INDEPENDENT AUDITOR'S REPORT

Plan Administrator and Participants
GRX Holdings, LLC 401(k) Plan
West Des Moines, Iowa

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of GRX Holdings, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of GRX Holdings, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of GRX Holdings, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about GRX Holdings, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of GRX Holdings, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about GRX Holdings, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

GRX Holdings, LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

NOTE 1 PLAN DESCRIPTION

The following description of the GRX Holdings, LLC 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of GRX Holdings, LLC, GRX Norwalk, Inc., GRX Marketing, LLC, GRX II, Ltd., and GRX Accounting, LLC, who are age 21 or older and who have completed 3 months of service. GRX Marketing, LLC was sold on July 1, 2021, GRX Accounting, LLC was sold in October, 2022 and GRX Norwalk, Inc. and GRX II, Ltd. were dissolved on December 31, 2021. Employees who are not U.S. citizens are not eligible for participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute to the Plan a portion of their annual compensation, as defined in the Plan, up to the maximum limitations imposed by the IRS. Participants also have the option to contribute post-tax compensation through Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation. The Company can elect to make matching and additional discretionary contributions to the Plan. For 2022 and 2021, the Company made a matching contribution of 50% of the first 4% that a participant contributed to the Plan. No additional discretionary contributions were made for 2022 and 2021.

Investment Options

Participants direct the investment of employee and employer contributions into a variety of investment choices as more fully described in the Plan's literature. The Plan currently offers mutual funds, common/collective trust funds, pooled separate accounts, and a guaranteed investment contract. Contributions from automatically enrolled participants are invested in a target date fund until changed by the participant. Participants may change their investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contribution and matching contribution (if any), and an allocation of (a) the Company's additional discretionary contribution (if any) and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. A participant is 100% vested after three years of service.

GRX Holdings, LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

NOTE 1 PLAN DESCRIPTION (continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1-5 years, or longer for the purchase of a primary residence. The loans are secured by the vested portion of the participant's account and bear interest at a rate commensurate with local prevailing rates (4.25% to 9.50% at December 31, 2022). Principal and interest is paid ratably through payroll deductions.

In accordance with the Plan document, loans are considered to be in default if any scheduled loan payment remains unpaid for more than 90 days after due. The balance of any outstanding loan is considered due within 60 days after employment ends. Defaulted loans will be reported as taxable deemed distributions in the year in which default occurs. During the years ended December 31, 2022 and 2021, there were no deemed distributions reported.

Payment of Benefits

Participants and their beneficiaries are eligible for benefits upon the earlier of retirement, death, disability or termination due to any other reason. If the benefit is less than \$5,000, the participant may roll over the benefit into another qualified plan or receive a lump sum payment. If the benefit is greater than \$5,000, the participant may elect to roll over the benefit into another qualified plan, or receive the benefit as a lump sum, as installment payments, or through the purchase of an annuity contract.

The Plan allows for hardship withdrawals to participants who meet an immediate and heavy financial need. Hardship withdrawals are limited to a participant's vested account balance and earnings thereon.

Forfeited Account Balances

Forfeitures from nonvested account balances may be applied to pay administrative expenses or used to reduce future employer contributions. During the years ended December 31, 2022 and 2021, forfeited nonvested account balances of \$10,628 and \$10,644, respectively, were used to reduce employer contributions.

At December 31, 2022 and 2021, forfeited unallocated nonvested accounts totaled \$6,089 and \$11,105, respectively.

Plan Merger

Effective January 1, 2023, the Plan merged with several other plans to become the OneroRx, Inc. 401(k) Plan. Total gross merged assets were \$9,069,803. The Plan agreement was restated effective January 1, 2023.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

**GRX Holdings, LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS**

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received upon the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees charged to the Plan for investments in mutual funds, common/collective trusts, and pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees are reflected as a reduction of investment return for such investments.

Excess Contributions Payable

Amounts payable to participants totaling \$12,139 and \$15,646 for contributions in excess of amounts allowed by the Internal Revenue Service were recorded as a liability and included in benefits paid to participants for the years ended December 31, 2022 and 2021, respectively. The Plan distributed the excess contributions prior to March 15, 2023 and 2022, respectively.

Payment of Benefits

Benefits are recorded when paid. There were no amounts allocated to accounts of persons who had elected to withdraw from the Plan but had not yet been paid at December 31, 2022 and 2021.

Administrative Expenses

A portion of administrative expenses incurred on behalf of the Plan are paid by the Plan Sponsor, which also provides certain administrative functions performed by officers or employees of the Plan Sponsor that have not been charged to the Plan. The amount of such expenses and cost of such services have not been determined. No officers or employees have received compensation from the Plan. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets available for benefits during the reporting period. Accordingly, actual results could differ from those estimates.

