## INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of  
Pasadena Refining System, Inc. Union Employees' Savings Plan:

### Opinion

We have audited the financial statements of Pasadena Refining System, Inc. Union Employees' Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Pasadena Refining System, Inc. Union Employees' Savings Plan as of December 31, 2022 and 2021, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Pasadena Refining System, Inc. Union Employees' Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Pasadena Refining System, Inc. Union Employees' Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Pasadena Refining System, Inc. Union Employees' Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## PASADENA REFINING SYSTEM, INC. UNION EMPLOYEES' SAVINGS PLAN

---

### NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

---

#### **NOTE 1. DESCRIPTION OF THE PLAN**

The following description of Pasadena Refining System, Inc. Union Employees' Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General** - Pasadena Refining System, Inc. (the "Employer") maintains a defined contribution retirement plan originally effective January 1, 2005. Effective May 1, 2019, Chevron Corporation acquired Pasadena Refining System, Inc. Effective December 31, 2022, the Plan was merged into the Chevron Employee Savings Investment Plan (the "ESIP") and, from that point forward, ceased to exist. At year-end, the Plan's assets had either been transferred to the ESIP or were in transit. This merger gave Plan participants the right to ESIP benefits going forward effective January 1, 2023, but did not reduce participants' accrued, vested Plan benefits and did not eliminate any protected benefits, rights, or feature as defined by Internal Revenue Code Section 411(d). Net Assets transferred effective December 31, 2022 totaled \$27,583,090 and consisted of the following: Mutual funds of \$23,490,398, Common collective trust of \$3,307,259, and notes receivable from participants of \$785,433.

Prior to termination, the Plan was most recently restated effective January 1, 2018. The Plan restatement is compliant with the most recent law changes, as required by the Pension Protection Act of 2006. The Plan covers all full-time, union employees (excluding employees who are residents of Puerto Rico) of the Employer who have six months of service and who are age 21 or older.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The following provisions were in effect until merger of the Plan with the ESIP.

**Contributions** - Each year, participants may contribute a percentage of their pre-tax annual compensation, as defined by the Plan. Participants may also make voluntary contributions to the Plan

on an after-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catchup contributions. The maximum contribution amount on a before-tax basis was the annual IRC limit of \$20,500 in 2022 and \$19,500 in 2021, for participants under age 50, and \$27,000 in 2022 and \$26,000 in 2021, for participants age 50 and up. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover).

The Employer matches the employee's contribution based on years of service. For participants with less than ten years of service, the Employer matches 100% of employee deferrals limited to 4% of compensation. For participants with ten or more years of services, the Employer matches 100% of elective deferrals limited to 6% of compensation. The Employer match contribution is invested in the same ratio of investment options as the participant's contributions.

Participants direct the investment of their contributions into various investment options offered by the Plan.

**Participants' Accounts** - Each participant's account is credited with the participant's contribution and the Employer's contribution, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting** - Participants are immediately fully vested in their contributions and rollovers, plus earnings on contributions. The vesting schedule for Employer contributions is a three-year cliff; 0% before three years of service and 100% after a three-year service requirement is met by the participant.

Full vesting of the participant's Employer contribution occurs upon death and disability.

**Notes Receivable from Participants** - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account.

The loans bear a reasonable rate of interest determined by prime rate plus one point, and the rate remains fixed for the duration of the loan. Principal and interest are paid ratably through payroll deductions.

**Payment of Benefits** - Under the terms of the Plan agreement, participants are eligible for distributions on retirement or at date of termination, if earlier. Distributions are made as lump-sum

cash payments, installment payments, annuity payments or rollover to other qualified plans. The Plan also makes provisions for death and disability payments.

In-service distributions are allowable if the participant has attained age 59½.

The Plan allows hardship withdrawals in accordance with Internal Revenue Service regulations. Among other requirements, the withdrawal must be necessary in light of immediate and heavy financial needs of the employee and is limited to certain purposes.

**Forfeitures** - Forfeitures of non-vested participant plan benefits are used to reduce future Employer contributions and/or to pay Plan expenses.

As of December 31, 2022, and 2021, forfeitures available totaled \$6,093 and \$5,999, respectively. During 2022 and 2021, forfeited participant accounts were not used to reduce the Employer's contributions or pay Plan expenses.

## **NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting** – The financial statements of Pasadena Refining System, Inc. Union Employees' Savings Plan have been prepared on the accrual basis of accounting.

**Investment Valuation and Income Recognition** – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Please see Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

**Notes Receivable from Participants** – Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions as required by the Plan.

