# Independent Auditor's Report

## *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of Burgess & Niple Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in the notes to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### *Auditor's Responsibilities for the Audit of the Financial Statements*

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### *Supplemental Schedule Required by ERISA*

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Plan Description

The following description of the Burgess & Niple Profit Sharing Plan and Trust (the Plan), provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering eligible employees of Burgess & Niple, Inc. (B&N or Employer). The Plan was originally established in January 1977 to provide deferred compensation benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was restated in January 2012. The Plan was amended as of December 31, 2016 and December 31, 2021. The Third Amendment to the Plan is the latest amendment as of December 31, 2021.

Contributions

The Plan allows for participants to defer 100% of their compensation, per the plan agreement, up to the maximum allowable amount of pretax annual compensation, as stated by the IRS. After-tax Roth elective deferral contributions and pre-tax elective deferral contributions are both counted in the maximum deferral limit, as stated by the IRS. A participant's Roth elective deferrals are allocated to a separate account maintained for such deferrals as defined in the plan agreement. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan allows catch-up contributions from eligible employees who have attained the age of 50.

The Plan allows for an annual discretionary contribution (employer contributions) and a matching contribution by B&N. The amount and percentage of the contribution is determined by the Board of Directors of B&N, subject to certain maximum contribution levels as set forth in the plan agreement. Employer contributions are invested as directed by each participant and are allocated to the participants in the same proportion the participant's compensation bears to the total compensation paid to all eligible participants. Matching contributions are made on eligible participant’s salary deferrals. For the years ended December 31, 2022 and 2021, B&N matched fifty cents for every one dollar contributed up to 6% of the participant’s salary. The Plan includes provisions that limit contributions for key employees if the Plan is determined to be top-heavy.

These contributions and any income applicable to such contributions, except for Roth Elective Deferral Contributions, are not subject to federal taxation until distributed to the participants. These contributions cannot be distributed to participants earlier than upon retirement, death, disability, separation from service, hardship or the attainment of age 59 ½.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) employer contributions and (b) plan earnings, based upon the participant's account balance. The benefit to which a participant is entitled is the participant's vested account balance.

**Plan Description** (continued)

Vesting Provisions

Employees vest 100% in all contributions to their accounts upon becoming a participant in the Plan.

Investment Options

Participants may elect to direct their salary deferrals in any of the investment funds established by the plan trustees. The participant may change investment selection and direct current and future contributions daily.

Payment of Benefits

When termination of service is due to death, disability or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or monthly annuity payments. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump sum distribution.

In the case of termination of employment, a participant with an account balance of more than $5,000, excluding any balance from rollover contributions, may elect to receive his or her account balance as soon as administratively reasonable after the date of termination. If the terminated participant does not elect to receive his or her account balance, it will remain in the Plan Trust Fund until such an election is made.

Participants who are terminated with an account balance equal to or less than $5,000, excluding any balance from rollover contributions, are automatically paid their balance as soon after termination as administratively reasonable. In the event of a mandatory distribution greater than $1,000, if the terminated participant does not elect to receive his or her account balance, then the plan administrator will pay the distribution in a direct rollover to an individual retirement plan designated by the plan administrator.

A hardship distribution is first made from any pre-tax Salary Reduction Contributions (and earnings thereon accrued), and then from any Roth contributions. For an in-service distribution upon attainment of age 59 ½, the participants may designate the order in which distributions shall be made from their pre-tax Salary Deferral sub-account, Roth contribution Salary Deferral sub-account and/or Qualified Employer Contribution sub-account.

SECURE Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan’s 2022 financial statements.

**Plan Description** (continued)

Administrative Expenses

Administrative expenses consist primarily of trustee costs associated with servicing the Plan. B&N pays a substantial portion of the administrative expenses of the Plan.

**Summary of Significant Accounting Policies**

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities; and changes therein; disclosure of contingent assets and liabilities and changes therein. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recognized when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investment income (loss) is calculated on a daily basis based on fair market values. The income (loss) is then allocated to each participant account in the ratio that such account balance in a category of accounts bears to all account balances in that category.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded as of the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

## Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Merrill Lynch Bank of America, the Plan's trustee.

| | 2022 | 2021 |
|---|---|---|
| Money market funds | $ 5,962,132 | $ 6,293,172 |
| Mutual funds | 97,756,611 | 120,961,803 |
| Total | $ 103,718,743 | $ 127,254,975 |

The trustee also certified the completeness and accuracy of the following related to the aforementioned assets for the year ended December 31:

| | 2022 | 2021 |
|---|---|---|
| Net (depreciation) appreciation in fair value of investments | $( 25,294,311) | $ 8,207,289 |
| Dividends and interest income | 4,284,767 | 6,619,579 |
| Total | $( 21,009,544) | $ 14,826,868 |

## Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.

Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.

Level 3 Inputs are significant unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level or any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**Fair Value Measurements** (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

| | |
|---|---|
| *Money Market:* | Cost approximates fair value. |
| *Mutual Funds:* | Valued at the net asset value (NAV) of shares held by the Plan at year-end. |

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The interest-bearing cash and money market accounts as well as the mutual funds are considered Level 1 investments as of December 31, 2022 and 2021.

**Plan Termination**

The Company has the right to discontinue its contributions at any time. Although it has not expressed any intent to do so, the Company also has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the participants' accounts will become fully vested.

**Tax Status**

The Plan received a determination letter dated July 26, 2017, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC).

The IRS has determined that the Plan is qualified as exempt from federal income taxes under Section 401(a) of the IRC. The Plan has been restated and amended since receiving the determination letter. However, the Plan's trustees and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by applicable taxing authorities.

The plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2022, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements.

**Tax Status** (continued)

The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

**Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**Party-in-Interest Transactions**

Certain plan investments are managed by Bank of America. Bank of America is the trustee and recordkeeper as defined by the Plan; and, therefore, these transactions qualify as party-in-interest transactions.

**Subsequent Events – Date of Management's Evaluation**

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date on which the financial statements were available to be issued.
