Terminal Railroad Association of St. Louis
401(k) Plan for Schedule Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Terminal Railroad Association of St. Louis 401(k) Plan for Schedule Employees (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Terminal Railroad Association of St. Louis 401(k) Plan for Schedule Employees

NOTES TO FINANCIAL STATEMENTS

NOTE A | DESCRIPTION OF PLAN

The following description of the Terminal Railroad Association of St. Louis 401(k) Plan for Schedule Employees (Plan) is provided for general information purposes only. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions, which is available from the plan administrator.

General

The Plan is a defined contribution profit sharing plan which includes a 401(k) provision. The Plan covers all employees of Terminal Railroad Association of St. Louis (Company) who are covered by collective bargaining agreements and have attained 18 years of age. The Plan was most recently amended effective October 1, 2019, to allow an option for benefit payments to be paid in substantially equal installments. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may defer salary on a before or after-tax basis, up to the maximum allowed by the Internal Revenue Code. Amendments under the Economic and Tax Relief Reconciliation Act of 2001 allow for catch-up contributions for participants over age 50. An additional \$6,500 per eligible participant was allowed under the catch-up provision for 2022 and 2021, respectively. The Company matches employee contributions equal to a discretionary percentage as determined annually by the Company. In 2022 and 2021, the match was based on the Company's financial performance for the Plan year and the Company match was 50% of the first 6% of employees' base compensation that a participant contributes to the Plan. The Company's employer contributions for the 2022 and 2021 Plan years were \$395,752 and \$373,851, respectively.

Upon enrollment in the Plan, participants may direct employee and employer matching contributions among a variety of mutual funds, common collective trust funds and personal choice retirement accounts, held by Reliance Trust.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and Plan earnings and charged with an allocation of administrative expenses. The allocation of earnings is determined by the earnings of the participant's investment selection based on each participant's account balance, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Payment of Benefits

Upon termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum, substantially equal installments or a partial distribution. A participant may also elect to receive a distribution upon attaining age 59 ½ while continuing to work.

NOTES TO FINANCIAL STATEMENTS

Notes Receivable from Participants

Participants who are active employees may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance as of December 31, 2022 and 2021. Notes receivable terms range from one to five years or up to thirty years if used to acquire a principal residence. The notes receivable are secured by the balance in the participant's account and bear an interest rate equal to the prime rate plus 1 percent at the date the note receivable is requested. Participants may only have one note receivable outstanding at a time and must wait 6 months after the loan is paid off to apply for a new one. Principal and interest is repaid to the Plan through payroll deductions. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Participant Hardship Withdrawals

Participants who are active employees may withdraw all or any part of their account in the event of undue financial hardship in accordance with requirements as outlined in the Plan document.

Vesting

Participants are immediately vested in the Company's and participants' contributions, including rollover contributions plus actual earnings thereon.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 10, 2023, the date the financial statements were available to be issued.

NOTE B | SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

In preparing the financial statements in accordance with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

Valuation of Investments and Income Recognition

The Plan assets are maintained in a trust fund managed by Reliance Trust (Custodian) on behalf of the Plan. Investments are reported at fair value as provided by Reliance Trust. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and in the principal and most advantageous market for the asset or liability. See Note D for discussion of fair value measurements.

A portion of the plan investments are invested in a common collective trust managed by Reliance Trust, which invests solely in a managed group annuity contract with Metropolitan Life Insurance Company. Underlying investments are valued at fair value. The fair value was \$4,788,365 and \$4,460,334 at December 31, 2022 and 2021, respectively.

Purchases and sales of investments are recorded on a trade-date basis. Interest income and dividends are recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are classified as distributions based upon terms of the plan document.

NOTE C | TAX STATUS

The Plan sponsor adopted a volume submitter profit sharing plan in 2018 which obtained a favorable opinion letter on March 31, 2014, in which the Internal Revenue Service (IRS) stated that the plan, as then designed, was acceptable under the applicable requirements of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has not received a determination letter specific to the Plan. However, the Plan's administrator believes the Plan is currently designed and being operated in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

NOTE D | FAIR VALUE MEASUREMENT

FASB *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds classified in Level 1 are valued at net asset value (NAV) of shares held by the Plan at year end. NAV represents the sum of the underlying investments and represent the price at which the funds are traded on active markets.

Common collective trusts classified in Level 2 are valued at NAV, which is based on the aggregate current fair values of the underlying assets in relation to the total number of units outstanding. The common collective trusts have no unfunded commitments as of December 31, 2022 and 2021 and can be redeemed daily with no redemption notice period or other redemption restrictions.

Schwab personal choice retirement account classified in Level 1 consisted of investments in various common stock at December 31, 2022 and 2021, valued at fair value.

Terminal Railroad Association of St. Louis 401(k) Plan for Schedule Employees
NOTES TO FINANCIAL STATEMENTS

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at estimated fair value on a recurring basis as of December 31, 2022:

	Assets at fair value	Level 1	Level 2	Level 3
Common collective trust funds	\$ 4,788,365	\$ -	\$ 4,788,365	\$ -
Mutual funds	17,092,480	17,092,480	-	-

NOTE E | RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fees paid during the year for accounting and auditing and certain administrative expenses related to the maintenance of the Plan are paid by the Company.

Certain Plan investments consist of units of common stock held and managed by Reliance Trust, the custodian of the Plan at December 31, 2022 and 2021. Therefore, these transactions qualify as allowable party-in-interest transactions under section 408(b)(8) of ERISA regulations and are denoted as such on the supplemental Schedule of Assets (Held at End of Year).

NOTE F | RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. As of the date of this report, the current economic environment has increased the degree of uncertainty.

Included in investments were the following assets representing approximately 40 percent and 53 percent of total investments at December 31, 2022 and 2021, respectively. A significant decline in the market value of these investments could significantly affect the Plan's net assets available for benefits.

	<u>2022</u>		<u>2021</u>
Vanguard 500 Index Fund Admiral	\$ 4,347,433 19%	\$ 5,476,087	21%
Reliance MetLife Stable Value Fund (Series 25157)	4,788,365 21%	4,460,334	17%
Fidelity Contrafund	<u>2,706,995 12%</u>	<u>3,965,250</u>	15%
	<u>\$ 11,842,793 52%</u>	<u>\$ 13,901,671</u>	53%
