INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Sharps Compliance 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sharps Compliance 401(k) Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4i – Schedule of Assets Held at End of Year as of December 31, 2022, and Schedule H, line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Sharps Compliance 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 1 - Description of the Plan

The following description of Sharps Compliance 401(k) Plan ("Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a qualified retirement plan generally covering all employees of Sharps Compliance, Inc. ("Company"). The Plan, effective as of January 1, 1999, was restated effective July 15, 2021, to conform to new tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

In order to participate in the Plan, an employee must work at the Company for one month. There is no minimum age requirement. An employee may enter the Plan on the first day of the month coincident with or next following the date of meeting the eligibility requirements.

Contributions

Participants may elect to make pre-tax salary deferrals to the Plan. Federal law limits the amount a participant may elect to defer under the Plan; however, if a participant is age 50 or over, they may defer an additional amount as a catch-up contribution. Participants can start, increase, reduce, or suspend their salary deferral elections at any time.

The Company may, in its sole discretion, make a matching contribution on each participant's behalf. During 2022, the Company elected to match up to 25% of the participant's salary deferrals up to 6% of the participant's compensation. In addition to any matching contribution, the Company may also make a non-elective contribution to the Plan. There were no employer non-elective contributions made during 2022.

Also, if a participant has an account balance in another qualified retirement plan or an IRA, they may move those amounts into the Plan by means of a rollover contribution.

Participant accounts

Each participant's account is credited with the participant's contributions, employer contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of all of their accounts in any of several investment securities. Participants can change their investment allocation among the various investment securities either through direct transfers for one security to another or by changing the future contributions.

Note 1 - Description of the Plan (Continued)

Vesting

Participants are always 100% vested in their contributions and rollover contributions plus actual earnings. Employer contributions plus actual earnings thereon will be subject to the following vesting schedule:

Years of Vesting Service	Percent Vested
Less than 1 year	0%
1 year but less than 2 years	33%
2 years but less than 3 years	66%
3 years or more	100%

Notes receivable from participants

The Company permits participants to apply for a loan from the Plan. The minimum amount a participant may take as a loan is $1,000. The total amount a participant may take may not exceed one-half of their vested account balance or $50,000. A participant may have only one outstanding loan at any given time. All participant loans are adequately secured by the participant's vested account balance and charged a reasonable rate of interest. The loan repayment period generally may not extend beyond five years, and loan repayments must be made through payroll withholding.

Payment of benefits

Participants are entitled to receive a distribution from their account after they terminate employment. This includes termination due to disability. If the vested amount of the participant's account does not exceed $5,000, the vested account will be distributed from the Plan. The participant may elect to receive the distribution in cash or roll over the distribution to an IRA or another qualified plan. If the vested amount of the participant's account exceeds $5,000, the participant must consent to any distribution.

Participants may receive an in-service distribution from the Plan after they have reached age 59½ from all of their fully vested accounts. Participants may also receive an in-service distribution on account of hardship.

Forfeitures

As of December 31, 2022 and 2021, forfeited nonvested accounts totaled $1,739 and $747, respectively. Forfeitures will be used to reduce employer contributions or pay Plan expenses.

Plan termination

Although the Company intends to maintain the Plan indefinitely, the Company may terminate the Plan at any time. If the Plan is terminated, all amounts credited to participants' accounts will become 100% vested.

Note 2 - Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Company to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade basis. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 13, 2023, the date that the financial statements were available to be issued.

Note 3 - Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2022 and 2021, and interest income on investments, interest income on notes receivable from participants, and net depreciation in fair value of investments for the year ended December 31, 2022, was obtained by the Company and agreed to or derived from information certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.).

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets valued at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- Guaranteed interest accounts: Valued at fair value by John Hancock Life Insurance Company (U.S.A.) by discounting the related cash flows on current yield of similar instruments with comparative durations considering the credit-worthiness of the issuer (see Note 5).
- Pooled separate accounts: Valued at net asset value ("NAV") of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the pooled separate account less its liability. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different the reported NAV.

Note 4 - Fair Value Measurements (Continued)

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022	Level 3	Total
Guaranteed interest accounts	$ 4,108	$ 4,108
Total assets in fair value hierarchy	4,108	4,108
Investments measured at NAV	-	3,373,174
Investments at fair value	$ 4,108	$ 3,377,282

Assets at Fair Value as of December 31, 2021	Level 3	Total
Guaranteed interest accounts	$ 2,121	$ 2,121
Total assets in fair value hierarchy	2,121	2,121
Investments measured at NAV	-	3,973,524
Investments at fair value	$ 2,121	$ 3,975,645

Changes in fair value of level 3 assets

The following table sets forth a summary of changes in the fair value of the Plan's guaranteed interest accounts for the year ended December 31, 2022.

Balance, beginning of year	$ 2,121
Interest income	32
Purchases	592
Transfers	1,363
Balance, end of year	$ 4,108

Fair value of investments that calculate net asset value

The following table summarizes the pooled separate accounts measured at NAV per share as of December 31, 2022 and 2021, respectively:

Year Ended	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2022	$ 3,373,174	None	Immediate	None
December 31, 2021	$ 3,973,524	None	Immediate	None

Note 5 - Guaranteed Interest Accounts

The Plan has entered into a contract with John Hancock Life Insurance Company (U.S.A.) for the guaranteed interest accounts held at year-end (collectively, the "Contract"). The Contract is not fully benefit-responsive, and thereby recorded at fair value. Fair value is the amount participants would receive currently if they were to withdraw or transfer funds within the Plan prior to contract maturity or for an event other than death, disability, termination, or retirement. Fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates.

John Hancock Life Insurance Company (U.S.A.) maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for withdrawals and administrative expenses charged by John Hancock Life Insurance Company (U.S.A.). Payments and transfers from the guaranteed interest accounts will be made in full within seven business days after the requested date of payment. Participants may be subject to a surrender charge or market value adjustment upon early liquidation of their investment in the Contract.

Note 6 - Related Party Transactions and Party In Interest Transactions

Plan investments and notes receivable from participants are managed by John Hancock Life Insurance Company (U.S.A.). John Hancock Life Insurance Company (U.S.A.) is the custodian and recordkeeper for the Plan and, therefore, these transactions quality as party in interest transactions. In addition, the Plan provides for notes receivable from participants, which are party in interest transactions that are exempt from the prohibited transaction rules.

Note 7 - Tax Status

The Company adopted a non-standardized pre-approved profit sharing plan which received its latest opinion letter on June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance within the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Prohibited Transactions

During 2022, the Company failed to remit to John Hancock Life Insurance Company (U.S.A.) certain participant contributions and loan repayments totaling $31,847 within the period prescribed by Department of Labor regulations. Delays in remitting contributions and loan repayments to the custodian were due to administrative errors, and the Company intends to make contributions to the affected participants' accounts to compensate those participants for potential lost income due to the delays.
