INDEPENDENT AUDITOR'S REPORT
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2022

To Management
Gamma Construction Company, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Gamma Construction Company, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Gamma Construction Company, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from John Hancock Life Insurance Company ("JHLIC") as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

- the information in the accompanying financial statements related to assets held by and certified to JHLIC agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“U.S. GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Gamma Construction Company, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Gamma Construction Company, Inc. 401(k) Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures

include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Gamma Construction Company, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Gamma Construction Company, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, was presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, was presented, in

all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Gamma Construction Company, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022

1. Significant Accounting Policies

The following is a description of significant accounting policies followed by the Gamma Construction Company, Inc. 401(k) Plan (the "Plan") in the preparation of its financial statements:

Basis of Accounting

The accounting records of the Plan and the Form 5500 prepared by John Hancock Life Insurance Company ("JHLIC") are maintained and presented on the cash basis. The accompanying financial statements are presented on the accrual basis.

Use of Estimates

The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits payments to participants are recorded when paid.

Administrative Fees

Administrative fees incurred by the Plan in 2022 include contract administrative fees of \$1,200, third party administrator service fees of \$2,150 and guaranteed income feature fees of \$1,822. All other expenses of maintaining the Plan are paid by the Employer or participants.

Date of Management's Review

The Plan has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued.

2. Description of the Plan

The following description of the Gamma Construction Company, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is sponsored by Gamma Construction Company, Inc. (the "Company").

General

The Plan is a defined-contribution plan which provides for profit-sharing and other incidental benefits for eligible employees of Gamma Construction Company, Inc. and affiliates (the "Employer"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan Committee has the responsibility of supervising and directing the administrative activities of the Plan and is the plan fiduciary.

An employee becomes eligible to participate in the Plan after six months of service with 1,000 hours of service and attainment of age 21. After one year of service, the participant becomes eligible to receive employer match and discretionary match contributions.

Contributions

Participant Contributions

Each year participants may elect to defer a percentage of their compensation, as defined in the Plan, up to the maximum established by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Employer Contributions

The Employer may make a discretionary pretax matching contribution to each participant's account. For 2022, the Company elected to contribute an amount equal to 5% of employee contributions up to 5% of eligible compensation. For the year ended December 31, 2022, the employer match totaled \$13,705. Discretionary employer matching contributions may be made at the option of the Board of Directors. For the year ended December 31, 2022, the Board of Directors of the Company opted not to contribute a discretionary employer matching contribution to the Plan.

Participant Accounts

Separate accounts are maintained for each participant. Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and, (b) Plan earnings, and is charged with distributions and an allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, participants may direct the investment of their accounts among various investment options provided under the Plan. Participants may change their investment elections at any time, as well as transfer existing balances between investment funds.

Gamma Construction Company, Inc. 401(k) Plan
Notes to Financial Statements - continued
December 31, 2022

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's matching contributions and earnings is in accordance with the following schedule:

<u>Years of Service for Vesting</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable From Participants

Participants may borrow from their accounts a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as transfers between investment funds and the loan fund. Loan terms range from 1-5 years or up to 20 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at 1% higher than the prime lender rate of a commercial U.S. bank available within a reasonable geographic vicinity. Principal and interest are paid ratably through payroll deductions or by check. Participants can have up to two outstanding loans at one time which may not exceed \$50,000 in total.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, a single sum distribution of a portion of the participant's vested account balance, or annuity payments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Withdrawals

Participants are able to make an in service withdrawal if the participant meets certain age and vesting requirements or under certain hardship conditions, if approved by the Plan administrator. A participant may make unrestricted withdrawals of their vested accounts on or after age 59 1/2 or upon normal retirement age of 65 on all or a portion of the participants' vested account.

Reclassifications

Certain 2021 amounts have been reclassified to conform to the 2022 presentation.

Forfeited Accounts

Participants terminating employment prior to full vesting forfeit their right to the nonvested portion of employer contributions. Forfeitures are first used to pay for Plan expenses with the remainder used to reduce employer contributions. Forfeitures for the year ended December 31, 2022 totaled \$306. In 2022, the Plan did not utilize forfeitures to reduce Plan expenses or employer contributions. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$6,271 and \$5,965, respectively.

Gamma Construction Company, Inc. 401(k) Plan
Notes to Financial Statements - continued
December 31, 2022

3. Income Tax Status

The Plan uses a prototype plan sponsored by Nova 401(k) Associates Volume Submitter 401(k) Profit Sharing Plan (Nova). Nova received a determination letter from the Internal Revenue Service, dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

4. Information Certified by Custodian (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, JHLIC, the Plan's custodian, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

December 31,	2022	2021
Pooled separate accounts	\$ 7,676,518	\$ 9,276,249
Year Ended December 31,	2022	
Net appreciation in fair value of investments	\$ (1,535,868)	

In addition, the information contained in the Schedule of Assets (Held at End of Year), December 31, 2022 has also been certified as complete and accurate by JHLIC.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Related Party Transactions

The Plan holds notes receivable from participants. As a result, these receivables and all transactions relating to these receivables were with parties-in-interest. These transactions are exempt from being prohibited transactions by ERISA.

Gamma Construction Company, Inc. 401(k) Plan
Notes to Financial Statements - continued
December 31, 2022

Certain Plan investments are units in pooled separate accounts managed by the Custodian, and, therefore, these transactions qualify as party in interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Company pays directly any other fees related to the Plan's operations. Fees paid by the Plan for administrative and the Custodian's services totaled \$5,172 for the year ended December 31, 2022.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available per the financial statements as of December 31, 2022 and 2021 to Form 5500:

	<u>2022</u>	<u>2021</u>

The following is a reconciliation of contributions per the financial statements for the year ended December 31, 2022, to Form 5500:

9. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying financial statements. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity can access at the measurement date; Level 2 inputs consist of inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and Level 3 inputs consist of unobservable inputs for the asset or liability. Level 1 is given the highest priority while Level 3 is given the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure fair value of its investments.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Pooled separate accounts: Recorded at the net asset value ("NAV") reported by the trustee as a practical expedient to estimating fair value, as these instruments do not have readily determinable fair market values. Due to the nature of the investments held by the pooled separate accounts, changes in market condition and economic environment may significantly impact the net asset value of the pooled separate accounts and, consequently, the fair value of the fund's interest in the funds. The fair value of these investments has been measured using the net asset values per share of the Plan's ownership interest in the pooled separate accounts or an equivalent measure, where it is not probable that the fund will sell a pooled separate account at a price other than NAV. There are no pooled separate accounts with redemption restrictions or unfunded commitments as of December 31, 2022 or 2021.

The following tables present the Plan's investments measured at fair value on a recurring basis as of December 31, 2022 and 2021:

Investments at Fair Value as of December 31, 2022:

	(in \$)			
	Level 1	Level 2	Level 3	Total

(1) Investments in the pooled separate accounts that are measured at net asset value per share equivalent are not classified in the fair value hierarchy. The fair value amounts presented are intended to reconcile the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

10. Delinquent Participant Contributions

For the year ended December 31, 2022, the Company determined that certain employee deferrals aggregating \$2,251 had not been remitted to the Plan in a timely manner, according to DOL regulations. Although these remittances were made, they fell outside the normal processing time the Company allows. An investigation was held to determine the root cause of the delinquent contributions, and the necessary corrective measures were identified. The lost earnings for contributions will be processed and deposited to participant accounts in October 2023.
