Report of Independent Auditors

Board of Directors and Plan Administrator
Armed Forces Benefit Association 401(k) Incentive Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Armed Forces Benefit Association 401(k) Incentive Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Armed Forces Benefit Association 401(k) Incentive Savings Plan

Notes to Financial Statements

Years ended December 31, 2022 and 2021

Note 1 - Description of Plan

The following description of the Armed Forces Benefit Association 401(k) Incentive Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective November 1, 1985 and most recently amended on January 1, 2022. Employees of the Armed Forces Benefit Association (the Association) and its related enterprises become eligible to participate upon completing three months of service, as defined by the Plan document, and attaining the age of 21. Bona fide residents of Puerto Rico, leased employees, and part-time and temporary employees working less than 1,000 hours are not eligible for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute an amount equal to, but not less than one percent up to 100% of their eligible compensation, as defined by the Plan document, for the contribution period, subject to Internal Revenue Service (IRS) limits. Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. During 2022 and 2021, the Plan offered one guaranteed account and various pooled separate accounts as investment options for participants. Participant contributions are recorded in the period during which the Association makes payroll deductions from the participant's earnings.

The Association makes contributions, which match the amount contributed by a participant, up to a maximum of five percent of the participant's annual eligible earnings. The Association's contributions are invested in the guaranteed account, or pooled separate accounts offered as directed by the participants. The Association may also make discretionary, non-elective contributions, which would occur annually. The Association made no discretionary, non-elective contributions in 2022 or 2021.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Association's contributions and Plan earnings or losses. Earnings or losses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. Participant and Association contributions are allocated as directed by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Armed Forces Benefit Association 401(k) Incentive Savings Plan

Notes to Financial Statements (Continued)

Note 1 - Description of Plan (Continued)

Vesting

Participants are immediately vested in their own contributions, rollovers, Association matching contributions, and Association discretionary non-elective contributions plus actual earnings thereon.

Benefit Payments

On termination of service, participants may elect to receive either a lump-sum amount equal to the value of the vested portion of their account, a distribution in the form of an annuity, installment payments, an income flex option or a combination of these payment options. Hardship distributions are also permitted by the plan. Distributions are subject to the applicable provisions of the Plan document.

Notes Receivable from Participants

Participant loans are reported at their unpaid principal balances plus any accrued but unpaid interest. Participants may borrow up to a maximum of \$50,000, or 50% of their account balance, whichever is less. Participants must repay general-purpose loans within five years. Longer repayment periods of up to 10 years are allowed for loans used to purchase a primary residence. Loans are calculated on a fully amortized basis. A loan is collateralized by the balance in the participant's account and bears interest at a rate commensurate with market rates for similar loans, as defined (7.00% for the years ended December 31, 2022 and 2021). Loans are considered defaulted when a participant fails to make any required loan payments of principal and interest within a 90-day grace period from their due date. Defaulted loans are recorded as deemed distributions and excluded from the ending loan balance.

Forfeitures

Forfeited nonvested accounts are used to reduce transactions in the following order of priority: (a) first to reduce Safe Harbor contributions; (b) then to reduce fixed additional matching contributions if any, (c) then as discretionary additional matching contributions, and (d) to pay Plan expenses. There were no forfeited nonvested accounts for the years ended December 31, 2022 and 2021.

Note 2 - Summary of Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared on the accrual basis of accounting. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Armed Forces Benefit Association 401(k) Incentive Savings Plan

Notes to Financial Statements (Continued)

Note 2 - Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The Plan recognizes transfers between levels at the end of the reporting period in which the event occurred that caused the transfer.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Armed Forces Benefit Association 401(k) Incentive Savings Plan

Notes to Financial Statements (Continued)

Note 2 - Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition (continued)

Pooled Separate Accounts

Investments in pooled separate accounts are stated at fair value. For the years ended December 31, 2022 and 2021, the valuation of these accounts is based on the unit value reported by insurance companies Empower Annuity Insurance Company of America (EAICA) and by Prudential Retirement Insurance and Annuity Company (PRIAC), respectively. In accordance with GAAP, the investment in a pooled separate account, which is measured at fair value using the net asset value per share (or equivalent) as a practical expedient, has not been classified in the fair value hierarchy.

