October 12, 2023

To the Members of
The Pension Administration Committee
The Timken Company
4500 Mount Pleasant Street NW
North Canton, OH 44720

We have audited the financial statements of The Timken Diamond Chain Savings and Investment Retirement Plan for Bargaining Associates (the "Plan"), employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit for the year ended December 31, 2022, and we will issue our report thereon dated October 11, 2023. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Great West Trust Company, LLC the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audits. We have communicated such information in our letter to you dated April 3, 2023. Professional standards also require that we communicate to you the following information related to our audits.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plans are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2022. We noted no transactions entered into by the Plans during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no significant estimates affecting the financial statements.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. There were no significantly sensitive disclosures affecting the financial statements. The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500's prior to dating our auditors' reports. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500's and the Plans' financial statements. We identified no material inconsistencies in performing and completing our audits.

Difficulties Encountered in Performing the Audits

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audits, other than those that are trivial, and communicate them to the appropriate level of management. At December 31, 2023 management recorded a \$75,404 distribution payable to correct for funds inadvertently forfeited from fully vested participant accounts. There were no uncorrected adjustments noted.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance with or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We did not identify any reportable findings.

Disagreements with Management

For the purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 11, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plans' financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of Pension Administration Committee and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

The Timken Diamond Chain Savings and Investment
Retirement Plan for Bargaining Associates
Notes to Financial Statements

1. Description of the Plan

The following description of The Timken Diamond Chain Savings and Investment Retirement Plan for Bargaining Associates (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. Copies of the Plan document are available from the Plan Administrator, The Timken Company (the "Company").

General

The Plan is a defined contribution plan covering all union employees of the former Diamond Chain, Inc. ("Diamond Chain"), which was acquired by the Company. The Plan Administrator is responsible for the day-to-day administration and operation of the Plan and has full discretionary authority to interpret the Plan, including its terms. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Great West Trust Company, LLC is the trustee for the Plan and the Plan has adopted the Great West Trust Company Defined Contribution Prototype Plan. Effective July 16, 2021, the Plan's adoption agreement was amended and restated and the provisions of that Plan that were impacted are disclosed below.

On February 4, 2020, the Company announced the closure of its Diamond Chain manufacturing facility in Indianapolis, Indiana. This facility ceased operations on April 30, 2023. The decrease in net asset available for benefits was primarily due to the closure of this facility as most employees had left the Company by the end of 2022.

Eligibility

Effective July 16, 2021, an employee becomes eligible to contribute to the Plan upon the first day of the month after reaching one month of service. Prior to this date, eligibility to contribute to the Plan was obtained upon reaching 90 days of service. Service is credited based on the employee's start date with Diamond Chain. Eligible employees may become participants immediately on the date on which eligibility requirements are met.

Contributions

Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan, not to exceed the limits of the Internal Revenue Code. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions, which are also subject to the Internal Revenue Service ("IRS") limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, referred to as rollovers.

The Plan Sponsor makes matching contributions of 100% of each participant's contributions, up to a maximum of 2% of eligible compensation. Matching contributions totaled \$53,367 for the year ended December 31, 2022. The matching contribution amount is included in The Timken Company contributions on the Statement of Changes in Net Assets Available for Benefits. Contributions are subject to certain limitations imposed by the Internal Revenue Code.

The Plan Sponsor also makes a non-elective contribution equal to 3% of the participant's eligible compensation per payroll period. Non-elective contributions totaled \$89,934 for the year ended December 31, 2022. The non-elective contribution amount is included in The Timken Company contributions on the Statement of Changes in Net Assets Available for Benefits.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Plan's Sponsor's contributions, and an allocation of Plan earnings. The participant's account is charged with an allocation of administrative expenses. Allocations are proportionally based on the value of account balances or as an equal dollar amount based on the number of participants in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant contributions, plus actual earnings thereon, are vested immediately. Participants are vested in the Plan Sponsor's contributions, plus actual earnings thereon, based on years of continuous service. Due to the planned closure of the Diamond Chain manufacturing facility disclosed above, there was a significant number of involuntary terminations of Plan participants during 2022, which resulted in a partial plan termination being recognized. Prior to the manufacturing facility closure announcement, the Plan was amended on March 5, 2020 to fully vest all Plan participant accounts for those who involuntary terminated employment for any reason other than performance.

Investment Options

Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator. Investment options are generally intended to be long-term investments suitable for retirement savings and not designed to accommodate frequent exchanges by participants. The Plan Administrator and/or the entities that provide investments and administrative services to the Plan may adopt procedures to discourage frequent investment transactions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loan terms range up to ten years as established by the Plan Administrator at the time of the loan. The loans initiated under the Plan bear interest at the prime rate at the time the loans were made plus 1%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon disability or termination of service with the Company, participants having a vested account balance greater than \$1,000 are given the option of (i) transferring their account balance to another plan, (ii) receiving a lump-sum amount equal to the vested balance of their account, (iii) receiving installment payments of their vested assets over a fixed year of time not to exceed their estimated life expectancy, or (iv) leaving their vested account balance in the Plan. Participants having a vested account balance less than \$1,000 receive a lump-sum amount equal to their vested account balance. Participants electing to leave their vested assets in the Plan may do so until age 70-1/2, after which time the lump-sum or installment distribution options would apply. Participants are also able to receive partial or total distributions of their vested accounts upon attainment of age 59-1/2 without regard to the source of funds in their accounts.

Hardship withdrawals are allowed for participants incurring an immediate and severe financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the IRS and a participant must exhaust all available loan options and distributions prior to requesting a hardship withdrawal.

