Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Geiger Ready-Mix Co., Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for Plan benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for Plan benefits for the years then ended and the related summary of significant accounting policies and notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Geiger Ready-Mix Co., Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Geiger Ready-Mix Co., Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Geiger Ready-Mix Co., Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Independent Auditor's Report

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Geiger Ready-Mix Co., Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Geiger Ready-Mix Co., Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Independent Auditor's Report

Supplemental Schedule Required by ERISA (continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agrees to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GEIGER READY-MIX CO., INC. 401(K) PROFIT SHARING PLAN

Summary of Significant Accounting Policies Years Ended December 31, 2022 and 2021

Basis of Presentation

The Plan presents its financial statements on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for Plan benefits and changes therein, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's investment policies utilizing information provided by the custodian and insurance company. See Note 6 for discussion of fair value measurement.

Guaranteed investment contracts held by a defined contribution plan are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for Plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for plan benefits present the contract value of the guaranteed investment contract. The statements of changes in net assets available for plan benefits include the changes in contract value of the guaranteed investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation in investments includes the Plan's gains and losses on investments bought and sold as well as investments held during the year.

Payment of Benefits

Benefits are deducted when paid.

Expenses

Certain administrative expenses and personnel costs required to maintain the Plan are paid by Geiger Ready-Mix Company, Inc. and Geiger Trucking Company, Inc. (collectively, the "Company") and are excluded from these financial statements. Investment related expenses are included in net (depreciation) appreciation in investments.

GEIGER READY-MIX CO., INC. 401(K) PROFIT SHARING PLAN

Notes to the Financial Statements Years Ended December 31, 2022 and 2021

1. Description of Plan

The following description of the Geiger Ready-Mix Co., Inc. 401(K) Profit Sharing Plan (the Plan) provides only general information regarding the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all full-time employees of the Company who have at least three consecutive months of service and are at least age 20½. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustee committee is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's trustee committee.

Each eligible employee may elect to become a participant in the Plan on the January 1, April 1, July 1, or October 1, coincident with or immediately following the date the employee becomes eligible to enter the Plan. A participant specifies the amount of eligible compensation to be contributed to the Plan (participant salary deferral contributions). Participants are also eligible for employer matching contributions. The matching contributions are calculated using an hourly rate, determined at the Company's discretion, multiplied by hours worked each week, not to exceed 40 hours. The Company can also make a discretionary profit-sharing contribution each year. A participant must be employed on the last day of the Plan year and complete at least 1,000 hours of service during the Plan year to share in the profit-sharing contribution. Participants may also roll over amounts representing distributions from other qualified plans (participant rollover contributions). Contributions are subject to certain limitations.

A participant may direct contributions to any of the available investment options. Each participant's directed account is (charged) credited with an allocation of the directed investment's (losses) earnings and credited with an allocation of the following contributions:

- Participant's salary deferral contributions.
- Participant's rollover contributions.
- Employer discretionary matching contributions.
- Employer discretionary profit-sharing contribution. (The allocation of the employer's discretionary profit-sharing contribution to individual participants is based upon the individual's share of the total eligible compensation received during the Plan year to all participants' total eligible compensation.)

Upon becoming a participant in the Plan, an individual is fully vested in the portions of his or her account attributable to participant contributions. Upon death or disability, a participant also becomes fully vested in his or her accounts attributable to employer contributions; otherwise, the participant becomes vested in the employer contributions in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	0%
2	20
3	40
4	60
5	80
6	100

GEIGER READY-MIX CO., INC. 401(K) PROFIT SHARING PLAN

Notes to the Financial Statements Years Ended December 31, 2022 and 2021

1. Description of Plan (continued)

Upon termination of service, a participant whose vested balance exceeds \$5,000 may elect to receive either a lump-sum amount equal to the vested amount or installment payments. Participants whose vested balance does not exceed \$1,000 are paid a lump sum amount. Vested participant balances greater than \$1,000 but less than \$5,000 will be distributed to participants in a direct rollover to an individual retirement account, unless the participant elects to have the distribution paid directly to a specified eligible retirement plan or receive the distribution directly. Under terms of the Plan, normal retirement is the latter of the date the participant attains age 65 or the fifth anniversary of the first day of the Plan year in which the participant commenced participation in the Plan.

Forfeited nonvested amounts are used to reduce future employer matching contributions or employer profit-sharing contributions. For the years ended December 31, 2022 and 2021, forfeitures of \$20,545 and \$44,047, respectively, were used to reduce employer contributions. Unallocated forfeiture account balances were \$30,280 and \$17,371 at December 31, 2022 and 2021, respectively.

2. Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their employer contributions.

3. Income Taxes

The Plan has adopted a prototype plan, which has received an opinion letter dated June 30, 2020, from the Internal Revenue Service (IRS) indicating that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter; however, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan was qualified and tax-exempt as of the financial statement date and no provision for income taxes has been recorded in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

4. Information Certified by the Plan's Custodian

Certain information related to the investments in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from information supplied to Plan management and certified as complete and accurate by Nationwide Trust Company, FSB (NTC), the custodian of the Plan.

5. Investment Contracts with Insurance Companies

The Plan has a fully benefit-responsive guaranteed investment contract with Nationwide Life Insurance Company (NLIC), a related party of NTC, the custodian of the Plan. NLIC maintains the contributions in a general deposit account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

As described in the summary of significant accounting policies, because the guaranteed investment contract (Nationwide Fixed Select Contract) is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for Plan benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for Plan benefits at contract value at December 31, 2022 and 2021. Contract value, as reported to the Plan by NLIC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The guaranteed investment contract guarantees principal and a minimum guaranteed interest rate for the life of the participant's account and includes two declared interest rates - a current rate, determined quarterly, and a guaranteed minimum floor rate of 0.50%. The current rate, the guaranteed minimum floor rate, and the minimum guaranteed interest rate are expressed as annual effective yields. After consideration of interest compounding, the interest credited daily yields the current credited rate. Interest was credited and compounded at a rate of 2.04% and 1.95% at December 31, 2022 and 2021, respectively.

The contract does not have a maturity date and continues until all assets have been distributed or no further payments are due. The contract holder can receive a lump sum distribution with a market value adjustment or elect to be paid at book value over a period of years.

6. Fair Value Measurement of Investments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used to determine the fair value of investments. There have been no changes in the methodology used at December 31, 2022 and 2021:

- Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding valuation method described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. For the years ended December 31, 2022 and 2021, there were no transfers.

6. **Fair Value Measurement of Investments** (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31:

	<u>2022</u>	<u>2021</u>
Mutual funds (level 1)	<u>\$ 16,394,786</u>	<u>\$ 21,761,112</u>
Total investments in the fair value hierarchy	<u>16,394,786</u>	<u>21,761,112</u>
Total investments at fair value	<u>\$ 16,394,786</u>	<u>\$ 21,761,112</u>

7. **Risks and Uncertainties**

The Plan provides participants the option to invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuation and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the financial statements and the supplemental schedule of assets (held at end of year).

8. **Party-in-Interest Transactions**

Certain Plan investments are managed by NTC, the custodian of the Plan. These investments and the related transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA. Tax Favored Benefits Inc. is the third-party administrator (TPA) for the Plan. Fees paid to the TPA and the custodian, as well as fees paid to investment advisors are included in administrative expenses and are party-in-interest transactions that are exempt from the prohibited transaction rules of ERISA.

9. **Subsequent Events**

The Plan has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued.