Guaranteed Income Fund (GIF)

Investments in the GIF are fully benefit-responsive and included at their contract value, as required by GAAP, in the statements of net assets available for plan benefits. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The GIF is further described in Note 5.

Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan is responsible for payment of the custodial expenses and fees; however the Association may pay the Plan's expenses. Transaction charges for loan and benefit payment transactions are paid by the Plan by reducing the balances of those participants initiating the transactions. The Association elected to pay contract administration and audit fees in 2022 and 2021. Investment related expenses are included in the net change in fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

Subsequent Events

The Plan has performed an evaluation of subsequent events through September 19, 2023, which is the date the financial statements were available to be issued.

Armed Forces Benefit Association 401(k) Incentive Savings Plan

Notes to Financial Statements (Continued)

Note 3 - Certified Financial Information

On April 1, 2022, Empower Annuity Insurance Company of America (EAICA), the parent company of Empower Retirement, LLC (Empower) acquired the full-service retirement business of Prudential Financial, Inc. In connection with the transaction, EAICA acquired all shares of the following entities, which are no longer affiliated with Prudential Financial, Inc.: Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, FSB. On October 3, 2022, Prudential Retirement Insurance and Annuity Company was renamed Empower Annuity Insurance Company.

For the years ended December 31, 2022 and 2021, the Plan administrator elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. EAICA certified Prudential investments and Prudential Bank & Trust, F.S.B. (Prudential Bank & Trust) certified non-Prudential investments and notes receivable from participants for the years ended December 31, 2022 and 2021. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment and notes receivable from participants balances and related information including net change in fair value of investments, and interest in the statements of net assets available for plan benefits, the statements of changes in net assets available for plan benefits, notes to the financial statements and schedule of assets (held at end of year) as of and for the years ended December 31, 2022 and 2021.

Note 4 - Investments

The following summarizes investments measured at fair value as of December 31, 2022 and 2021.

	Fair value 12/31/22	Fair value 12/31/21	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled Separate Accounts	\$31,632,532	\$39,038,243	None	Immediate	None

Note 5 - Investment Contract with Insurance Company

The GIF is an evergreen (no maturity date) group annuity spread product issued by EAICA. As discussed in Note 2, the GIF is included in the financial statements at contract value.

Under the EAICA contract that supports this product, participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within a reasonable timeframe. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. The contract is effected directly between the Plan sponsor and the issuer. The repayment of principal and interest credited to participants is a financial obligation of the issuer. Given these provisions, the Plan administrator considers this contract to be benefit responsive.

Armed Forces Benefit Association 401(k) Incentive Savings Plan

Notes to Financial Statements (Continued)

Note 5 - Investment Contract with Insurance Company (Continued)

Upon a discontinuance of the contract, contract value would be paid no later than 90 days from the date notice of discontinuance is provided. This contract's operation does not have provisions to contract at a value other than contract value. The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the contract. There are not any specific securities in the general account that back the liabilities of this contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Generally there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. In addition, there are not any events that allow the issuer to terminate the contract and which require the Plan sponsor to settle at an amount different than contract value paid either within 90 days or over time.

Note 6 - Related Party and Party-in-interest Transactions

Plan assets include investments in pooled separate accounts and a GIF managed by EAICA and Prudential Bank & Trust, the trustee of the Plan, (collectively, Empower). Empower is the Plan's insurance company and trustee and as such, these transactions qualify as party-in-interest transactions under ERISA. Fees incurred by the Plan for investment management services are included in the net change in fair value of the investments. Contract administration fees, paid by the Plan to Empower, totaled \$6,182 and \$6,507 in 2022 and 2021, respectively.

The Association pays certain expenses charged by Empower. Additionally, personnel and facilities of the Association have been used to perform administrative functions for the Plan at no charge to the Plan. Participant loans also qualify as party-in-interest transactions.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Association has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will receive the balance of their accounts.

