voya Retirement Insurance and Annuity Company (Voya) acts as the custodian and recordkeeper for the Plan. The Plan invests in a stable value fund and pooled separate accounts managed by Voya; therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2022, fees paid by the Plan to Voya were \$750. Additional investment expenses may be paid to Voya and netted against investment income.

5 - Plan Termination

Although it has not expressed any intent to do so, the Employer has a right to terminate the Plan subject to the provisions of ERISA.

6 - Information Certified By The Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2022 and 2021, and for the year ended December 31, 2022. Accordingly, the Plan's custodian, Voya Retirement Insurance and Annuity Company, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- (a) Investments as shown in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021.
- (b) Investment income (loss) as shown in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.
- (c) Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information provided by the custodian to the related information included in the financial statements and supplemental schedule.

7 - Tax Status

The Employer has adopted a non-standardized plan pre-approved by the Internal Revenue Service (IRS). The IRS issued an opinion letter on June 30, 2020, indicating that the form of the plan is acceptable for use by employers for the benefit of their employees under Internal Revenue Code Section 401.

OPTO INTERNATIONAL 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to December 31, 2019.

8 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1

Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2

Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a. Quoted prices for similar assets or liabilities in active markets.
- b. Quoted prices for identical or similar assets or liabilities in inactive markets.
- c. Inputs other than quoted prices that are observable for the asset or liability.
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Stable value fund: Valued using the credited interest rate, account balance and formulas upon which payments may be based, which are observable through the contract and related communications.

Money market fund: Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-end mutual fund that is registered with the U.S. Securities and Exchange Commission. This fund is required to publish its daily net asset value and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

Pooled separate accounts and common collective trust: Valued using the unit value provided by the administrator of the fund. The unit value is calculated based on observable inputs of the underlying investments owned by the fund, minus its liabilities and relevant accrual items.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021, and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.
