INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
CA Carlin 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of CA Carlin 401(k) Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CA Carlin 401(k) Plan
Notes to Financial Statements
December 31, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Background - Prior to January 1, 2022, all employees of the company were employed by and participating in the multiple employer retirement plan of Tandem HR, LLC 401(k), a Professional Employer Organization ("PEO"). The company left the PEO effective January 1, 2022. All eligibility requirements and prior service with the company remained unchanged when the company adopted the CA Carlin 401(k) Plan ("the plan") effective January 1, 2022. All of the participant balances in the Tandem HR, LLC 401(k) Plan were transferred to the plan in 2022. This transfer is included in the statement of changes in net assets available for benefits.

Method of accounting - The plan follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2022 through September 29, 2023, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Key parties of the plan - Carlin Group Holdco is the plan sponsor/employer and plan administrator. The plan entered into an agreement with The Vanguard Group, Inc. ("Vanguard") whereby Vanguard provides retirement plan recordkeeping services to the plan. Vanguard outsources all such services to Ascensus Trust Company and Ascensus LLC, acting as the agent for Ascensus Trust Company. The two Ascensus entities are collectively referred to as "Ascensus". Ascensus is the directed trustee that holds custody of plan assets, the third party administrator that maintains plan documents, tax counsel that performs various compliance tests and recordkeeper that maintains investment and participant records. Private Advisors Group is the plan's investment advisor. An officer of the plan sponsor acts as a limited plan trustee.

Investments - The plan sponsor/employer determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. Participants should refer to the investment account summaries and prospectuses for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

CA Carlin 401(k) Plan

Notes to Financial Statements

December 31, 2022

Following is a description of the valuation methodologies used for investments measured at fair value.

Mutual funds - Valued at the daily quoted market prices as reported by the fund. The funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value and are deemed to be actively traded.

Common/collective trust - The plan invests in the Reliance Trust Company Stable Value Fund Collective Investment Trust, Series 25157, which invests entirely in a MetLife group annuity contract. The primary objective of the fund is to preserve principal while generating earnings at rates competitive over time with short-term high quality fixed income investments. The fund is a direct filing entity valued at net asset value ("NAV") based on the underlying unit value as reported by the fund. The NAV, which is equal to contract value, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund would sell the investment for an amount different from the reported NAV.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as summarized below.

Investments at fair value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$10,635,326	\$ -	\$ -	\$10,635,326
Total investments in the fair value hierarchy	\$10,635,326	\$ -	\$ -	10,635,326
Investments measured at NAV (a)				676,955
Total investments at fair value				\$11,312,281

- (a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV as a practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the plan.

As of December 31, 2022	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trust	\$676,955	n/a	Daily	12 months

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan documents for a more complete description of the plan's provisions.

General - The plan was adopted effective January 1, 2022 as a defined contribution plan with a 401(k) salary deferral arrangement (operational effective February 1, 2022). It is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

CA Carlin 401(k) Plan
Notes to Financial Statements
December 31, 2022

Eligibility - Employees are eligible to contribute to the plan and receive employer matching contributions once they have completed one month of service and have reached age twenty-one. An employee will be deemed a participant and allowed to enter the plan on the first day of each calendar month immediately following the date the plan's eligibility requirements are met.

Contributions - Contributions to the plan can be made in the following ways:

- a. Participants may contribute a percentage of their compensation subject to certain limitations (elective deferral contributions). The plan also permits Roth elective deferral contributions.
- b. Rollover contributions are accepted by the plan from other qualified plans.
- c. Matching contributions may be made equal to a discretionary percentage, determined by the plan sponsor, of the employee's elective deferral contribution. The discretionary matching percentage was 25% of the first 10% contributed in 2022. The discretionary matching contribution on participant elective deferrals is made annually following the plan year end.
- d. The employer may make additional discretionary profit sharing and qualified nonelective contributions. No such discretionary contributions were made in 2022.

Participant accounts - Earnings, including the fair value appreciation (depreciation), are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral and rollover contributions and an allocation of the employer's contributions. Participants are allowed to change their investment options on a daily basis and change their deferral percentage each pay period.

Vesting - Participants begin vesting in their 2022 employer contributions and related earnings upon two full years of service, at which time they are 25% vested. The participant then vests at a rate of 25% for each year thereafter. Participants vest in 2021 and prior employer contributions and related earnings upon two full years of service, at which time they are 20%. The participant then vests at a rate of 20% for each year thereafter. Upon death or disability participants become 100% vested. Participants are always 100% vested in their elective deferral and rollover contributions and related earnings.

Payment of benefits - Benefit payments may commence upon termination of employment, death or disability. Distributions are made in the form of a single lump sum or partial payments. In-service withdrawals can commence upon attaining the age of 59 ½. In addition, hardship withdrawals are permitted under certain circumstances.

Administrative expenses - Certain administrative expenses of the plan are paid by the employer. Certain other administrative expenses are paid directly from plan assets and recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for distribution fees and non-participant directed charges for investment advisory and contract administrator fees. Certain non-participant directed charges are paid using forfeitures while other non-participant directed charges are allocated to the participants on an account value basis.

Forfeitures - Forfeited nonvested accounts are generally used to reduce employer contributions or pay plan fees. Forfeitures used to pay plan fees were \$2,000 in 2022. Unapplied forfeitures were \$2,000 as of December 31, 2022.

Notes receivable from participants - Participants can take out loans against their accounts with approval of the plan administrator. The minimum loan amount is \$1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance, or \$50,000. Participants may have only two loans outstanding at any given time. As of December 31, 2022, the notes receivable from participants have various repayment schedules through August 2026 with interest from 4.25% to 8.25%. The notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest, which approximates fair value.

3. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the employer has the right to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and related earnings.

4. INCOME TAX STATUS

The plan adopted an Ascensus LLC pre-approved profit sharing plan. The pre-approved profit sharing plan received its most recent favorable opinion on June 30, 2020, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan. However, the plan administrator and tax counsel believe the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2022. The plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits in progress.

5. PARTY-IN-INTEREST TRANSACTIONS

Any transactions involving the plan, plan sponsor and Ascensus qualify as party-in-interest transactions. Direct fees paid by the plan to Ascensus were \$13,000 in 2022. In addition, Ascensus receives certain indirect compensation from mutual fund service providers that is used to reduce administrative and service fees that may otherwise have been charged to the plan by Ascensus.

Transactions involving notes receivable from participants also qualify as party-in-interest transactions.

All such above party-in-interest transactions are exempt from the prohibited transactions of ERISA.

6. INFORMATION CERTIFIED BY ASCENSUS TRUST COMPANY

Management has obtained a certification from Ascensus Trust Company, a qualified institution under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments held for the plan and the fair values of such as of December 31, 2022;
- b. Interest and dividends from investments and net appreciation (depreciation) in fair values of investments during 2022;
- c. Contributions to, withdrawals from, purchases, sales and inter-fund transfers between accounts during 2022; and
- d. The reports of individual participant accounts as of and for the year ended December 31, 2022.