Note 8 - Tax Status

The Plan adopted a prototype plan that received an opinion letter from the Internal Revenue Service (IRS) dated December 4, 2020. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified. The Plan administrator has concluded there are no uncertain tax positions as of December 31, 2022 and 2021 in accordance with GAAP.

Report of Independent Auditors

Board of Directors and Plan Administrator
Armed Forces Benefit Association 401(k) Incentive Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Armed Forces Benefit Association 401(k) Incentive Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Armed Forces Benefit Association 401(k) Incentive Savings Plan

Notes to Financial Statements

Years ended December 31, 2022 and 2021

Note 1 - Description of Plan

The following description of the Armed Forces Benefit Association 401(k) Incentive Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective November 1, 1985 and most recently amended on January 1, 2022. Employees of the Armed Forces Benefit Association (the Association) and its related enterprises become eligible to participate upon completing three months of service, as defined by the Plan document, and attaining the age of 21. Bona fide residents of Puerto Rico, leased employees, and part-time and temporary employees working less than 1,000 hours are not eligible for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute an amount equal to, but not less than one percent up to 100% of their eligible compensation, as defined by the Plan document, for the contribution period, subject to Internal Revenue Service (IRS) limits. Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. During 2022 and 2021, the Plan offered one guaranteed account and various pooled separate accounts as investment options for participants. Participant contributions are recorded in the period during which the Association makes payroll deductions from the participant's earnings.

The Association makes contributions, which match the amount contributed by a participant, up to a maximum of five percent of the participant's annual eligible earnings. The Association's contributions are invested in the guaranteed account, or pooled separate accounts offered as directed by the participants. The Association may also make discretionary, non-elective contributions, which would occur annually. The Association made no discretionary, non-elective contributions in 2022 or 2021.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Association's contributions and Plan earnings or losses. Earnings or losses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. Participant and Association contributions are allocated as directed by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Armed Forces Benefit Association 401(k) Incentive Savings Plan

Notes to Financial Statements (Continued)

Note 1 - Description of Plan (Continued)

Vesting

Participants are immediately vested in their own contributions, rollovers, Association matching contributions, and Association discretionary non-elective contributions plus actual earnings thereon.

Benefit Payments

On termination of service, participants may elect to receive either a lump-sum amount equal to the value of the vested portion of their account, a distribution in the form of an annuity, installment payments, an income flex option or a combination of these payment options. Hardship distributions are also permitted by the plan. Distributions are subject to the applicable provisions of the Plan document.

Notes Receivable from Participants

Participant loans are reported at their unpaid principal balances plus any accrued but unpaid interest. Participants may borrow up to a maximum of \$50,000, or 50% of their account balance, whichever is less. Participants must repay general-purpose loans within five years. Longer repayment periods of up to 10 years are allowed for loans used to purchase a primary residence. Loans are calculated on a fully amortized basis. A loan is collateralized by the balance in the participant's account and bears interest at a rate commensurate with market rates for similar loans, as defined (7.00% for the years ended December 31, 2022 and 2021). Loans are considered defaulted when a participant fails to make any required loan payments of principal and interest within a 90-day grace period from their due date. Defaulted loans are recorded as deemed distributions and excluded from the ending loan balance.

Forfeitures

Forfeited nonvested accounts are used to reduce transactions in the following order of priority: (a) first to reduce Safe Harbor contributions; (b) then to reduce fixed additional matching contributions if any, (c) then as discretionary additional matching contributions, and (d) to pay Plan expenses. There were no forfeited nonvested accounts for the years ended December 31, 2022 and 2021.

Note 2 - Summary of Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared on the accrual basis of accounting. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Armed Forces Benefit Association 401(k) Incentive Savings Plan

Notes to Financial Statements (Continued)

Note 2 - Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The Plan recognizes transfers between levels at the end of the reporting period in which the event occurred that caused the transfer.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Armed Forces Benefit Association 401(k) Incentive Savings Plan

Notes to Financial Statements (Continued)

Note 2 - Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition (continued)

Pooled Separate Accounts

Investments in pooled separate accounts are stated at fair value. For the years ended December 31, 2022 and 2021, the valuation of these accounts is based on the unit value reported by insurance companies Empower Annuity Insurance Company of America (EAICA) and by Prudential Retirement Insurance and Annuity Company (PRIAC), respectively. In accordance with GAAP, the investment in a pooled separate account, which is measured at fair value using the net asset value per share (or equivalent) as a practical expedient, has not been classified in the fair value hierarchy.