**GRX Holdings, LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS**

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (continued)

Uncertain Tax Positions

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has evaluated their material tax positions and determined there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 3 INFORMATION CERTIFIED BY CUSTODIANS

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Principal Life Insurance Company and Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the custodians of the Plan.

	<u>2022</u>	<u>2021</u>
Investments at fair value		
Mutual funds	\$ 954,729	\$1,101,977
Common/collective trusts	5,839,389	7,171,482
Pooled separate accounts	1,340,980	1,111,764
Investments at contract value		
Guaranteed investment contract	150,722	142,751
Net appreciation (depreciation) in fair value of investments	(1,607,433)	1,232,589
Interest and dividend income	14,530	20,479

NOTE 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets with a readily determinable fair value that the Plan has the ability to access.

Level 2—Inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly, such as:

- quoted prices for similar assets in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

GRX Holdings, LLC 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

NOTE 4 FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds—Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust funds—The common/collective trust funds may invest in various types of investments and are valued at the net asset value of units of the issuer's collective trust. While not publically quoted, the net asset value is considered to have a readily determinable fair value.

Pooled separate accounts—Pooled separate accounts invest primarily in domestic and international long-term bonds, domestic and international stocks, or single mutual funds. The fair value of the underlying bonds, stocks, or mutual funds is a publicly quoted pricing input used in determining the net asset value (NAV) of the pooled separate accounts, which is not publicly quoted but is available to current investors when plan participants access their account values via the custodian's website. Pooled separate accounts are deemed to have readily determinable fair values which are calculated on a daily basis and are actively traded within the Plan.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

NOTES TO FINANCIAL STATEMENTS

NOTE 5 GUARANTEED INVESTMENT CONTRACTS

Beginning in 2021, the Plan offers an investment in the Putnam Stable Value Fund, an investment contract with Putnam Fiduciary Trust Company (Putnam). The contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of this investment contract was \$150,722 and \$142,751 at December 31, 2022 and 2021, respectively.

The Putnam Stable Value Fund is a guaranteed investment contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. The contract issuer, Putnam Fiduciary Trust Company, maintains contributions in a general account and is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) premature termination of the contract, or (5) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

Certain events allow the issuer to terminate the investment contract with the Plan and settle at an amount different from contract value. Such events include the following: (1) failure of the contractholder to provide required information to Putnam within a specified time frame, (2) amendments to the plan or trust that adversely affect the contract issuer's obligations under the contract, (3) state or federal laws or regulations governing contracts of this type requiring amendments or changes to the Plan that adversely affect the contract issuer's obligations under the contract, (4) the assets held or participants covered under the contract become less than those required for the contract to be considered a group annuity contract, (5) the Plan is terminated or ceases to meet the appropriate tax qualifications, or (6) the contractholder is changed such that the entity would no longer be considered an eligible sponsoring organization for the contract.

The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE 6 TAX EXEMPT STATUS

The Company has adopted a prototype plan document and is relying on the prototype sponsor's opinion letter from the Internal Revenue Service dated June 30, 2020. The letter states that the prototype and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the prototype plan has been amended since receiving the opinion letter, the prototype sponsor and Plan administrator believe that the Plan is designed, and is currently being operated, in compliance with applicable requirements of the IRC. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

NOTES TO FINANCIAL STATEMENTS**

NOTE 7 RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the accompanying financial statements to the Schedule H of Form 5500:

	December 31	
	2022	2021
Net assets available for benefits per the financial statements	\$8,568,449	\$9,628,838
Benefit obligations currently payable—excess contributions payable	<u>12,139</u>	<u>15,646</u>
Net assets available for benefits per Schedule H of Form 5500	<u>\$8,580,588</u>	<u>\$9,644,484</u>

Excess contributions payable consists of payments to be made in 2023 and 2022 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan, for the years ended December 31, 2022 and 2021.

The following is a reconciliation of net increase in net assets per the accompanying financial statements to the net income (loss) per the Schedule H of Form 5500:

	Year ended December 31	
	2022	2021
Net increase (decrease) per the financial statements	\$(1,060,389)	\$ 88,443
Benefit obligations end of year—excess contributions payable	12,139	15,646

Net income (loss) per Schedule H of Form 5500	<u>\$(1,063,896)</u>	<u>\$ 99,981</u>

NOTE 8 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments, including shares of guaranteed investment contracts, common/collective trusts and pooled separate accounts are managed by Principal Life Insurance Company and Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, who are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Trustees of the Plan, administrator and employees of the administrator are participants in the Plan.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 10 RISKS AND UNCERTAINTIES

Participants invest their account balances in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