**Benefit Payments** – Benefits are recorded as paid.

**Plan Costs** – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid directly by the Employer. Expenses that are paid by the Employer are excluded from these financial

statements. Fees related to the administration of distributions and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

**Estimates** – The preparation of financial statements in accordance with accounting principles generally accepted in the United State of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### **NOTE 3. FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820, *Fair Value Measurements and Disclosures*, are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities within active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021

*Mutual funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

*Self-directed brokerage accounts* – These accounts primarily consist of mutual funds and common stock that are valued on the basis of readily determinable market prices (Level 1).

*Common/collective trust (“CCT”)* – The fair value of the units in the common/collective trust is estimated based on the net asset value (NAV) per unit of the investments. The net asset value is used as a practical expedient to estimate fair value. The underlying asset values of the CCT may be calculated based on quoted market prices or other observable inputs. Participant transactions (purchases and sales) may occur daily. If the plan initiates a full redemption of the CCT, the issuer reserves the right to require a 12-month notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments as of December 31, 2022 and 2021. The CCT is a direct filing entity with the Department of Labor; therefore, information regarding the investment’s strategy is not disclosed.

As described in Note 1, the Plan was terminated and Plan investments were legally transferred to the ESIP as of December 31, 2022; accordingly the fair value hierarchy as of December 31, 2022 is not disclosed.

The following table detail the Plan’s investments at fair value, by value within the fair value hierarchy, as of December 31, 2021:

<u>Description</u>	December 31, <u>2021</u>	Fair Value Measurements at Reporting Date Using: Quoted Prices in Active Markets for Identical Assets <u>(Level 1)</u>
Assets in the fair value hierarchy		
Mutual Funds	31,436,958	31,436,958
Total investments at fair value	<u>31,436,958</u>	<u>31,436,958</u>
Investments, at net asset value		
Common collective trust	2,867,777	
Total investments	<u>34,304,735</u>	

**NOTE 4. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS**

The Employer provides administrative services to the Plan and absorbs administrative costs for the Plan. Transactions with the Employer, as Plan Sponsor and Plan administrator, qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

**NOTE 5. PLAN TERMINATION**

The Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. As described in Note 1, the Employer merged the Plan into the ESIP effective December 31, 2022, effectively terminating the Plan. As noted, this merger gave Plan participants the right to ESIP benefits going forward effective January 1, 2023, but did not reduce participants' accrued, vested Plan benefits.

**NOTE 6. TAX STATUS**

The IRS has determined, and the Plan has received a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**NOTE 7. RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to risks such as interest rate, market risk and credit risk. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**NOTE 8. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500**

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 for 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statement	\$ -	\$ 35,096,412
Employer contributions receivable	<u>-</u>	<u>(18,824)</u>
Net assets available for benefits, per Schedule H, Form 5500	<u>\$ -</u>	<u>\$ 35,077,588</u>

The following is a reconciliation of the statements of changes in net assets available for benefits per the financial statements for the years ended December 31, 2022 and 2021, to Schedule H of Form 5500:

	<u>2022</u>	<u>2021</u>
Net increase (decrease) in changes in net assets available for benefits per the financial statements	\$ (7,513,322)	\$ 3,624,842
Employer contribution receivable		
December 31, 2020	-	28,642
December 31, 2021	<u>18,824</u>	<u>(18,824)</u>
Total	<u>18,824</u>	<u>9,818</u>
Net income (loss) per Schedule H, Form 5500	<u>\$ (7,494,498)</u>	<u>\$ 3,634,660</u>

## **NOTE 9. SUBSEQUENT EVENTS**

In preparing these financial statements, management of the Plan has evaluated events and transactions that occurred after December 31, 2022, for the potential recognition or disclosure in the financial statements. These events and transactions were evaluated through the date on which the financial statements were available to be issued. This date is the same as the independent auditors' report date and no items have come to the attention of management, except disclosed below, that require recognition or disclosure.

As described in Note 1, the Plan was merged into the ESIP on December 31, 2022 and Plan assets were either transferred to the ESIP record keeper or were in transit at year-end. Effective January 1, 2023, Plan participants became fully vested members of the ESIP. On January 3, 2023, Plan assets that had not already been transferred to the ESIP were received by the ESIP recordkeeper and were successfully reconciled with closing Plan balances. On January 4, these assets were fully invested. Accordingly, as of December 31, 2022 the Plan has reported -0- assets and liabilities.