Guaranteed Income Fund (GIF)

Investments in the GIF are fully benefit-responsive and included at their contract value, as required by GAAP, in the statements of net assets available for plan benefits. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The GIF is further described in Note 5.

Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan is responsible for payment of the custodial expenses and fees; however the Association may pay the Plan's expenses. Transaction charges for loan and benefit payment transactions are paid by the Plan by reducing the balances of those participants initiating the transactions. The Association elected to pay contract administration and audit fees in 2022 and 2021. Investment related expenses are included in the net change in fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

Subsequent Events

The Plan has performed an evaluation of subsequent events through September 19, 2023, which is the date the financial statements were available to be issued.

Armed Forces Benefit Association 401(k) Incentive Savings Plan

Notes to Financial Statements (Continued)

Note 3 - Certified Financial Information

On April 1, 2022, Empower Annuity Insurance Company of America (EAICA), the parent company of Empower Retirement, LLC (Empower) acquired the full-service retirement business of Prudential Financial, Inc. In connection with the transaction, EAICA acquired all shares of the following entities, which are no longer affiliated with Prudential Financial, Inc.: Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, FSB. On October 3, 2022, Prudential Retirement Insurance and Annuity Company was renamed Empower Annuity Insurance Company.

For the years ended December 31, 2022 and 2021, the Plan administrator elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. EAICA certified Prudential investments and Prudential Bank & Trust, F.S.B. (Prudential Bank & Trust) certified non-Prudential investments and notes receivable from participants for the years ended December 31, 2022 and 2021. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment and notes receivable from participants balances and related information including net change in fair value of investments, and interest in the statements of net assets available for plan benefits, the statements of changes in net assets available for plan benefits, notes to the financial statements and schedule of assets (held at end of year) as of and for the years ended December 31, 2022 and 2021.

Note 4 - Investments

The following summarizes investments measured at fair value as of December 31, 2022 and 2021.

	Fair value 12/31/22	Fair value 12/31/21	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled Separate Accounts	\$31,632,532	\$39,038,243	None	Immediate	None

Note 5 - Investment Contract with Insurance Company

The GIF is an evergreen (no maturity date) group annuity spread product issued by EAICA. As discussed in Note 2, the GIF is included in the financial statements at contract value.

Under the EAICA contract that supports this product, participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within a reasonable timeframe. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. The contract is effected directly between the Plan sponsor and the issuer. The repayment of principal and interest credited to participants is a financial obligation of the issuer. Given these provisions, the Plan administrator considers this contract to be benefit responsive.

Armed Forces Benefit Association 401(k) Incentive Savings Plan

Notes to Financial Statements (Continued)

Note 5 - Investment Contract with Insurance Company (Continued)

Upon a discontinuance of the contract, contract value would be paid no later than 90 days from the date notice of discontinuance is provided. This contract's operation does not have provisions to contract at a value other than contract value. The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the contract. There are not any specific securities in the general account that back the liabilities of this contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Generally there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. In addition, there are not any events that allow the issuer to terminate the contract and which require the Plan sponsor to settle at an amount different than contract value paid either within 90 days or over time.

Note 6 - Related Party and Party-in-interest Transactions

Plan assets include investments in pooled separate accounts and a GIF managed by EAICA and Prudential Bank & Trust, the trustee of the Plan, (collectively, Empower). Empower is the Plan's insurance company and trustee and as such, these transactions qualify as party-in-interest transactions under ERISA. Fees incurred by the Plan for investment management services are included in the net change in fair value of the investments. Contract administration fees, paid by the Plan to Empower, totaled \$6,182 and \$6,507 in 2022 and 2021, respectively.

The Association pays certain expenses charged by Empower. Additionally, personnel and facilities of the Association have been used to perform administrative functions for the Plan at no charge to the Plan. Participant loans also qualify as party-in-interest transactions.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Association has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will receive the balance of their accounts.