Forfeitures

Until March 2020, if a participant voluntarily terminated before being fully vested in Plan benefits, they were entitled to receive a distribution up to the vested benefits, and the non-vested benefits were forfeited in accordance with terms of the Plan. Forfeitures may be used to reduce future Plan Sponsor contributions or to pay Plan expenses. In March 2020, the Plan was amended to include all participants fully vested.

During 2023, the Plan Sponsor determined that certain participants who were voluntarily terminated after March 2020 were not fully vested in accordance with the Plan amendment. In August 2023, the Plan corrected the balances for the affected participants. Forfeited non-vested accounts totaled \$43,264 and \$31,610 at December 31, 2022 and 2021, respectively.

2. Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid. No amounts were allocated to accounts of persons who have elected to withdraw from the Plan but were not yet paid as of December 31, 2022 and 2021.

Contributions

Participant contributions and Plan Sponsor matching contribution are recorded in the year in which the participant contributions are withheld from amounts paid. Plan Sponsor non-elective contributions are recorded in the year in which the applicable payroll period ended. All participant and Plan Sponsor contributions are participant-directed.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of certain recordkeeping functions and are charged directly to the participant's account. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value and are invested in the Master Trust Agreement for The Timken Company Defined Contributions Plans ("Master Trust"), which was established for the investment of assets of the Plan and the six other defined contribution plans sponsored by the Company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

3. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 103(a)(3)(C) for the years ended December 31, 2022 and 2021, respectively. Accordingly, Great West Trust Company, LLC has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

	2022	2021
Investments, at fair value	\$ 1,458,439	\$ 2,230,813
Notes receivable from participants	4,757	74,090
Interest income on notes receivable from participants	2,035	3,165
Net (depreciation) appreciation from The Master Trust Agreement for The Timken Company Defined Contribution Plans	(358,386)	211,062

4. Investments

The Plan's assets are held in the Master Trust and are commingled with assets of other benefits plans sponsored by the Plan Administrator.

Each participating plan's interest in the investment funds (i.e., separate accounts) of the Master Trust is based on account balances of the participants and their elected investment funds. The Master Trust assets are allocated among the participating plans by assigning to each plan those transactions (primarily contributions, benefit payments, and plan-specific expenses) that can be specifically identified and by allocating among all plans, in proportion to the fair value of those assets assigned to each plan, income and expenses resulting from the collective investment of the assets of the Master Trust. The Plan's ownership percentage in the Master Trust as of December 31, 2022 and 2021, was 0.14% and 0.17%, respectively.

The following tables present the value of investments in the Master Trust and the Plan's interest in each investment fund of the Master Trust:

	December 31, 2022		December 31, 2021	
	Master Trust Balance	Plan's Interest in Master Trust Balance	Master Trust Balance	Plan's Interest in Master Trust Balance

5. Fair Value

Fair value is defined as the price that would be expected to be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible to the Plan at the measurement date for identical assets or liabilities.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for assets or liabilities;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable inputs for assets or liabilities. Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following tables present the fair value hierarchy for those investments of the Master Trust measured at fair value on a recurring basis as of December 31, 2022 and 2021:

Cash and cash equivalents and registered investment companies are valued based on quoted market prices reported on the active market on which the individual securities are traded.

The Timken Company and TimkenSteel Common Stock Funds participate in units and are valued based on the closing price of each company's common shares traded on a national securities exchange.

Common collective funds are valued using the net asset value ("NAV") based on the fair value of the underlying investments held by the fund.

The T. Rowe Price Blue Chip Growth Trust seeks long-term growth of capital by investing primarily in common stocks of well-established large and medium-sized companies. Income is a secondary objective of the trust.

The Vanguard Target Retirement Trust II Funds invest in broad index funds of U.S. and international stocks and bonds. The asset allocation of each fund is managed in accordance with the designated strategy for each fund's target retirement year. The funds are automatically rebalanced to designated glide paths.

The JPMorgan Equity Index Fund I, JPMorgan Equity Index Fund II, and JPMCB Equity Index Fund-CF include investments that provide exposure to a broad equity market and are designed to mirror the aggregate price and dividend performance of the S&P 500 Index.

The JPMCB Core Bond Fund invests primarily in a diversified portfolio of intermediate and long-term debt securities.

The SSgA Russell 2000-A Index Fund includes investments seeking an investment return that approximates as closely as practicable, before expenses, the performance of the Russell 2000 Index over the long term. The fund includes exposure to stocks of small U.S. companies.

The William Blair Small Cap Growth Fund invests in small cap companies expected to have strong earnings growth. The fund's underlying investments include companies with market leadership positions, unique products or processes, strong marketing capability, and rapid industry growth expectations.

The T.Rowe Price Stable Value Funds primarily invests in security backed investment contracts.

The Western Asset Core Plus Bond strategy seeks to maximize total return through a well-diversified, long-term value based core fixed-income portfolio that includes limited opportunistic exposure to the "plus" sectors: high-yield, non-U.S. and emerging market debt. The strategy seeks to approximate the risk of the Bloomberg Barclays U.S. Aggregate Index.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7. Income Tax Status

The prototype plan the Plan has adopted received an determination letter from the IRS dated March 31, 2014 as to the prototype plan's qualified status. The prototype plan determination letter has been relied upon by the Plan. As disclosed in Note 1, the Plan has subsequently been amended and restated and the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

8. Subsequent Events

Management evaluates subsequent events and transactions occurring subsequent to the date of the financial statements through October 12, 2023, the date of the financial statements were available to be issued, that affect recognition or disclosure of the financial statements. In 2023, the Plan corrected an error related to plan forfeitures. Refer to Note 1 for further information.