Note 8 - Tax Status

The Plan adopted a prototype plan that received an opinion letter from the Internal Revenue Service (IRS) dated December 4, 2020. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified. The Plan administrator has concluded there are no uncertain tax positions as of December 31, 2022 and 2021 in accordance with GAAP.

Report of Independent Auditors

Board of Directors and Plan Administrator
Armed Forces Benefit Association 401(k) Incentive Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Armed Forces Benefit Association 401(k) Incentive Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Armed Forces Benefit Association 401(k) Incentive Savings Plan

Notes to Financial Statements

Years ended December 31, 2022 and 2021

Note 1 - Description of Plan

The following description of the Armed Forces Benefit Association 401(k) Incentive Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective November 1, 1985 and most recently amended on January 1, 2022. Employees of the Armed Forces Benefit Association (the Association) and its related enterprises become eligible to participate upon completing three months of service, as defined by the Plan document, and attaining the age of 21. Bona fide residents of Puerto Rico, leased employees, and part-time and temporary employees working less than 1,000 hours are not eligible for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute an amount equal to, but not less than one percent up to 100% of their eligible compensation, as defined by the Plan document, for the contribution period, subject to Internal Revenue Service (IRS) limits. Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. During 2022 and 2021, the Plan offered one guaranteed account and various pooled separate accounts as investment options for participants. Participant contributions are recorded in the period during which the Association makes payroll deductions from the participant's earnings.

The Association makes contributions, which match the amount contributed by a participant, up to a maximum of five percent of the participant's annual eligible earnings. The Association's contributions are invested in the guaranteed account, or pooled separate accounts offered as directed by the participants. The Association may also make discretionary, non-elective contributions, which would occur annually. The Association made no discretionary, non-elective contributions in 2022 or 2021.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Association's contributions and Plan earnings or losses. Earnings or losses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. Participant and Association contributions are allocated as directed by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements (Continued)

Note 1 - Description of Plan (Continued)

Vesting

Participants are immediately vested in their own contributions, rollovers, Association matching contributions, and Association discretionary non-elective contributions plus actual earnings thereon.

Benefit Payments

On termination of service, participants may elect to receive either a lump-sum amount equal to the value of the vested portion of their account, a distribution in the form of an annuity, installment payments, an income flex option or a combination of these payment options. Hardship distributions are also permitted by the plan. Distributions are subject to the applicable provisions of the Plan document.

Notes Receivable from Participants

Participant loans are reported at their unpaid principal balances plus any accrued but unpaid interest. Participants may borrow up to a maximum of \$50,000, or 50% of their account balance, whichever is less. Participants must repay general-purpose loans within five years. Longer repayment periods of up to 10 years are allowed for loans used to purchase a primary residence. Loans are calculated on a fully amortized basis. A loan is collateralized by the balance in the participant's account and bears interest at a rate commensurate with market rates for similar loans, as defined (7.00% for the years ended December 31, 2022 and 2021). Loans are considered defaulted when a participant fails to make any required loan payments of principal and interest within a 90-day grace period from their due date. Defaulted loans are recorded as deemed distributions and excluded from the ending loan balance.

Forfeitures

Forfeited nonvested accounts are used to reduce transactions in the following order of priority: (a) first to reduce Safe Harbor contributions; (b) then to reduce fixed additional matching contributions if any, (c) then as discretionary additional matching contributions, and (d) to pay Plan expenses. There were no forfeited nonvested accounts for the years ended December 31, 2022 and 2021.

Note 2 - Summary of Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared on the accrual basis of accounting. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 - Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The Plan recognizes transfers between levels at the end of the reporting period in which the event occurred that caused the transfer.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Investment Valuation and Income Recognition (continued)

Pooled Separate Accounts

Investments in pooled separate accounts are stated at fair value. For the years ended December 31, 2022 and 2021, the valuation of these accounts is based on the unit value reported by insurance companies Empower Annuity Insurance Company of America (EAICA) and by Prudential Retirement Insurance and Annuity Company (PRIAC), respectively. In accordance with GAAP, the investment in a pooled separate account, which is measured at fair value using the net asset value per share (or equivalent) as a practical expedient, has not been classified in the fair value hierarchy.

Guaranteed Income Fund (GIF)

Investments in the GIF are fully benefit-responsive and included at their contract value, as required by GAAP, in the statements of net assets available for plan benefits. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The GIF is further described in Note 5.

Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan is responsible for payment of the custodial expenses and fees; however the Association may pay the Plan's expenses. Transaction charges for loan and benefit payment transactions are paid by the Plan by reducing the balances of those participants initiating the transactions. The Association elected to pay contract administration and audit fees in 2022 and 2021. Investment related expenses are included in the net change in fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

Subsequent Events

The Plan has performed an evaluation of subsequent events through September 19, 2023, which is the date the financial statements were available to be issued.

Note 3 - Certified Financial Information

On April 1, 2022, Empower Annuity Insurance Company of America (EAICA), the parent company of Empower Retirement, LLC (Empower) acquired the full-service retirement business of Prudential Financial, Inc. In connection with the transaction, EAICA acquired all shares of the following entities, which are no longer affiliated with Prudential Financial, Inc.: Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, FSB. On October 3, 2022, Prudential Retirement Insurance and Annuity Company was renamed Empower Annuity Insurance Company.

For the years ended December 31, 2022 and 2021, the Plan administrator elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. EAICA certified Prudential investments and Prudential Bank & Trust, F.S.B. (Prudential Bank & Trust) certified non-Prudential investments and notes receivable from participants for the years ended December 31, 2022 and 2021. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment and notes receivable from participants balances and related information including net change in fair value of investments, and interest in the statements of net assets available for plan benefits, the statements of changes in net assets available for plan benefits, notes to the financial statements and schedule of assets (held at end of year) as of and for the years ended December 31, 2022 and 2021.

Note 4 - Investments

The following summarizes investments measured at fair value as of December 31, 2022 and 2021.

	Fair value 12/31/22	Fair value 12/31/21	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled Separate Accounts	\$31,632,532	\$39,038,243	None	Immediate	None

Note 5 - Investment Contract with Insurance Company

The GIF is an evergreen (no maturity date) group annuity spread product issued by EAICA. As discussed in Note 2, the GIF is included in the financial statements at contract value.

Under the EAICA contract that supports this product, participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within a reasonable timeframe. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. The contract is effected directly between the Plan sponsor and the issuer. The repayment of principal and interest credited to participants is a financial obligation of the issuer. Given these provisions, the Plan administrator considers this contract to be benefit responsive.

Armed Forces Benefit Association 401(k) Incentive Savings Plan

Notes to Financial Statements (Continued)

Note 5 - Investment Contract with Insurance Company (Continued)

Upon a discontinuance of the contract, contract value would be paid no later than 90 days from the date notice of discontinuance is provided. This contract's operation does not have provisions to contract at a value other than contract value. The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the contract. There are not any specific securities in the general account that back the liabilities of this contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Generally there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. In addition, there are not any events that allow the issuer to terminate the contract and which require the Plan sponsor to settle at an amount different than contract value paid either within 90 days or over time.

Note 6 - Related Party and Party-in-interest Transactions

Plan assets include investments in pooled separate accounts and a GIF managed by EAICA and Prudential Bank & Trust, the trustee of the Plan, (collectively, Empower). Empower is the Plan's insurance company and trustee and as such, these transactions qualify as party-in-interest transactions under ERISA. Fees incurred by the Plan for investment management services are included in the net change in fair value of the investments. Contract administration fees, paid by the Plan to Empower, totaled \$6,182 and \$6,507 in 2022 and 2021, respectively.

The Association pays certain expenses charged by Empower. Additionally, personnel and facilities of the Association have been used to perform administrative functions for the Plan at no charge to the Plan. Participant loans also qualify as party-in-interest transactions.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Association has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will receive the balance of their accounts.

Note 8 - Tax Status

The Plan adopted a prototype plan that received an opinion letter from the Internal Revenue Service (IRS) dated December 4, 2020. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified. The Plan administrator has concluded there are no uncertain tax positions as of December 31, 2022 and 2021 in accordance with GAAP.
